OMAN FATALLY BURNED; HUSBAND IN CRITICAL CONDITION

SIDED CAMPAIGN CLOSES WITH SENTIMENT SHIFTING TO GEO. S CLAY

AN EDITORIAL

ainfield's politi.. pot has boiled for the past two months temperature almost equal to the four-man campaign of four s ago and tomorrow thousands of Plainfielders will turn out gister the answer to the bunk, hokum and hooey which has spread thick.

ne month ago George S. Clay was delegated to win the booby of third place. Hyman Abrams was running a strong first, James T. MacMurray as runner-up.

short time later sentiment shifted and it was a toss-up between ay and MacMurray, with Clay still in third palce. All of Clay sentiment developed and a week ago it was pre- he would run second to Abrams, with MacMurray third.

is only one day to go Clay appears to be the strongest of three candidates and it is freely predicted that he will win out margin or about 200 votes.

e know of no Plainfield Republican in a great number of s who aspired to the mayoralty with any better qualifications ndpoint. George H. Clay has been intimately associated with final government in this city for a decade and there is no to the job with which he is unacquainted. Every improve- ordinance and bond issue introduced and passed by the on council for many years has first been approved by Mr. in his capacity of Sinking Fund Commissioner.

IDENT WITNESS IS SERIOUSLY INJURED

erson was seriously injured several others received minor s early after 11 o'clock this the Hotel Pines on the Raritan Township, when driven by Arthur Degan, 23 Boorsen avenue, Jersey City, and owned by Donald C. Landor, 294 Adams avenue, Elizabeth, struck a group of bystanders who were looking at the accident. The driver of Ford coupe, driven by Ernest Schroeder of Woodbrook Farms, Raritan Township, collided with a Chevrolet coupe, operated by Sol Papier of 110 Hudson Terrace, Newark. The latter's car swerved across the road and struck that of M. Bronovitz of 61 Welton street, New Brunswick.

State police who investigated the accident, took Degan before Dr. A. L. Ellis of Metuchen, who pronounced him under the influence of liquor. Both he and Landor, owner of the car, are being held in the Metuchen jail, pending their arraignment this morning. Landor will answer a charge of allowing an intoxicated person to drive his car.

The accident occurred when a car, driven by Arthur Degan, 23 Boorsen avenue, Jersey City, and owned by Donald C. GOVERNOR MOORE WELCOMES NEW PAPER

PLENTY OF ROOM, SAYS JERSEY EXECUTIVE

He Signed Plainfield Armory Bill

Governor A. Harry Moore, chief executive of the State of New Jersey, welcomes the Mid-State Press and wishes all possible success for it in a letter to the editor. The Governor, who sends the message as a personal greeting, not as a member of any political party, states his belief that there is plenty of room for another paper in the State.

That Governor Moore's interest in Plainfield is not merely academic is evidenced by his friendly acts toward this city. He signed the bill passed by the Legislature at its last session to give Plainfield an armory. He has spoken here often, more recently at the Plan Chancellors' Association dinner of teh Knights of Pythias.

The letter:

A. Harry Moore,
The Governor of New Jersey.
May 5, 1928.

Mid-State Press, Inc.,
Plainfield, N. J.

Gentlemen:

I am very glad to welcome the Mid-State Press to New Jersey newspaperdom and to wish for it every possible success.

There is plenty of room for such a newspaper in this rapidly expanding State of ours.

With kindest, personal regards, I am,

Yours very truly,
(Signed) A. HARRY MOORE.
Governor.

A Star of the Younger Set

MISS ELEANOR HOLM, whose years are a paltry 14, but whose experience in competitive sports already puts her among the veterans. She's one of the youngest and slip, one of the brightest stars of the Women's Swimming Association of America, and is almost certain that she will compete for her organization and the U. S. A. at the forthcoming Olympics in Amsterdam.

FIRST MID STATE PRESS SUBSCRIBER WAS A. WILLIS WEST

Councilman A. Willis West of 247 East Ninth street, representing the Second Ward in the Plainfield Common Council, was the first subscriber to the Mid-State Press. Mr. Westplaced his order for Plainfield's morning newspaper back in January when turned up collars were quite the thing. The Councilman is running to succeed himself. He is chairman of the finance committee at the present time, an important post, and has been prominent in affairs of the city for years. He is a broker, bank official and secretary and a director of the concern engaged in the manufacture of Grafton Cameras.

Mr. West, together with other leading citizens, of Plainfield, has followed with interest the various steps taken to bring a morning newspaper into the life of the city. The fact that he was the first subscriber is indeed as much of an honor, as the possession of the first paper run from the press, will be to its owner. Various other prominent resident of Plainfield have visited the offices of this paper and watched with interest, the installation of equipment of the latest type, which made this morning's first edition possible.

Thanks Mr. West.

MRS. ALBERT S. BAKER DEAD RESULT OF NAPTHA EXPLOSION HUSBANDS CHANCES ARE EVEN

FIRE DAMAGE TO APARTMENTS AMOUNTS TO TOTAL OF $25,000, OWNER ANNOUNCED

Mrs. Albert S. Baker is dead and her husband is in a critical condition at Muhlenberg hospital from burns suffered as the result of a naptha explosion which occurred when Mrs. Baker was cleaning some wearing apparel in their second floor apartment at 609 Madison avenue shortly after 4 o'clock Saturday afternoon.

Blinded by facial burns and terribly scorched about the upper part of the body, Mrs. Baker rushed frantically to the street following the explosion where she was picked up by Fire Chief Wiley Dunn and taken to the hospital. She was so severely burned that she failed to respond to treatment and passed away shortly after midnight Saturday.

Mr. Baker's burns were suffered on the face, hands and arms in his efforts to save his wife and during his rescue of their six months-old son, who was tossing on a bed in an adjoining room at the time of the accident. The youngster escaped uninjured. Mr. Baker was taken to the hospital by Herbert Hillman of the given by Mrs. Joseph Cashin.

Quick answer of the Fire Department was brought through the efforts of Captain J. Ordway Webster, Cleveland air mail pilot, who telephoned the alarm to headquarters. Captain Webster was sitting near a window on the first floor across a courtyard when his attention was attracted by a dull thud of the explosion and looking out saw the kitchen of the Baker apartment a mass of flames.

The force of the explosion blew out the hall entrance door of the Baker apartment and the door directly opposite. The flames quickly spread throughout the Baker apartment and out into the hallway where the composition wall paper burned briskly. Fortunately there are fire-proof in construction and it was possible to check the blaze before it endangered any other apartments in the building.

The building quickly filled with smoke and the occupants of the other apartments were forced to flee for their lives. Several women and children were overcome by the smoke and fumes and had to be carried to safety by firemen who made short work of the job that the members of the department rendered valiant service in helping the many occupants of the building.

Prior to the accident Mrs. Baker had been cleaning some garments in the kitchen with naptha and it is believed that the explosion was caused by the naptha fumes coming in contact with the pilot light of the gas range.

Mrs. Baker was 34 years of age and was the daughter of Albert Greer of 609 Madison avenue. Before her marriage Mrs. Florence Vreeland Lake was a well known resident of Plainfield and is now residing in Florida. Mrs. Baker was born in Plainfield on December 24, 1904. Arrangements for the funeral will not be completed until some time today. Rev. John Y. Boyd will conduct the services, assisted by the Rev. P. S. Waters of the First Presbyterian Church. It is expected the funeral will be held at A. M. Runyon & Son's "Home For Service" on Monday afternoon when Mrs. Baker's body was removed.

Damage to the building from fire and water will amount to between $25,000, which figure includes the loss suffered by various tenants. The owner of the building is fully covered by insurance, but several of the tenants were without insurance.

The apartment at 609 Madison avenue is a new six family four story structure, which was completed in September. Prior to the fire it was fully occupied. It is owned by Mrs. Florence Vreeland Lake and was built by the Plainfield Enterprise and Construction Company, of which William Pfau is president.

The fire damage was wholly confined to the second floor apartment of the baker and to the second floor hallway. That the fire [illegible] apartment materials used throughout the building.

The apartment of Mr. and Mrs. Edwin Borden on the third floor, directly in the first was greatly damaged by water as the result of its use by the firemen in fighting the fire from above. The furnishings in the apartment of Mrs. Elizabeth E. Moody, Captain and Mrs. J. Ordway Webster and Mrs. Joseph Cashin were badly damaged by water, while the apartment of Joseph Cashin, the building superintendent, was flooded.

Several tenants have been forced to secure other quarters temporarily. As quickly as an insurance adjustment is obtained repairs will be rushed. Mr. Pfau announced.

MONDAY AFTERNOON CLUB TO OBSERVE FORTIETH ANNIVERSARY

The Monday Afternoon Club, of Plainfield will celebrate its 40th anniversary Wednesday when a luncheon will be held at the club house, Central avenue and Randolph road. A former president and a charter member will be among the speakers and a large attendance is anticipated.

The club was organized forty years ago by Miss E. E. Kenyon of the Plainfield Seminary, who gathered together a group of mothers of students at the school without the purpose of discussing the educational needs of their daughters. After several informal meetings, the club was officially organized and Miss Kenyon elected president.

Mrs. David T. Hall, a daughter of Mrs. Julia Ward Howe, was the second president of the organization that is now headed by Mrs. Horace B. Stevens and has a membership of 455. The purpose of the club as it appears in the constitution is "To bring together a group of women interested in educational and social improvements with a view to community usefulness."

Other officers of the present organization are Mrs. Duncan W. Taylor, Miss Edna Brown and Mrs. Garrett Smith, vice-presidents; Mrs. Lansing Y. Lippincott, recording secretary; Mrs. Francis Goodell, corresponding secretary; Mrs. Howard M. Canoune, federation secretary; Mrs. Wilbur H. Rogers, treasurer, and Mrs. James L. Devlin, assistant treasurer.

At a meeting of the club last week, the constitution, which had been rewritten by Miss Ethel L. Tilsworth and Mrs. William H. Murray, with the aid of the president, was unanimously accepted. When the organization moved into their club house three years ago, it found that the constitution made no provision for the use or care of the building and a committee was appointed to rewrite the document, adding the necessary articles and making other changes that had been suggested.

After more than a year of work, the constitution was read to the members of the club at the April meeting.

A list of the new committee chairmen was announced by Mrs. Stevens last week and a rising vote of thanks given last year's chairmen in appreciation of their services. The new chairmen include: Mrs. Harold Corbusear, art; Mrs. Nils Anderson, civics; Mrs. Henry Nicholas Adams, literature; Miss Helen Harman, music; Miss Edna M. Brown, program; Miss Dorothy Hubbard, year book; Mrs. Harvey Fiske, grounds; Mrs. DeWitt Hubbard, rentals; Mrs. Frances B. Clay, service; Mrs. Weston Williams entertainment; Mr. E. B. Hartredge, finance; Mrs. Arthur Gleason, hospitality, and Mrs. Arthur Lovell, publicity.

A poem that was written by Miss Kenyon will be read at the luncheon on Wednesday and the guests will sing a song that was written by Mrs. Isaac Miller, a former president. Mrs. Stevens, the president, will greet the guests and the speakers will include Mrs. Isabel Tweedey, a charter member; Mrs. Orton G. Dale of New York and a former president; Mrs. E. B. Hartredge and Charles W. McCutcheon.

Mrs. Weston Williams is chairman of the committee in charge of the arrangements for the luncheon, which will be the last meeting of the club until fall. She is being assisted by Mrs. William H. Murray, Mrs. Henry D. Hibbard and Mrs. Eugene H. Hatch.

GRAINGER TO DIRECT SYMPHONY

IS WORLD FAMMED COMPOSER AND PIANIST

No more important event in the history of local musical affairs has ever taken place than that which will occur at the Plainfield High School, tonight, when Percy Grainger, who has become world-famous as a composer and a pianist, will lecture on "Melodic and Many-Voiced Music" and conduct the Plainfield Symphony Orchestra in a seven-part program that includes the first performance of his latest composition, "Bridal Song."

Except for Gabriel Pyne's Pavane, tonight's program is made up entirely of compositions by Grainger, arrangements by Grainger, or compositions by Grainger's own favorite composer, Johann Sebastian Bach. The first part of the musical program, which follows the lecture, includes the first and second movements of the Brandenburg Concerto, separated from each other by the air from Overture No 3, well-known as the "Air for the G String."

Grainger's "Colonial Song" and "Shepherd's Hey," an English Morris Dance tune, follow the three Bach numbers. The song is dedicted, to the composer's mother and is an attempt to translate the spirit of Australia into the greatest of international languages — music. Three Grainger arrangements, that of Domenico Scarlatti's "The Quiet Brook," and those of Bach's Prelude and Fugue in D major, come next on the program, preceding the Faure Pavane.

Grainger's "Bridal Song" and two Danish folksong settings, "The Power of Love" and "Lord Peter's Stables Boy," arranged by Grainger, conclude the program. In "The Power Love Altits Atwater, soprano, will the Symphony, white she and Mary mond P. Lewis, tenor, have vocal parts in the "Colonial Song."

The Plainfield Symphony Society is the combination of eight seasons' work. The society was organized in 1920 and incorporated as a volunteer community orchestra of men and women. As a pioneer venture in a large civic symphonic ensemble it became an immediate success. Its first concert was given on May 25, 1921, and soon became its 1925, under the direction of Christ- conductor shortly after the organization of the orchestra.

STUDENT SUICIDE

PEEKSKILL, N. Y., May 14.— Hanging from a tree overhanging Stout Brook, the body of Rollin F. Lewis, Jr., 19, Columbia University sophomore, athlete and brilliant scholar, was found near here yesterday, ending the mystery of his disappearance.

This is the second suicide among Columbia students in a week.

MURRAY DIES IN HOSPITAL

Thomas Murray, 38, of Plainfield, died in Muhlenberg Hospital last night. The remains were removed to the funeral chapel of Clifford E. Dole, and funeral arrangements will be completed upon arrival of relatives.

HERBERT J. BUXTON, ONCE COUNCILMAN, DIED LAST NIGHT

Herbert J. Buxton of 961 Park avenue died in Muhlenberg Hospital at 10:15 o'clock last night, after being unconscious since Saturday afternoon, when he was seized with convulsions as he was being driven home by Mrs. Buxton.

Mr. Buxton, a former member of the Common Council, president of the Buxton and Marsh Company, insurance and real estate firm of 130 North avenue, and long prominent in civic and social affairs of Plainfield, fell across the steering wheel of the car as Mrs. Buxton was driving from North avenue to their home. She took him home and called the family physician, who had him taken to the hospital.

Members of Plainfield Lodge 885, B. P. O. Elks, of which Mr. Buxton was a member, were with Mr. Buxton Saturday night and again last night, when he passed away. Cause of his death has not been determined.

Funeral services, it is believed, will be held at the home. A. M. Runyon and Son have charge of the body, and arrangements for services will be completed today.

MAYOR MAC MURRAY PAYS TRIBUTE TO NEW PAPER

Mayor James T. Mac Murray, in his official capacity as Plainfield's chief executive, and on behalf of the pepole, last night issued a statement of welcome to The Mid-State Press, a morning newspaper.

"I am glad to see that Plainfield is expanding to such an extent as to include another newspaper. The entrance of The Mid-State Press in the local realm of business is an indication that the city is growing and going forward.

"Your Mr. Celdon, whom I believe is the managing editor, I have had many dealings with, both as a friend and as a Mayor to a newspaperman. In his association with me I found him to be square and fair at all times, never stooping to yellow journalism. He had the best interests of the public in mind and it was a pleasure to associate with so considerate a representative of the people in public matters.

"In his articles of city matters and the Common Council, factional disputes were fairly recorded by him for the public's benefit. With Mr. Celdon in his new position, I can rest assured that the same fair handling of news will continue and I take this opportunity of wishing him and The Mid-State Press a cordial welcome."

ARKWAY TEA ROOM OPENS

[illegible] for the colorful and illuminated sign the spacious front yard, [illegible] might be tempted to think the [illegible]ine house on outer Park avenue, at Nassau avenue, was the home [illegible] country gentlemen.

[illegible] tonight there will be a grand [illegible]ing when the "first nighters" of [illegible] house fame will visit the place, displaying any thought of the [illegible]er. The sign in the front reads "Parkway Tea Room." It is the only [illegible]ation that the house contains [illegible]any dining rooms, beautifully [illegible].

[illegible]ile the Parkway Tea Room is [illegible] to The Plainfields, still its owner [illegible] popular member of the younger [illegible] Sylvester, is not [illegible] that made elaborate preparations [illegible] tonight. He has Augelo [illegible] as chef and Angelo and his [illegible] are not to be separated.

[illegible] delectable, radio is but one of [illegible]numerous features at the Parkway Tea Room. The sun dining [illegible] boasts one side of the regular [illegible]ought, is considered one of the [illegible]ractive and exclusive by those [illegible] with them. Sylvester [illegible], assisted by a corps of [illegible]e waiters, will care for the [illegible] at this evening. Everything [illegible]steaks and mushrooms to im- [illegible]ods of Italian brand and [illegible] dinners are but part of the [illegible].

COMMANDER BYRD HERE THURSDAY

Commander Richard Byrd, famed flyer and explorer, will give an illustrated lecture at Plainfield High School Thursday night.

Motion pictures will be used by the Commander in portraying the better some of the thrills and hardships he and his fellow-wanderers endured and felt.

He will tell of his plans for the trip to the South Pole and will also give a detailed description of past trips. Besides the interest of scientists the world over, nation-wide interest in the proposed flight increased recently, when Floyd Bennett met his death while he and Commander Byrd were in the midst of preparations for the trip.

The aviator, who is a brother of Governor Harry Flood Byrd of Virginia is known as a speaker of charm, and his popularity was proven two years ago when he returned to Richmond after his North Pole flight. The greatest reception ever accorded any native son of that city was given him.

NEWLYWEDS IN TOUR TO SOUTHLAND

MISS MARY ELIZABETH JENNING BRIDE OF LEANDER RANEY

Plan to make Cambridge, Ohio, their home

Mr. and Mrs. Leander Raney Kirk left Plainfield Saturday night for a tour of the South and will later make their home in Cambridge, Ohio. Before their marriage on Saturday night, Mrs. Kirk was Miss Mary Elizabeth Gening, daughter of Mr. and Mrs. Frederick Mitchell Genung, 1412 Highland avenue.

The wedding took place at the home of the bride's parents at 6 o'clock and was followed by a reception for the friends of the couple. The ceremony was performed before a bower of dogwood and apple blossoms, with the Rev. John J. Momeyer, pastor of the Crescent Avenue Presbyterian church, of which the bride is a member, officiating.

Miss Marion Pratt Foster was the bride's only attendant and Mr. Kirk was attended by John Schroeter of Marion, Ohio. The ushers were Alfred Genung and William M. Kirk, brothers of the bride and bridegroom.

The bride wore a gown of white moire with a slip of dutchess and rose point lace from her mother's wedding gown. The tulle veil was held in place with a band of pearls and she carried a bouquet of white pansies. Miss Foster's gown was of orchinthe green and salmon pink taffeta and tulle.

Mrs. Kirk attended Miss Hall's School at Pittsfield, Mass., and was graduated by Smith College, class of '27. Mr. Kirk, the son of Mr. and Mrs. Howard M. Kirk of Cambridge, Ohio and Newcastle, Pa., was graduated from Amherst in 1925 and is a member of the Delta Upsilon fraternity.

SEVENTH STREET ASSESSMENT TO BE MADE

The assessing for benefits and the making of awards for all damages to all lands and real estate affected by local improvement ordinance No 252, more particularly on East Seventh and West Seventh streets, respectively, will be made at a meeting of the Commissioners of Assessments to be held in the office of the City Engineer tonight at City Hall.

A "Press"ious Truth.

SCOUT CAMP OPENS JULY

Camp Watchung will open its eleventh session on the new camp site, located in Lebanon township, Hunterdon county, on Sunday, July 15. A very interesting program is being planned for this season, which should not only appeal to every boy already a scout, but also to every other red-blooded American youth.

As heretofore, it seems that many think the scout movement is only an organization for boys, but this is not so, as every scout knows, the activities are such as to appeal to the fathers and even the grandfathers of the boys. To this effect there is now being organized a branch for the benefit of young men who find it difficult to attend the meetings on account of business or other reasons. This branch will be called the "Flint and Steel."

The camp, which is being rushed to completion, will be one of the most picturesque in New Jersey. A temporary swimming pool is being constructed for this season on account of delay in preparing the plans and the cost of construction for the lake and dam which is being contemplated.

The rates for this season will be $9 per week to regular-registered scouts of the Watchung Council from Bound Brook, Martinsville, Plainfield, Somerville-Raritan, Summit and Westfield districts. Registration blanks are now being placed and will be available within a very short time. A registration fee of one dollar must accompany the application. Week-end camping can be arranged for through the scout masters, reasonable time being asked for the accommodations. The rates for the week-end campers will be the same as for the regular, viz., one dollar per day or thirty-five cents for each meal for any time less than a day. Accommodations for 100 boys are anticipated. A good time is sure to be enjoyed by all of the campers and none of the boys will leave the camp without that genuine facial expression and complexion of real health. In the event that an application is for some special time for which the quota happens to be filled, it may be necessary for the campers to take another period.

The Watchung Council of the Boy Scouts of America will hold its annual rally at the Plainfield High School Athletic field, Randolph road, on Saturday, June 16, beginning at 2:30 o'clock. The program of events will be as follows: Troop 1, drilling and maneuvering; Troop 2, relay equipment race; Troop 3, Patrol wig-wag signaling; Troop 4, patrol relay, fire making with bow and drill; Troop, 16, patrol knot-tying relay; Troop 25, patrol woodcraft; Troop 27, patrol map and compass; Troop 2, patrol fire-making with flint and steel; Troop 32, patrol scout pace; Troop 10, patrol wall scaling.

The winners will be credited with points for their troop, first place scoring 10; second, 9; third, 8, and fourth, 7 points. The pennants for first place will be blue, with red, yellow and white pleonasts for second, third and fourth places, respectively.

Scout Commissioner Herbert T. Cregin will have charge of the judges. F. S. Carr, Jr., field executive, will have charge of the running events, while the arbitration committee appointed for the rally includes R. T. Phillips of this city, J. J. McNulta of Summit, and A. Miles of Somerville.

DOCTOR LATHROP TO EXAMINE CHILDREN

Dr. Frederick W. Lathrop will be in charge of the children's physical examinations beginning at Evergreen school at 2:30 today, for children who are to enter school for the first time next year. Nurses from the Visiting Nurse Association will assist. Examinations will be made at all of the Plainfield schools within the next two weeks.

Mothers have been asked to take their children to the school nearest their home on the date given and have also been requested not to send them in the care of a small child who will be unable to answer any questions that the physician or nurse might ask. The examination will begin promptly at 2:30 every day, giving the nurse an opportunity to weigh the children and fill out their card. Examinations by the doctor will begin at 3 o'clock.

The medicos assisting Dr. Lathrop are Dr. Willis B. Day, Dr. Frederick T. Durrah and Dr. Raphael Cantini. The schedule of examinations follow:

Evergreen School, May 14; Bryant School, May 14; Lincoln School, May 18; Maxson School, May 22; Irving School, May 23; Washington School, May 24; Jefferson School, May 25.

WIRE TELLS OF REO RUN

H. S. Smith of 419 Park avenue, sales agent for the Reo cars in Plainfield and vicinity, recently received the following telegram:

"Beating Miami-Chicago time, of fastest crack trains by twelve hours and fifty minutes Reo Flying Cloud roadster carrying two alternating drivers wheeled the sixteen hundred and one miles in thirty hours and twenty-five minutes arriving at Chicago at 8:25 o'clock, Central teen and eighteen and eighth and a Standard Time this morning. Collins and Moreland were checked out by Miami by manager of Postal Telegraph Company at 2 o'clock Eastern Standard Time, Thursday morning, May 3, and arrived at Cooper Carlton Hotel in Chicago with both car and drivers in perfect condition.

"Run from Miami to Jacksonville was negotiated at average speed of 62 miles per hour. Average speed from Miami to Valdosta, Ga., was 63 and nine-tenths miles per hour. Average speed from Miami to Atlanta was slightly better than 60 miles per hour.

"Fastest previous known record for land travel between these two metropolitan centers was 42 hours and 15 minutes, which is scheduled time for Dixie Limited, the fastest train of the Chicago and Eastern Illinois, and 43 hours and 35 minutes, which is scheduled time for the Floridan, the fastest train of Illinois Central. Both Dixie Limited and Floridan in making this schedule use eight different locomotives and eight different crews contrasted with this.

"The Flying Cloud and its crew came through without rest or respite, with no harm to car and no apparent fatigue to drivers.

"This record-breaking run is remarkable, not because of high speeds attained, because at no time was attempt made to hit more than 70 miles per hour; cited significance lies in ability of car to maintain unprecedentedly high average speed for absolutely indefinite period without any time hitting dangerous top speed.

"At same time it established even more convincingly what th world already knows, namely, that the Flying Cloud for sheer guts and stamina is without a peer, excelling in ruggedness and durability and ability to stand the gaff even the long-lived Reos that earned for Reo the slogan, 'No other American car lasts as long as Reo, not one.'

G. A. Tripkagen, sales manager Reo Motor Car Co."

HUGE BELLANCA PLANE MAY HOP TO N. Y. TODAY

Rumor circulated about Hadley Airport early this morning of an authoritative source, had it that the huge Bellanca plane, which has attracted thousands of people to the field during the past few days, will leave Hadley Airport today for Mitchel Field, Long Island. It is expected that further tests will be made here, prior to the contemplated nonstop flight of the plane from New York to Rome.

H. G. Smith of Lorraine avenue, this city, had the honor of taking the plane on its first test flight this past week.

The plane has a wing spread of 68 feet and is 46 feet long, with a nine cylinder radical (whirlwind type) motor of 500 horse power. The ship has a gasoline carrying capacity of 1,000 gallons and is equipped with wireless landing gear and a disappearing generator. It is estimated to have a cruising capacity of 75 hours.

May 15 is the 10th anniversary of air mail, therefore, it has been designated by Post Master Harvey S. New, that beginning May 14 and the week following, it will be known as air mail week. The first system having begun with the route from New York to Washington and today operates over 9,916 miles.

PILOT FLIES NORTH TO AID RELIEF GROUP

BOSTON, Mass., May 14.—Late yesterday a third army amphibian plane, piloted by Lieut. Richard Cobb, took off for St. John, N. B., to bring back Lieut. Muir Fairchild, who was seized with an attack of appendicitis Saturday afternoon, shortly after he landed with an army plane at St. John en route to Greenly Island to rescue the Junkers trans-Atlantic monoplane Bremen.

Lieut. E. R. Quesada is a passenger in Lieut. Cobb's plane. While Lieut. Cobb flies back with Lieut. Fairchild as a passenger, Lieut. Quesada will fly the army plane on to Greenly. It is believed that the Bremen will start on its final lap of the "Mitchell Field or Heaven" hop by Thursday.

MEDAL FOR THOMAS A. EDISON

EAST ORANGE, May 14.—Thomas A. Edison will receive a gold medal for distinctive achievement in science as a donor to be given in his honor by the Society of Arts and Sciences and a donee to be given in his honor by the Society of Arts and Sciences at the Hotel Astor, New York City, on May 26, it was announced here yesterday.

THE AMAZING ADVANTAGE OF OIL OVER COAL FOR DOMESTIC HEAT

is best exemplified by

The Marr Oil Heat Machine

Completely installed in your home—including a 275 gallon oil tank. **395.00**

There are sizes made to heat the average home---the largest Apartment House or business building

YEARS of satisfactory service proves the merit and worth of the MARR OIL HEAT MACHINE.

In the Marr—the oil burns free—entirely vaporizes before it is burned—gas insuring positive ignition thereby eliminating all danger of explosion.

Positively no Dirt-Soot-dust—smoke ashes or odor.

We Can Prove That The Operation of THE MARR HEAT MACHINE is Cheaper than Coal

The Philadelphia Electric Company has installed these machines in over 2,500 homes--- A thorough . . . recommendation indeed. . .

The Latest Wringer Type EASY WASHER New Thrift Model

$129 (Slightly More on Time Payments)

Sixty-six times a minute the Easy's three Vacuum Cups move up and down, gently flushing air, soap and water through the fabric by air pressure and suction.

THE Thrift Model *Easy* Washer is a new development. It embodies all the modern improvements that have been made in wringer type washers, and adds several new refinements.

Each washer is brand new and fully guaranteed by the factory.

The *Easy* is not only one of the best known washing machines; but is one of the biggest selling washers in the world today. Hundreds of thousands are now in use. In design, in construction and in material the new Thrift Model lives up to the fine reputation of previous *Easy* Washers. This is your chance to own the kind of washer you have always wanted, at an unheard of low price.

The Tub . . . double walled, is nickeled on the inside, beautiful white Duco finish on the outside. Dentproof, heat insulating, easy to keep clean. Big round full size opening, no corners to clean, easy to put in and take out clothes. Large capacity, holds eight double sheets or the equal in other clothes.

The Wringer . . . one piece steel wringer, finished in white to match tub. Semi-soft rolls protect buttons. Full swinging, locks in four positions, wrings forward or backward. Instant positive-action safety release.

The Washing Action . . . The world famous *Easy* Vacuum Cup Principle is used; the only principle that washes as thoroughly and gently as human hands.

Motor . . . ½ H. P. of standard make. Most washers require a motor of at least ¼ H. P., but the *Easy* is so well constructed that it uses very little current.

Operation . . . The *Easy* is simple to use. One little lever controls the Vacuum Cups. One tiny handle starts and stops the wringer. Drain valve opens wide at a push. Patented straight line lever system practically eliminates wear on the drive mechanism. All moving parts completely enclosed for safety. Gear driven . . . no belt. Steel chassis, finished in black lacquer to contrast with white tub.

Free Demonstration

Come in and see the new Thrift Model *Easy* in action, so you can judge for yourself how wonderful it is. Or if you prefer we will gladly demonstrate right in your home. No obligation, a phone call brings the *Easy* to your door.

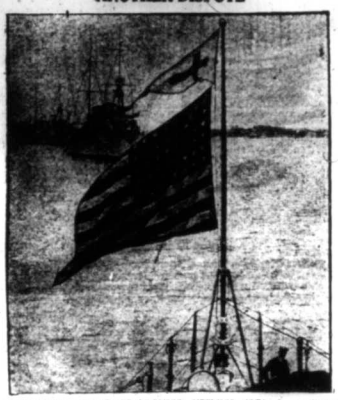
ANOTHER DISPUTE



GESTURE OF REVERENCE AROUSES HEFLIN'S IRE!—A resolution that, if passed, would abolish the flying of the church pennant above the Stars and Stripes during services aboard ship has been introduced by Senator Thomas Heflin of Alabama. Photo shows church pennant flying on U. S. S. Cincinnati.

George S. Clay

FOR MAYOR

An honest, conscientious and able citizen

I appeal to all my friends to support Mr. Clay on his record as a Councilman and as President of the Common Council.

A VOTE FOR CLAY is a VOTE FOR CLAY and none other—do not be misled by political propaganda to the contrary.

Paid for by Ralph W. Taylor, Campaign Manager

A Day in the Life of a Modern Mr. Pepys

In the middle sixteen hundreds there was a certain Mr. Pepys living in London (name pronounced pretty much as it looks). He was a practically minded man. Kept a diary and wrote it in code, so that if anybody else peeked into it, they'd be none the wiser. And the trick worked—for over two centuries, until a wiser man found the trick of the code, and things began to happen. The modern citizzen was suddenly able to turn the clock back about 250 years. He could see exactly how a 17th century Londoner arranged his life to get the best out of it. And while a lot of people have written a lot of modern Pepy's Diaries, not so many of them have known how to get the best things in life . . . . But this city's Modern Mr. Pepys (pronounced just as it looks) is a wise young bird. Pick his pipes and his panatelas with an examining eye. A man about town. None of your take-it-or-leave-it buying for him . . Here's a number of typical entries from his diary:

Society Woman Aviatrix!

PILOT'S LICENSE!—Miss Elsie Mackay, (above), was the attractive patron member of the London Aeroplane Club, has granted a pilot's license. A Mackay-controlled Handley-Page is one of the nobility . . . for aviation as a sport.

I DON'T WASTE TIME WADING THROUGH THE POOR BOOKS

It has always been a matter of amazement to me that so many books could be constantly produced when there are really so few people to read them. And I'm forced to the conclusion that most books can't be worth as much as the paper they're printed on. So I've found a shop where I can keep posted on new books and where they only show me those books that are worth my time. It's one of those rare places where they let me buy what I want and always have something I do want.

PLAINFIELD BOOK SHOP
Park Avenue

AND STOPPED ON MY FOR A HAIRCUT

I am not one who haunts a barber shop, and I have never revelled in the sensation of having every lotion in the color spectrum put upon my face by a kindly barber after shaving. My habit is to find a barber shop where they'll do my thinking for me, if I want them to. I go to a shop where all the barbers are good and where I can forget about the job until it's done.

ALEX STYLES

116 Depot Avenue

I DIDN'T KNOW MY OLD SUIT WHEN CLEANED

I've often pondered the logic of why a man who boasts of a good looking bath tub, and whose laundry bills are all they should be, still shies at the idea of having his suits and coats cleansed. Personally, I've discovered that half of that well-tailored look is clean suits, and often have mine cleaned at a shop where the proprietor seems to think that promises are made to be kept.

MY WIFE HAS BEEN HINTING FOR A PIECE OF JEWELRY

Jewelry stores in general have a bad effect upon my nerves, and I usually steer clear of them because they always bring up visions of things my wife wants and wants and wants, and never stops letting me know about. Of course, the inevitable finally happens, and I have to face it out with that something she's long wanted. So I meekly put myself in the hands of a jeweler I can trust and enjoy dealing with.

G. W. HAYES

WE ONLY GO OUT TO DINNER ON FESTIVE OCCASIONS

My wife and I are not much given to dining in restaurants. We've seen so many places where the food is said to be home-cooked that we're a bit suspicious. When we go out for dinner it's an important event. We don't look for home-cooking in restaurants. We look for food that we can't have at home because we're not quite clever enough to know how to cook it. And we have to admit that there's one restaurant that can show most homes a few tricks.

A WEAKNESS OF MINE IS A FRESH WARDROBE OF SHIRTS AND TIES

As married men go, I am generally considered faithful, but the truth of the matter is that I have a wife who thoroughly understands my second love and knows how to humor me in the matter. I can't have too many ties that will do honor to my neck and shirts that will grace my chest. And my good fortune is a wife who always picks out the right ones. But confidentially, I have trained her to buy them at a store where she can't go wrong in her selection.

ONE PLACE WHERE I REALLY DO ENJOY ICE CREAM SODA

I maintain that there is nothing of the flapper in my nature, and I have pretty well grown out of my pop-bottle days. But I'm still battling a weakness for really good ice cream sodas. And the weakness would long ago have vanished if I did not know of a certain store that has never yet failed to give me a palatable drink. And there's another advantage—I can buy equally good candy for my wife in the same place.

EXPERIENCE IN FACTORY HELPS MAHER

Charles F. Maher of the Queen City Tire Company has had experience that helps him no little in his present work. He was employed in the factories of three auto tire manufacturing companies before opening his present store. He believes he is the only tire salesman and repairman in Plainfield with as much previous experience in tire construction.

Though he has been a resident of Plainfield for twelve years, Mr. Maher opened his present tire shop in July, 1926. He is the official representative of the Seiberling Tire Company here, but handles other tires as well.

Mr. Maher's work in repairing tires is by the factory methods. He keeps abreast of the latest methods of proper tire repairing by watching the development of the tire industry. It is his opinion that the advent of balloon tires have revolutionized methods of tire repairing, and have had a marked effect in the attention paid to the tire as a part of automotive equipment.

"Before the balloon tire became the type chiefly in use," said Mr. Maher, "tires were vulcanized from the outside. Treads were torn off, where cuts or breaks in the fabric occurred and great patches vulcanized on. The pressure of air from the inside and weight of the vehicle on the tire generally caused a breakingdown of the patch, forcing the new material out.

"Since balloon tires became the order of the day a better method of vulcanizing tires has been developed, chiefly because the thinner walls of the new tire could not stand up when vulcanized in the old way. Now the tire is built up from the inside and the pressure locks the repair in place. Another point of value in this method where pleasure cars are concerned is that the new way does not destroy the tread and make a great, ugly patch at the place of vulcanizing.

"Balloon tires have been improved themselves. When they were first placed on the market it was customary to use a much lower pressure than is now the rule. So many of the tires broke down, particularly where the side walls were concerned that it seemed for a time as though balloons were slated for the discard.

"Now all this is changed, manufacturers themselves advocating greater pressure. I recently removed a balloon tire that had been run 33,000 miles, which is quite a change from the old order of things. The balloon tire has come into its own."

Mr. Maher also gives that sooner or later every tire manufacturer must be prepared to give a guarantee, either in mileage or time, with every tire sold. This, he thinks, will eliminate any possibility of a gamble where the purchase of auto tires is concerned.

A "Daddy"

"SWEET LITTLE REDHEAD"—Miss Mary A. Hunt, plaintiff in $50,000 suit in Worcester, Mass., which was declared a mistrial, when ages defendant, John P. Resnick, claimed to court. He is 65 and an antique dealer. He agreed his lawyer "Daddy," and admits there is no fool like an old fool.

Pampas Putter

JOSE JUARDO, Argentine golf champion, the occasion of the British open golf championship. Privately, they know the gold old Scottish game in the Southern republic.

Because we KNOW this tire, we offer you ONE YEAR'S FREE Protection against accidents, wheel misalignment, negligence, cuts, under-inflation, rim cuts, blowouts, bruises, or *any* road hazard...

QUALITY

No other tire ever achieved so great a success in so short a time. To see this tire with its one-piece tread from head to head, its sturdy sidebars, to realize that it contains 20 per cent more rubber and 25 per cent stronger cotton—is to know the reason why.

PRICE

You pay less money and you get more tire when you buy this Seiberling built 29 x 4.40 for $7.85.

TUNE IN

Remember Tuesday evening! That's the night the SEIBERLING SINGERS are on the air. Good music — fascinating entertainment. You'll enjoy it. At 8.30 P. M. Eastern Standard Time from WEAF and twenty-six other stations.

SYZMANSKI HIGH MASS SAID TODAY

A high mass of requiem will be offered at St. Stanislaus' church this morning for Peter Syzmanski, who was killed by a fall from a window on the fourth floor of Muhlenburg hospital shortly after midnight Thursday. Rev. Anthony Traika, rector of St. Stanislaus' church will officiate at the service.

Syzmanski entered Muhlenburg hospital on January 6 and was operated on for acute appendicitis and liver trouble. After being discharged, he returned to the clinic every two weeks and, last Monday, was ordered to the hospital again by Dr. Abraham Strom. After X-ray pictures had been taken, Mr. Syzmanski was assured that there would not be a second operation, but fear of such a measure and general despondency over his ill health is believed to have prompted the suicide.

Funeral services for Syzmanski were held Saturday and interment in Holy Redeemer cemetery will follow the mass this morning. A widow, Anna, survives, and has announced her intention of returning to Poland. The couple came to this country 20 years ago. Syzmanski was 46 years old and, with his wife, resided at 518 West Third street.

PLAINFIELDERS WILL RECEIVE DEGREES SOON

Friday, May 18, J. A. Costa, son of Mr. and Mrs. Louis Costa, of 947 Park avenue, will receive his degree of mining engineer at the commencement exercises o fthe Colorado School of Mines in the Simon Guggenheim Hall. This class, one of the largest of the world, numbers 57 men.

On he same day, W. G. Pollason, son of Mr. and Mrs. Christopher Pollason of 420 West Fourth street, will receive his degree as a metallurgical engineer.

Announces

A New Record
for stock cars under $1400

Better than a mile a minute for 5000 miles

The Dictator $1195 to $1395
F.O.B. FACTORY

BY traveling 5,000 miles in 4,751 consecutive minutes, the Studebaker Dictator established a record unequaled by any stock car under $1400—comparable to the existing world record of 5,000 miles in 4,559 minutes made by the Studebaker Commander last fall.

And not one, but two Dictator Roadsters, fully equipped, each traveled 5,000 miles in less than that number of minutes. The run was made under the supervision of the Contest Board of the American Automobile Association. Before and after the run, the cars were checked by the Technical Committee and were pronounced strictly stock models.

FACTS *regarding this run*

Date: April 30-23, 1928.
Place: Atlantic City Speedway.
Cars: Two stock model Dictator Roadsters.
Distance: 5,000 miles covered by each car.
Average Speed: One Dictator averaged 63.138 miles per hour—5,000 miles in 4,751 minutes; the other 61.312 m. p. h. Each car covered 5,000 miles in less than 5,000 minutes.
Sanction: Run made under sanction and supervision of the Contest Board of the American Automobile Association. Officials of A. A. A. checked cars before and after the run and pronounced them strictly stock models in every respect.

CLAIMS *vs.* FACTS

Automobile advertising is full of extravagant *claims* of performance. But Studebaker offers you definite FACTS supported by the certificate of the highest motoring authority—Under A. A. A. supervision The Commander has made a record never approached by any other car on earth (25,000 miles in less than 23,000 minutes). The Erskine and The Dictator have made records unequaled by any other stock cars at or near their prices.

The high quality of materials, the precision workmanship, the rigid inspections, and the engineering genius in the Studebaker Dictator are proved not only by its ability to travel 5000 miles in less than 4,800 consecutive minutes, but also by the fact that any Dictator can be driven 40 miles per hour as soon as it leaves the assembly line at the factory. The engine and chassis dynamometer tests which Studebaker gives The Dictator are an exclusive Studebaker practice in cars of this price class.

We invite you to inspect The New Dictator which is offered in 10 body models at $1195 to $1395 f. o. b. factory. Backed by Studebaker's 76-year reputation for quality and value, The Dictator offers champion performance at a low One-Profit price.

Values in Four Price Fields

President Eight	$1985 to $2485
The Commander	1435 to 1625
The Dictator	1195 to 1395
The Erskine Six	795 to 965

Lindbergh Uses Reo Flying Cloud During Recent Visit In Kentucky

When Colonel Charles A. Lindbergh recently flew to Lexington, Kentucky, he found a 1929 Reo Flying Cloud awaiting him at the airport. The Reo Flying Cloud was used exclusively by the air hero on his many journeys to and from the flying field and to the homes of friends whom he visited during his stay.

Colonel Lindbergh arrived in Lexington secretly, but as soon as his presence became known huge crowds and scores of automobiles followed the Flying Cloud with its distinguished passenger in order to get a glimpse of the air ace. This congestion thoroughly tested the Flying Cloud's traffic ability, acceleration, power, speed and dependable braking, officials state.

Before his departure, Colonel Lindbergh expressed his satisfaction with the Flying Cloud's operation under exceptionally trying traffic conditions and stated that he was very grateful for its use during his visit.

In the smaller of the two pictures above, Colonel Lindbergh is seen entering the 1929 Reo Flying Cloud Sedan soon after he arrived at the Lexington Airport. The larger picture was snapped just as the plane was about to depart. The most famous aviator of history can be seen at the controls through the window at the front of the car.

Secretly, but as soon as his presence became known, huge crowds and scores of automobiles followed the Flying Cloud with its distinguished passenger in order to get a glimpse of the air ace. This congestion thoroughly tested the Flying Cloud's traffic ability, acceleration, power, speed and dependable braking, officials state.

FIVE AUTOISTS GIVEN SUMMONS FOR SPEEDING

Five operators of automobiles will be arraigned before City Judge William G. DeMeza in Plainfield police court this morning on charges of driving at excessive rates of speed on East and West Front streets. The arrests were made on Saturday and each driver posted $10 for his appearance in court this morning. Those arrested were as follows:

Arthur E. Esposito, 21, of 32 Thompson street, Fanwood, was picked up by Motorcycle Patrolman Schramel at the rate of 43 miles per hour on West Front street near Watchung Park.

Frank Chiapardi, 18, of 1400 East Second street, Plainfield, was stopped on East Front street after driving his automobile at the rate of 42 miles an hour.

Carl T. Weslin, 18, of 245 Scotch Plains avenue, Westfield, was arrested by Motorcycle Patrolman Hurley at West Seventh street and Plainfield avenue, charged with driving his automobile at the rate of 40 miles an hour on West Seventh street.

Kalman Joseph Dalgo, 19, of 768 Eighteenth street, Newark, was arrested by Motorcycle Patrolman Bray charged with driving a truck at the speed of 42 miles an hour on East Front street, this city.

Frank Chiapardi, 18, of 1400 Second street, Plainfield, will also be arraigned this morning on a charge of driving an auto at the speed of 42 miles an hour on East Front street.

Shoulder flowers are growing in bunches these days. The large "splashy" crysanthemum of last winter is giving way to bunches of small flowers. The bright blues, yellows an dreds or wild flowers look mellon white flannel coats.

PROF. E. L. EARP WILL ADDRESS EPWORTH LEAGUE

Prof. E. L. Earp of Drew Theological Seminary, Madison, will speak at the third annual banquet of the Epworth League, to be held in the lecture-room of the Dunellen Methodist Episcopal Church tomorrow night. Edward Pease of the Plainfield Y. M. C. A. will lead the community sing.

SERVICES HELD FOR VICTIM HEART ATTACK

Funeral services for Mrs. William Jordan of Hamilton boulevard were held at Casey's Funeral Parlor Saturday afternoon in charge of Rev. Marion Brygildsen of the South Plainfield Baptist Church. Interment was in Hillside Cemetery.

Mrs. Jordan, whose husband died recently, left six children when she succumbed to a heart attack Wednesday afternoon. The attack caused her death before the arrival of an ambulance called from Muhlenberg Hospital. Relatives are caring for the children.

ONE HURT IN AUTO ACCIDENTS

Two accidents here yesterday afternoon resulted in minor injuries to one man and damages to three cars. A sedan, driven by eGorge Mullen of 105 North Third avenue, Highland Park, turned over at Park and South Plainfield avenues, injuring the driver, who was treated at Muhlenberg Hospital for cuts on the hands and arms. The car was wrecked.

A coach, owned and driven by Steve Sobansky of Scotch Plains, collided with a touring car owned by James Tusaro of this borough, at 1:30 o'clock. Both cars were damaged, but neither driver was hurt.

People seeing apartments do not look in the late afternoon because andlords are usually out. That is why they "shop" for new homes in the morning and The Mid-State Press is a big help to them because it tells them of latest rentals first.

(Copyright, 1928, by New York Evening GRAPHIC.)

CHILDREN'S DISEASES

It is too bad that poor, innocent childhood should have been saddled with the bad suggestion that certain diseases are natural to this stage of life. Diseases are always unnatural.

There is no necessity for any one to be sick, whether child or adult, but especially a child, because they have fewer mental inhibitions and emotional disturbances. The so-called children's diseases are all acute diseases, thus indicating that the functions of the body are very active when young. All these diseases are acute eliminative crises and it matters not what symptoms appear or what name is given to the disease; they are all due to the same cause, treated in practically the same way and can all be prevented by right habits of living. Contagion and infection are factors only when the resistance is lowered through wrong habits of living.

Probably the chief cause of so-called children's diseases is overfeeding. Most parents seem to think that their children should be fed as much as they can hold, and because they eat avidly themselves and do not like to deny their children anything they let them eat whatever appeals to their senses of sight, taste and smell. This naturally soon overloads the body with toxins, and since natural elimination is reduced through constipation, lack of fresh air and insufficient bathing, unusual elimination must take place and what is called an acute disease is brought about. These diseases occur because they are needed and if properly treated by natural methods the child will be better thereafter. Of course, the ideal plan is to prevent the disease by proper care of the children.

I have been troubled with barbers' itch on my skin for the past year. Could you tell me of any cure? Lately have started taking radio-therapy treatments. Will they help?

A. D. J.

Radium treatments will be more likely to help you get worse than better. The only way to overcome any abnormal condition is to remove the causes. Even parasitic skin affections do not persist unless the body is below par. The usual natural treatment in such a case would be an orange diet for five to ten days, followed by the milk and orange diet, together with sun baths or ultra-violet radiations and all general health building measures.

Some time ago I caught a cold in my nose, and it has now spread to the ears. Have been advised to have an operation. Is this necessary?

A. K.

In all probability an operation will not be necessary, though this can only be definitely determined after personal examination. Certainly it would not remove the causes of your trouble. You did not catch the cold; you developed it because you needed it, and when you did not give it the proper attention the area of inflammation spread to the ears so as to bring about greater elimination. In all probability an orange diet with plenty of fresh air would set you right.

Dr. Venich is very anxious to help all in Vigorous Health. Write him care this newspaper.

HISTORY OF MOTHER'S DAY DATES BACK TO ABOUT 250 B. C.

ILADELPHIA FIRST ORIGINATED MOTHERS DAY HERE

W IS ONE OF THE MANY HOLIDAYS

By FLORENCE GOURLAY

Special services in the churches marked the observance of Mother's Day in the Plainfields yesterday. One of the newest American holidays, it is celebrated by the Roman Catholic, the Protestant and the Jew without regard to creed or color. Flowers were distributed to the thers attending services by or- dinations of the churches.

The Woman God Made." "A bute to Mother" and "Better men," are only a few of the sub- s chosen by local ministers for ir sermons. Carnations have be- me the symbol of the day, white e being worn by persons whose thers are not living and pink s by the children of living thers.

The merchants of Plainfield ob- ved the day with appropriate win- r decorations and candy, flowers l other appropriate gifts were ured. Few indeed, were the per- s who did not remember Mother this special occasion.

For many years it has been the stom in this country to set aside s second Sunday in May as a day reverence motherhood. The idea s originated here by Miss Ana rvis of Philadelphia, when the persistence of a Sunday School a little Virginia town asked her arrange a memorial service for r mother, who had been an ardent orker in the church. The idea oc- rred to Miss Jarvis that many her mothers had been as ther- ted workers as her own parent and that it would be a fittingthing to set aside a particular day for th honoring of such women.

The plan spread when Rev. N. J. Wilbur, Chapman, the Presbyterian evangelist adopted the idea in his church and off offered the sugges- tion to other ministers at a Pres- bytery meeting. The idea was adopted by them and the popularity of such a day continued to grow.

In May, 1914, a bill was introduced in Congress requesting and authoriz- ing the epresident to issue a procla- in May as Mother's Day. The bill further requested that the Ameri- can flag be flown from all public buildings on that day. Woodrow Wilson, who was president of the United States at that time, approved and signed the bill on May 8.

While the holiday, as it is recog- nized in America, originated with Miss Jarvis, the idea of mother wor- ship is traced back to mythology when Cybele, or Rhea, "The Great Mother of the Gods," was wor- shipped. That praise, however, was for the power and majesty of Moth- erhood, rather than its tender mem- ories and Cybele was represented as traversing the mountains in a chariot drawn by lions. The lion, the oak and the pine were sacred to her.

The idea of mother worship travel- led through Greece to Rome and in 250 B. C. offerings were taken fo the temples on the Ides of March. Later the idea changed to one of worship for the Mother Church and it became the custom for persons to visit the church in which they had been baptized and present gifts for the alter. These visitations were made on the fourth Sunday of Lent, custom for young people to be bound out as apprentices and servants, the same Sunday was set aside for them to visit their parents. Gifts of sweets or some trinket were always taken to the mother at this time and the habit has gradually come through the ages until the present time when the observance of a Mother's Day is world wide.

The Test of a Woman

An Original Magazine TRUE STORY

The instant Lyndon Sherwood and I were pronounced "man and wife" I elected him captain of our marriage ship and began to rest on my oars, leaving everything up to him.

When baby came, making a third member of our "crew," I was so delighted with the new interest he afforded me that I let myself become completely absorbed in this pleasure, relegating my captain to second place in my considerations without realizing I was doing so.

Gently my captain tried to per- suade me to engage a competent nurse which I knew we could well afford so that I could be free to "navigate" with him, but I indig- nantly replied to this: "What! Trust "Precious," my own darling, with a stranger? There's only one person outside of you, Lyndon, with whom I'd leave my baby for more than five minutes—that's Mavis Morrison."

"Mavis?" Lyndon quoted, looking at me queerly. "She is a happy thought, Flo; why not ask her to come and live with us? Her father's death last month has left her alone in the world."

I jumped at the idea.

Mavis had been maid of honor at my wedding.

Her one hobby was babies. When Lyndon, Jr., arrived Mavis was the first one we notified and she took a day off from the exclusive gown shop where she worked to rush to me and clasp my newborn infant to her heart.

Why on earth don't you get mar- ried, Mavis?" I teased, and she an- swered slowly, with a farawf look: "I'll never tell you."

I took perfect storm of per- suasion from both Lyndon and me to gain her consent to live with us, although she freely admitted that she loved us better than any one else in the world. She pleaded independ- ence and fear she would be a burden on us.

Mavis a burden? She was a help and comfort from the instant her trunk was set down in the spare bedroom of the bungalow Lyndon and I called "home."

My captain, seeing that I enjoyed nothing so much as being with my baby, gradually left me to pursue my own inclinations—inclinations which I did not observe seldom tal- lied with his.

Misgivings

I felt rather than knew that somewhere in our matrimonial bark there was a scrr took and when Lyndon kissed me good-by with a troubled look in his usually mis- chievous brown eyes as he left on a business trip to New York, I felt the first impact of those rocks.

"What's wrong, Flo?" I asked.

"Nothing, Flo," he answered. "Everything is all right." And he smiled, and was gone.

Lyndon wrote every day, and I de- voured his letters, so full of love and longing and assurance that he missed me even as I was missing him. I read them to Mavis, all but certain snatches, too intimate for any one to see, but my own, and her loving understanding only added greatly to my pleasure.

I forget the shadow which had lurked in my captain's eyes at our parting and drifted on.

One very warm night in July, after Lyndon had been gone nearly a month, I lay wide awake on my bed, living over again in happy memory the sweetness of Lyndon's first declaration of love. Suddenly a low groan from Mavis' room across the hall alarmed me.

I leaped and rushed to her.

"Mavis!" I gasped, "what ever is the matter?"

"Oh," she answered, startled, "I'm so sorry to have waked you, Flo, but I've got such a fearful headache."

I hurried to the bathroom cab- inet and got a simple home remedy to relieve her. I wanted to call at once for a doctor, but she would not hear of such a thing.

She began to murmur in her sleep and, interested, I turned to watching her, deliberately "listening in." She mumbled some love-words and I smiled to myself, thinking: "Ah, so romance has not passed you by after all, Mavis Morrison, all out- ward appearances to the contrary."

When she had deliberately turned her back on what would have been a splendid match for any girl, by refusing to marry James Martin- dale, Lyndon's business associate and closest friend, a man of sterling worth, I was openly provoked at her but she had calmly stated, "I am sorry, Flo, but I do not love him."

My reminiscences were inter- rupted by her murmurings. "Ly— my love—dearest Lyn—"

A hand of ice seemed to grip my heart. Maddening thoughts at once began to race through my brain. Could it be that "My Cap- tain" and Mavis, my trusted friend— I thrust the sickening thought from me and returned to my room, afraid to hear more of those hor- rifying murmurs.

Morning came and found me still fighting off the ugly suspicions which gnawed persistently at my heart.

At breakfast I must have looked the fatigue I felt and, entirely un- like my usual self, I was petvish, so much so that Mavis grew nervous. To save me, I could not force even polite words of sympathy from me at sight of the pain in her eyes and her unwonted paleness. There was a long letter from Lyndon for me in the morning mail, but I set it aside, unopened, for my mind was full of visions of what might have happened so easily between the two I had blindly trusted in the many hours they had been alone together while I was caring for the baby.

I was silent, so silent that she finally asked:—

"What's wrong, Flo, did I keep you awake all night with this ache in head of mine, or is Lyn really in trouble?"

I could have shrieked at her glib use of that "Lyn," but I forced my- self to answer carelessly while I secretly watched her closely.—

"It's just my nerves, I guess, but you did a lot of talking in your sleep."

A deep blush rose to her cheek and my heart shivered as she, avoiding my eyes, quickly replied:—

"Oh, just things! I didn't know I did things like that. What did I say, Flo?"

"Oh, just a lot of silly love stuff to Lyn, you must have had a very vivid dream." The insinuation in my voice was so unmistakable that no one could have ignored it. Mavis kept her eyes on her plate as she made a discordant effort to laugh it off by saying:—

"Dreams, you know, go by con- traries."

A painful silence ensued as she partook of an even lighter break- fast than I. As we rose from the table, she said lamely:—

"I am not going to the shop today, Flo. I shall go back to bed and doctor myself a bit."

When she had gone to her room and closed her door, I went to mine, and read Lyn's letter. "Give my love to Mavis," he ended it. The trite expression which he always had used seemed to carry moment- ous weight.

I went about my morning duties, uncertain, irritable, with that in- sistent presentiment which some- times forewarns one that something is going to happen.

Mavis did not come to lunch and after I had knocked on her door lightly, called softly and received no answer. I concluded she was sleep- ing soundly and that I had better let her rest.

During the afternoon I took the baby out for an airing, stopped at the stores and got some supplies I needed. It was nearly 5 o'clock when I returned to the house.

I put away my things and started dinner cooking before I went to call Mavis and ask whether she intend- ed coming to the table for dinner or wished me to bring a tray to her room.

I knocked—no answer. I called loudly—still no answer. I opened the door and went in. I seemed to freeze to the spot. Mavis lay across her bed fully dressed—she had been dead several hours.

I was so appalled that I rushed out of the house, shrieking at the top of my voice and, in wild alarm, the neighbors came running. With their help all those things were done which must be attended to when death comes so suddenly.

Heart failure had taken Mavis without warning. I found a little leather-bound book among her things in which she had written paragraphs which nearly rent my soul as I read:—

"Tonight Lyn and Flo were married. Oh, my heart! How can I bear it? I love him so! Flo is the only one in the world for whom I would have forced my- self to undergo such an ordeal.

"I shall have to go before to-be- ward of honor to child dedicated to God own heart? I feel as though this night I have turned into stone. I made my- self stand and listen while the man I love with all my heart was married to an- other.

Several pages gave intimate de- tails of her father's death and then:—

"Flo and Lyndon actually demand that I live with them. Dare I ac- cept? If they only knew! Can I trust myself under the same roof with the man I love so endlessly who is married to my best friend?

"I dared to accept. I can at least see him.

"Dear Flo! She is so sweet, such a perfect wife and mother, except that she is falling into the habit of most wives; taking everything for granted, even their husbands' thoughts.

"The end of the world has come for me, it seems tonight, for today something which Lyn's wife must never know, happened. As I stepped from the shop at noon today, wear- ing my new yellow sport outfit, I was both surprised and pleased to see Lyndon sitting in the car, wait- ing for me at the curb.

"Come on. Hop in!" he ordered playfully and I instantly obeyed, taking Flo's place beside him. It is the first time I ever occupied that seat; the closest I have been to Lyn since his marriage.

"How dear of you to think of stopping to pick me up on your way home, Lyn," I said. But he promptly replied, 'I am not on my way home. You are going for a ride with a desperate man up in the mountains —regular kidnaping—see?'

"It thrilled me clear down to my shoestrings and back again, but I protested weakly, 'Why, Lyn, I can't.'

I STRUGGLED FREE

"Why not?' he asked disappoint- edly, and I gave him the only rea- son I had. 'Because,' I faltered, 'it isn't right.'

"Rats!' was his only answer as he dove into the traffic and I sat there beside him wishing with all my heart that Lyn was anybody but Flo's husband.

"The afternoon passed in the most enjoyable danger I have ever known.

"Suddenly Lyn guided the car off the road and into a secluded clump of trees where we were safely hid- den from the public thoroughfare.

Mavis,' he said confidentially, 't me home before I have to face the complete loss of all I hold dear in your world. Oh, I cannot write any more this morning. I feel that my heart is bursting.'

Those were the last words in Mavis' diary—truly her heart did burst—no wonder!

A telegram bearing the news of Mavis' passing brought Lyn home to me.

I kept Mavis' secret from him. I could do him no good now to know.

"Huge Oaks From Little Acorns Grow." Watch The Mid-State Press Grow—

Sir Harry Lauder, internationally known Scot, makes Judge Cornelius Doremus, of Bergen County, Republican candidate for the gubernatorial nomination, an honary member of the Robert Burns' Memorial Society at a recent meeting at the Waldorf Astoria Hotel in New York.

Sir Harry asked Judge Doremus to deliver "to the Hackensack ers-ns" and other New Jersey Scots, his favorite verse of Burn's poem:

"Then let us pray that come it may—
As come it will for a' that—
That sense and worth, o'er a' the earth,
May bear the gree and a' that;
For a' that, and a' that,
It's comin' yet for a' that,
That man to man, the world o'er,
Shall brothers be for a' that."

Paid for by Frederick Kapsler, Campaign Manager, Hackensack N. J.

Good Manners

By FRANCES ALLAN

Q. After a young lady has given a fellow a dance, must he remain with her until she gets a partner? What is he to do if he is engaged to some one else for the next dance?

A. A young man at the end of a dance escorts his partner to the place where she was sitting when the dance commenced—or to her friends. If possible, he should re- main with her until her next part- ner approaches, or until it is neces- sary for him to seek the one to whom he is engaged for the next dance. He should not fail to thank her for the dance.

THE PLAINFIELD TRUST COMPANY

La Mode Indorses Lace

By MARIAN HALE.

The slenderness of this simple frock is transformed into lovely softness by a tier of lace flouncing shirred to the skirt in a curved line both front and back. Falling from the shoulder are ties of the fabric finished with lace, while matching all-over lace forms three-quarters of the set-in sleeves. Shirrings at the shoulders add easy fullness over the bust, and a belt of the fabric is finished with a rhinestone buckle. No. 3026 is designed for misses and small women in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3 yards, 36-inch material, 2½ yards lace flouncing, ½ yard all-over lace.

To obtain this pattern (price 25 cents) send to Fashion Editor, Give correct number and size of pattern, your name and address plainly. Address Marian Hale, GRAPHIC Patterns, 128 Hudson St., New York city.

3026

DADDY DUSK The Sandman

Twin and Twinnie and Joe sat in their seats looking blankly at each other as Mr. Harris announced that the first and second prizes had been divided between their two plays. It was too good to be true.

As soon as the clapping died down a little Mr. Harris went on: "I'd like to have the three authors of the three plays come up here on the stage and receive the prizes in behalf of their classes. Sue Waverly, Joe Morioni and—wait a moment, the 'author' of the one dream play seems to be two persons—the Morton twins. Come on up here, children."

Some one pushed the three Mortons out into the aisle and they walked up toward the stage. Sue, a tiny youngster who was always making up perfectly fascinating Mother Goose stories for the story hour, was already there, looking far from a staid author of a play.

When they were all lined up together, Mr. Harris handed each of the youngsters a slip of paper.

"For first prize," he said, "one of the book stores has donated an order for $15 worth of any books the class may choose; for second, an order for $10 worth of books, and for third, $5 worth of books. I am giving each of you, as representatives of your class, these orders. The first and second prize money will be divided equally between the two classes."

Twin and Twinnie could not figure out why each of them should have had a slip of paper, but when Twin happened to look down at hers she found that it was not a regular order, but merely a statement by the book shop girl that she was willing to divide the two orders. So each had something to take back to their classes.

Gray and Blue In Paris Fashions

Dark blue and gray seem to be the predominating colors in Paris this spring.

Now that the warm days of spring are here, women are shedding their fur coats for tailored suits, and trim tailor-mades in gray, dark blue and the inevitable black are seen on the Rue de la Paix and at the Ritz frequently. Practically every suit adds a fine scarf of silver or gray and is worn with either pullovers of jersey d'or or frilly blouses of chiffon or georgette.

Lunching at the Ritz this week one smart English woman wore a North costume which combined blue and gray in an unusual manner. Her gray wool georgette suit had a tailored jacket longer in back than front, with a scarf collar, the ends of which were thrown about her throat. Her one-piece frock had a tie of dark blue crepe de chine hanging from a yoke and fastened with a diamond brooch, and dark blue was repeated in her narrow belt of suede and in the suede flower on her shoulder. Her hat was the small turban from Agnes which has had such a great success and was gray with a touch of dark blue. She wore dark blue pumps and carried a dark blue handbag.

Good Manners

By FRANCES ALLAN

If at a dinner party should the speech of the hostess be heeded first?

A. The guests do not seat themselves until the hostess has seated herself, and they do not rise until she does.

GARDEN CLUB WILL ADOPT CONSTITUTION

A constitution and by-laws will be presented for adoption at the first regular meeting of the Fanwood Garden Club at the home of Mrs. Paul B. Turo, Terrill road, Plainfield, at 3 o'clock Tuesday afternoon. A standing committee will also be appointed at that time.

Mrs. Stephen Van Hoesen was elected president of the club at its organization last week and other officers elected include Mrs. Turo, vice president; Mrs. M. Franke, secretary and Mrs. J. S. Wetherald, treasurer.

A flower show will be held at the Fanwood Fire Hall on June 23 and 24 under the auspices of the club.

Y. M. C. A. TO HAVE FREE SWIMMING WEEK

During the week of May 21 a free swimming campaign will again be held by the Y. M. C. A. Representatives of the "Y" will visit each school and distribute cards with the teachers. These enrollment cards must be signed by the parents and the teachers.

Only those who cannot swim will be eligible for membership. Instruction given will include all the latest strokes. With the facilities offered by the Y. M. C. A., it is expected many will take advantage of this opportunity. Last year there was an enrollment of 135 from which 90 were taught to swim.

SERVICE IN MEMORY OF NOTED WAR NURSE ATTRACTS HUNDREDS

Urging them to save others if they could not save themselves, Rev. Charles E. McAllister, executive secretary of the Diocese of Newark addressed more than 100 nurses, representing Somerset and Muhlenburg Hospitals, private nurses and the Visiting Nurse Association, who were special service of the St. Barnabas Guild for nurses, in memory of Florence Nightingale, last night. Rev. E. Vicars Stevenson, rector of the church, presided.

Rev. Mr. McAllister, after briefly reviewing the early life and education of the famous English nurse spoke of her work in the battlefields. He said that she administered not only to the bodies but to the minds and souls of the men. An English soldier had told him, the clergyman said, that before she visited a hospital there would be nothing but hate and cursing and after she had left but holiness.

"Florence Nightingale," Rev. Mr. McAllister said, "during the two years that she spent at the British battlefields displayed that high type of courage of which women are capable. Men do not always appreciate the noble work of women but at times it is supreme.

"There are three characteristics of that English women, that you as nurses should inherit," the clergyman continued. "In the first place there is the necessity of giving all the task that you undertake. You are called upon to display courage and nerves of steel under the most trying circumstances. There is no other profession in the world that requires as much poise as yours.

"When a person has a loved one at death's door, they cannot understand or sympathize with the repeated slow, cool movements of the nurse. You alone know that you are doing your work and must not only take care of your patient, but often comfort another as well.

"Today, however, nurses have much more to work with than they did in the days of Florence Nightingale. Those women, many of them, at least, did not have a high school education and that is required by training schools today. They did not have the wonderful inventions of the they have the well equipped hospitals and the sanitary conditions that exist at the present time.

"In the second place, you should have inherited the power to promote the dignity of womankind, a much needed thing in this day. The world is over-run with feminism—hard-lipped women who try to rule everybody and succeed only in making everybody miserable.

"The popular phrase 'weaker sex' is nothing but a non-sensical delusion. Never shirk duty because you are a women. Compare your lot to the women of Mother India. Be thankful you live in America and do all for others that is in your power to do. Remember that Shakespeare, realizing the importance of the so-called weaker sex, had decidedly more heroines than heroes. Remember also, that it was a man who betrayed Jesus.

"Lastly, save others although you can not save yourself. Remember the words of the scornful at the Cross. 'He saved others but He cannot save Himself.' Regardless of what people might say they have a God. Although it may be money or pleasure it is a God. You, as nurses, serve One and be not afraid to follow Him if you can save others but not yourself."

PERSONALS

Miss Bertha Beekman, of the high school faculty of Butler, spent the week-end with her mother, of Thomas street. She was accompanied by the Misses Jean Benson and Bertha Bryant.

Mrs. W. E. Cottrell and young son of Fairfield, Conn., are visiting Mrs. Cottrell's mother, Mrs. Anna Beekman, of Thomas street.

Mrs. J. I. Kleine, Mrs. C. K. Stevens and Mrs. W. Atwood attended the reception at the estate of ex-Senator Frelinghuysen at Raritan recently.

Mr. and Mrs. Dale Cannon, formerly of New York City, are occupying their newly erected home on Franklin place.

Mrs. Margaret S. Ware, of Plainfield, who has been notified that her sister of Glasgo, Scotland, is seriously ill, is sailing on the liner Cameronia Saturday, May 12, tickets having been purchased from T. W. Hanson.

Christian F. Schmidt of 61 Mercer avenue, North Plainfield, is sailing Saturday for Copenhagen, on the liner United States.

LARSON OPENS RACE TRACK MAY THIRTIETH

W. B. White, president and general manager of the New Jersey Motor Racing Association wishes to announce that the official opening of the New Market race track will take place on Decoration Day, May 30. It has been arranged that, barring mishap, Senator Morgan Larson of Perth Amboy and Republican candidate for Governor, will be on hand to fire the first starting gun. Many public officials are expected to attend.

It is the second year for this organization and it is going over big. The special features for Decoration Day will include bicycle, motorcycle, and auto-racing. Among the motorcyclists will Charles Bush of Newark, French Depoulier of Brooklyn, Joe Schalm of Plainfield, and Sam Little of Arber.

The auto drivers who will be on tap at the grand opening will include drivers of Mills Special, a few Deusenbergs and a couple of Dodge high speeds.

The track has been properly banked and oiled. A grand stand will be erected and every possible convenience is being planned.

Pink Stripe Street Shows Way Home

CHICAGO, April 21.—What the well-dressed street will wear next season was decided by Michael J. Flaherty, president of the Board of Local Improvements. And this is it:

"Pink granite curbings, with neat contrasting stripes of black asphalt and gray concrete sidewalks."

Anyhow, Mr. Flaherty advertised for bids for that kind of habiliments for the widened La Salle Street from Randolph Street to Eugenie.

RAIN AT ELMORA

Assisted by five members of the cast which supported Jeanne Eagles, including John Waller as Rev. Davidson, The Kirkham Players present "the greatest drama of all time" at the beautiful Elmora Theatre in Elizabeth, all this week. It is "Rain."

What makes a play an outstanding success? Not always true literary and dramatic merit, the critics tell us. Not always unusually good acting and production. Certainly there must be a vital human appeal—plus something else, difficult to analyze.

The greatest success of the generation is, of course, "Rain," the play of the South Sea Islands, which ran for 741 performances in New York and four solid years on tour.

"Rain" is the more notable because the critics have been as enthusiastic as the public, and vice versa. It is an interesting story, taking place in an interesting part of the world—but so have been many other plays. But the tragedy of "Rain" cuts across the humor of it and the dreariness of its environment as tragedy does in line.

Perhaps that is the key of its appeal. Whatever it is, "Rain" will remain as a monument to the fact that the great American populace will rise to a piece of good work as quickly as any erudite critic—that is, if the play has that rare quality of "interest."

"Rain" will be seen for the first time in stock since its glittering successes everywhere, next week at the Elmira Theatre, Elizabeth, where the Kirkham Players will present a magnificent production and performance of this great play.

READES OXFORD

There are [illegible] feminine [illegible] in "Beau Sabreur," Paramount's spectacular sequel to "Beau Geste," which opens today at Reade's Oxford Theatre. Theseroles are played by Evelyn Brent, as Mary Vanbrugh, an American girl who becomes a pivotal point in a great Sahara desert tribal rebellion, and Joan Standing, cast as the Cockney maid, Maudie.

This same condition existed in "Beau Geste." There were but two women in that story, which was also from the pen of P. C. Wren. They were Alice Joyce and Mary Brian, but their characterizations were more or less subordinated by the great theme of brotherly love. In "Beau Sabreur," directed by John Waters, the love is an equally strong one, but it is divided between a girl and the hero's country.

Gary Cooper plays Henri Beaujolais, of the Foreign Legion who is transferred to secret service duty on the vast Sahara. Chief in support are Noah Beery, William Powell, Arnold Kent, Mitchell Lewis and Roscoe Karns.

Gary Cooper and Evelyn Brent in the Paramount Picture "Beau Sabreur"

READES STRAND

Corinne Griffith makes her United Artists debut in "The Garden of Eden," a comedy romance film based on the stage play of the same name, which ouens today at Reade's Strand Theatre. Louise Dresser, Lowell Sherman and Charles Ray head a distinguished supporting cast. Lewis Milestone, who made "Two Arabian Knights," directed "The Garden of Eden."

Apples, serpents, fig leaves and Paradise are only symbolically present in this "Garden of Eden,"—for it is a modern clothesversion of the oldest story in the world. It is at the Hotel Eden, outside Monte Carlo, that many humorous and romantic adventures befall Toni LeBrun French shop-girl off on a lark with her friend, the Baroness Rosa de Garcer. The startling climax to those adventures is a wedding which ends in a riot.

Rudolph Bernauer and Rudolph Oesterreicher, two Austrians ,wrote the stage play, "The Garden of Eden," which has been continuously on the boards in Germany for three years. In England Tallulah Bankhead played the stage Toni; in New York, Sylvia Field. Corinne Griffith and Walter Morosco (Corinne is Mrs Morosco in private life, were in Germany last year and there they saw the play. Schenck promptly that they would like that play purchased, to be Miss Griffith's first United Artists vehicle. Hence it was that while the stage play was being acted in London, and even before it was shown in New York, Corinne was well into production on his film.

"The Garden of Eden" was made at the United Artists studio in Hollywood, William Cameron Menzies designing the sets.

"Our Gang" in "Barnum, Ringling, Inc., and several excellent short films are also on the Strand's bill for this week.

Emil Jannings in "The Last Command," his newest American made picture, opens a week's engagement at the Strand next Monday.

LIBERTY THEATRE

A little near-tragedy that does not show in the picture was enacted in Hollywood during the screening of the First National production, "Ladies Night in a Turkish Bath," beginning today at The Liberty Theatre and continuing until Wednesday, inclusive. Dorothy Mackaill, who is co-featured with Jack Mulhall, sold boxes of lunches as a part of her role. Miss Mackaill opened a stand on Cahuenga Pass, a congested road-leading to the 1First National Studio. Only the cast was supposed to make purchases, but truck drivers, automobilists and even pedestrians to buy.

Edward Cline, the director, shouted to Miss Mackaill to make the sales for the realism. Few of the buyers realized that a motion picture was being filmed.

After Miss Mackaill had taken in $16.50 and $1.10 in tips she noticed a woman farther up the road with a stack of unsold lunch boxes. At noon two little tots appeared, sat down and ate a dinner from the boxes. As the children ate Miss Mackaill saw the woman wipe her eyes.

"Oh, Mr. Cline," she said to the director, "I really believe we have taken all this woman's business away. Let's see."

They had. The little woman had the boxes of lunch onher hands. The children were her own, who had come there from school for dinner. Miss Mackaill purchased all her boxes, gave her the tips she had taken in and then Mr. Cline engaged the mother to work the rest of the afternoon as an extra for $15. By this means were due apologies made for interfering with her business.

SENATOR M. F. LARSON WAS PLAINFIELD SPEAKER SUNDAY

PAYS GLOWING TRIBUTE TO MOTHERLY INSPIRATION AT LIBERTY THEATRE

LOCAL EAGLES CONDUCTED SERVICES WITH ASSEMBLYMAN MUIR AS CHAIRMAN

Deploring the fact that he was not blessed with the oratorical ability of a Demosthenes so that he might more ably paint a word picture of mother, State Senator Morgan F. Larson in his address at the fourth annual Mother's Day Service, held under the auspices of Plainfield

Aerie, No. 868, Inc., F.O.O. E., yesterday afternoon in the Liberty Theatre, said that "a mother was the greatest person on earth."

"If your mother is still living, the benefit of her company, love and comfort, makes for a real heaven on earth," he told the assembled audience.

"Mother love is the greatest love, while a mother's comfort and inspiration are also greatest among worldly things," said Senator Larson.

The program was under the direction of Assemblyman Thomas M. Muir, chairman, with incidental musical selections given by John Williamson, organist; Whitney Frasee, cornetist; Miss Sarah Lee, mezzo soprano, and Miss Veronica Scott, a member of the Mount St. Mary's faculty, who accompanied Miss Lee on the harp and also rendered a solo on that instrument.

The invocation by abbi A. Lincoln Krohn o fthe Temple Sholem, followed introductory remarks by Mr. Muir. The prelude, "Songs My Mother Taught Me," Dvorak, was given by Mr. Williamson on the organ. Three soprano solos in keeping with the service, were also given by Miss Lee, accompanied by Miss Scott on the harp.

A cornet solo by Whitney Frasee and a selection on the harp by Miss Scott, preceded the address of Senator Larson. The program was brought to a close with the singing of "Mother Machree" and "Last Rose of Summer" by Miss Lee, again accompanied by Miss Scott, the benediction being pronounced by Rev. Roland Johnsen, pastor of the Grant Avenue Presbyterian Church.

The services were in charge of Thomas M. Muir, chairman, Arthur R. Craig, Meyer Canter, Richard Walker, George Zipp and William Cooper. The floral decorations were supplied through the courtesy of Hugo Klotz.

H. S. Stine Valuable to Plainfield High School

It took a man with plenty of hubble and ambition to drag the Plainfield High School out of that deep and soggy rut it dropped into previous to 1921. There were plenty of heavy problems to tackle and very little with which to hit them. The Athletic Association was financially on the rocks and interest

around the city was dwindling to a mere trifle. Then, in September, 1921, H. A. Stine brought his trunks over from Westfield and settled down to a season of hard work.

Mr. Stine is more commonly known as "Hub" or Coach. "Hub" is a Plainfield man, having graduated from North Plainfield High in June, 1911. While a student of that institution he played all major athletics. At the end of his career there he was presented with the highest honor available for a high school boy. The Yale Club of Plainfield voted him the winner of the renown Yale Cup.

Athletic coaching seemed to be his line, so he entered Springfield in order to follow this occupation. "Hub" was well liked and was elected to several of the more prominent clubs of the college. He featured in football and baseball and was a member of both teams during one of the best seasons.

Upon leaving college, "Hub" accepted a position with the Westfield High School, as head coach. He was there five years.

So well experienced and equipped with many practical ideas with which to aid Plainfield, he came here. It was the season of '21 and '22. Irv Terry, Art an Pat, Jane Worth and Bob Brembi were on the squad then. Everyone took to Stine at once. That year was one of the best P. H. S. has ever known.

Year after year the A. A. fends increased. The public became more and more interested. He developed all sports, increasing squads 100 per cent in all activities and carried on mass programs. Class spirit rose to a great peak. Seeing the way "Hub" held their interest at heart, the teams gave all they had to better themselves. Soon he was given the supervision of all athletics in the high school and the various grammar schools in the city.

In 1928 "Coach" introduced an entirely new sport to the students. With the facilities offered by Cedar Brook Park, he foresaw the opportunities of an ice hockey team. The idea was accepted with enthusiasm.

But it is impossible for one man to give his entire attention to every sport, in this way he would be a jack-of-all-trades and master of none. Therefore, there is a force of very efficient men who spend their afternoons aiding the director. "Hub" specializes in football and baseball, in which he is assisted by H. H. Banta. The basketball teams are by B. W. Davis and W. C. Cook. Swimming is taken care of by H. H. Banta; ice hockey by "Hub;" track by Mr. Cook and tennis by B. W. Davis.

The department of athletics is considered very efficient in every way. The equipment has often been commented upon by being among the best ever seen worn. It might be well to state that the money for the athletics in P. H. S. is raised entirely through the efforts of its students. This is accomplished with a musical comedy staged by the students and the funds raised through the sale of football tickets.

Classified advertising in the morning opportunities than through any issue of Mid-State Press offers greater scope sources. People prefer to transact business during the day time hours, rather thantointerfere with their eveninghours of recreation and a classified "ad" in this newspaper will help accomplish that purpose. Our rates are reasonable. We start with a circulation of 5,000. Those whom you want to read your "ad" will see it in this paper early in the day and you will get a quick response. "Come early and avoid the rush" or "The early bird catches the worm" are time worn phrases, but they have always proven true. Call Plainfield 3500 and place your "ad" today.

An extremely smart golf outfit consists of a gray pleated skirt, canary yellow sweater, grey felt hat and grey oxfords and hose. Yellow is filling a prominent place in the smart shops for summer dresses.

Evening dresses for the summer are featuring square necks, cut lower in the back than in the front. Dresses made of flowered georgette with flowers of the same material are extremely popular.

Blue and white is a close rival of the every present black and white summer costume. Blue shoes are increasing in popularity and blue and white straw sandles are selling rapidly, manufacturers report.

Shades of prehistoric days when huge monsters roamed this continent and when man was far from even the stone age, were brought to light a few days ago when a bone, believed to have been a rib of some prehistoric creature, was unearthed in lainfield. It became known yesterday.

The interesting find was discovered by Sigwah De Rheuby of 313 Plainfield Avenue while digging the foundation for a garage.

The bone is about five feet, two inches long, eight inches around and tapered. Anyone interested in viewing this specimen may do so at the home of Sigwah De Rheuby.

The Scout Mothers of Troop 10, Monroe Avenue Methodist Church, held their routine business meeting Thursday evening at the home of Mrs. W. Jackson, 27 Clinton Avenue in behalf of their boy scouts. The business committee is comprised of W. Jackson, C. Rowley and N. Burgard.

Among the discussions were plans for a cake sale to be held at the Epworth House, Saturday, May 26, with Mrs. W. Burgard and Mrs. F. Woodland, committee in charge.

Solid colors have become the accepted thing in men's ties. The gaily strined or dotted silks have given place to water silk, with a royal blue a decided favorite. Purple, green and brown are also good.

OUR SPORTS TRAIL

By "BOB" JAEKEL

PLAINFIELD CLUB WINS OVER IRVINGTON HERE IN INITIAL BALL GAME

FREDDY SPENCER THROWS OUT FIRST BALL AND GAME IS ON

The sports editor of every publication must be introduced to his audience much as an orator is introduced to his listeners. However, it is impossible to stand on a street corner and have some friend shout out to passers-by that I am the sports editor of Plainfield's new paper, or invite every subscriber to call personally and shake my hand. After due consideration I have decided to introduce myself to all and have a heart to heart talk in regard to my plans and our co-operation.

"Jaekel's the name—"Bob" Jaekel. I heard a trooper introduce himself that way once, so I've grabbed the break he left and intringed on his patents. What do I know about sports-editing—sports in general? What's it to ya? In other words, it's hard to answer a question like that and not use a bunch of "I"s", so I'll refrain the egotistical and use, as it's—"Bl'k3'Jo'bdahnuse so andana such as possible. Col. Lindbergh's well known phrase, WE.

I've made an attempt to play most every sport from spin the platter to football and, though my success at any of them is far from renown, I am intensely interested in the game and have all intentions of giving the public thorough consideration on my page. I want every athletic organization in Plainfield to feel free in all me their representative and "We" will do our best to write up your games as you want them written.

Call on me personally. I want to meet you all, and by so doing we can become well acquainted. This is a morning paper, and a morning paper will be able to give the public a complete resume of the previous day's sporting events. Nevertheless, it is impossible to cover all the games that might go on, so may I ask you to phone your results to me. Or, if you have particular ideasin mind submit it have particular ideasin mind submit it to me personally. Glad to see you!

I'll try my best to see the high choolphy and co-operate with their representative coaches.

No paper is perfect and "We" consider the sports page the most liable to errors. Criticism is the best remedy for this. You are the ones to criticize, so don't be afraid to drop in and tell us of any misdemeanor on our part. The address is 222 West Second street, and the phone, Plainfield 3500.

Micky Walker sure looks good! After seeing him work out Friday have very little doubt in my mind ho will be the middleweight champ and if this guy Joe Simonish is a killer, Micky's a killer, too!

And the sparring partners this kid as! Don Petrin, who has a real ecord in New York city; Sy Schel, Andy De Vodi, Mike Carrol nd Bud Gorman, who, incidentally, all introduced at the Academy rday.

Micky's schedule for the day consists of three to four miles of good hill road work over the hills surrounding Madam Berg's camp, followed by plenty of heavy exercise in the form of shadow boxing. After supper, but well planned meal, he starts for an hour or so. At 3 p. m. the boxer gives his men a little workout and a chance to earn their salary. Dressed in his full black practice suit, Walker looks the prize of the day. His legs and arms are developed beyond works and he looks the picture of health and vitality.

Joe De Layo took me over and showed me what Joe says the Union County lad has plenty to look out for, but very little to worry about. Ted Hayes is Micky's trainer. You all know who Ted is. He formerly boxed Dempsey. He hails from California and he and Jack Kearns certainly have a mean program all sketched out for their man. As it stands to date he is starting a

summer of heavy training and a campaign of four noteworthy scraps. On May 21, in Elizabeth armory, Micky meets Joe Simonich. June 4 sends him out in St. Louis where he fights it out with Mahony. From St. Louis he travels East to Chicago to defend his title against Ace Hudkins at Soldiers' Field where Tunney and Dempsey battled last September. Cleveland is the next stop for the Walker-Heyes limited. Micky sees his luck at Tony Murullo on June 29 in Cleveland. Then as a grand finale he intends beating Leo Lomski at Ebbets Field on July 3. How's that for a tour?

Walker is tuning down in great shape after a lay-off of two months following his fight with Jack Willis. Ted Hayes tells me that he's training a boy by the name of Franky Hague for a thorough sock at the heavyweight title in the near future. Franky is now tipping the scales at 182 and I should like the Man Wall. The lad is from Madison, N. J., and according to Ted, looks like the best contender in the Montague has has twelve bouts, with a majority of them knockouts.

Excellent pitching by Snowden and Swarer and airtight fielding behind them, enabled the Plainfield Club to defeat Irvington by a 5-3 score at Greenbrook Saturday afternoon. The game was opened by Freddie Spencer and Harry Horan, the former tossing the first ball of the season. The game marked Plainfield's start in the Union County League.

The tilt was probably as fast a contest as will be staged by Plainfield in many a day. Only one error marred the game for them and five beautiful hits totaling five runs colored the afternoon. Cliento of Irvington also did some fine throwing striking out eight men in five innings, but weak fielding caused his downfall.

Plainfield scored its first run in the fourth inning on a combination of three hits, base on balls, and a wild pitch along with a fielder's choice. In this same frame Dick Snowden was forced to leave the game owing to an injury of his ankle caused by a bad slide at third. Ted Swarer took his place in the box, pitching a wild and wooly game—not wild in control, but in wild in expression.

Irvingtonscored in the first when Hahn bopped a double to right field and crossed the plate on a hit. Their second run came in the fourth when Huckman went to first on an error, advanced on a hit and scored on a sacrifice fly. A final run was chalked up for the visitors in the eighth when Hahn scored on Williams' hit, after hitting safe himself.

The locals made their last run in the sixth through Miller who went to first on an error, advanced on a sacrifice fly and crossed the pan on infield hits.

ELIZABETH A. A. BEATS ELMORA

The Elizabeth A. A. defeated the Elmora Capitals in a fast game Saturday afternoon to the tune of 6—3. Two home runs, with a man on base in each case, by O'Hara and Dreesen respectively broke up the game in the seventh inning.

Score by innings:

Elizabeth A. A. 1 0 0 0 0 1 0 1 0—3
Elmore Cap. 0 1 0 0 0 0 0 4 x—5

Batteries:

Eliz. Yachal—Cohnally—O'Hara.
Elmora Zeldinger—Doreheck.

From now on there will be no distinction between major and minor sports at Dartmouth. Previous to this action by the athletic council, there was a "big three" composed of football, baseball and track, but now lacross, water polo and fencing are all on the same rating.

The head is always the dupe of the heart.—La Rochefoucauld.

"Huge Oaks From Little Acrons Grow."

Watch The Mid-State Press Grow—

Y. M. C. A. NOTES

On May 19 the Plainfield Y. M. C. A. will send a track team to Trenton to compete in the annual State Athletic Association meet. The delegation of athletics is a very competent one being composed of Ralph Lee, formally of N. P. H. S., and a winner in many local meets sponsored by different organizations in the city; Dougherty, another man of no mean ability; Jim Duncan, who only two years ago was a track star at the University of Illinois, running the dashes in record time. It was only by the failure of Jim to accompany the team on its last trip that they were beaten. Two other stars to go with the aggrigation are named as C. Beck and C. Huft.

Indoor baseball leagues will be formed in all the gym classes at the Y. M. for the remainder o fthe school season. This will, it is believed, help promote the general spirit of organization among the younger fellows.

Junior Life Saving classes will be formed the week of May 28. Any Y. M. C. A. boys passed the age of twelve wishing to take the course will please register with the physical department or Mr. Pease.

LETTER TO EDITOR

The Editor:

More power to you. You can let the others have what news they want but for the luvs Pete give me a local sport page, one that canmeasure up to at least a bit of what newspaper sport pages should be.

Many of our fortunate sisters pack their nice, new, shiny trunks as soon as the weather gets warm and leave for a shore resort. In the shade of the old apple tree, they sip iced tea and then, when Old King Sol is at his worst, they doff their thin, summery dress and don a scant bathing suit and in the water they go.

The Most Fascinating Sport of 'Em All!

Trout Season Now Open!

Pickerel Opens Next Week!

Come in and look over our stock of Tackle. You will find everything you need here.

GIRL SCOUTS WILL STAGE SPTS. MEET

On Saturday, May 19, the Girl Scouts of Plainfield will hold an outdoor rally at 2:30 P. M., on the Plainfield High School grounds, on Randolph road.

The rally which will be conducted by Mrs. John Prigg, deputy commissioner, will be participated in by the nine troops of Plainfield. Running, racing, dressing races, tabel setting and fire by friction contests will be the features of the event.

BASE BALL SCHEDULE

The following is the schedule of games to be played over the week-end of May 19-20 by the Union County Baseball League

Saturday, May 19

Westfield vs. Capitals.
Elizabeth A. A. vs. Plainfield.
Irvington vs. Cranford.
Premiers vs. Linden.

Sunday, May 20

Westfield vs. Cranford.
Capitals vs. Plainfield.
Linden vs. Cranford.
Premiers vs. Elizabeth A. A.

CHILDRENS GAMES TO BE HELD SOON

Under the direction of Roy O. Schlenter, recreational director, a hop-scotch, jacks and marbles tournament will be held at one of the parks, Saturday. Mr. Schlenter will b assisted in the arrangements by Miss Helen A. Schley and Miss Muriel Hepner.

Ida Darachunsky, 467 West Third street has been pronounced the hop-scotch champion of Whittier School and Nettie Mustach, 22 Sycamore street, the winner of a jacks contest. Thelma Warmley, 1237 Arlington avenue won the contest at Evergreen School and Amelia Gudebus, 1223 Belieview avenue won the hop-scotch tournament.

BILL LAWRENCE THREW A GOOD BALL ALL THRU

Plainfield outslugged the Westfield Club yesterday afternoon at Green 11—2 in a well pitched game.

Bill Lawrence hurled an excellent game and was robbed of a shut-out by an error in the eighth. Tight fielding, save for this error, featured and aided the lad in every play. With nine indisputable strikeouts and no walks. Bill's reputation as a pitcher was well stabilished.

The hitting was well divided among the locals. Shrope led the Westfielders in hitting by clouting out three. Meigs, the Westfield pitcher was not as fortunate with his control as was Lawrence and was relieved in the eighth by Van Doren.

Plainfield's scoring started in the inning by a run from Yacks. It remained at this level until the sixth when Yacks again crossed the pan, followed shortly by Martin who was driven over by, a beautiful three bagger through the efforts of Ted Swarer. Swarer failed to score. An eighth inning rally was staked and every man except Dixon chalked one up, Martin passing twice.

The visitors scored both their runs in the eighth, sponsored by a two-bagger from Lincoln, a hit from Shrope scoring Lincoln. Shrope was scored on a hit by Wilson and a fielder's choice.

Two base hits: Martin, Haberman, Yacks, Lincoln; Three base hits: Swarer; First on balls: Meigs, 2; Strike outs: Meigs, 2; Lawrence, 9; Umpire: Neil O'Kane.

PLAINFIELD IS LEADING CTY. LEAGUE

Plainfield is leading the Union County Baseball League to date, with a record of two games to their credit, and two games played. It looks good for the locals and if they keep up their hitting and consistant playing it is believed by all those who have seen the two games over the week-end, that they should have little trouble in capturing the pennant. Following is the standing of the teams in the league:

Team	W.	L.
Plainfield	2	0
Elizabeth A. A.	1	0
Premiers	1	0
Premiers	1	0
Capitals	1	1
Linden	1	1
Cranford	0	0
Irvington	0	0
Westfield	0	2

MICKEY TO FIGHT SMITH

Fight fans from every nook and cranny of the North Jersey and Metropolitan area are sitting up and taking notice these days. Because a fistic event of unusual attraction is to come to pass at the Elizabeth Armory on Monday night, May 21, one week from tomorrow, when Mickey Walker, world's middle-weight champion, comes to grips with Georgie Smith, Hughey Gartland's light-heavyweight hope.

Smith was placed on the card by Promoter Jimmy Carden, of the Argonne Post, No. 6, which is staging the show, when Jim Mallen, of Chicago, ordered the removal of Joe Simonich, Butte, Montana, battler. Mullen, anxious to protect that title fight between Walker and Hudkins at Chicago, next month, forced the hands of the Elizabeth promoters and Jack Kearns because he will not permit Walker to jeopardize his coming battle by meeting a man who will scale under the middleweight limit of 160 pounds. Smith, a full-fledged light-weight. Will come in at 170 or more.

The change is generally regarded as decidedly beneficial to all concerned, including the fans. Smith is well-known in these parts whereas Simonich, hailing from Montana, is little cared about. Then, too, much keener interest has been aroused in Newark and vicinity by the selection of Smith as Mickey's rival and fans throughout those parts are getting ready for a gala battle when the crafty Georgie, who has held his own with men twice Walker's size, tangles with the present middleweight titleholder.

The city of Elizabeth has gone mad. The tickets for the show were placed on sale last Thursday and the demand was far greater than that for any other bout ever promoted in these parts. Every abledodied fan in Belzytown is rushing to get choice ducats and so are fans in other cities there are two ticket agencies in Newark, in addition to three in Elizabeth and one apiece in Red Bank and Perth Amboy.

ONLY ONE ICE CREAM PLANT HERE

Possessing the distinction of being the only Plainfield family manufacturing and selling ice cream wholesale in the city, the E. R. Mills Ice Cream Company, composed of Mr. and Mrs. Elmer R. Mills and their son, Roy, has a unique plant at 1217 West Front street, near Clinton avenue.

Though the company was formed only three years ago, Mr. and Mrs. Mills have had a great deal to do with ice cream since 1902, the year in which Mr. Mills opened a retail confectionary store at the present address. The retail store was sold in 1925. The factory is located in the rear. The Mills Company's business is at present exclusively wholesale, the plant having a capacity of 1,000 gallons a day.

When Mr. Mills opened his store in July, 1902, he purchased ice cream for a few months. Finding this unsatisfactory, he acquired a 12-quart, hand-operated freezer and began to manufacture. He found it was great labor to turn out 12 gallons a day. In the Spring of 1903 he bought a six-quart, gasoline-driven freezer, and from then on expansion was steady.

In 1906, Mr. Mills erected a 2,000-foot ice house and began cutting ice on Guinea Egg Pond, then quite sizeable but now reduced to a mere puddle, between Evonia and Park avenues at Fourth street. The year before he enlarged the store and doubled the capacity of the manufacturing plant. Ice cutting continued until 1915, when he added an artificial ice plant and brine freezer, one of the first in the State to do so. At the time Mr. Mills changed to artificial refrigeration he was told it was impractical. In fact, two companies handling ice cream machinery refused to install such a plant for him.

Possibly the artificial ice plant would have been impractical if Mr. Mills had not, within a year after its installation, obtained a limitless supply of water by having a 125-foot well dug in his back yard. The water from this well, at a temperature of fifteen degrees less than city water, is at present used in the plant at a rate of ten gallons a minute. A storage tank with a capacity of 6,000 gallons and an automatic pump now make it possible to get continuous refrigeration at a very low cost.

Two refrigeration machines, with a total capacity of twenty-five tons of ice, not only freeze the ice cream, but keep it cold and manufacture ten tons of ice at the same time. The ice, in 125-pound cakes, is crushed and used in transportation and storage of the finished product. The recent acquisition of a third refrigerating truck makes it possible to handle its output with ease. The trucks are all built so that ice cream may be carried and stored in them over considerable periods of time with no softening of the cream.

In making the ice cream 400 gallons of the mixture is first pasteurized in a mixing vat for thirty minutes at 145 degrees. It is then run through a preserve mixer which assures a uniform product by the application of 2,500 pounds, forcing it into a cooler. The lowest temperature to forty degrees and passes it on to one of two glass-lined storage tanks. The mixture remains in the tanks for forty-eight hours to season and blend properly.

From the storage tanks it will attain a temperature of forty degrees, the mixture is run into two freezers, where it is frozen at a rate of twenty gallons every ten minutes. Run into ten-gallon cans from the freezers, the ice cream is placed in a storage room with a capacity of 2,000 gallons and a temperature of ten degrees below zero, where it hardens for transportation.

Elmer R. Mills, president of the company, is a local man interested in local trade. He was born in Westfield, and spent his first few years spent in Pennsylvania as a boy, has lived only in Westfield, North Plainfield and Plainfield. In 1884 he and his family came from Pennsylvania to live on Summitt avenue, North Plainfield. In 1898 Mr. Mills moved to Plainfield and has lived here since.

In 1898 Mr. Mills married Miss Winifred Kiely. Mr. Mills was active in the business until 1925, when the retail store was sold, and is still a member of the company. In 1920 their son Roy, entered the business and is now secretary and treasurer of the company.

"Huge Oaks from Little Acoras Grow."

Watch The Mid-State Press Grow—

One of the latest "flapper novelties," was disclosed the other day, when a young lady opened her pocket-book and displayed to the astonished fellow-passengers on the bus which she was riding, a large photograph of the boy-friend pasted over the large mirror.

A fashion that has been popular in the South for the last few years is steadfastly gaining popularity at northern resorts. White linen suits in the latest style are dashing when worn with a hat and shoes of a fiery matching shade. The pleated skirt and short two button jacket is one of this season's favorites.

(Continued from first page)

During the past two months the three mayoralty candidates have appeared at numerous meetings, they have all either told you what they have done for Plainfield or what they will do, but when everything is boiled down to cold hard facts, the ability of George S. Clay stands out and overshadows the others.

Plainfield's present-day political situation is not conducive to the political health of the Republican party in this city. In many quarters there has been dissatisfaction with the administration of Mayor MacMurray and there hasn't been a sufficient spirit of harmony to warrant a third term.

Plainfield's prestige in the Republican organization in Union county has been nil for the past several years by a continual split in the local ranks and when the present primary campaign is completed there is a strong possibility that some local organization will be formed which will give all active Republican workers an opportunity to join hands in a movement which will restore Plainfield to a place of power in county affairs.

Many citizens are not satisfied with the Citizens' Union is the proper organization to bring about a united front of Republicans and if there is ever to be a strong Republican party again in Plainfield it must come through some other association. Plainfield's future development will be best accomplished by united organization work, with the entire elimination of personal animosities and personal aspirations. If as much time and energy should be devoted to the many civic problems of the city as there is to political campaigns, there would be many things accomplished which are not now possible.

We hold no brief for the Citizens' Union and we are not in accord with the manner in which it has operated, but nevertheless it has endorsed a mayoralty candidate in whom the people must have confidence.

Mr. Clay is a man of sound judgment. If nominated and elected he will not be led askew by any group of citizens or by any politicians and we are inclined to believe that he will do more to bring down the tax rate than any other Republican candidate. And the question of tax rate is the foremost problem today in this city.

Hyman Abrams has made a sportsman's fight for the nomination. Certain citizens say that he should not be nominated because he is a Jew, despite the fact that religious differences were supposed to have been buried deep during the war. Abrams is a sterling citizen and shooter in every respect and he has a brilliant future in Plainfield politics, but the general belief is that he is about four years too early in his aspirations for the job of mayor. Abrams has a host of workers out in his behalf and it may be that hundreds of new registrants turned out by his workers may bring him home in front. Should he be nominated Plainfield need not be ashamed of its Republican nominee.

VOTE TOMORROW

Once a year the citizens of the United States have the opportunity afforded them to go to the polls and help decide the issues of the day and choose men and women to govern for them.

Tomorrow is one of those days. In Plainfield the Republicans will pick a man to represent the party in the November election. They have three to choose from. There are other selections to be made and the citizens of the city should get out and vote early.

The man or woman with a right to vote, and who simply refuses to vote because a "clique is running things" does not help matters any, especially if they constantly knock those in office. The person with the right to go to the polls tomorrow and cast a ballot should do so. Those who do not are slackers, politically, and from the standpoint of civic duty.

The apple Adam ate
Hasn't anything on the
Peaches of today.

HERBERT J. BUXTON

Those who had the privilege to enjoy the friendship of Herbert J. Buxton, a former member of the Common Council, are grieved this morning to read of his untimely death in Muhlenberg Hospital last night.

Mr. Buxton was taken ill Saturday. He became unconscious while driving with Mrs. Buxton. He never regained consciousness. To those who knew the man, this is most shocking news. Mr. Buxton had been a member of the Council. He served with distinction and enjoyed a large social and business acquaintanceship.

Mr. Buxton has always been active in Plainfield politics and was an indefatigable worker for Mayor MacMurray and former Councilman Royal T. Phillips during the past few years. He had been an active figure in real estate circles both in Plainfield and in New York and in his passing Plainfield loses a highly esteemed and valuable citizen.

Do You Know That—

By MME. HALL-DEANE

New ornaments for the hat, purse or belt come in the form of little dancing men. They are fashioned of marcasite with pearl heads and are worn singly or in pairs.

The flower turban is decidedly smart and immensely flattering. It is a snug, close-fitting little affair completely covered with tiny clustered flowers and is beautifully adapted to the wearing of the saucy nose veil.

Dots are so much in demand this season that they have taken on all sorts of shapes and forms. An evening frock of black taffeta has dots in the form of tiny silver stars. The irregular hemline is faced with silver; there's a huge silver bow at the hip and a smaller one at the back of the V neckline.

LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

The Editor:

Having some time ago subscribed to your paper, and because I have been anxious to see what it would be like, I thought perhaps I would write in an tell you I am patiently waiting to see it on my front porch. To me the morning paper idea is good because in the evening I am too busy to read and those evening papers I take I usually read in the morning anyway. And because of that I took your paper because I liked the slogan "the latest news first at moderate cost."

MRS. FRANCES CROWLEY.

Metuchen, N. J.
May 12, 1928.

My Dear Sir:

Would like to call your attention through this medium, to the Plainfield Chamber of Commerce, to the fact that this borough and those persons who desire to shop in your city, are suffering and have been for some little time, from the inadequate but service between Metuchen and Plainfield.

This in itself may seem rather unimportant, inasmuch as we now have hourly service between here and Plainfield, but what is really needed in order to enable persons desiring to shop in your city and return the same afternoon, is a bus service on the half hour, more especially during the rush hours of the day.

The busses now in use, have seen their day in my opinion and should be pensioned off, so that we might obtain the newer get-electric type and be sure of getting safely to our destination in better time.

Many of the shoppers, who now see fit to do their buying in places where the bus service is more efficient, would gladly do their shopping in your city, if they had the proper facilities to travel.

The bus service between Plainfield and Metuchen for the past few years has partly answered the purpose, but in order for us to do our shopping in Plainfield and, possibly attend a Plainfield theatre, when the opportunity affords, a half hour schedule with better busses is needed.

DISSATISFIED SHOPPER.

The Editor:

All I have to say at this time is that if you will publish this I will send in another one. I am wondering if Plainfield politics will be able to control your paper and for that reason I am telling you that many of the "Republicans" in the city are really Democrats for the same obvious reasons that I request you to eliminate my name, all but the initials. J. J. C.

May 11, 1928

Editor, Mid-State Press,
Plainfield, N. J.

Dear Sir:

Understanding that you will publish in the near future, I wonder if you will print a business girl's opinion of the Swimming Club for Business Women that is being organized by the Plainfield Recreation Commission.

Surely this is a worth while movement. How much more healthy for the girl who has been shut up in an office all day to spend an hour or so in the evening swimming rather than at some indoor sport—a show or a game of bridge—the inevitable evening's entertainment.

Here's wishing the best of luck to the Recreation Commision in its new endeavor. ALICE WEST.

The Editor:

I was glad to hear that Plainfield is about to have another newspaper. And I was extremely pleased to hear that it will sell for two cents, and that it will get a foothold by giving local news, much of which I know has never been given the public for reasons I do not know. You can count on me as a supporter. Enclosed find my subscription, for which I will pay monthly.

MISS MARY DE LONG.

How Prominent Men Keep Fit

By Cyrus H. K. Curtis

(Noted publisher of Saturday Evening Post and other magazines and newspapers.

The whole secret of living, I believe, lies in what you put into your body in the way of food—the kind and the amount and elimination. If the diet is correct, the elimination will take care of itself.

As to my personal habits, I eat the usual three meals a day, unless I am tempted to overeat, sometime, when I may cut or greatly curtail one of the meals. If I have no appetite, I wait until I have or go out and get one by a little exercise.

I enjoy breakfast more than any other meal. I am said to be a very light eater, and, of course, at my age, nearly 78, the amount of intake is materially curtailed from that of ten, twenty or thirty years ago. The older you grow the less you require and the less you can take care of.

I do not average more than once a week eating meat. My breakfast usually consists of orange juice, an egg in some shape, coffee and toast. Other meals are of something a little harder and at luncheon I always have some sort of a salad or a bit of fruit. If I am tempted to overeat some particular dish at luncheon, my dinner at night may consist of nothing but a dish of cereal.

My recreation is largely yachting, and forest-ry, walking, of which I do considerable. My amusements are my grandchildren and music.

MR. FIXIT REPORTS

This Column is devoted to Plainfields who wish to ask city authorities questions, and who cannot take the time to visit City Hall. Make questions brief. They will be answered the following day, if possible.

Well readers, Mr. Fixit arrived in town this morning and paid a visit to the offices of this paper, as he will every day in an endeavor to enlighten the people of Plainfield on various problems which they desire solved, or questions which they may wish to have answered.

Mr. Fixit, as you readers will come to know, is a most thorough gentleman and possesses a wealth of knowledge regarding municipal affairs, and accordingly throughthis column, will each day impart that knowledge to the readers.

He, however, is a rather unassuming person and accordingly has asked us to request our readers to submit their questions to the office of the Mid-State Press, Inc., and they will be answered as soon as possible.

Mr. Fixit, from past experience, stated that he may be forced in many instances to hold up investigation of a complaint or the answering of a question, because of the lack of details. Emphasis is placed on the necessity for as complete an outline of the particular complaint or question as the writer can muster. He would like brief questions better.

All right readers, let's see who will be the first to have the question answered.

COMING EVENTS

Q. What was Paul's great sport before conversion?—D. G. M., Penns.

A. As for Saul, he made havock of the Church, entering into every house, and haling men and women, committed them to prison."—The Acts VIII.: 3.

Q. How was the den of lions into which Daniel was cast locked?—S. C. A., Morristown, N. J.

A. "A stone was brought, and laid upon the mouth of the den; and the king sealed it with his own signet, and with the signet of his lords; that the purpose might not be changed concerning Daniel."—Daniel VI.: 17.

Q. To what was the law compared in the days of the Christians?—M. L. G., Wooster, O.

A. Wherefore the law was our schoolmaster to bring us unto Christ, that we might be justified by faith."—Galatians III.: 24.

Q. Is systematic giving stressed in the Bible?—E. F., Troy, N. Y.

A. "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him, that there be no gatherings when I come."—I. Corinthians XVI.: 2.

In Visitation Evangelism the new Methodist

MOTHERS' DAY MAIL HEAVY

According to reports from the postoffice, Mother's Day mail was unusually heavy. There were 109 Sunday Morning special delivery letters and 20 packages. This was the heaviest in recent years.

YOUR BIRTHDAY

BY STELLA

MAY 15

Were you born today?

Then your birthstone is the emerald—the stone of success in love. The chances of a wealthy marriage are in store for those who are still very young.

You who are born on this day have a great tendency to organize new ideas—to put theory into practice.

If man, you will be diplomatic and original—and achieve your success in this fashion, rather than because of your business ability. You have a magnetic personality. However, once having gained success, you must be careful not to become tyrannical. Remember there are many who have not found the ladder to success to easy to climb.

Women born on this day, you are delicate, refined and gentle, while not lacking in mangerial ideas. But you have patience and tact. You remind one of the old saying, "Still waters run deep." There is much zest in your personality than would seem on the mere surface.

Men born on this day are more apt to gain prominence. Consequently we have William S. Rainey and Thomas Lake Harris born on this day.

DADDY DUSK

The Sandman

Nothing at all seemed to happen when Rosher had gone home to make up what had been inside Granny Belmont's house, except the inside room. The door was opened and closed after they had made their tour of inspection of all the rooms and had found that the old lady was just as it had been before grandfather had closed it up and had given the children the key.

But there in the music room, as they had seen through the window, the old square piano was open. Layers and layers of dust had gathered on the keys and on the top of the ivory keys.

It was Joe who finally got courage enough to go, like the dusty corner where Grandfather Benton had put it away. He had been told "no one would ever touch it, so long as granny was not there to play on him."

The case was there, but the fiddle itself was gone.

"Girls, Twin, Twinnie, come here," Joe cried. "Some one has stolen the violin."

But by this time, Twin and Twinnie had discovered that the violin itself was lying at the back of the piano, where Grandfather Benton used to leave it after he and Granny had been playing their favorite songs.

Myself am Hell.

And, in the lowest deep, a lower deep,
Still threat'ning to devour me, opens wide;
To which the hell I suffer seems a heaven.—Milton.

WIERENGA IN FOURTH RANDOLPH IN FIRST DEMEZA SWAMPS RIVAL

UNOFFICIAL REPORTS INDICATE MacMURRAY AND DeMEZA HAVE CONFIDENCE OF VOTERS

MAYOR JAMES T. MAC MURRAY PROVED HIMSELF THE MASTER AGAIN AND THE PEOPLE OF PLAINFIELD HAVE RETURNED HIM AS MAYOR ACCORDING TO INCOMPLETE UNOFFICIAL RETURNS AT FIVE THIS MORNING.

JUDGE WILLIAM G DE MEYA OF THE CITY COURT WHO HAS LONG BEEN A FRIEND OF MAYOR MAC MURRAY WAS ON THE SAME SUCCESSFUL TREND AS THE MAYOR.

ONLY A MIRACLE COULD HAPPEN IF EITHER GEORGE S. CLAY OR HYMAN ABRAMS, OPPOSITION CANDIDATES, WERE TO OVER TAKE THE MAYORS UNOFFICIAL LEADS, ACCORDING TO THOSE RUSHING INTO CITY HALL FROM VARIOUS DISTRICTS WITH REPORTS.

IN THE FOURTH WARD, FIFTH DISTRICT, THE FIRST TO BE RECEIVED BY CITY CLERK GEORGE BRINTON WEAN MR. ABRAMS TOOK TOOK NINE MORE VOTES THAN THE MAYOR. THE FOURTH WARD WAS PARTIALLY CONCEEDED TO BE MR. ABRAMS WARD AND BECAUSE HIS SHOWING WAS VERY SMALL, THE OOPSTERS CLAIM HE WILL LOSE MORE IN THE SECOND AND THIRD WARDS THAN HE COULD POSSIBLY GAIN IN THE FOURTH AS THE FIRST WARD, ACCORDING TO UNOFFICIAL REPORTS, IS NOT FOR MR. ABRAMS. THE FIRST WARD APPARENTLY HAS DECIDED UPON DAN F. RANDOLPH FOR COUNCIL AND THUS ALLOWED SALVADOR DIANA, TO FADE FROM THE PICTURE.

(Continued on Page 2)

PLFD. VOTE IS LARGEST IN CITYS HISTORY

When the polls closed last night it was found that the largest Republican primary vote ever recorded in Plainfield had been cast. At 9 o'clock there were fifteen to fifty persons standing in line, waiting to cast their votes, in many of the districts. Some of the voters waited over an hour for their turns at the voting booths, and some had to wait so long they went home without voting.

The heavy rush came late, and election officers were rushed up to the end. Though there was no expectation of disturbances at any of the polls, Police Chief Patrick S. Kiely made special preparations to handle any trouble that might occur.

Chief Wesley J. Dunn of the Fire Department also made special preparations to prevent any damage that might occur through the necessity of so many home-owners being out of the house for some time while waiting to cast their votes. The department was ready to answer any belated alarms that might come in if returning householders found fires that had started while they were out.

A. WILLIS WEST

WALKED BECAUSE GRANDFATHER IS SCOTCHMAN

"You mean to say your grandfather sent you all the way to Newark, to get there by catching tree rides, and without any money for food? Boys, that don't sound truthful."

"Well, he did. Your Honor. We have not had anything to eat since we left Raven Rock."

"But if that is so why did your grandfather send you on this long trip without any money?"

"Oh, grandpop is a Scotchman."

The time was Monday night. The place was the new Scotch Plains' jail. The boys were George and Edward Hill, 11 and 9, fatherless and motherless. The person asking the questions was Mayor Alexander Muir.

The youths were also the first to be lodged in the new Plain's jail. They spent time there and had a good sleep until their uncle, H. Michaels, Grove street, Irvington, came and took them home. The lads last week were taken by their uncle to the home of their grandfather, they told Mayor Muir, and after being there a few days, they said, their grandfather sent them to Newark.

Later they confessed they ran away and were "out to see de World."

A PROBLEM

HAMILTON KEAN

B-U-L-L-E-T-I-N

In the local Masoralty contest early reports give the following indication of what the ultimate outcome will be. MacMurray 1455, Clay 1085 and Abrams 791. These figures are incomplete returns taken from the tally sheets during the counting in 20 election districts in various parts of the city.

Judge DeMeza's lead over Stutsman is expected to be on a ratio of about 2 to 1.

Because of the large ballot, it will probably be nine o'clock this morning before any where near complete returns are received at City Hall.

GOVERNOR AND SENATOR

At five o'clock this morning Larson and Cary were having a nip and tuck fight for the Governorship, throughout the State with the other two contestants eliminated for a certainty by the early returns.

Frelinghuysen and Kean seem to be fighting it out for the Senatorial nomination, with the odds in favor of Frelinghuysen.

You saw it in the Mid-State Press.

HERBERT BUXTON

Pitualistic services for Herbert Buxton, who died in Muhlenberg Hospital Sunday, were held at 8 o'clock last night in A. M. Runyon and Son's "Home for Services". By Plainfield Lodge 885, B. P. O. Elks. Exalted Ruler Alex Beattie conducted the services, during which Miss Sarah Lee sang "Some Time You'll Understand" and "Let Not Thy Heart Be Troubled."

Funeral services will be held in charge of Rev. E. Vicars Stevenson of Grace Church in the funeral home at 2 o'clock this afternoon. Frank H. Smith, L. Austin Johnson, Ralph Willis, Judge William A. Goddington, George Tobin and Dr. Guy H. Hillman will be pallbearers, and interment will be in Hillside Cemetery.

PLAY TO BE GIVEN BY METUCHEN CLUB

Members of the Business Women's Club of the Metuchen Y. W. C. A. will give "The Bashful Mr. Bobbs" on Friday evening, June 1, in the association's building.

Y. W. H. ASSN. GIVES PARTY

A card party to be held by the Young Women's Hebrew Association, in the organization's auditorium on West Front street tonight, the proceeds being used to pay its pledge on the Jewish Community Center Building, soon to be erected. The committee includes, Misses Etta Harman, chairman, Sallie Pelovitz, Ted Pelovitz, Jean Parnes and Mrs. Harry Bronston, advisor.

PRESENT PAGEANT

A dress rehearsal will be held in the Plainfield High School Auditorium Wednesday afternoon, May 16 for the pageant to be presented by the "Mexican Friendship School", in the High School Auditorium Saturday afternoon. Admission will be free.

JUDGE DE MEYA EASILY WINS AGAIN BY THREE TO ONE IT APPEARS

William G. Demeza was nominated City Judge by a large majority. From the time that the first district was heard from there wasn't the slightest doubt that the man who has served 18 years as presiding officer of Police Court would be returned to office for another term.

One of the surprises to many was the strong run of Former Senator Joseph F. Freylinghuysen. In all of the first districts visited in Plainfield the Somerset man was running ahead of the other four aspirants. The fight between Larson and Carey was close in this city in the early returns and the indications around the state were that these two would have a close battle.

The final reurns throughout the State will not be completed until sometime during the morning, this condition being brought about because of the large ballot in connection with the Presidential electors.

As we go to press unofficial unofficial returns, Judge De Meza was riding into office for his 19th and 20th years on a land-slide.

WILLIAM DE MEZA

LARSON CARRIES HUDSON ACCORDING TO REPORTS

Jersey City, May 16.—Incomplete returns at 2 o'clock this morning showed that Senator Morgan F. Larson was carrying this city and Hudson County by a three to one majority over his nearest competitor, Judge Robert Carey. An unusually large Republican primary vote here indicated a successful effort on the part of Hudson County Democrats to defeat Judge Carey in his own county. Former Governor Edward C. Stokes was leading for the Senatorial nomination, with Hamilton F. Kean a poor second.

JOSEPH ROMANOSKI

MME. FAY DEL RIO PICKS WINNER IN MAYORALTY

She was right!

Was Mme. Fay Del Rio.

The "newspaper girl" and famed predictor of the future who will close her engagement at Reade's Oxford tonight.

Mme. Rio's letter, when opened after the polls closed last night, was found to contain the name of the winning candidate for Mayor, Mme. Rio, daughter of an old time newspaperman and herself no mean writer, is considered one of the most accurate tellers of the future on the stage today.

O. H. Hewit, Jr., Executive Secretary of the Chamber of Commerce acted as a committee to open the letter.

The letter:

Tuesday, May 14

My Dear Mr. Geldon:

I have been requested to predict the result of tomorrow's election with regards to the Mayoralty of this city.

I feel that it would have been an injustice as there is too much at stake, however, I wish to say that Mr. James T. MacMurray will be the next Mayor of this progressive, delightful and interesting city, by not too large a majority.

Thank you for your kind consideration.

Sincerely,

FAY DEL RIO.

STOREKEEPER HELD ON LIQUOR SALE CHARGE BY WESTFIELD POLICE

Frank Natally, who conducts a store at 353 Spring street, Westfield, was held for the Grand Jury by Recorder Augustus V. Nash on a charge of selling intoxicating liquor, after a raid yesterday afternoon by Captain Edward Nelson and Patrolman Pfirtman and George Benninger.

Natally was arrested by the officers after a small quantity of supposed liquor was found in the store. Recorder Nash ordered him held in $1,000 bail, which he was unable to furnish last night.

SOMERSET CTY. LEGION MEETS

The Somerset County Executive Committee of the American Legion will hold their regular May meeting in the Ball-Kirch Post Headquarters, corner Lincoln place and Somerset street, North Plainfield, tonight at 8:30 o'clock. The County Commander, George Apgar, requests a big attendance of Somerset Legionniers at this meeting as Committeeman Edward Smith of Somerville has a very good report to make on the County Dinner, which will be held at the Raritan Valley Country Club on May 31. Tickets will be available at the meeting tonight.

The County Unit of the American Legion Auxiliary will also meet at the Ball-Kirch Headquarters at the same time.

LARSON AND KEAN AHEAD

Incomplete returns from South Plainfield, received after 2 o'clock this morning, showed that Senator Morgan F. Larson was far in the lead for the Republican Gubernatorial nomination. Hamilton F. Kean was leading for the Senatorial nomination.

Congressman Harold G. Hoffman was also leading. There were no definite indications as to results in local contests.

WESTFIELD CARRIED

On the basis of incomplete returns in Westfield, Judge Robert Carey, Jersey City candidate for the Republican Gubernatorial nomination, had carried the town by a wide margin. He was leading all other candidates for the nomination at 2:30 o'clock this morning.

THE WAY TO A MAN'S HEART

By LAURA E. OSGOOD

By columns, "The Way to a Man's Heart," will appear once a week. This first article, on "soup," starts a chicken dinner, including salad, dessert, fruit and nuts and raisins to follow. It will move slowly as good meals do when now and then a bit of conversation between friends diverts our attention and should prove itself one of those almost forgotten

...nners—almost extinct in this day rush and bustle—when wine are ...gotten in sparkling friendship and ...e flow of soul. You are all invited.

...The title may cause smiles to ap... ...ear on the faces of my married ...iends, as I am still unclaimed; but I ...e to have people smile, and if they ...gh still better, so if they laugh at ...e I have not lived in vain.

Soup

Soup and deception go hand in ...and—soon there are no honest ...oups as there are thousands of them ...at up in cans. Just read the labels ...d you know all about them.

However, forget the name on the ...n, beat the soup ...ive it a dab of ...hipped cream a... name of your ...n making, and ...re the deception ...gins. For who wants to sit down ...a home-cooked meal served by a ...arming and capable hostess and be ...ld that the soup one is praising is ...and so's tomato or vegetable—the ...nd to be had at any store for a ...all sum? It spoils the picture of ...omeliness. The soup may be most ...erfect to the taste, but a fancy name ...ds that touch of romance that no ...e can resist.

The thrifty housewife who knows ...r onions, potatoes, beans and cars... also knows that deception and ...p stalk hand in hand long before ...e latter reaches the dining table, if ...is a real home conception. Soups are often by-products. One honest ...but thrifty housekeeper, who was famous for her many delicious soups, dubbed "all those of uncertain pedigree "Cream of the Leavings Soup," a frankness beneath our notice, though cheerfully correct.

A steak bone, part of a chicken, a little lamb gravy, a couple of cold boiled onions, a bit of celery and any other fragments the ice box may furnish—boiled slowly together for an hour or more, strained, cooled, grease removed and salt added—will make a choice soup. It may need some flavor besides salt to give it character, perhaps some diced vegetables to give it the body and taste desired. Perhaps thickening the soup with rice or serving it with small pieces of bread fried in butter would make it more attractive to the family.

Almost anything one finds in the ice box can be turned into soup with proper handling. It is well to save all bones, cooked or uncooked, odds and ends vegetables, mushroom trimmings and all meat gravy for the soup pot. Turning out good soup is as exciting a game as one can find in the kitchen, and for the winner there is a real cash prize in the food budget. Soup is served for many reasons. First comes the fact that many people like it. In fact many feel that a meal is not worth much if it does not start with a good hot soup. Then the thrifty housewife knows that with a good soup the meat will last for a second dinner, while without it there would have to be another roast next day—and meat is one of the most expensive foods and soup one of the cheapest.

Then, too, there is that exciting moment in every family when, let us say, four are about to enjoy a meal and some unexpected guests arrive. The greetings over, the guests are urged to stay for dinner, they accept —and the housekeeper runs to the store room with a prayer on her lips that the supply of canned soup is still there. For with plenty of soup and crackers the small helpings that follow may be overlooked—and perhaps the unexpected guests are among those happy people who "just love soup."

MANVILLE TO BE BOROUGH SOON, PRESENT VIEW

Manville, the big community to the southwest of Somerville, is shortly to become a borough, according to present plans. Grant Davis, of Whitehouse, engineer for Hillsborough township, estimates the territory embraced by the proposed boundaries of the new borough at 3,500 acres.

Manville borough, as outlined before the Hillsborough Township Committee, will be bounded on the north and east by the Raritan and Millstone rivers. Its limit will extend on the north to a point including the meadow land on the Greese farm, the westerly boundary line will be slightly irregular and will include all of the Greese farm. The line will extend in a southerly direction almost parallel to the South Somerville highway across the Lehigh Valley tracks and will join the southerly line which extends west along the lane leading from the Millstone road north of the Van Liew burying ground and east in a straight line to the Millstone River. Weston is included in the proposed borough.

In their efforts to secure a borough form of government the committee of Manville residents were advised officially that the success of the movement would depend on securing favorable decisions from the Johnson Manville Company officials and the township committee. Having the support of the township committee the way was left open to secure the consent of the company officials to the project. Recently in the New York offices of the H. W. Johns-Manville Company the committee was received and he announcement made that the company would be favorable to the plan.

Immediately afterward steps were taken to place the matter in more concrete form and tentative plans of the proposed borough were prepared. The recent special session of the Hillsborough Township Committee was an indication of the friendly attitude toward the project. After presenting the map of the proposed borough to the committee and a general discussion of he project each of the members of the committee made favorable comments.

The township committee is composed of John V. D. Broksa, of Belle Mead; Raymond J. Sutphen, of Neshanic Station; and John H. Voight, of Somerville; and F. D. Otheguble, of Somerville. The township officials present who are favorable to the proposed borough were Clarence Van Cleef, solicitor, South Branch; W. W. French, assessor, of Belle Mead; Christopher G. Horner, collector and treasurer, of Neshanic Station; Grant Davis, engineer, and Clarkson A. Crammer, counsel.

Upon completion of the survey of the proposed borough lines the matter will be placed in the hands of State Senator Clarence E. Case if he has assured the Manville representatives that he will do everything in his power to have a bill for the incorporation of the borough considered at the July session of the Legislature.

While the July session is not regarded as the time for the introduction of legislation it is possible that consideration will be given the bill in the event that it is not introduced then. Senator Case has stated that he will present it next year at the February session.

Recent developments provide the first concrete evidence of a united movement for the formation of Manville borough. The committee is confident another year will see the borough form of government.

Wierenga in Fourth

(Continued From Page 1)

HARRY WIERENGA WAS LEADING FOR COUNCIL IN THE FIFTH DISTRICT, FOURTH WARD, BY SEVENTY THREE VOTES HIS NEAREST RUNNER UP WAS JOSEPH T. ROMANSKI WITH FIFTY ONE. RUSSELL RANDOLPH, THE THIRD CONTESTANT IN THE FOURTH WARD, PULLED DOWN FORTY EIGHT.

THE SAME DISTRICT AND WARD GAVE THE MAYOR A TOTAL OF NINETY EIGHT. MR. CLAY WAS GIVEN FORTY FOUR AND THE ONE HUNDRED AND SEVEN TO MR. ABRAMS. IN THE SECOND WARD SECOND DISTRICT, MAYOR MAC MURRAY RECEIVED ONE HUNDRED AND FORTY ONE, CLAY, ONE HUNDRED AND TWENTY EIGHT, ABRAMS, TWENTY SEVEN, AND IN THE FIFTH DISTRICT, SECOND WARD, ALSO THE MAYOR GOT NINETY NINE, CLAY EIGHTY THREE AND ABRAMS THIRTY TWO CUTTING DOWN MATERIALLY ABRAMS SMALL LEAD IN THE ONE DISTRICT OF THE FOURTH WARD. THIS WAS EXPECTED TO CONTINUE.

Judge DeMeza took 200 in the Second Ward, Second District, and Martin B. Stutsman 75.

While the tabulations were being made early this morning it was reported officially that Hamilton F. Kean for United States Senator was carrying Plainfield with no trouble.

Second Ward, First District: Mac Murray, 99; Clay, 83; Abrams, 82; Stutsman, 76; De Meza, 145; West, 165; Harrigan, 138; Wilbur, 163; Daub, 61; Muir, 171; Otto, 159; Compton, 150; Kean, 68; Feikert, 9; Freyinghuysen, 82; Clay, 14; Stokes, 53; Larson, 79; Tidewill, 79; Harrison, 13; Doremus, 29.

Second Ward, Second District: Mac Murray, 141; Clay, 128; Abrams, 27; Stutsman, 75; De Meza, 200; West, 251; Harrigan, 196; Wilbur, 242; Daub, 77; Muir, 232; Otto, 246; Compton, 248; Hand, 244; Kean, 68; Feikert, 24; Frelinghuysen, 121; Gray, 23; Stokes, 46; Larson, 57; Carey, 159; Harrison, 19, Doremus, 41.

Fourth Ward, Fifth District: MacMurray, 98; Clay, 44; Abrams, 107; Stutsman, 113; De Meza, 124; Wierenga, 124; Romanoski, 51; Randolph, 48; Harrington, 131; Wilbur, 125; Daub, 111; Muir, 214; Otto, 164; Compton, 162; Hand, 164; Kean, 95; Feikert, 7; Frelinghuysen, 50; Gray, 31; Stokes, 45; Larson, 88; Carey, 43; Harrison, 31; Doremus, 43.

ROBERT VANCE FUNERAL SET FOR TOMORROW

Was Killed Yesterday Morning in Collision

Funeral services for Robert Vance, 33, of Glenbrook road, North Plainfield township, who was instantly killed yesterday morning when pinned beneath a milk wagon of the Plainfield Milk and Cream company, at East Fourth and Richmond streets, following a collision with an automobile, will be held tomorrow afternoon from his late home at 2:30 o'clock.

Mrs. Anna C. Hyklema of 1112 Park place, Plainfield, driver of the auto, was released on her own recognizance for arraignment today before City Judge W. G. DeMeza on a technical charge of manslaughter, following questioning by Chief of Police Patrick S. Kiely. Her son, Elmer 18, who accompanied his mother, also gave a statement to Chief Kiely yesterday morning.

Vance died instantly from a fractured skull and other injuries, when, according to Mrs. Hyklema and her son, both of whom were delivering newspapers to dealers in the East End, he was thrown from the wagon after it had struck the sedan and overturned when the left rear wheel caught in the left front bumper of the car. Vance was attempted to make a left hand turn into Richmond street.

Mrs. Hyklema stated to the police that she was driving south on Richmond street at a speed of eighteen miles an hour, when she saw the approaching wagon and immediately applied the brakes. Vance proceeded to make the turn, she said, and in doing so, the wheel locked with the bumper of the auto, dragging it to the left hand side of the road and throwing the wagon over on its side.

Mrs. Hyklema's statement were corroborated by her son, who also said that the horse was going at a trot on Fourth street, at the time of the accident.

The first person who arrived at the scene was Gustave Hirch, who conducts a bakery at South avenue and Richmond street.

Patrolman Thomas Conshay and I. H. Cottle arrived at the scene shortly afterward.

The body was removed to Cole's Funeral Chapel on West Second street, where an autopsy was performed by County Physician Dr. J. A. Brinkshaw.

Mr. Vance, who was born in Liverpool, England, had been a resident of North Plainfield Township for 14 years. He married Miss Stella Reynolds of Dunellen in 1917, by who he is survived, also two children, Robert T. Vance, Jr., and Gordon R. Vance.

He was a member of the Woodmen of the World and of the Plainfield Lodge, No. 177, Fraternal Order of Beavers.

VETERANS DEDICATE FIREPLACE

Legion Post Accepts Westfield D. A. R. Gift

The memorial fireplace installed in the Legion post rooms by Westfield Chapter, D. A. R., was formally dedicated at a joint meeting of the Westfield chapter, and the Woman's Auxiliary and Martin Wallberg Post, 3, American Legion, last night.

The Legion held a brief meetin, directed by Post Commander Harvey L. Jones, during which the Lions' Club Orchestra played several numbers. Mrs. Charles E. Tice directed group singing of patriotic airs.

The second part of the program consisted of the dedicatory exercises. After the orchestra played a stirring march, officers of all three groups gathered before the fireplace. Prayer was offered by Rev. Don Ivan Patch, Post chaplain, and Miss Sarah Lee Jung "Roses of Picardy," after which State Vice-Commander Richard Hartshorne gave a brief address.

The dedication address was made by Mrs. Fredrick S. Tipson, Regent of Westfield Chapter, D. A. R. In reply, Colonel Jones accepted the gift in the name of the post.

Several reels of motion pictures followed the dedication ceremonies, and refreshments were served by the Woman's Auxiliary.

FRANK O. LOWDEN, former governor of Illinois, on the witness stand before the Senate committee investigating campaign expenditures, which disclosed that less than $50,000 had been spent on his campaign. He declared that two old friends of his had contributed much of the $64,700 campaign fund.

VIRGINIA CLARKE, stage beauty, will wed Max D. Steuer, Jr., son of the famous lawyer, some time in June.

BIG BALLOT CAUSES DELAY

With a score of Presidential electors and the exceptionally large number of candidates for Governor and Senator on the ballot, the polling clerks in the various districts had one of the largest ballots to tally in several years.

That was not the only reason for a delay in securing the final tabulations of the figures. Citizens in general failed to take advantage of the opportunity to vote in the morning and early afternoon hours, and in almost every district in the city there were from 20 to 50 persons in line when the polls closed at nine o'clock. It was after 9:30 in many cases before voting stopped and few of the districts began their count before 10 o'clock.

MID-STATE PRESS FIRST!

Just say you saw it in the Mid-State Press, Plainfield's new morning daily newspaper—"Last News First, and Always Accurate."

FRANKLIN SCHOOL MAY HONOR ROLL

The May honor roll of the Franklyn School is as follows:

Thomas Mellick, chairman, together with 20 members of the Rotary Club of Plainfield, will leave today at 9:30 A. M., for the State Home for boys at Jamesburg where they will make their seevnth annual visit.

MRS. VAN HOESEN IS CHAIRMAN OF FLOWER DISPLAY

The Garden Club of Fanwood, which has been organized recently, will hold its first regular meeting at the home of Mrs. Paul Tuzo at 3 o'clock tomorrow afternoon. A constitution and by-laws will be adopted and plans made for the flower show to be held at the Fanwood Fire Hall on June 23 and 24.

Mrs. Stephen Van Hoesen, president of the club is general chairman of the committee in charge of arrangements. Other officers of the organization include Mrs. Tuzo, vice president; Mrs. P. Franke, secretary and Mrs. J. S. Wetherald, treasurer.

SALT CREEK OIL INVESTIGATION

WASHINGTON, May 16.—A new oil investigation will begin here this week. The Senate Teapot Dome committee will start its inquiry into the leasing of the Salt Creek field, adjoining Teapot Dome, calling as its first witness Judge Barton Payne, former secretary of Interior, at the close of the Wilson administration.

Subsequently I will call former Assistant Attorney General Bell, whose investigation of the Salt Creek situation concluded that the reserve lease... ...t amply protect public interest.

...time the Justice Department ...e Harry F. Sinclair royalty ...clining his investigation of the ...lsable Harry F. Sinclair royalty ...se in the Salt Creek field, with the ...ssibility that it will attempt to ...eak the lease.

ALLEGED CREDITORS ATTACH STOCK CO.

Two attachments were issued in Plainfield District Court Monday against Gabriel L. Hess and Bushby Berkeley, operating as the Plainfield Players, by Robert T. Skinner, Clerk of the court. One was at the request of Dolliver and Feaster, attorneys for Lucy A. McVoy, for $36.90, and the other was issued at the request of Coddington, Blatz and Smaller, attorneys for the Plainfield Courier-News, for $505.13.

Both attachments were made against goods and chattels in Reade's Plainfield Theatre, the understanding being that the defendants in the action had absconded. The attachments were placed in the hands of Thomas ..., assistant ...ercial-Farmers, for service.

CONGRESSMAN

Ernest Ackerman, who went before the voters yesterday. Republicans have voted for every office but that of State Senator and Sheriff.

MRS. HUMBLE SREAKS

Mrs. Author Humble will speak tonight at 8 o'clock in the Grace Methodist Episcopal Church under auspices of the Women's Home Mission... ...ary Societies.

WATCHUNG RETURNS

Bolo of Watchung gave former Senator Frelinghuysen nomination for senator; Keats 31; Stokes 19; Gray 8, Frelinghuysen 96. For nomination for Governor, Cornelius Doremus, Hoover 11, Doremus 95; Larson 47, Carey 85.

DUNELLEN, LARSON FUNERAL OF FRELINGHUYSEN VICTIM THURSDAY

Dunellen Republicans gave former Senator Joseph S. Frelinghuysen the nomination for Senator in that borough. State Senator Morgan F. Larson swamped the other candidates for the Gubernatorial nomination. Congressman Harold G. Hoffman also won easily.

Dunellen Democrats registered a total of 72 votes for Alfred E. Smith for President.

The funeral of Mrs. Albert Baker, who died Sunday, will be held from A. M. Runyon and Son's Home on Thursday afternoon at 2 o'clock. The Rev. John Y. Brock, pastor of the Trinity Reformed Church assisted by the Rev. Philip Watters, pastor of the First Methodist Church. Interment will be made in the Hillside Cemetery. Mrs. Baker was fatally injured when her apartment became raging fire due to an accident.

From Indian Trails to Paving

Somerset street has been the natural gateway to the Watchung valleys since prehistoric times. Pleistocene monsters found it easier to traverse the natural pass formed by Stony Brook and the Notch than to lumber up and over the heavily-wooded crests of the first range, and the dinosaur path was later used as an Indian trail, which the first settlers named "The Road to the Mountains."

Though probably quite broad when used daily by reptilian monsters as big as a house, the brook and forest, and probably landslides, had encroached on the pathway to such an extent that it was hardly wide enough for an ox cart when the early settlers began to exert a civilizing influence on it. Under their care it began to expand, though it was, as late as Civil War days, still so narrow that two teams could not pass each other in front of Stead's woolen mill at Wetumpka Falls.

In other war days, those of the Revolution, the present Washington House in the Notch was one of the places that offered hospitality to the General, who explored so much New Jersey territory in search of the fast-disappearing specimens of Red-coats. This tavern was probably for the convenience of travellers who wanted to break the long, tedious journeys between Plainfield and the old mill at the other end of the Notch, which was latter the David French mill.

Men now living remember when Somerset street was the center of a thriving farmland. In 1860 there were forty-nine houses and one store on the street, from Front street to what later became Johnston's Drive. The one store was one in the Spencer house next to the corner of Chatham street. The house on that corner has since been moved back on Chatham street and been converted into a barn, the building erected on its former site being now occupied by Trotta's Pet Shop.

Somerset street was the first thoroughfare in the Plainfields to be macadamized. Boulders more than a foot in diameter made the foundation, on which smaller stones were laid, with finer material making a smooth surface. This was done about 1870, followed by the macadamizing of Cherry street, now Park avenue, from Front street to the railroad. Front street, though the main thoroughfare, was not macadamized until after the other two streets.

At Green Brook, Somerset street was formerly ten feet lower than it is today. In Winter boys could and did coast from in going down toward the bridge being nearly enough to carry them up the rise toward the end of their toboggan. The mill built by P. M. French, father of L. M. French of 18 Craig place, in 1853 was then four steps above the ground level. Last year, before it was torn down to make way for the new Griffen Hardware store, it's door sill was even with the ground.

Why? Why did the United States Navy purchase a Freed-Eisemann for installation on the President's Yacht?
Why did Capt. Hartley of the Leviathan, the largest vessel afloat, choose a Freed-Eisemann Radio?
Why was Freed-Eisemann the only American radio ever awarded the Gold Medal at an international European radio world's fair.
Why do leaders in business, finance and society in each community use this same make of radio?
COME IN FOR A DEMONSTRATION OF
FREED-EISEMANN RADIO

QUILL 5-16

PREMIER MUSSOLINI VISITS OLD PAPER

Premier Mussolini of Italy returned to his first love—newspaper work!—in celebration of his return to the Lombard capital, stated an Associated Press story from Milan, April 5.

Hardly had he taken leave of the Greek foreign minister, M. Michalopoulos, yesterday, than he jumped in an automobile and descended on the offices of Popolo d'Italia, the paper he founded in 1914 to urge Italy's entrance into the war on the side of the Allies, to pay a surprise visit to his brother, Arnaldo, editor of the paper. It was midnight, and he found his editor brother in his shirtsleeves and hard at work. He talked shop with Arnaldo, as well as with the managing editor, Sandro Giuliani, and the assistant editor, Gino Rocca.

Then, as he could not stay away from the smell of printer's ink, the torial offices, traversed the city room, and burst into the composing room, where the Linotype operators gave him a rousing fanciet yell.

The premier immediately sought out old printers who handled his sprawling longhand in the days when he was a struggling journalist. He clapped them on their backs, asked after the health of themselves and their families.

Mussolini jested about type lice, and that international newspaper institution—the composing room roller towel.

"It's just as black as ever," he is said to have remarked; "the color of a good fascist shirt. I'll bet Arnaldo hasn't had the towel changed since I left here, in October, 1922, for Rome."

The premier watched the poper being made up on the forms, and occasionally offered suggestions as to where the stories should be placed. He followed the forms to the stereotypic department, and thence to the pressroom.

Turning to Dino Grandi, under secretary of state for foreign affairs:

"Dino, you see the paper to bed, that's where I'm going myself."

The premier then left the plant amid the renewed cheers of all the staff.

NEW BUSES

The Somerville-Irvington Bus Line contemplate having all of their buses of the newest type within a few days. The most modern and comfortable equipment having been utilized.

MRS. PRESTON HEADS PROGRAM COMMITTEE

Mrs. Charles Preston is chairman in charge of the Children's Day program which is to be given by the pupils of the Congregational Bible school on Sunday, June 10.

Other members of this committee are Mrs. George Weston, Mrs. Charles E. Bingham, Mrs. Harry D. Egbert and Sc.T. Swallow.

P.-T. A. TO MEET

The monthly meeting of the Franklin-Whittier Schools Parent-Teachers Association will be held this afternoon at 3:00 o'clock, in the auditorium of the Franklin School at which time the Rev. Philip S. Watters, pastor of the First Methodist Episcopal Church will make an address.

A four minute talk on the Schick test for diphtheria will be given by a representative of the Board of Health.

EPWORTH LEAGUE RALLY TONIGHT

Delegates from local churches will attend a rally to be held by the Plainfield Group of Epworth Leagues at the Scotch Plains Methodist Episcopal Church at 8 o'clock tomorrow night.

An attendance banner will be most delegates at the affair.

PARTY IS GIVEN BY GIRLS FRIENDLY SOC.

The annual Mother's Night of The Girl's Friendly of St. Andrew's Church, was held last night at the parish house, Clinton avenue and West Fifth street.

The girls of the Friendly presented an entertainment which was followed by refreshments. The usual potted flower being presented to each mother at the close of the evening.

SOCIETY MEETS

The monthly meeting of the Ladies Aid Society of the German Reformed Church will be held tonight at the church, Dun street and Craig place at 8 o'clock.

ENTERTAINMENT

Miss Luery's dancing class will hold an entertainment at the Plainfield High School Auditorium, Friday evening, at 8. Admission will be free, a cordial invitation being extended to all.

MOORLAND BRANCH

The Billiard Team of the Moorland Branch of the Y. M. C. A., will play the Montclair team tonight at Montclair.

MRS. GRAHAM HEADS P. T. A.

Mrs. Oscar Graham was elected president of the Scotch Plains High School Parent-Teacher Association at the organization's final meeting of the term yesterday afternoon. Other officers elected include Mrs. H. E. Brunner, first vice president; Mrs. William White, second vice president; Mrs. Leonard Lott, treasurer; Mrs. Wallace Cudlipp, recording secretary and Mrs. Otto Gabler, corresponding secretary.

A committee will be apointed by the president to make arrangements for a party or picnic for the eighth grade of the school, some time in the near future. The association also made arrangements to attend the play, "The End of the Lane," being presented by the school on May 17.

A donation of $25 for the school activities fund was voted. This will be used by the High School toward the purchase of its moving picture machine.

The association will hold a dance at the high school on May 26 and Mrs. Paul Tuzo is chairman of the committee in charge. She is being assisted by Mrs. A. G. Spencer, Mrs. R. E. Vom Lehn, Mrs. Gabler, Mrs. Henry Austin, Mrs. Eugene Rau, Mrs. J. F. Colfer, Mrs. M. H. Hyer, Mrs. L. W. Lott, Mrs. C. A. Longstreet and Mrs. William Ward.

STOCKS SOAR AGAIN

Wright Crosses 200—Ticker Falls Far Behind

With the buying spreading over a wide list of stocks, prices advanced sharply today when traders returned to the market after a two-day holiday. Sales were in excess of 4,000,000 shares, and the ticker was left far behind.

Airplane stocks were carried to new high prices, with Wright crossing 200 for the first time and Curtiss advancing over 15 points to 357. Both sold off slightly toward the close.

Other stocks to advance sharply were General Motors, Radio, General Electric, several of the oils and a wide list of rail issues. At the close some issues sold off on profit-taking.

Credit conditions were unchanged, call money renewing at 5 1-2 per cent and holding at that price, though slightly easier terms were reported in the "outside" market.

AUTO THIEF LEAVES STOLEN CAR IN PLACE OF SECOND TAKEN

No trace has been found of a Buick roadster, the property of Harold M. Hockenbury, stolen from in front of the Somerville - Elks' Club early yesterday morning. Mr. Hockenbury had gone for a drive in another car, leaving the Buick standing on West End avenue.

While they were gone, someone who had stolen another car from near Morristown, arrived in Somerville left the Morristown car and took Hockenbury's car in its place. Mr. Hockenbury had owned the car for less than six weeks, and it had been driven for less than a thousand miles.

COLLEGE MEN DINE AT ECHO LAKE CLUB THURSDAY, MAY 24

Members of the College Men's Club of Westfield will hold their annual dinner and election at the Echo Lake Country Club on Thursday evening, May 24. All college men, members of the club or not, are invited, and the committee is preparing for an attendance of 225.

Franklin Hardcastle heads the committee, other members of which are Philip Elmer, Charles Goodrich and Horld Griffiths.

MRS. WICK ELECTED BY WASHINGTON P.-T.A.

Mrs. Howard C. Wick was elected president of the Washington Parent-Teacher Association of Westfield at its annual meeting, held yesterday afternoon in the school building. E. A. Benson became first vice-president, Principal Byron D. Stuart, second vice-president, Mrs. R. S. Lyman recording secretary, Mrs. R. E. Jarvis corresponding secretary and Mrs. C. F. Sims treasurer.

Miss Clara Cordua, school nurse, spoke on the health of children in the schools, and Dr. L. H. Lee gave a talk on the campaign against diphtheria. Mrs. Harold Welch sang several soprano solos.

MACK AND MARX— A MOUTHFUL BY SEM HITT

WELL MARX- FROM D LOOKS OF D PRESENT UNEMPLOYMENT SITUATION, WE SHOULD GET OUR PICK OF D SCREENS BEST TALENT WHEN WE GET TO HOLLYWOOD AT OUR OWN PRICE!
YELL, WOT YOU CALL OUR OWN PRICE?
PRIMA DONNA SALARIES?
-NOT EXACTLY! BUT WE SHOULD BE ABLE TO HIRE SOME GOOD LEADS FOR TWO HUNDRED A WEEK!
TWO HUNDRED A YEEK— CAN'T VE GET SUMTINGS WIT' LESS EXPERI-ENCE?
WELL, WE MIGHT GET EM AS CHEAP AS SEVENTY-FIVE, BUT THEY'LL BE PRETTY DUMB WHEH IT COMES TO RENEARSING THE PARTS!
YELL, VE AIN'T GOIN' TO MAKE TALKING MOOBS ARE VE, HA?

WITH THE THEATRES

READE'S STRAND

Corinne Griffith

"THE GARDEN OF EDEN" NOW PLAYING AT READE'S STRAND THEATRE.

The most logical and unique wedding costume designed for a picture with such a title as "The Garden of Eden" would naturally seem to be a fig leaf. That it is not is one of the surprises in store at Reade's Strand Theater, where Corinne Griffith's new production is now playing.

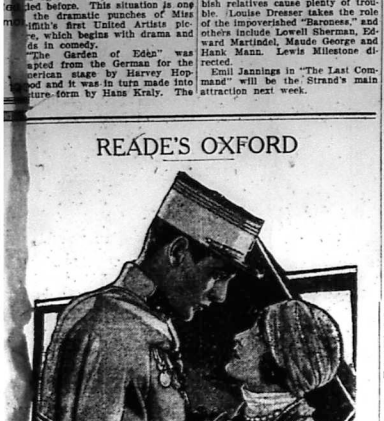
However, the habiliments in which the bride leaves the wedding feast and, to the accompaniment of Lumbrengrin's well-known strains, marches haughtily down the long staircase of the Hotel Eden, Monte Carlo, are such that they make the assembled guests gape and ogle as they never gaped or ogled before. This situation is one of the dramatic punches of Miss Griffith's first United Artists picture, which begins with drama and ends in comedy.

"The Garden of Eden" was adapted from the German for the American stage by Harvey Hopwood and it was in turn made into picture form by Hans Kraly. The symbolism of the birthplace of man is carried along with a modern story. There is nothing of the original Garden of Eden in the picture. It is in the garden of the Hotel Eden that Toni Lebrun, unsophisticated cabaret singer of Budapest, with operatic ambitions, finds her first and only love; Imoy to voluntarily give him up and find him again. And the costume in which she renounces him is distinctly not conventional."

Miss Griffith has as her leading man Charles Ray, cast in the part of Richard Sparvi, a wealthy young man who becomes panic-stricken when face to face with a real love, and whose socially snob-bish relatives cause plenty of trouble. Louise Dresser takes the role of the impoverished "Baroness," and others include Lowell Sherman, Edward Martindel, Maude George and Hank Mann. Lewis Milestone directed.

Emil Jannings in "The Last Command" will be the Strand's main attraction next week.

READE'S OXFORD



Gary Cooper and Evelyn Brent in the Paramount Picture "Beau Sabreur"

AT READE'S OXFORD THEATRE TODAY AND TOMORROW

Thirty-five cases of dynamite were required to make the realistic desert battle scenes in "Beau Sabreur," which closes tonight at Reade's Oxford Theater. The explosives were stored in the sands, and as the army horsemen approached an unguarded oasis, the mines began to blow up. The battle scenes are probably the most unusual ever staged and reveal some of the most terrific methods of warfare that have been utilized by the various tribes in the Sahara. "Beau Sabreur" is a Paramount production, a sequel to "Beau Geste."

Victorine Semon and her company of Glorifiers, 11" and an excellent supporting program of Keith Albee vaudeville will also be presented for the final time tonight.

Grace Louise Fazenda of the stage, Ralph Nelson, is playing character parts with the Ray Mar musical comedy company which opens tomorrow at the Oxford, and believe us Netcrowns her character. She will make you laugh many times in her familiar characterizations. Joe Boyd, the celebrated radio favorite, is another popular member of Mr. Mar's company. The Boland twins and the Lynch sisters are the four misses that two Broadway producers have been after for musical comedy roles but owing to a previous contract with Mr. Mar had to be declined. They will do specialties that are equal to any on Broadway today. The scenery and costumes are way above the average and, summing up the entire show, it is safe to call it much above the musical tabloid presentations heretofore seen in Plainfield. Make it your business to take the family to the Oxford and believe us you won't be sorry for its funny, clean, fast and clever. Ray Mar has a style all his own and he has injected his peculiar pep and comedy into his entire company. There is never a dull moment and you will surely convulse with many hearty laughs.

"After the Storm," a thrilling story of the sea with Hobart Bosworth and an excellent cast, will be the Oxford's screen feature for tomorrow, Friday and Saturday.

LIBERTY THEATRE

"Hollywood's star picker of stars." That is the title that has been bestowed on Edward Small, a pioneer in the motion picture industry and a member of the firm of Asher, Small and Rogers, producers of the hilarious comedy drama, "Ladies' Night in a Turkish Bath," a First National picture co-featuring Dorothy Mackaill and Jack Mulhall which will be presented at the Liberty Theater.

Small has been so designated because a majority of the great stars of the screen and many of the great stars and many of those who have since faded into obscurity because of the advance of Father Time, obtained their stardom through his efforts and through his keen judgment in recognizing in them the qualities that a screen luminary must possess.

Although Mr. Small is today one of the leading producers in Hollywood as his recent successes on the screen signify, "McFadden's Flats," "The Gorilla" and now "Ladies Night in a Turkish Bath," comedy dramas, he entered the film business as an actor supplying cast for production. Prior to that he was in the same business in relation to the stage.

Extraordinary Judgment

His extraordinary judgment in selecting men and women who eventually became stars led producers to place confidence in him and to entrust the casting to his hands. Small has the distinction of being able to appraise whether a person has star material in a five-minute study of an individual. Norma Shearer, Corinne Griffith, and a score of others owe their rise to him. To enumerate them all would be equivalent to publishing a Who's Who of the industry.

Three years ago Mr. Small, in association with E. F. F. Asher and Charles R. Rogers, entered the producing end of motion pictures and has achieved remarkable success ever since. His first endeavor in this respect was in the production of twelve motion pictures starring Corinne Griffith.

Made Greatest Hits

Following these Mr. Small and his associates, with Mr. Small personally supervising, made three of the greatest laugh hits in the history of the screen, "McFadden's Flats," "The Gorilla" and now "Ladies' Night in a Turkish Bath," the latter having been directed by Edward Cline, Hollywood's ace comedy director.

It was Mr. Small who first suggested the idea of teaming stars. He induced First National to try the experiment with Dorothy Mackaill and Jack Mulhall with the result that every producing company today is following suit. It is notable that in his comedy-drama productions he followed out his own idea by using Chester Conklin and Charlie Murray in "McFadden's Flats," Charlie Murray and Fred Kelsey in "The Gorilla" and Miss Mackaill and Mulhall in "Ladies' Night in a Turkish Bath."

JUNIOR LEAGUE CIRCUS PLANS ARE MATURING

Buick Roadster and Diamond Bracelet to be Awarded

Arrangements are being completed by the Junior League of Plainfield for the circus fair that is to be presented at Kenyon Gardens, May 31, June 1 and 2. This is the biggest affair that has ever been undertaken by the local organization and the committee are working hard to insure its success. The proceeds are for the charity fund of Mulhenburg Hospital.

No circus being complete without clowns, wild animals, peanuts and pink lemonade, these will be found in abundance at the Junior League show, and there will also be many modern attractions. An antique shop, a Tombola, and an attractive tea room will be found as well as the usual merry-go-round, shooting gallery, ferris wheel and fortune teller.

Besides the five professional acts that will be found in the big tent, special features will be introduced. Whippet races will be held the first two nights and on Saturday night there will be a series of boxing matches.

As a climax of the mammoth three-day event a Buick roadster and a diamond bracelet will be given away. During the three days at one end of the field a band will play and at the other an orchestra will furnish for dancing. Pony polo will be played at the arena on Saturday afternoon.

Mrs. Paul B. Welles, president of the league is working with the committee in charge of the fair which is headed by Mrs. Robert T. Stevens, general chairman. Mrs. Welles is the advisory and out-lying district chairman and other members of the committee are Mrs. Wendell M. Mooney, treasurer; Mrs. F. Clement Scott and Miss Betty Otterson.

Committee chairman who are aiding in the arrangements include Mrs. F. Miller Fargo, advertising; Miss Dorothy W. Calkins, publicity; Mrs. Clinton F. Ivins, printing; Mrs. Philip Van Deventer and Mrs. E. D. Taylor, construction; Mrs. G. Parsons, west grounds; Mrs. W. S. Lane and Mrs. W. R. Parwin, costumes and decorations; Mrs. W. S. Nicholas, bill-board advertising; Miss Dorothy Langford, music; Mrs. W. J. Franklin, Jr., tea room; Miss Elizabeth Brown, dancing; Mrs. T. H. Leggett, Jr., and Mrs. Delino Ladd, shops; Mrs. H. Myght, antiques; Mrs. F. C. Scott, gifts; Mrs. H. C. Parker, Jr., and Miss Charlotte Spencer, polo tickets; Mrs. R. Rowland, whippet tickets; Miss Dorothy Lyon, fortune telling tickets; Mrs. W. L. Marlwick, soft drinks, candy and cigarettes; Mrs. W. Thirkield, ice cream; Miss H. P. Fraker and Mrs. W. J. Regan, motor award; Mrs. J. N. Ramsey, bracelet award; Mrs. L. Healy, circus attractions; Miss Margaret Patterson, boxing; Mrs. William L. Strong, Jr., flowers.

RECORD CROWD VISITS OWLS SPRING SHOW

What is believed to be the largest crowd ever to attend any celebration in this territory assembled at Mack Field last night when more than 15,000 people from Plainfield, Dunellen, Bound Brook and other nearby points thronged the long midway being presented at this week by the Nat Reiss Shows as the feature of the Spring Festival of the Italian Nest of Owls. This was double the attendance at the opening on Monday.

This phenomenal attendance, according to opinions expressed last night by officers of the Owls and by prominent citizens of Plainfield, is attributed to the fact that for the first time since the Nat Reiss Shows first appeared in this vicinity ten years ago, Plainfield has at last been visited by an outdoor amusement organization which offers only such amusement features as may be enjoyed with wholesome relish by every member of the family.

In arranging for their festival, the Owls spent many months in an exhaustive investigation of the merits of more than a hundred different carnival organizations, and selected the Nat Reiss Shows as being far superior to all others not only in point of attractiveness, but more particularly because of the extremely fine character of the various attractions on the Nat Reiss midway and the high moral calibre of the personnel.

Inspection of the many offerings on the Nat Reiss midway last night demonstrated that a carnival can be clean and still succeeded; in fact, that a clean midway is much more desirable from every standpoint than those of the type of some which have visited Plainfield in the past. There are no "girl shows" on the Nat Reiss midway, nor are there any of the other objectionable features so frequently found among organizations of this type. Instead, the midway which covers more than 400,000 square feet on Mack Field this week consists of fourteen different shows, nine riding devices, and many other attractions, and every one of them is of a quality that could not fail to win the commendation of the most censorious. And the best part of it all is that every one of these attractions has been staged with a full appreciation of the public demand for real entertainment.

The feature which claimed the attention of the public last night was the unexpected return to the public eye of Earl Purtle, manager of the Nat Reiss Shows motordrome. On August 1, last year, Purtle was attacked and severely injured by an African lioness used in the act, the accident resulting in the loss of his left eye and making it impossible for him to participate in the motordrome exhibition since that time.

Last night, however, Purtle, minus the use of one eye, surprised not only his audience but his fellow-showmen as well by entering the drome and performing not only the famous routine of daredevil stunts that won him his title as the most fearless stunt motorcycle in the profession, but he has added a number of new ones to his repertoire that brought gasps of awe from the spectators. Undaunted by his disastrous encounter with the lioness, he still retained that feature in his act last night.

The Owl's spring festival will continue to entertain the public all week. To insure the comfort of the public, the Nat Reiss officials have spread several hundred truck loads of shavings on the midway.

NATIONAL BOARD OF HADDASAH IS REPRESENTED AT INSTITUTE MEETING BY MISS R. NATELSON

Miss Rachel Natelson, a member of the National Board of Haddasah addressed the Plainfield chapter at its regular meeting at the Hebrew Institute, West Front street, yesterday afternoon. Mrs. Jacob Zaller, president of the organization, presided at the meeting.

The speaker gave a general outline of the work that is being accomplished by the Hadassah chapters for Palestine and stressed the necessity for the whole-hearted support of the Hadassah women in the national drive that is being conducted in this country at the present time for the United Palestine Appeal Fund.

Miss Natelson also discussed briefly the suggestions that should be made to the delegates who will attend the national convention of the Zionist Organization of America and the Hadassah chapter at Pittsburgh, June 29 to July 3, inclusive. She spoke of the importance of assisting with the work of the Jewish National Fund and told of the various phases of work being undertaken by Hadassah women to make Palestine a Jewish home-land.

At the business session which preceded Miss Natelson's talk, Mrs. Zaller thanked the women who had been in charge of the Russian tea held at the Y. M. H. A., recently. The proceeds of the affair were added to the Institute Building Fund.

A card party will be held at Rose Villa, 631-701 East Front street on June 12 for the benefit of the local drive for the United Palestine Appeal. Mrs. [illegible] Campus is chairman of the committee in charge of arrangements and is being assisted by Mrs. Irene Fiedler, Mrs. Morris Rosenthal, Mrs. J. Goldis, Mrs. Henry Rosenbaum, Mrs. L. Popik, Mrs. Samuel Rosenbaum, Mrs. S. Pelowitz, Mrs. Abraham Kantor and Mrs. H. Kutzman.

Mrs. Abraham Auslander was appointed chairman of the flower day committee. The affaiir, which is celebrated annually will be observed June 3 and the proceeds of the flowers that are sold will also be added to the appeal fund. A cake sale will be held May 29 and Mrs. Morris Robinowitz was appointed chairman of the committee in charge. Other members of the committee include Mrs. Goldus, Mrs. Campus, Mrs. M. Bernstein, Mrs. S. Bloch, Mrs. Zellar and Mrs. M. Pinnes.

Mrs. Campus, chairman of the membership committee reported that many new members have been added to the local chapter and Mrs. Kantor, th treasurer, stressed the necessity of paying the yearly dues. A sum of money that has been collected by children and turned in to the chapter will be sent to the orphanage at Palestine.

The last meeting of the year of the organization will be held June 19, when a reception for new members will be held.

Following yesterday's business session, tea was served with Mrs. Samuel Tisken acting as hostess.

TREASURE ISLAND PRESENTED BY PLAINFIELD HIGH

A dramatization of Robert Louis Stevenson's famous "Treasure Island" was given at the Plainfield High School auditorium yesterday afternoon by a cast of adult actors of the Children's Saturday Morning Theatre, of New York, under the auspices of the Parent-Teacher Associations of the grammar schools of Plainfield and North Plainfield.

More than 600 children witnessed the performance and evidenced their enjoyment. The production has been given at Morristown, Montclair, Orange and other Jersey towns and the superintendents of the local associations felt that such a play would be a success in Plainfield.

Mrs. Claire Tree Major, director of the children's theatre, personally superintended the production and it is possible that "The King of the Golden Rose," "Sleeping Beauty," "Aladdin" and numerous other plays will be brought here from time to time.

PLAINFIELD TALL CEDARS TO VISIT ATLANTIC CITY

Will Take Drum Corps Along to Pep Things Up

Twenty members of the Independent Fire Drum and Bugle Corps of Plainfield, will accompany members of Plainfield Forest, No. 84, Tall Cedars of Lebanon, when they entertain for Atlantic City Friday morning, where the Supreme Forest Session of the T. C. of L. will be held. The Royal Rangers will also be included in the local delegation.

One of the features of the session will be the parade of uniformed bodies of all Forests in the United States to be held at 3 o'clock Friday afternoon. A dance and reception by massed bands and Rangers will be held that evening on the Steel Pier in honor of the newly elected Supreme Tall Cedar.

A special excursion train will leave Somerville at 7:50 A. M., (daylight saving time) arriving in Plainfield at 8:12 A. M. Arrival at Atlantic City is scheduled for 11 o'clock, the train returning at 11:30 P. M.

All members intending to go are asked to bring their membership card and pyramid with them. The official registration bureau will be on the Steel Pier, where members will receive the official badge and tickets of admission to the various entertainment features.

The excursion committee is composed of Charles M. Lindsley, chairman, P. W. Dawkins, P. G. T. C., E. Herber Dobbs, P. G. T. C., R. M. Lavie and R. H. Keenan.

Headquarters will be made at the Ambassador Hotel, Atlantic City.

SOUTH PLAINFIELD

Oakley Bunn and Leslie Vail, both of South Plainfield, went by auto to Atlantic Highlands Monday night.

Rev. and Mrs. Martin Brynildsen and daughter, Constance motored to Sussex Monday afternoon for a consultation with Dr. John D. Haggerty, of that place, who has recently returned from Europe.

OUR SPORTS TRAIL

By "BOB" JAEKEL

P. H. S., is sending down a real hot delegation to the Union County Field Meet this Friday at Warinanco Park. Every member is on the track squad and in perfect shape to carry off the honors in his event. This feature relay race should be a wow according to all reports. Union County was no slouch at Phillie a month ago, and the contenders in that race will be in the one on Friday. Worth seeing, at any rate.

Some people are a bit superstitious and have a heck of a lot o' faith in "the lucky three." Those who have been watching the progress of America's entry in the British Women's open golf championship will probably know that our own Glenna held her own and eliminated Mille Thion de la Chaume of France. The reason that I comment on this is the fact that Miss Collett has been beaten twice since her voyage and her future in the tourney depended upon this defeat.

The kids are beginning to take an interest in this sports page already. One of them timidly poked his head in here yesterday and asked me to publish the score of his team. Sandlot baseball is the nucleus of big league baseball, you know.

This Union County Baseball League certainly is a great organization. It gives the people of Plainfield a chance for entertainment over the week-end, especially those who do not care to risk their lives among the Sunday drivers. And with thes use of the County parks we have Sunday Baseball. That's another thing the league has done for the city. And after all that stuff who should lead this racket, but Plainfield!

With all these twilight games in session it looks as though I should hear from some of the teams as to the final scores and a bit of dope on the men in general. I can't cover them all, but will try to get around.

The fact that a substitution in the forge of Georgie Smith for Joe Simonich has taken place in regard to the Walker fight in Elizabeth Monday night has not hurt the sale of tickets a bit. Any other time it might have, but the fight fans seem to understand the affair and are still as interested as ever. The whole, thing, you know, was caused by a kick on the part of Joe Mulen of Chicago who has Walker signed to fight Ace Hudkins on July 9. He didn't approve of Simonich at all.

It seems that Plainfield is not the only city having trouble with its Olympic Fund. Elizabeth is stated to have fallen far short of its quota. The same feeling is often felt right in our homes when we complain of certain happenings and after investigating the matter we find that the people next door have a worse situation on than we ourselves and that really, we can feel proud.

"Hub" Stine's class baseball league has shaped itself down to a great organization. The finals will be played off soon with the Cougars, as they have come through in good style. Class spirit is again coming into its own. And form good class spirit we have strong school spirit.

It's been great weather for golf even if this Spring is a bit chilly. The links are kept busy and the hazards overworked, and I imagine, if it were possible to make a caddy talk they would reveal the truth on many a score.

Herm Brix, who was reported to have broken the inter-collegiate shot-put record in the dual meet between Washington and Oregon Universities Saturday, did not officially shatter he mark. It was known after the meet that Brix had a full half pound underweight. In other words the shot only weighed fifteen and a half pounds. He was supposed to have put it 50 feet 9 1-2 inches. The old record was set by Bud Hauser of Stanford and stands at 50 feet 7 1-2 inches. Saved Bud, eh?

JIM LAWRENCE IS SHIFTED BY COACH LOGG

Coach Logg of the Princeton rowing squad made a radical change in the varsity shell yesterday when he removed Jim Lawrence from the first boat and put Joe Tonetti in as number 7. Tonetti was a member of the jayvee crew. It has not been definitely stated whether this change is permanent or not. It has been rumored that there may be several shifts in the line-up before Saturday, but it does not seem at all feasible as this week-end marks the biggest race of the year.

HUBBARD MADE GOOD

Donald H. Hubbard, former Plainfield High School student and now a student at Amherst University has been doing very well on the varsity track team.

In the Amherst-Springfield meet last week Don threw the hammer 127 feet, 11 inches, taking first place in the event. He also took first place in the Amherst Wesleyan meet two weeks ago.

TRI CITY LEAGUE SEASON OPENS

Greenbrook Park saw the opening of the Tri-City League last night between the Acmy Club and the Black Diamonds, with the latter winning the battle by a 9-8 score.

Though he Acmy's gallantly staged a come-back in forth inning it was to no avail. There were plenty of two base hits the actors being: B. Hansen, Leonetti, Lacoda, Van Pelt, O'Connor, Bantle, and Patterson. This is no great credit to either pitcher.

Wallace started the scoring for the Acmy Club in the first inning. O'Connor completed a two bagger. Every man on the team got a lick in the initial frame.

The Black Diamonds also made a showing in the first. E. Hansen, B. Hansen and Leonetti scored. Save for the two baggers the game was uneventful, just good, even baseball.

Fielding as a whole was well done. Van Pelt snagged all that came his and very few, as a matter of fact, got clear of the infield of either nine.

Acmy Club	3	1	0	3	1	—	8
Black Diamonds	3	5	1	0	0	—	9

HOME RUNS WIN FOR PLAINFIELD OVER EAST ORANGE

Bowser and Colnecci Hit the Ball As Fans Go Wild

Mid a blizzard of hits and downpour of runs the Plainfield High School nine buried the East Orange team under a drift of 14-6 at East Orange yesterday afternoon.

Two beautiful homeruns featured for the locals. One came from the stick of Colnec with the bases FULL, in the fourth, and the second left Bowser to run the circuit in the seventh, with two men ahead of him. One might say P. H. S. evened its record with four wins and four loses. In other words they're playing .500.

The scoring started at once for the Big Red team. Siergiej, Greenwood and Donalski all crossed the plate in the first. East Orange waited until the second to start its rather weak effort to win by scoring one by Cronin, through Douglass' hit.

The fielding of both teams was very tight. Two errors were chalked up as a total for both nines, but it is probably best to give Merker all the credit here as he was not relieved by anyone, while East Orange tried three men on the mound.

Greenwood and Bowser led the men of Plainfield in scoring, both adding three apiece to the score-book. Cronin was the Essex County team's mainstay. He also lasted for a count of three.

East Orange seems to have had trouble in two important positions on their team. They used three pitchers However, one man in each of these tries made a hit. Lucky three! A vain effort to rally in the sixth ended too soon.

Box score:

PLAINFIELD

	AB	R	H	E
Siergiej, 1b	5	2	0	1
Greenwood, ss	4	3	3	0
Bowser, 2b	5	1	2	0

ANNUAL COUNTY FIELD DAY TO BE HELD FRIDAY

Complete Entries Announced; Many From Plainfield

Union County will hold its annual track and field meet at Warinanco Park Stadium Friday, May 18. It is expected to be a gala event staging both the boys and the girls of all the public schools of Union County, including grammar schools, junior high schools and high schools.

Ira P. Chapman is the general chairman with a staff of twenty committees under him. H. A. Stine of the Plainfield High School is in charge in this city and has authorized W. C. Cook, track coach of the high school to supervise the local events. The meet is divided into classes by weight grade in school, and rating of the school itself. The general weight division is 130 pounds; above this line is known as Class "A", and below it as Class "B".

A feature event in the form of a one mile relay will be held during the afternoon and, according to the Union County showing in the Penn Interscholastics, this should prove a real feature.

The following have entered the annual meet from Plainfield High School.

Entries.

Class A Boys over 100 pounds—100 yard dash.
Giles E., 358.
Flynn J., 359.

Class B boys 100 pounds or under—100 yard dash."
Smith H., 363.
Kelley, 364.

MC GRAW HURT IN TAXI CRASH

Injured While Leaving Cubs Baseball Park

John J. McGraw, manager of the New York Giants, was confined to his bed today from the results of an accident received while leaving Wrigley Field in Chicago, yesterday. McGraw was struck by a taxi-cab and was picked up by friends and immediately taken to his hotel where his injuries were pronounced as not serious. He is suffering from a severe bruise of the right leg which will prevent his leaving the hotel for a couple of days.

The manager had been watching his team play the Chicago Cubs and was leaving the Stadium when the accident occured. It seems that he dodged away from one car and jumped directly in the path of the taxi that struck him.

The Latest Wringer Type
EASY WASHER
New Thrift Model

$129

(Slightly More on Time Payments)

Sixty-six times a minute the Easy's three Vacuum Cups move up and down, gently flushing air, soap and water through the fabric by air pressure and suction.

THE Thrift Model *Easy* Washer is a new development. It embodies all the modern improvements that have been made in wringer type washers, and adds several new refinements.

Each washer is brand new and fully guaranteed by the factory.

The *Easy* is not only one of the best known washing machines; but is one of the biggest selling washers in the world today. Hundreds of thousands are now in use. In design, in construction and in material the new Thrift Model lives up to the fine reputation of previous *Easy* Washers. This is your chance to own the kind of washer you have always wanted, at an unheard of low price.

The Tub . . . double walled, is nickeled on the inside, beautiful white Dueo finish on the outside. Dentproof, heat insulating, easy to keep clean. Big round full size opening, no corners to clean, easy to put in and take out clothes. Large capacity, holds eight double sheets or the equal in other clothes.

The Wringer . . . one piece steel wringer, finished in white to match tub. Semi-soft rolls protect buttons. Full swinging, locks in four positions, wrings forward or backward. Instant positive-action safety release.

The Washing Action . . . The world famous *Easy* Vacuum Cup Principle is used; the only principle that washes as thoroughly and gently as human hands.

Motor . . . ½ H. P. of standard make. Most washers require a motor of at least ¼ H. P., but the *Easy* is so well constructed that it uses very little current.

Operation . . . The *Easy* is simple to use. One little lever controls the Vacuum Cups. One tiny handle starts and stops the wringer. Drain valve opens wide at a push. Patented straight line lever system practically eliminates wear on the drive mechanism. All moving parts completely enclosed for safety. Gear driven . . . no belt. Steel chassis, finished in black lacquer to contrast with white tub.

Free Demonstration

Come in and see the new Thrift Model *Easy* in action, so you can judge for yourself how wonderful it is. Or if you prefer we will gladly demonstrate right in your home. No obligation, a phone call brings the *Easy* to your door.

GEORGIE SMITH NEVER KNOCKED FROM HIS FEET

TWO YOUTHS AT SCOTCH PLAINS ARE AUTHORS OF NEW JOKE

There are mighty few boxers in this world of cauliflower ears, busted beaks and lacerated lips who can stand up and state, without fear of questioning, that they have never been knocked off their feet in actual combat. Yet Georgie Smith, Hughey Gartland's phantom light heavyweight from Newark can and does.

Georgie will mingle with Mickey Walker, champion of all middleweights, at the Elizabeth Armory on next Monday night and when that battle has passed into pugilistic history, Smitty expects to be qualified to repeat his statement. The bout, under the promotion of Jimmy Carden and the Argonne Post, No. 6, American Legion, has the making of the most interesting setto displayed in Jersey in a long, long time.

Not because of the poor class of the opposition, either, may Georgie lay claim to his unique record. His rivals have been almost entirely top-notchers. Glance at this list of names Jack Delaney (not the Delaney of today, but the Rapier of the North of his palmy days), Johnny Risko, Harold Mays, Jack De Mave and George Courtney. That's only a few of them but it's enough to prove the point. Smitty has engaged these men, some of them more than once, and has never yet dusted the resin with his tights.

He has licked Mays and Courtney and knocked out De Mave. And if his class is questioned, the mere mention of these triumphs is enough to dispel all doubt. He got real decisions over Mays and Courtney, too, not newspaper verdicts. And his kayo over De Mave is something which few, even the giants of the giants of the squared circle, are able to accomplish.

That victory over Courtney, especially, is interesting gossip. For Courtney has long been considered as Walker's foremost rival for middleweight honors and it has been said that Mickey is side-stepping the Oklahoma cow-boy. Be that as it may, Smith trimmed him.

It is well-known that Walker intends to gain a knockout win for himself when he performs before his friends and admirers from his native town next Monday, but there is all the doubt in the world of his ability to flatten Smith, a man who has never been seen in a horizontal position inside the ropes. It's an interesting affair all around.

AUTO STOLEN

An automobile, carrying the license number 1158480, has been reported to the police as having been stolen.

ELECTRICIANS STRIKE WON BY UNIONMEN

The striking electricians have won their battle for a better arrangement with the employers, it became known last night.

It was said the final terms of the settlement would be reached later in the week. Robert Cartwright, president of the local, expressed his appreciation to the agent, for his work on behalf of the strikers.

SHRUBBERY TAKEN

Mrs. Horace Staples of 1545 Myrtle avenue reported to the Plainfield police yesterday morning that shrubbery and plants in the rear of her home had been stolen during the night.

LIBERTY ACES BEATS WHIPPETS

On Division street field Monday afternoon the Liberty Aces defeated the Whippets 15—6. The Whippet played loose ball and booted many a ball that would have been an out, according to the Liberty Aces. Skinner pitched a good game for the Aces.

NEW STREET LIGHT

A six hundred candle power electric light has been installed at the corner of eWst Seventh street and Clinton avenue. The light was erected by the authority of the Street Lighting Committee of he Common Council. Many accidents were caused there, it is claimed, because the corner was dark.

Three Americans in Train Crash Reported Uninjured

MEXICO CITY, May 16.—A National Railways train in which three Americans were passengers was wrecked early Sunday at Tequisquipan, 250 miles from here, it was announced today. It was added that there were no fatalities.

The Americans were Grahame Ashmead, of J. P. Morgan & Co.; Mrs. Ashmead and Mrs. Jack Starr-Hunt, wife of the New York Herald-Tribune private car of Ashmead. The latter correspondent here. They were Americans were believed to be unhurt.

BREMEN FLIERS QUIT MILWAUKEE

Start for St. Louis for Fifth Stop of Tour

MILWAUKEE, May 16.—The Bremen's transatlantic crew left the Milwaukee airport, at 1:05 P. M. today to fly to St. Louis, the fifth stop on their nation-wide tour.

Major James Fitzmaurice, Baron Guenther von Hugnefeld and Captain Ilmlr hatton-Hide tour.

Hermann Koehl came here yesterday from Chicago.

They were half an hour late in taking off because of delays encountered on visits to the Soldiers' Home here and in downtown streets when crowds blocked traffic.

The fliers were accorded one of the most rousing receptions ever given by this city when they arrived.

The fliers were entertained by the Milwaukee Press Club in the afternoon and attended a civic banquet last night. Huenefeld and Fitzmaurice spoke in English and Koehl addressed the 1,000 guests in German.

Dependable Brakes

IN these days of traffic-filled highways can you afford to take chances with brakes you cannot depend on every moment? The only *absolutely* dependable brakes are those that are adjusted periodically and regularly. Bring us your car for Brake Inspection.

DEATHS FUNERALS

THOMAS G. HENDRY

Thomas G. Hendry of 935 West Fourth street died at his home yesterday afternoon, leaving his wife, Mrs. Agnes Allan Hendry. Services will be held at the residence Friday afternoon at 3 o'clock in charge of Rev. Roland Babkoen of the Grant Avenue Presbyterian Church. Interment will be in Hillside Cemetery.

LUDWIG JOSEPH BUSSE

Funeral services will be held for Ludwik Joseph Busse, who died Sunday, in his late residence, 402 West Third street, at 2 o'clock this afternoon and in the First Baptist Church, Central avenue and West Seventh street, at 2:30 o'clock.

The services will be in charge of Rev. Richard A. Mikolon of the Polish Baptist Church and Rev. S. Arthur Devan of the First Baptist Church. Interment will be in Hillside Cemetery.

DAVID ROGERS

Funeral services for David Ogden Rogers of 965 Madison avenue, who died at his home Monday, will be held at 10 o'clock tomorrow morning in Grace Church Chantry, Broadway and Tenth street, New York City. Rev. E. Vicars Stevenson of Grace Church, Plainfield, will officiate. Interment will be private in Hyde Park, N. Y.

ROBERT RINDELL

Funeral services for Robert Rindell, husband of the late Mrs. Elin Woodruff Rindell, who died at 12:30 o'clock yesterday afternoon in Muhlenberg Hospital, will be held in Cranford at 2 o'clock Friday afternoon.

Rev. William K. McKinney of the First Presbyterian Church, Westfield, will conduct the service, which will be held in the home of Mr. Rindell's daughter, Mrs. H. C. Sanford of 18 Sylvester street. Interment will be in Evergreen Cemetery, Elizabeth.

LIONS WILL ROAR AT ELM TREE INN

A regional meeting will be held in the Elm Tree Inn by Lions clubs of the district on the evening of Friday, May 25. Large delegations from the eleven clubs in this district have signified their intention of attending. State officers will also be present at this time.

Arrangements for this meeting are not as yet completed, but he committee in charge hopes o have things shaped up by the early part of the coming week.

The committee is composed of resident C. E. Cross, T. Harry Hampton Hanna and James J. Hendlay of the Westfield Club. The meeting will start promptly at 7 p. m.

JOINT CONCERT GIVEN

A large audience attended the joint concert given under the auspices of the Musical Club of Westfield, the Westfield Symphony Orchestra and the Westfield Men's Glee Club, which was given in the auditorium of the Roosevelt Junior High School last night.

Each number on the program was greeted with well-deserved applause. Proceeds of the concert are to be given to the Children's Country Home.

VEHICULAR TUNNEL BIG TIME SAVER

Leaving the New York side of the Holland Tunnel at 5.30 P. M. yesterday afternoon, a Plainfield citizen, driving conservatively through rush hour traffic, arrived in the heart of this city in one hour and fifteen minutes. In the days of the ferries an hour and three-quarters was considered good time, except for the high speed drivers who regard their own pleasure more than the saftey of others.

Though the present running time is a big improvement, at least fifteen minutes of the ride is wasted in traffic delays through Jersey City and Newark. In the course of the next year or two the new tunnel highways now under construction will becompleted and then it will be possible for any careful driver to reach the Metropolis in an even hour.

Until such time as the new highways are completed, Plainfield will not reap a great deal of benefit from the Holland Tunnel, but once they are open New Jersey in general and this section of Union county will be subject to real estate developments far beyond the dream of any present day extreme optomist.

Thousands of busines people in the downtown districts will be able to reach Plainfield and vicinity faster than it will be possible for them to get to the suburban distircts of Westchester and Long Isalnd. There is no community anywhere in the United States which has better future possibilities than Plainfield.

CRIME AND ITS SUPPRESSION

The report of the sub-committee of the National Crime commission has caused much comment. It shows how little authentic data there is available on crime.

While every state keeps a concrete record of every law-abiding automobile owner, it does not keep a similar uniform record of every criminal, available for scrutiny and consideration.

Thousands of law-abiding citizens are today made to feel almost like criminals because of the prohibitory laws which hedge them about, while a large number of criminals have actually reached a stage where they consider themselves to be the equal of, if not superior to, self-respecting, hard-working citizens upon whom they prey.

The gang leaders of today in the crime world have built up an aristocracy of their own. They are well dressed, they ride in the best automobiles, often associate with the better class of people and, if they happen to be arrested and convicted, a jail sentence often adds glamour to their name.

In discussing the lash as a crime deterrent, Superior Judge Marcus Kavanaugh of Chicago; declared: "No underworld lord can retain the respect of his followers after he has winced under the pain of a whipping; no juvenile culprit can strut before his gang after an offical spanking; the cat-o'-nine-tails is feared more by the moron and the racketeer than a jail sentence."

The National Crime Commission has pointed out that we are lax in catching our criminals and in punishing them. It is also possible that we are lax in providing a type of punishment which commands respect rather than ridicule.

So far our efforts have been directed at drawing the lines tighter around the law-abiding citizen on the thery that this will reform the criminal.

The mania to make it unlawful to buy or own small arms on the theory that this will prevent crime, simply adds to the safety and the feeling of self-importance of the criminal, for he can smuggle in all the arms he desires and, therefore, will be a privileged character compared with the average citizen.

Let us reverse the process and, instead of trying to reform the criminal by punishing the innocent, let the criminal pay for his misdeeds. The Oregonian says:

"It is not improbable that Judge Kavanaugh's suggestion will some day, and soon, be a general law in this country. The criminal is asking for it more than any other is asking. The criminal is begging for the lash."

Senator Borah has questioned the whole class of Republican presidential candidates and hasn't announced that he will keep any of the boys after school.

HISTORIC BUILDINGS

A movement has been started by the American Institute of Architects to preserve historic buildings all over the country. There are many such buildings in various cities and towns of New York, associated with our early history, or with famous people which should be preserved. If they could be used as places to display historical relics, they would serve a most useful purpose.

Every community has interesting relics of the past which ought to be preserved in some public place, to give the people an idea of the experiences through which the pioneers and famous personages of their state have gone. When such relics are preserved, people get a better idea of the importance and dignity of a grand old commonwealth like New York.

Sometimes the office, seeking the man, has difficulty masking its way around among the candidates.

Now a horned toad is said to have lived for thirty-one years in a corner-stone. In these days of reckless drivers a corner-stone is about the only place where that could be accomplished.

THAT NOISE --By Hall

LETTERS TO THE EDITOR

The Editor:

While we were waiting for a trolley, I found I had only 3 cents left. I told my little sister to go into the car and I would drop a nickel for the both of us. I found a seat and told her to sit opposite. She exclaimed in her loudest voice, "You didn't pay for me, so I'm going to stand up!"

Mrs. H. LE VINE.

621 Brookside Place, Plainfield, N. J.

Editor's Note—We wish to thank Mrs. Le Vine for the cute saying by her sister. If she will call at the office we will explain why the letter has been placed in this column.

The Editor:

I wrote you a letter and you published it. That letter said I hoped you would not be controlled by any political faction. Then your paper came out and I read that "Mr. Clay's nomination likely."

I was disappointed to read that the sentiment appeared for Clay but at the same time I digested your editorial and found it to be equally fair to all the candidates. Mr. Abrams would be a credit to the city as a Mayor and Mayor MacMurray has not run the city into any mess.

It was your right to boost Mr. Clay and I am sure that if elected he would certainly maintain the dignity of the city. By the time you get this the primary will be over and we will know.

The fact that you did not knock the other candidates but simply said you thought Mr. Clay the better qualified shows me very specifically that you are not the tool of any candidate but have backbone enough to support one man and not stride for fence, although he was not my choice.

J. J. C.

South Plainfield, N. J.

The Editor:

I am glad to note that your paper has finally reached the public and with the Mid-State Press all the success that is proper and due them.

We know that with the people back of it in the Editorial Department as well as the Advertising Department, it will be the most successful paper in Plainfield. We only with that South Plainfield would be as up to date as Plainfield being so lucky as to have two papers when South Plainfield hardly is able to get in and out with such poor and inadequate bus service.

More power to you Mid-State Press. Maybe some day some one will come to life and give us better bus service to and from Plainfield so that we do not miss the train as often as we have in the past.

A BUS COMMUTER.

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers.

The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

MR. FIXIT REPORTS

This Column is devoted to Plainfielders who wish to ask city authorities questions, and who cannot take the time to visit City Hall. Make questions brief. They will be answered the following day, if possible.

By golly, you got a nice town here. Plainfield looks good to me and I think I will like it very much. Fact is, I've been only in the bigger towns and I don't usually go to small cities.

But the man at The Mid-State Press prevailed upon me for so long to even visit the city that I finally did. Now I like it so well, I'll stay.

Maybe you don't know what I do. I just take the questions of the public to the proper authority and there get an answer. Yes, I get the answer. I am the people's medium for securing information of a specific nature about Plainfield and I never fail.

Officials and others that have the information I seek are always glad to help me. There are times when questions cannot be answered, such as giddy or too personal.

I'm ready for business. Start sending in the questions and make them brief. The shorter they are the less time it will take for the one questioned to decide upon an answer.

Just address me as Mr. Fixit, care The Mid-State Press, 222 West Second Street, Plainfield, N. J.

Do You Know That—

There are many new fashions in scarfs. The ascot scarf is once more in high favor; then there's the tailored silk scarf that slips through a ring, the patchwork kerchief scarf for sports and the bright colored chiffon scarf for evening.

The vogue for lace is smartly expressed in a very chic ensemble of chiffon and lace. The short bloused laquette is made of lace, and the pleated skirt and jaunette trimmings of harmonizing chiffon.

IT HAD TO BE YOU

K—23397—N. J.

Just for the time it takes to shout The Mid-State Press that the above number is the same as your auto license, the holder of the license will be given a 3 tree months subscription. Yesterday's number, 1—1609, 1—1610, and the number for the day before, 1—2003—N. J. are still out. Better hustle folks.

A Smile a Second

HIS ONE GAMBLE

"I will not say that I have never gambled. I once bought a ticket in a raffle for my wife."

"So I'm told."—MARGARET MARTIN.

INSIDE FACTS

Mr. Henpeck—Is my wife going out, Rose?

Maid—Yes, sir.

Mr. Henpeck—Do you know if I'm going with her?—Aussie (Sydney).

PREPAREDNESS

Wife—I'll have to run away for a while, John. I've just got the stuff for a new dress, and—

John—But, my dear, you shouldn't be thinking of a new dress while I'm ill.

Wife—Oh, John, you dear, careful old silly! Why, it's a black dress, so it will be all right in any case.—Tit-Bits.

NOT HOLE-PROOF

"Have you any invisible nets?"

"Yes, ma'am.

"Let me see one, please."—Pearson's Weekly.

WHEN HAIR HE TALKEE

In the interior of Sumatra, rice is sown by women who let their hair hang loose down the back in order that the rice may grow luxuriantly and have long talks.—Pomona (Cal.) Paper.

OVERTONES

The Wife—They made me furious at the club meeting. But I told them what was what, and, believe me, I was outspoken, too."

Her Hubby—By whom?—Answers.

What the GOOD BOOK SAYS

By Rev. R. W. Keeler, D.D.

Q. Does flattery ever do good?—G. F. V., Yonkers, N. Y.

A. "A lying tongue hateth those that are afflicted by it; and a flattering mouth worketh ruin."—Proverbs XXVI:28.

Q. Why did the Psalmist love God's Word?—K. F. E., Mount Kisco, N. Y.

A. "Thy word is very pure; therefore Thy servant loveth it."—Psalm CXIX:140.

Q. Who carried two hundred loaves of bread on two asses?—H. B. M., Pittsburgh, Pa.

A. "When David was a little past the top of the hill, behold, Ziba, the servant of Mephibosheth met him, with a couple of asses, saddled, and upon them two hundred loaves of bread, and an hundred bunches of raisins, and an hundred of summer fruits, and a bottle of wine."—II. Samuel XVI:1.

Q. Who was the power behind Esther?—J. M. R., Williamstown, Mass.

A. "Esther had not yet shewed her kindred nor her people; as Mordecai had charged her: for Esther did the commandment of Mordecai, like as when she was brought up with him."—Esther II:20.

Q. When do men usually seek God?—T. J. W., Dover, Del.

A. "And when he (Manasseh) was in affliction, he besought the Lord his God, and humbled himself greatly before the God of his fathers."—II. Chronicles XXXIII:12.

Good Manners

By FRANCES ALLAN

Q. When a young man takes a lady to the theater, who goes down the aisle first?

A. In the theater the man precedes the woman down the aisle, carrying the seat checks that he was met by the usher, whom he follows. When the seats are indicated, the man steps aside and allows the woman to precede him to her seat in the row.

DADDY DUSK The Sandman

What ghostly fingers had taken Grandfather Benson's violin. From its case in the corner of the music room in the old deserted house?

Who Ian disobeyed Grandfather Benson and touched the violin?

Joe's eyes grew rounder and wider with astonishment as Ian and Twinnie peered over his shoulder at the violin lying uncovered on top of the old square piano.

"Somtoody has been here," Twinnie whispered.

Perhaps it was a ghost." Twin answered in a hushed voice. "Grandfather Benson said no one must touch it—now that granny is dead."

Twinnie's face blanched. Outside the branches of the trees knocked on the window pane like ghostly fingers. The moon shone in, and prancing figures danced on the music room wall.

They heard a tap, tap, tap on the French window which led on to the wide lawn.

They stood still, frozen with terror. Then they bounded toward the front door and out into the deepening night and dashed toward the road and home.

In a few minutes they saw a rickety auto come thumping down the road and daddy's merry voice:—

"Well, Twin, Twinnie and Joe, where have you been?"

They clambered into the open car words tumbling over each other.

COMING EVENTS

WEDNESDAY

Lions Club meets in Park Hotel at 6:30 P. M.

Rotary Club meets in Queen City Hotel at 12:15 noon.

Philatelic Society of the Plainfields meets in Y. M. C. A. at 8 P. M. Two lectures: "Paradise Falls," by William Buckner, and "The Making of Liederkrans Cheese," by Willy Ehrenhaus, in St. Peter's Lutheran Church parish house.

Fortieth anniversary of the Monday Afternoon Club. Luncheon in the clubhouse at 1 o'clock.

First regular meeting of the Fanwood Garden Club at the home of Mrs. Paul B. Tuzo, Terrill road.

THURSDAY

Annual Luncheon of the City Unit, King's Daughters, in the Country Club at noon.

Rally of the Plainfield group of Epworth Leagues in the Scotch Plains M. E. Church at 7:30 o'clock.

Boy Scouts open camp fund drive "Pageant of Peace," PHS, afternoon.

Marble championship contests in county parks.

VIGOROUS HEALTH

P. J. VEATCH, D. P. S. T.

(Copyright, 1928, by NEA GRAPHIC.)

CAUSES OF DISEASE

If one investigates all the different branches of the healing art, he will find many causes assigned for the occurrence of disease. The medical doctor will blame the disease on germs. The psychoanalyst will blame it on complexes. The osteopath will accuse the bones of being out of place or the muscles of being relaxed or tightened.

The chiropractor says that disease is due to subluxstion of the spinal vertebra and the naprapath assigns tightened ligaments in the spine as the cause of disease. The naturopath says that disease is due to wrong habits of living. Which of these appears the most reasonable?

It seems to me that any thinking person cannot avoid discerning very quickly that germs, complexes or bones, muscular or ligamentous lesions are not sufficiently all inclusive to account for the great variety of abnormal conditions to which the human race is subject. Even though these causes may be present, as they often are, the question arises as to what caused the causes. When we think back to first causes we must inevitably arrive at the conclusion that the habits of living are responsible for health and disease. Health must be the natural state since the body is always making every effort to maintain a normal condition so that the only thing which can produce disease is something which interferes with health, and aside from accident this could only be wrong habits of living. These include, not only physical, but mental, bad habits.

Please advise what kind of food to use for a diet for indigestion I have. Am 70 years old, have taken medicine for years and am tired of it and willing to try anything.

MRS. L. M. S.

It is not necessary that you take any kind of grape. In such a case the complete fast or a vegetable broth diet would probably be preferred to fruit. This may be continued for up to five days and followed by the milk diet. Due attention is given to all general health building measures. If you especially desire to try the grape diet any fruit except the Thompson grapes could be used.

Please advise what food, contain iodine, as I seem to be in need of this element. G. T.

The following foods are well supplied with iodine: Sea lettuce or Irish moss, shrimp, herring, salmon, pineapple, asparagus, garlic and strawberries.

Dr. Veatch is very anxious to help all in Vigorous Health. Write him care this newspaper.

World Briefs This Morning

PHILADELPHIA, May 15.—(AP)—Francis Burton du Pont, Ambassador to Belgium since 1920, a member of the New Jersey Board of Commerce and Navigation, died here yesterday after a long illness. He was 70 years old.

WASHINGTON, May 15.—(AP)—Both of Lieut. C. T. Boyle, his pilot, rescued from the Potomac, where they crashed in landing their plane in the river here, Monday, are improving today at Walter Reed hospital.

PARIS, May 15.—(AP)—Late today Aristide Briand, premier and foreign minister of France, said it will take a long time to settle the Belgian question. Although the premier of Belgium has left Paris for Brussels, Briand said, he has not yet received any official word from Belgium.

The official word is expected to be that Briand cannot be prevented from staying in Belgium if he abstains from political activity.

VOL. 1, NO. 4 PLAINFIELD, N. J., THURSDAY, MAY 17, 1928 Eight Pages

TESTIMONIAL DINNER GIVEN TO RETIRING LUMBER OFFICIALS

FIRM MARKS RETIREMENT OF THREE OFFICERS WITH BANQUET AT PEDEFLOUS

Peter J. McDonough Presents Gold Watches to Veteran Business Leaders

Retirement of John Morton, Andrew H. Wilson and William K. Titus from the Plainfield Lumber and Supply Company was marked last night by a dinner given in their honor at Pedeflous Hotel, Mountain Boulevard, Watchung. Thirty officers and employees of the company joined in this appreciation of the services of the three, who have been in the firm for twenty-six years.

Peter J. McDonough, president of the company, presented each of the retiring officers with a gold watch, speaking of the loyalty and work of each for the firm. Mr. Wilson was vice-president since 1902, and Mr. Titus held the post of treasurer for an equal length of time. Mr. McDonough also presented bouquets to the wives of the three men.

Addresses were made by other officers of the company, and by the retiring officers, who spoke of their long association with Plainfield business in accepting the gifts.

Music and entertainment, the latter under the direction of Daniel Mangar of Brooklyn, N. Y., also a member of the firm, entertained the dinner. Nearly every person present contributed his share to the entertainment, under the able direction of the master of ceremonies.

These three veterans of Plainfield commercial life have witnessed the growth of the Plainfield Ice and Supply Company from its organization and incorporation in 1902 to its reorganization as the Plainfield Lumber and Supply Company late last year.

NEW YORK—Directors of the Sinclair Consolidated Oil Company yesterday accepted the offer of Harry F. Sinclair to return the 250,000 shares of the company's stock given him in October, 1922, in return for the worthless stock of the Mammoth Oil Company, lessee of Teapot Dome.

Mr. Sinclair also offered to pay back $400,000, representing dividends paid him on the Sinclair Company stock during the last five and a half years. This was also accepted by former Judge Clarence J. Shearn, special counsel for the directors and stockholders of the company.

When the United States Supreme Court invalidated the Teapot Dome lease by declaring it fraudulent, it wiped out the assets of the Mammoth Company, and the Sinclair directors decided to seek recovery of the stock they had exchanged for the now worthless paper with Sinclair.

LIONS CLUB HEARS HUBBARD AT LUNCHEON

The Lions' Club of Plainfield held their regular weekly meeting at the Park Hotel last night with an attendance of 50 members and guests present.

The new Community Song Books having been received, Mr. Edward Baker with Mr. Charles Davis at the piano, led the entire assembly in a number of the most cherished old time songs among which was that dear old favorite "Mother Machree."

Harvey Limbarger spoke relative to the Ball Kirch Post Ball and Musical to be given at an early date and at which time a number of silver loving cups and other prizes are to be awarded to the best players and best band, Mr. Limbarger proposed that the Lions Club be represented by the presentation to the number of prizes to eb given, with a silver loving cup. Edward H. Goodwin of the Chevrolet Motors was elected as the donor of the cup and immediately responded with his acceptance to the election.

Rev. Dr. L. E. Hubard, district governor of the Lions Club, spoke on the supreme and ideal purpose of the club. Dr. Hubard also announced the coming Regal Meeting to be held Friday evening, May 25, at 7 o'clock. Two of the speakers at that time will be Mr. Fred Cowen and Mr. James Smith, both very prominent members.

There will be a very lively entertainment and various prizes will be awarded. All "Lions" are urged to be present as the more there are the better time will be had by all. Many of the Plainfielders have already promised to be there and a promise by them is as good as the deed already done.

Then came the main feature of the evening, Mr. Uttinger, speaker of the American Telephone and Telegraph Company, who gave a most interesting talk together with a large of number of various stereoptican views of the origin, evolution and progress of the telephone. Among the interesting views was of General John J. Pershing in conversation, at Paris, with New York, on the most recently installed trans-Atlantic telephone. This station was opened on March 28, 1928. The original cost of such a call being $75.00 was decreased this year to $45.00, this action resulting in a large increase of trans-Atlantic calls.

Announcement of the State Convention to be held June 6 and 7 at which one delegate for every 10 members is to be present. This was voted upon and 7 members were elected to attend he convention. These are: Harvey Limbarger, Edward H. Goodwin, S. H. Schwartz, George Anderson, Edward Baker, Jr., Charles Marvin Dolliver, and Frederick Jacobs. Mr. Carl Rollerson will be the principal speaker at the next meeting. At this announcement, Lion Frederick Jacobs asked "What will he speak on?" Lion Herbert C. Kotch, president responded, "About a half an hour," so evidently the next week's discourse will be a surprise and surprise speeches are also usually most interesting.

M. B. STUTSMAN COMPLIMENTS JUDGE DE MEYA

The following letter of congratulation was sent by Martin B. Stutsman, unsuccessful candidate for the city judgeship on the Republican ticket in the primaries on Tuesday, to the victorious candidate, Judge William G. DeMeza, yesterday.

Plainfield, N. J.

May 16, 1928.

Judge William G. DeMeza,
Plainfield, N. J.

My dear Sir:

Allow me to congratulate you upon your splendid vote. The voters of Plainfield have expressed in no uncertain terms their preference for you instead of me.

Allow me to wish you success for the next three years.

Very sincerely,
MARTIN B. STUTSMAN.

IDA H. PETERSON OLD RESIDENT HERE IS DEAD

Miss Ida H. Peterson, 50, of 25 Foster avenue, died at her home early yesterday, after a short illness. Born in Sweden, the daughter of Oscar Peterson and Fredrika Hoglund Peterson, she had been a resident of this state for more than 40 years.

Rev. Walter J. Swaffield, pastor of the Park Avenue Baptist Church will conduct the funeral services at 2 o'clock Saturday afternoon at the A. M. Runyon and Son's "Home for Services." Interment will follow in Bamptown Cemetery.

GERMAN CHURCH TO HAVE SOCIAL

The Ladies Aid Society of the German Reformed Church, held their regular monthly meeting last night at which time the officers were elected for the year. They are Mrs. A. Lantz, president; Mrs. F. Miller, vice-president; Mrs. Walter Hoover, treasurer; Mrs. L. Schefringer, secretary.

It was decided that the annual strawberry festival will be held in the basement of the church, Thursday, June 14. Tickets which are now being printed will be available at an early date.

ELECTED PRESIDENT

Rev. Donald E. Williams of Clinton, was elected president of the Rural Church Society of Elizabeth District at its annual meeting held this week in the East Whitehouse Methodist Church. Other officers elected were: Rev. P. A. Callendar of Flemington, vice-president; Rev. W. H. Webb of Bloomsbury, secretary, and Marcus L. Glaser of Flemington, treasurer.

HARDEN IN CHARGE OF SHORE DINNER

Robert W. Harden, vice-president of the Westfield Trust Company, is in charge of the ladies' banquet which is to be held in connection with the twenty-fifth annual convention of the New Jersey Bankers' Association today and tomorrow in the Hotel Chelsea, Atlantic City.

JUDGE DEMEZA THANKS VOTERS

City Judge William G. DeMeza wishes to thank the citizens of Plainfield for the fine support given him in Tuesday's election, when he was returned as the Republican nominee for the city judgeship at the November election.

NEW YORK—Frank J. O'Neill, president of the Royal Indemnity and Eagle Indemnity companies, stated yesterday before Supreme Court Justice Wasservoegel that his companies occasionally settled cases with accident victims without consulting attorneys. This testimony was given at the inquiry into ambulance chasing activities of certain lawyers.

BERLIN—The illness of Gustav Stressmann, German Foreign Minister, is still grave. A physician's bulletin announced that he had a difficult morning yesterday, and was in considerable pain.

Offered to President Coolidge for the Summer

One of the Georgia mansions offered to President and Mrs. Coolidge for their summer vacation is this beautiful home of Henry C. Walthour on Wilmington Island, about eleven miles from Savannah.

SMITH GAINS TUESDAY REACH SIX HUNDRED

A total of six hundred three and a half instructed, pledged and claimed Smith delegates to the Houston convention, resulted from the primaries and conventions in three states on Tuesday. A total of 733 1-2 votes is necessary to nominate, although of the above total, at least 79 1-2 of the Smith block are disputed by his opponents.

Secretary's delegates total had grown to 473, of which 184 are contested. A total of 545 votes is necessary to put the candidate over.

The two candidates, Governor Smith and Secretary of Commerce Hoover, picked up their largest gains in the New Jersey primaries, Smith bagging the entire Democratic slate of 28, with Hoover obtaining the 31 Republican candidates.

Lowden supporters in the few districts of the state where they were entered in the delegate race, ran far behind Hoover candidates.

Hoover won six more delegates yesterday in Alabama district conventions. O. D. Street, Republican national committeeman, is claiming 14 of the state's 15 delegates for Hoover.

The 473 total does not include Maryland's 19, yet to be selected but which will be in the Hoover column by the recent preference vote in that state.

Republican conventions yesterday in Wyoming and Montana selected uninstructed delegations. Wyoming nine and Montana 11. It appeared to observers the latter block would split between Lowden and Hoover at Kansas City.

Smith roped in 16 more delegates at conventions in Vermont and Montana, each state giving him eight.

FINAL SESSION FOR DUNELLEN CLUB NEXT MONDAY

The final meeting of the season of the Dunellen-New Market Woman's Club will be held Monday, May 21. It is to be an all-day meeting with a covered dish luncheon at noon. Mrs. J. J. Kelly is in charge.

The club officers and committee chairmen of the Woman's Club for the coming year are as follows:

President, Mrs. J. D. Allen; first vice-president, Mrs. Fred Van Blarcom; second vice-president, Mrs. E. C. Handolph; federation and recording secretary, Mrs. William F. Wallem; corresponding secretary, Mrs. John P. Faber; treasurer, Miss Ritie G. Brokaw; club historian, Mrs. A. A. Whitford.

Art department Mrs. Lionel Howard; garden department, Mrs. A. F. D. Cockburn; home making department, Mrs. George W. Cornell, Jr.; junior department, Mrs. E. H. Westcott; literary department, Mrs. Joseph B. Bond; music department, Mrs. William T. Piddington.

Public welfare, Mrs. Thomas A. Wright; public welfare assistant, Mrs. P. E. Reynolds; good cheer, Mrs. J. J. Kelly; publicity, Mrs. Daniel Sergent; by-laws, Mrs. A. E. VanderVeer; finance, Mrs. Arthur Olsen; hostess, Mrs. Forman G. Neighbour; program, Mrs. Abram C. Nelson; year book, Mrs. William H. Giese.

TWO ARRESTED IN BORO DRIVE ON LOITERING

Two arrests were made at 2 o'clock yesterday afternoon by Motorcycle Patrolman Joseph McGarry of the North Plainfield police as the first in a campaign inaugurated by Chief George Weiss to end loitering and disorderly conduct on West avenue.

Andrew Zamatowicz of 671 West Third street and Joseph Bicazik of 652 South Second street, Plainfield, were the two taken to North Plainfield police headquarters, where they were charged with being drunk and disorderly and loitering. They will appear before Judge Grover F. Kipsey tomorrow night.

OFFICIALS COMPLIMENT MAC MURRAY

Mayor James T. MacMurray, successful candidate on the Republican ticket for renomination to the office which he now holds, yesterday expressed his complete satisfaction over the confidence placed in his administration of the city's affairs, as expressed by the primary.

"I appreciate the vote of confidence given me by the citizens inasmuch as they have approved my administration, as shown by the vote cast in my favor, I can only assure them that my interests will always be for the best of Plainfield and its taxpayers."

Mayor Mac Murray was the recipient of many congratulations, the phone in his office being kept busy all day, as those persons who found it impossible to make a personal call took that means of extending their congratulations to him. He was also the recipient of two telegrams of congratulation from Congressman Ernest R. Ackerman and William L. Saunders, chairman of the board of directors of the Ingersoll-Rand Drill Company of New York.

NEW AIR MAIL STAMP TO BE ISSUED NOW

Owing to the increased demand for air mail stamps the government is preparing them in book form of six, comprised of two leaves and interleaved with paraffin paper. These stamp books will sell at 61c, only one cent being charged for the book form. They will first be on sale on May 26 at Washington, D. C. and at Cleveland, Ohio. They can be had, however at any other post office at the request of the postmaster.

NEW JERSEY FOR HOOVER WITH THIRTY ONE VOTES

WASHINGTON, May 16.—New Jersey's thirty-one votes on the first ballot at the Kansas City convention are virtually assured for Secretary Hoover. Reports from Washington today stated that while the votes were counted in advance there was unconcealed satisfaction evidenced at the Hoover headquarters.

With the present number of Hoover votes throughout the country, it is felt by conservative estimators of delegate strength, that there is almost an even chance that the Secretary of Commerce will be nominated on the first ballot.

New Jersey's election, coming directly after the qualified indorsement of Hoover wrung from Secretary Mellon Saturday, when the Pennsylvania delegation caused, and after the announcement that Hoover would have the first ballot support of Chairman Butler of the National Committee, seems to make it the beginning of the Hoover bind-wagon movement.

Without counting New Jersey, or listing an unquestionable majority of the Pennsylvania delegation when the time comes, conservative and disinterested estimates give Hoover 466 of the delegates already chosen. Add to these the thirty-one of New Jersey and eleven more delegates from Massachusetts than the Hoover people laid claim to, which he will get in all probability by Chairman Butler's switch, and Hoover has 488 of the 545 delegates necessary to nomination.

A surprising event of the last few days, indicative of a disposition to get aboard the Hoover band-wagon. This is the announcement of George K. Morris Republican state chairman of New York, that in a canvass of about one-third of the state, he has found strong Hoover sentiment. This may be a feeler extended to make an about-face by National Chairman Charles D. Hilles a little easier a few days hence.

FRELINGHUYSEN LEADS MORRIS

Morris County in returns from 72 out of 105 election districts, gave Joseph S. Frelinghuysen a lead of more than 1,000 votes over Edward C. Stokes, his nearest opponent for the Senatorial nomination in that county. J. Henry Harrison led in the balloting for the Gubernatorial nomination.

The incomplete vote was: United States Senate nomination, Frelinghuysen, 4,481; Stokes, 3,418; Kean, 2,238; Mrs. Lillian F. Feickert, 910; Gray, 752; for Governor, Harrison, 4,676; Robert Carey, 3,234; Cornelius Doremus, 2,340, and Morgan F. Larson, 3,153.

Aside from Surrogate William H. Thompson, Frelinghuysen's campaign manager in Morris, none of the Republican leaders in the county was openly working for any candidate.

"So you really want me to visit you?"

"Yes, you must look in. I've been terribly lonesome since my goldfish died."—Answers.

PUBLIC UTILITIES COMM. HEARING YESTERDAY GIVES CHAMBER SECRETARY HOPE

Decision Expected in Only a Matter of Days on Newark-Plainfield Route

O. H. Hewitt, Jr., secretary of the Plainfield Chamber of Commerce, expressed his complete satisfaction over the manner in which the hearing before the Public Utilities Commission at Newark, which was brought to a close yesterday on the modification of the restrictions under which the Public Service de luxe bus line between Plainfield and Newark is now operating, was conducted. He also stated that in his opinion, the restrictions will be lifted when a decision is reached by the members of the Utility Commission.

In granting its approval of the original application to run these buses through Plainfield, Fanwood, Scotch Plains, Westfield, Garwood, Cranford, Roselle and Union, the Utility Commissioners ordered that no passengers could be carried on in-bound trips except those whose destinction was Newark, and that no passengers could be carried on out-bound trips except those getting on at Newark. It was for the purpose of having this order set aside, that another hearing was held.

First steps to bring about more satisfactory service between Plainfield and Newark and the municipalities between these two points, were taken by the Plainfield Chamber of Commerce, through Secretary Hewitt, and with a resolution adopted by the City Council, as well as similar resolutions by the various municipalities affected, it is now expected that the improved service will be allowed.

The Retails Trade Division of the Plainfield Chamber of Commerce, composed of A. E. Willard, chairman, Henry Rosenbaum, Howard W. Boise, A. Wallace Zimmerman, James A. Beck and Samuel Weinstein, was the prime factor in the efforts made to lift the present restrictions.

ADJUSTMENT BOARD REFUSES FOR SECOND TIME TO GRANT SEVENTH ST. GARAGE PERMIT

Action Based on Opinion of Corporation Counsel Charles A. Reed

Board of Adjustment, through its chairman, C. Benson Wigton, informed the trustees and members of the Plainfield Congregational Church present at its meeting last night in the District Court room, City Hall, that upon the advice of Corporation Counsel Charles A. Reed, the board again refused to give permission to the H. and L. Security Company for the erection of a $150,000 building at the corner of Arlington avenue and West Seventh street.

The decision was reached by the Board of Adjustment upon advice of Section 6 of the city ordinance which absolutely prohibits a garage of more than five-car capacity being built within 200 feet of any church or school. It is expected that the case will be carried to the Supreme Court for final decision.

The permit application was refused by Building Inspector John S. Dahl a short time ago, being brought up at last night's meeting for further consideration.

The site on which the Thompson Motor Company, Nash dealers, sought to build is known as the Waring property and is opposite the Park Hotel. Property owners in the vicinity, as well as members of the Congregational Church, have been opposed to the move since its inception.

A surprising event of the last few days, indicative of a disposition to get aboard the Hoover band-wagon. This is the announcement of George K. Morris Republican state chairman of New York, that in a canvass of about one-third of the state, he has found strong Hoover sentiment. This may be a feeler extended to make an about-face by National Chairman Charles D. Hilles a little easier a few days hence.

The Baldwin Construction Company, through Joseph Centani, architect, in applying for permission to erect a four-story apartment house on Franklin place, were vigorously opposed by residents in that vicinity and as a result, a public hearing in the matter will be held.

Mr. Centani stated to members of the Board of Adjustment, that the proposed building, composed of 32 apartments, would be of the latest design and would be a credit to the city.

Chairman Wigton in questioning J. Krongole of the company seeking the permit, was informed that the property upon which it is proposed to erect the building, was purchased about six month ago, but that the owners were not aware that there was a zoning ordinance in the City of Plainfield.

Opposition to the proposed building was made by Joseph Sattels of 905 Watchung avenue, J. E. Erickson, 348 Franklin place, and Catherine and Carrie Hazen of 310 Franklin place. They stated that they did not wish their respective properties encroached upon, by the erection of any department dwelling, as it would prove a decided disadvantage to them.

It was announced that a public hearing will be held in the matter at a later date.

VALEDICTORIAN SALUATORIAN DISPENSED WITH

As the result of the two highest honor pupils of the Plainfield High School being so nearly equal, there will be no valedictorian or salutatorian this year, Lindsey Best, principal of the announced. Both will be termed honor students.

They are Frances Wells and Ruth Westerfield. Commencement exercises will be the night of June 21.

To Our Readers

The Mid-State Press is following its original policy of distributing the papers free the first week. All newsstands that are selling The Press will continue to give you one. Just phone for The Press any morning this week and get "The latest news first."

CITY UNIT, K. D. HEAR ANNUAL REPORTS

Annual reports will be presented at the luncheon of the City Unit of the King's Daughters' Society at the Plainfield Country Club tomorrow. It is expected that more than 150 persons will attend the affair and an interesting program is being arranged.

Mrs. Lester W. Glenney heads the committee in charge of arrangements and she is being assisted by Mrs. C. G. Monroe, Mrs. Edward Clark and Mrs. DeWitt Barlow. Miss Jean Bender, violinist, will offer several numbers and Raymond Lewis will sing. They will be accompanied at the piano by Mrs. F. N. Davey who will also offer a solo number.

The Homemakers

of Plainfield and vicinity await with eagerness for your message to appear in the classified columns of The Press. Those folks, interested and intelligent readers of this section, add greatly to the pulling power of your ad.

When you have something to sell, trade or buy let us help you word your ad for the best results.

We are glad to offer this service. Just phone 3500 and ask for an ad-taker.

ROWE MADE MID STATE PICTURES

The Mid-State Press regrets that credit was not given the photographer, Mr. H. V. Rowe, under the photos of the following men which appeared in yesterday's issue:

Mrs. A. Willis West.
Mr. Salvador Diana.
Mr. Martin B. Stutsman.
Mayor J. T. MacMurray.
Mr. Harry T. Wieringer.
Mr. H. A. Stine.

This was due to an error in our mechanical department which we regret exceedingly and credit is hereby gladly given.

See National Pharmacy ad on page 1—Adv.

MAC MURRAY TO GREET FLIER

Arrangements have been completed for Commander Richard E. Byrd's illustrated lecture at the Plainfield High School tonight. The famous aviator will be met at the station by Mayor James T. MacMurray, who will escort him to the high school. A local automobile concern has furnished the car for the occasion.

The lecture is being given under the auspices of the Library Association and the Dramatic Club of the school and H. A. Stine, athletic director is in charge of a group of boys who will form a guard of honor.

The committee arranging the affair is headed by Miss Ruth Le Fedre as chairman and includes Miss Ions Moore and Trowbridge Sweet. Tickets are being sold at Miller's Drug store and will be on sale at the door tomorrow night. The lecture will begin promptly at 8:30 but the doors of the school will be opened at 7:45.

CAREY PROTEST FAILS TO MOVE KATYENBOCH

The Democracy of Hudson deserted its own ballot boxes in yesterday's primaries to cast enough votes in Republican boxes to annihilate the candidacy of Robert Carey of Jersey City who sought the Republican nomination for Governor.

The Democratic contribution to the Republican primary was emphatic in its choice of Senator Morgan F. Larson of Middlesex for the nomination. It went along to an extent with Edward C. Stokes, one of the Republican Senatorial candidates.

With the exception of the Republican landslides in the Presidential elections of 1920 and 1924, there never was an election when "Republicans" cast as many ballots as they did yesterday in Jersey City, according to politicians who were in the game in the early nineties.

A total of 35,523 Republican ballots and 24,371 Democratic votes was cast.

Carey Asks Ballots Be Seized

Mr. Carey last night sent a telegram to Attorney General Katzenbach asking him to impound the Hudson County registry books immediately.

In Trenton early today Mr. Katzenbach said he would not act unless Mr. Carey made formal complaint and presented evidence of fraud to support his allegations.

"To take such drastic action without a sworn statement or complaint would be unwarranted," the attorney general declared. "To impound the county records would be a serious reflection upon the community and would not be justified except upon a sworn complaint.

Mr. Katzenbach stated that he believed he had done all he could under the circumstances and that Mr. Carey apparently had been unwilling to substantiate his charge. He said there was no authority to impound the ballot boxes and voting records without affidavits. He added that if it were true as charged by Carey, that there had been wholesale frauds, these could not have been committed without the connivance of Republican election officers or watchers who were at the polling places.

Calls 30,000 Votes Fraudulent

Mr. Carey's telegram declared the opening of the ballot boxes had proven debauchery in the election through the order of the "Hague machine" to vote for "Stokes for Senator and Larson for Governor." He charged the order was delivered from house to house by police captains and ward leaders, and estimated 30,000 fradulent votes were cast in the Republican primary.

"No more vicious crime," he said, "has been attempted against the purity of the ballot box in this state."

Joseph S. Frelinghuysen, Senatorial candidate, notified Carey headquarters at 9:30 o'clock last night that he also had requested the attorney general to impound the Hudson County registery books.

Previously Hamilton F. Kean, Senate candidate, had wired the attorney general from his home in Elizabeth suggesting Mr. Katzenbach impound the Hudson County registry books and ballot boxes.

LAMPARD RELEASED ON PROBATION

George W. Lampard of South Plainfield, who was implicated in a series of gas station burglaries at Summit with Robert Olsen and Martin Kline, was released on probation by Judge Alfred A. Stein Tuesday, after due consideration of his case.

Kline and Olsen, who were sent to the Rahway Reformatory, cleared Lampard of participation in more than two of the robberies, and his character was taken into consideration by the judge. Many South Plainfield friends of the young man vouched for his previous good record, assisting materially in obtaining leniency.

AUTOIST STRIKES BOY ON DUNELLEN ROAD

Nathan Bernstein of Middlesex Borough was held under $500 bail by Recorder William W. Gibbes of Dunellen last night for a hearing on a charge of reckless driving on June 7. At 3:30 o'clock yesterday afternoon he ran down Paul Pluctmsky, 11, of 628 North avenue, who was crossing Bound Brook road at Chestnut street.

The injured boy was taken to Muhlenberg Hospital, where it was reported late last night that his condition was fairly good. The extent of his injuries has not yet been determined. The complaint against Bernstein was issued by Captain Patrick J. Tarpey of the Dunellen police, who investigated the accident.

EDGAR GUEST POEMS READ AT N. PLFD. HI

Verse and poems of Edgar Guest wereread by Miss Mayme English-Lillote, before a large audience at the North Plainfield High School, last night. The work of the dramatic reader was well received.

Several selections were offered by the High School Glee Club under the direction of Harold M. Downes, principal of the school. The proceeds of the affair will be used to purchase equipment for the athletic association.

SOUTH PLAINFIELD

The Women's Federation of the South Plainfield Baptist Church will meet at the home of Rev. and Mrs. M. Brynildsen today at 10 o'clock in an all day session.

The Sonorgi Society of South Plainfield met at the nome of Mr. and Mrs. Edward Sloan of Maple avenue last evening. Following an evening of social activity, delicious refreshments were served.

NAME CHOSEN FOR BIBLE CLASS

The Adult Bible Class of the South Plainfield Baptist Church, at its meeting held Tuesday night at the home of Mr. and Mrs. Oakley Bunn, Hamilton Boulevard, South Plainfield, after considerable discussion on the many suggestions for a class name with much thought being given to those having historic significance, decided that out of deference to the Manning family's contributions to the church life throughout its long history and in special church life throughout its long history and in special recognition of the 40 year's of faithful service by F. B. Manning, the class should be known in the future as the Manning Bible Class.

George Slicker was elected as the president in the election which followed, with Jean Schmidt as the class teacher, F. B. Manning, assistant teacher, and Mrs. George MacDonald, third vice president, as provided by the constitution adopted earlier in the evening when the committee's report was received.

The election of a first and second vice president will be held at an adjourned meeting of the class to follow this Sunday night's service.

NEW YORK—Governor and Mrs. Alfred E. Smith met their son-in-law and daughter, Major and Mrs. John A. Warner, when they returned on the S. S. Ile de France Tuesday.

CONSTITUTION ADOPTED BY GARDEN CLUB

A constitution and by-laws were adopted at the meeting of the Fanwood Garden Club at the home of Mrs. Paul B. Turn on Terrill road, yesterday afternoon. Mrs. Stephen Van Hoesen, the president, presided.

Under the general chairmanship of Mrs. Van Hoesen the club will hold a flower show at the Fanwood Fire Hall, June 23 and 24. Prizes will be offered for various exhibitions. The next regular meeting of the club will be June 20.

Among those present at yesterday's meeting were Mrs. J. S. Wetherald, Mrs. F. Franke, Mrs. Otto Gabler, Mrs. R. E. Von Lehn, Mrs. Emil E. Rungwiz, Mrs. H. L. Saunders, Mrs. R. N. Harris and Mrs. J. Huckins.

Dame Fashion Decrees New Styles for Milady's Wardrobe!

SUMMER MODES IN THE AMERICAN MANNER!—Here we have what the well-dressed ladies will wear this summer. Above, from left to right, is Janetie Leff, movie star, in a dashing gray ensemble of military influence. The latest in hats is the stray of rose trimmed with black velvet. For younger ladies is the little georgette frock trimmed with ribbons, while Phillis Tarver, of movie fame shows something for gay afternoon parties fashioned from black chiffon trimmed with the same sheer material in white.

With the Arrival of
ADDITIONAL ADEQUATE MACHINERY

The Mid-State Press

will be in a position early next week to make many improvements in the typographical make-up of the paper.

During our first week we have had to struggle along with incomplete equipment which has prevented us from offering *the type of paper we desired.*

YOU WILL BE PLEASED WITH THE CHANGES.

MID-STATE PRESS

Beginning in Saturday morning's issue a light-hearted serial mystery story will be published in each issue of THE MID-STATE PRESS.

WILL LAY CORNERSTONE SUNDAY

Plans for laying the cornerstone of the Y. M. C. A. building at Ferris place and Clark street have been completed, and the ceremony will take place Sunday afternoon at 4 o'clock.

The vision of a group of Westfield citizens who have been thinking and talking Y. M. C. A. for many years has materialized in a beautiful building of brick and stone, worthy of a place among the best in the State, which the towns people will have an opportunity of inspecting, to gain an idea of how complete a plant the building committee has provided.

State Senator Arthur N. Pierson, president of the building committee will direct the ceremonies on Sunday afternoon.

An opening hymn, "How Firm a Foundation," will be followed by an invocation by Rev. Frederic F. Briggs of the Baptist Church, and a statement by the chairman. Then will follow a reading of the list of articles to be placed in the corner stone, by Mr. Arthur D. Murtz, general secretary of the local Y. M. C. A.

The laying of the cornerstone will be done by Mr. Albert Meder, president of the Y. M. C. A., after which a portion of the scriptures will be read by Rev. Don Ivan Patch, of the Congregational Church, followed by a prayer by Rev. Edgar R. Schlueter, of the First Methodist Episcopal Church. Rev. William K. McKinney of the Presbyterian church will deliver the benediction.

Following a selection by a brass quartette directed by Mr. William N. Bartow, an address will be given by William Knowles Cooper, general secretary of the Y. M. C. A., of Washington, D. C. Mr. Cooper is an able speaker on Y. M. C. A. subjects.

An invitation has been extended to members of all organizations of the town to be present at the ceremonies.

PLUMBERS ELECT W. P. STEUERNAGEL

William P. Steuernagel was elected president of the recently organized Master Plumbers' Association of Westfield as were the vice-president, John Miller; secretary, Thomas O. Young; financial secretary, James Harrison; treasurer, H. Goodfriend, and sergeant-at-arms, Charles Tompkins.

The organization is affiliated with the State Association of Master Plumbers. Dinner meetings will be held in the Elm Tree Inn on the second Tuesday of each month.

ALL SEATS SOLD FOR PADEREWSKI

Nearly three hundred persons have been unable to secure tickets for the Paderewski concert which is to be held in the auditorium of the Roosevelt Junior High School on Monday night. All tickets for the concert have been sold, according to the announcement made by Mrs. John J. High yesterday.

The program which the great pianist will play is made up entirely of the compositions of Chopin, masterpieces of beauty and piano techniques. Everyone is looking forward to Monday night's concert with considerable interest.

Many noted virtuosi have appeared in Westfield among them being Rachmaninoff, the famous composer-pianist. Fritz Kreisler, premier violinist, is to appear in Westfield under the auspices of the Westfield Musical Club on the evening of Monday, October 1.

Because of the appreciative attitude of Westfield audiences booking agencies of other great artists appear eager for local appearances for their clients. It is stated on good authority that Galli-Curcci's manager is eager to have the prima dona make a Westfield appearance.

King Boris in Earthquake Region

King Boris of Bulgaria went all through the region that suffered from recent earthquakes, helping the poor inhabitants. He is here seen at Chirpan.

Vigornians and Others

The people of certain cities in England have curious names to describe themselves. Sometimes the name would not in the least suggest to a stranger the city to which it refers. For example, a native of Worcester is a Vigornian and a native of Bangor is a Barnumite. The people of Manchester, Liverpool and Glasgow are described respectively as Mancunians, Liverpudlians and Jlesweglans. The natives of Plymouth hesitate between Plymouthians and Plymouthonians.

Our Rapid Age

"Is this a genuine antique?"

"It is, madam," replied the dealer.

"Why, here's a mark that indicates it was made less than twenty-five years ago."

"Oh—er—exactly. You must remember, madam, that we are living in a very rapid age. It doesn't take nearly as long to make an antique as it used to."

Incorrect Belief as to Growth of Trees

A marked oak tree began growing on April 17, and grew regularly until May 28. Then it began a rest period of 22 days. On June 24 it started to grow again and continued until July 13.

At the beginning of the season it grew for 36 days, then rested for 22 days, and thereafter grew again for 20 days. During the first growth period it grew ten inches, an average of about one-third of an inch a day.

This proves that the belief that trees grow from early spring, when the leaves begin to come out, until the first frost, when they start to show their autumn color, is not correct. For instance, in the latitude of southern England and in the native forest trees make 90 per cent of their height growth in 40 days of spring and early summer. Trees are fighting for their lives all the time.

Redwing Wins a Wealthy Bride

Princess Rose Marie, said to be the wealthiest Osage Indian woman, had a fuss one worked on her. Redwing, wealthy president of the Redwing Motion Picture company and the Redwing Oil company, of Ventura, Calif., had been talking of a wedding, but the date had never been discussed. Recently they met in Los Angeles, and Redwing suggested taking a walk. The first thing Princess Rose Marie knew, they were entering the marriage license bureau. "We might as well now as any other time," the princess agreed, and they signed on the dotted line.

DUNELLEN YOUTHS MADE MEMBERS CAP, SKULL SOC.

Two Union County youths, David A. Moscovitz of Somerville, and Edwin F. Tilley of Dunellen, were made members of the Cap and Skull, senior honorary society of Rutgers, at ceremonies held yesterday following the mid-day chapel at Rutgers University.

Moscovitz, Tilley and ten other students, twelve being elected each year from the junior class, became members at a point basis in which scholarship, character, and extra-curricular activity service are rated equally.

New members were "tapped" by that senior of the society who held the corresponding rating last year. Initiation followed a banquet held at the New Brunswick Elks Club last evening.

The other New Jersey members chosen were: Robert L. Knight and Karl D. Gordinier of Newark, Robert R. Blunt, Bloomfield; Nelson J. Rohrback, Passaic, and Joseph C. Irwin, Red Bank.

PASSENGER VESSELS DUE

As Reported by Managing Agents. Daylight Saving Time.

TODAY.

Algonquin, Jacksonville, May 14, Charleston, 15; pass. and mdse., to Clyde Line; Pier 36, NR, about 7 AM.

Oscar II, Dan., Copenhagen, May 9, Oslo 10th, via Halifax, with pass. mails and mdse., to Scandinavian American Line; foot 17th St., Hoboken, forenoon.

CIRCUS FAIR TO GIVE FREE TWO ARTICLES

Two prizes will be offered every night for competetive dancing at the Junior League Circus Fair. The dancing will continue from nine to one in the pavilion especially constructed for the purpose.

A popular orchestra will furnish music and there will be a tea room where refreshments can be obtained. Gifts of all sorts will be found in the gift shop and articles varying in price from 25 cents to $200 will be given away in the "Tombola."

Those who like band concerts will find them at the opposite end of the grounds. There will be continuous between the hours of one and six. Of course, there will be "hot dog" stands as well as booths where ice creams, candy, peanuts, pop-corn and soft drinks will be on sale.

The affair will be held at Kenyon Gardens, May 31, June 1 and 2 for the benefit of the Charity Fund of Muhlenberg Hospital.

MAYOR BEARD NAMES PAGEANT COMMITTEE

In response to the invitation extended Mrs. Florence K. Simpson that Westfield participate in the proposed historical pageant to be given in Echo Lake Park on June 29 and 30, Mayor William M. Beard has named the following committee episode in the town history:

Robert C. Taylor, chairman, Charles A. Philbower, Col. Leigh M. Pearsall, Mrs. Frederick S. Tipson and Mrs. Fred Whiton.

IS RELEASED ON BAIL IN VANCE DEATH

Mrs. Anna C. Hyklema, of 1112 Park place, Plainfield, driver of the car in collision with a milk wagon at East Fourth and Richmond streets, this city, early Tuesday morning, which resulted in the death of the driver, Robert T. Vance of Greenbrook road, North Plainfield township, appeared before Judge Stein at Elizabeth yesterday, where she was released on bail on a technical charge of manslaughter. Earlier in the day, she had been held without bail for action of the Grand Jury by City Judge W. G. DeMezz.

Elmer, son of Mrs. Hyklema, who was riding with his mother at the time of the accident, was released in the custody of Daniel Gray as a material witness.

'Lilith, Adam's First Wife, Believed Demon

There is an old rabbinical tradition that Adam, the first man, was originally married to a sorceress named Lilith, who was the mother of devils, a writer in the Detroit News relates. She refused submission to Adam and disregarded commandments conveyed to her by angels, and having finally invoked the name of Jehovah according to the rules of the Cabala she ascended into the air and disappeared.

Lilith was feared by divers nations. When children died of disease not properly understood, their death was attributed to Lilith, who was supposed to carry out her wicked purposes as an aerial spectet. Newly married pairs were accustomed to inscribe the names of angels on the inside partitions of their houses, and the names of Adam and Eve and the words, "Begone Lilith" on the outside walls.

The name Lilith was given to women suspected of consorting with demons. The legends of Lilith were transmitted from people to people until they came down to the ancient Jews, who believed them. These people were wont to inscribe on their bedposts words and formulas calculated to prevent Lilith from troubling them with dreams.

SEMINARY EXERCISES HELD TODAY

The annual commencement of the New Brunswick Theological Seminary will be held in Kirkpatrick Chapel, Rutgers University, today at noon when seevn men will be graduated.

Professor Milton J. Hoffman will address the graduates, while Dr. J. Harvey Murphy of Hudson, N. Y., will speak on behalf of the board of superintendents, and Dr. James E. Clarke will make the alumni association address.

Alumni of the seminary will meet this morning, with lunch to be served in Winants Hall at 1:30 P. M. Speakers at the luncheon, with Rev. Charles E. Talmage, presiding, will include Rev. John H. Raven, Rev. John Knox Allen, Rev. James E. Clarke and Professor Daniel Plooij of the University of Amsterdam, Holland.

The graduates are: John S. Bade, Highland Park; Henry W. Decker, Park Rapids, Ia.; Frank A. Huff, Moorsboro; Harold H. Klein, Pella, Iowa; Walter E. Roughgarden, Paterson; Jacob J. Sessler, Aplington, Ia., and Garrett J. Wullschleger, Albany, N. Y.

WESTFIELD K. OF C. TO MEET JOINTLY WITH BAYONNE

Arrangements have been completed for a joint meeting of Westfield Council 1711 Knights of Columbus and Star of the Sea Council of Bayonne. The arrangements were completed by Grand Knight Frank Flannigan of the local Council and Grand Knight John Landrigan of Bayonne.

Entertainment will be given by Harry Fletcher, Neil Farley and Luke Moran, who are well known throughout the State. The meeting will be held in Holy Trinity Hall.

WRITE LETTER

A letter protesting against the smoke nuisance in this city, has been written to the Plainfield Common Council by the Irving Parent-Teacher Association.

Source of Vocabulary

Wesley or Wesser is only a title chap. One day his mother heard him using very forceful language. When questioned by her as to what and where he had heard such, he said:

"I heard daddy say it when he was down firing the furnace."

READE'S STRAND

CORINNE GRIFFITH *in* "THE GARDEN of EDEN"

Now playing at Rea de's Strand Theater.

The Garden of Eden" has no to Eve, no serpent—not even apple! It has Corinne Griffith as ir self eitizen, and it's a movie, a paradise. The film is now ow at Reade's Strand Theatre. ow will be those who will say symbolically, Lowell Sherman ompting serpent, Charles Ray Adam and Miss Griffith herself Eve of this United Artists

Then who is the apple? Corinne Griffith picture de- its name from the garden of Eden, outside Monte Carlo, holy writ. As Toni Le- not Eve!—Miss Griffith ac- the Baroness de Garcia to the Hotel Eden, posing as the Baron- ess' daughter. There Corinne meets Charles Ray, who is not Adam but the rich young Richard Spanyi. Their wedding is interrupted by the sudden reappearance of Lowell Sher- man, who is Henri Glessing, not a hissing serpent. Then Corinne gets mad and things begin to happen.

Lewis Milestone directed "The Garden of Eden," which is based on the German play by Rudolph Ber- nauer and Rudolph Oesterreicher.

Emil Jannings, acclaimed by many as the world's outstanding dramatic actor, opens a week's engagement at the Strand next Monday in his latest American-made film, "The Last Com- mand."

READE'S OXFORD

ine drama and tender romance skillfully blended in "After the Storm," the Columbia production now on today at Reade's Oxford heater. The film is a happy com- bination of the virile action of the ea and the vehement love of youth. It is a character study carefully ned and artistically executed. The action is silhouetted against background of a huge steam- ged tramp ship and the port of rgaret. Under the adept direction George B. Seitz the picture is blossomed into one of the best dramas of todtry.

Robert Bosworth, as a sea cap- n established by youthful exam- s and a merciless woman-hater, ld that can be desired. He builds a character which will long be remembered. The unfoldment and ssection of this man of the sea ds the audience. The atmos- ed odd assortment of human s buffeted with the tide and ds of fate are delineated by a st of excellent players. Sunni ose is Eugenia Gilbert, Charles tempting George Kuwa, Maude rgis, Linda Loredo give an indi- ion of the guilty of acting which y be expected.

e Oxford stage for today, morrow and Saturday Ray Mar, ing of clowns, and his com- ny of clever associates will be the traction. Mr. Mar is known throughout the entire country for his characteristics: he love friends and his chief aim is to give his public a clean, fast and ny show. Each playlet that Mr.

Ray Mar, who heads his own musical comedy company at Reade's Oxford Theater today, tomorrow and Saturday.

Mar and his company present con- tains a complete story interpolated with excellent musical numbers, dances, beautiful costumes, elaborate stage settings, and situations filled with honest-to-goodness laughs. Among others Ray Mar's company includes Russ Howard, Kitty Tobin, Ruth Chilton, prima donna; Creigh- ton Drake, Nettie Nelson, Joe Boyd, the Boland Twins, the Owen sisters and a chorus of ten excellently trained young ladies.

LIBERTY THEATRE

Though the crook of today is an immaculate dresser, drives high- powered cars, maintains expensive apartments and frequents the opera and the night clubs he is a "brother under the skin" with the crook and evildoeddness and heartless- ness" of other days in the matter ers.

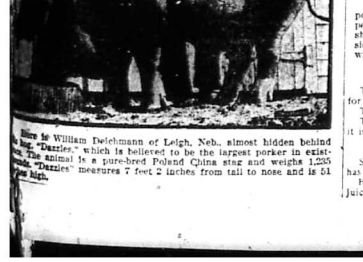
"Dressed to Kill," Fox Films ultra- modern story of the underworld and the master mind which spanned the Liberty Theater yesterday, received a acclaim locally that it has all over the country for it is human drama at its best.

Edmund Lowe, of "What Price Glory" fame, is the star in the role of "Mile Away" Barry, brainy and immaculate leader of the underworld and Mary Astor, "the patrician of the screen," plays the leading femi- nine role. Ben Bard heads the bril- liant supporting cast with Charles Morton in a featured role.

"Dressed to Kill" carries a series of punches that start with the open- ing title and never let up until the final fadeout.

The story is by Irving Cummings and William Conselman and was di- rected.

May Be the Biggest Hog in World



Here is William Delehmann of Leigh, Neb., almost hidden behind a hog, "Dazzles," which is believed to be the largest porker in exist- ence. The animal is a pure-bred Poland China stag and weighs 1,225 pounds. "Dazzles" measures 7 feet 2 inches from tail to nose and is 54 inches high.

Just in Time to Be Too Late

By MARTHA WILLIAMS

"YOU'RE not going a step. With your jaw swelled till you look like that heathen idol the Chinamen all worship, everybody would laugh at you and wonder why I'm resting. I let you come," Mrs. Neal said, her tone less unkind than her words.

She was not fond of Amabel, her stepdaughter, but conscientious in duty toward the girl. Amabel was no like her mother, who had carried off the only man her successor had ever fancied, it was not hard to hate her—still the two kept terms decently.

Mainly, be it said, through Amabel's yieldings to authority, she had never thought of rebellion until Austin Ware proved to her that her feet and her spirit were equally made to dance.

The proving came to pass in a visit Amabel had paid to a kinswoman at the other side of the county. Her neighborhood was gay with the young folk, given to dancing and dining, with the approval and example of their elders.

Even more than her husband, Mrs. Neal loved her church and her dominance in it. Tonight she would preside at the annual supper.

"Your pa is so deaf he wouldn't go anyway," she said to Amabel, as she set her bonnet in place. "So nobody can say a word about staying away—a jaw like that is enough for anything. Go to bed early. I'll fetch you some little cheesecakes if any happen to be left."

"Don't trouble," Amabel mumbled; "I can't eat—good night. Maybe I can sleep—but—I don't feel like it—now."

That much at least was the truth. Behind a locked door she flung off sober garments freed her cheek of a huge wad of chewing gum, nodded to it saucily.

Stealthily, noiselessly, she slipped into a gingly, airy scarlet frock. It showed beautifully her sleek stockings matching its hue, red satin slippers with brilliant paste buckles. Last she left the outer door unlocked—as she heard it carefully opened she slid down the stairs, her long black crape huddled over her arm, her carriage boots swinging in her hand, to meet Austin, who after a suppressed whistle, flung the wrap about her, saying in her ear:

"Mine, Mephisto—I shan't dare to let you out of my sight—not tonight—nor ever," the last words underbreath.

It was bitter cold, the road hard frozen, yet beginning smooth as glass. The motor purred over it at lightning speed. Amabel had no sense of time or distance. It seemed to her hardly a minute before she found herself in a warm, brilliantly lighted room, part of a gay, surging crowd simply dance-mad. Something in the air set spirits on edge. She was madly reckless enough to brave anything.

So it was with Austin who at last hurried her away, saying, "One o'clock, Cinderella, but you shall have more dances."

They glided stealthily up to the Neal gate. Amabel forbade a nearer approach. "Go away, I can get 'n best by myself," she said. Austin only smiled. He drew her hand within his arm and half carried her up the slippery brick pavement that ran the length of the lawn. He even lifted her into the tiny porch and then pulled away her wrap. "I want to remember you always just as you look now," he said, standing back a pace or so to see more clearly. His headlights illuminated the space with a soft, suffused radiance. It etherealized Amabel. He tried to fling his arms about her, but the door opened wide and Mrs. Neal, candle in hand, stood framed in it.

"This must be a—mistake," she said, with a harsh breath. "Ours is a respectable house—it does not harbor scarlet women. I should hate to disturb my sleeping husband—so please go away—at once," turning at the last word to shut and lock the door.

A shut door was the only proper answer to such trickery, thought Mrs. Neal. She would open it after awhile—when Amabel, reduced to abject fear, should make proper supplication.

Up in her own room she waited tensely for the knocking that would tell her she had won. It did not come. Instead, she heard the motor moving rapidly away. She would go down and listen closely—maybe Amabel was outside the door, trembling with cold, afraid to knock.

She opened the door. Nothing, nobody. Heedless of her bare head she ran to the gate, and then before a hurried search of the thick shrubbery, the summer house, the garage.

Shaking like a leaf, she crept back within, tried to rouse her husband, but vainly; he was one of the seven sleepers. Then she thought of the minister. He was always a safe counselor. And she was afraid for Amabel's safety out there in the cold.

"That you, Sister Neal?" came a hearty answer at last. "You're just in time to be too late. I married your run away hard and fast ten minutes ago, and I'm bound to say they looked the happiest pair I have ever helped tie double fortress."

The good man stopped suddenly. Over the wire he heard unmistakable sobbing, then faintly: "Oh, thank the Lord for this crowning mercy. But for it I might be a murderess."

The minister never asked explanations, but he gave out to the world that Sister Neal had a mighty soft heart, and was, in spite of her appearances, wrapped up in her stepchild.

Turns White in Winter

The Arctic or white fox is circumpolar in range. Its normal summer pelage is dark brown on the back, shoulder and hip and tawny on the sides, says Nature Magazine. In winter it is pure white.

Welcome Prohibition.

The Young Bride—"I'm looking for an apartment."

The Friend—"What style?"

The Bride—"One of those where it is illegal to cook."—Life.

Nature Unadorned.

She—"My, but this orange juice has a peculiar flavor."

He—"Yes, it's genuine orange juice."—Life.

Trace Art of Weaving to Prehistoric Times

Spinning was the invention of Minerva, the goddess of wisdom, in the lore of the ancients, and Arcas, king of Arcadia, developed the art about 1500 B. C.

The wife of Tarquin was credited with being an expert spinner, and a garment that she wove was worn by Servius Tullius and afterward preserved in the Roman Temple of Fortune.

According to Pliny, the honor of inventing weaving belongs to the Egyptians, but its origin is prehistoric, relates Dr. Frank H. Vizetelly, managing editor of the New Standard dictionary. There are many Biblical references that indicate that the Israelites were experts at this interwining of threads to form cloth, but so also were the Persians and Babylonians, as well as other ancient nations, all of which carried fame through their products. Even the ancient Britons seem always to have had some knowledge of clothmaking, probably derived from the Gauls, who once peopled England.

According to the Roman historians, Caesar's legions, when they landed in Kent, found the natives well advanced in the arts. Th inhabitants of southern Britain were familiar with the dressing, spinning and weaving of flax and wool before the arrival of the Romans, but their neighbors, the Picts, had practiced them even longer.—Detroit News.

Marriage Makes for Lengthening of Life

Dr. Henry Fairfield Osborn, head of the American Museum of Natural History, has a word for the wedding bells and orange blossoms. He believes from a study of the facts and figures that a man has an even better chance married to survive the terrible strain of modern existence than if he stays single.

Doctor Osborn bases his theory on a study of the careers of graduates of the class of 1877 of Princeton university. He has a record of those who married in the last 50 years and of those who remained single. Forty two per cent of the married graduates survived their fiftieth anniversary, while only 25 per cent of the bachelors are living today.

The graduating class of 50 years ago averages seventy-two years; with only 52 of the 172 men who matriculated with the class still living. Once married the men of each profession not only lived 12 year longer on the average than the bachelors, but 45 per cent of them still survive, as opposed to 25 per cent of the single men.

"Some credit for this good record must be given to the good housewives," says Doctor Osborn, "and to their ceaseless vigilance over overcoats and rubbers."

Fish Long Used as Food

From the misty past we can see an example of how much fish was relied on for food for the toilers of time. In Egypt, before 1463, B. C., the consumption of fish as a regular article of food was confined to the workers on the Nile and the foreign captives who had been made the industrial slaves of the nation. The workmen who constructed the pyramids—those gigantic memorials of the past—were fed almost exclusively on fish, and it was not till 200 years later that it became a food of luxury for the rich.

In "L'Alimentation Animale," by Monsieur Husson, an accepted authority in France, it is stated that Monsieur Mouchat, who was entrusted with the drawing up of a report on hygienic progress, divided fish into different categories, according to their nutritive qualities.

Wild Animals Take Toll

In spite of constant warfare waged against the predatory animals by federal and state officials, hunters and trappers, predatory animals cost the farmers and stock raisers of the United States more than $10,000,000 every year. These animals are coyotes, wolves, wildcats, mountain lions and a few bear, together with smaller animals commonly termed "vermin," which include foxes, weasels, mink and skunks. Of these losses, the permittees grazing live stock on the national forests in 1920 lost more than 150,000 head of sheep and cattle, valued at more than $2,000,000.

Sure Enough

Foolish questions sometimes provoke foolish replies. One Sunday forenoon the primary teacher was not present at Sunday school. A substitute, not trained to primary methods, agreed reluctantly to teach the class. Many of his questions, of course, were too complex for his youthful audience.

"What is life?" he asked the one interested child in the class.

"I don't know what it is," replied Bobby, "but when you haven't got no more of it, you're dead."

Think This Over

Another evidence which we have noticed of the way things go in this old sale of tears and laughter is this: That when we desire to stay awake at night for a while, thinking things over, we go right to sleep, and when we desire to go right to sleep, we stay awake all night, darned near, thinking things over.—Ohio State Journal.

Don't Brag Too Much

Jud Tunkins says when a man brags about what a funny story he's going to tell he usually proves how true the saying is that anticipation is better than realization.—Washington Star.

Expensive Combination.

Briggs—Did the doctor build you up, as he said he would?

Griggs—Yes, and judging from his bill he charged me both as a physician and a first-class constructor.—Boston Transcript.

WOMANS CLUB OF ORANGE TO HEAR TALK ON PROHIBITION

Announcement was made yesterday that Mrs. Louis F. Slade, president of the New York League of Women Voters and a former regional director of the second national area, would speak on prohibition at the annual convention of the New Jersey League of Women Voters to be held in the Women's Club of Orange, May 24 and 25. The invitation to speak in this state, was tentatively accepted in Chicago after the annual convention had acted on the prohibition report of a special committee.

Mrs. Slade in confirming he engagement stated that she was very glad to visit Orange and talk on the stand taken on prohibition.

The special committee which made the report at the Chicago convention was named a year ago in the Washington General Council of the National League. That group, which functions between biennials, had been importuned by Massachusetts to submit the subject of prohibition to the states so that they might consider it as a study topic and act on this at Chicago this spring. Instead, the council felt it best to have a special committee first look into the feasibility of such a survey. The committee findings were that there was not adequate available data on which to base the survey and recommended a book list instead.

When this became known there were murmurs. No matter is ever indorsed by the National League of Women Voters unless it has previously been "studied" on the approved list. A good portion of the national convention was spent in revising and increasing this curriculum. In the prohibition matter, some, both of the drys and the wets, saw only delays in the committee's rejecion of investigation of the Eighteenth Amendment and the Volstead act. In satisfying objectors, the committee did whs for a conservative body like the national league is deemed a decidedly radical act. It advised repassage of a formerly enacted resolution for law enforcement, but in a new preamble it made clear that no adequate attempt at enforcement had been made. This was interpreted in many newspapers as a distinct criticism of the administration.

Junior leagues will not be forgotten at the meet, and Miss Gertrude Ely of Bryn Mawr, former field director of the second region and now counsellor for young women in the national league, will be on hand and give an address.

A big open meeting, with a prominent and authoritative speaker, will be arranged for the evening of May 24.

The annual election will take place from 9 to 11 Friday. A feature is that a roll voting machine has been secured to register the ballots cast. The program chairman is Mrs. Horace A. Woodward, president of the bestgroup of the league of Women Voters of the Oranges.

RUMMAGE SALE TO BE STAGED

A rummage sale will be conducted by the Rosary Society of St. Joseph's Roman Catholic Society at 218 East Front street, tomorrow and Saturday. The proceeds of the affair will be added to St. Joseph's Building Fund.

Mrs. Anna Hahn is chairman of the committee in charge of the affair and has announced that everything will be found at the sale, from articles of clothing to baby carriages and beds.

OWLS SHOW CONTINUES TO ATTRACT

The Nat Reiss Shows, which visited Plainfield ten years ago under the auspices of the Knights of Columbus, and then put before the public an excellent display of amusements according to the time, are this week showing their modernly improved outfit of recreation on the Mack Field, West Front street near Rock avenue, marking the Spring Festival of the Italian Nest of Owls and will celebrate all this week.

The Nat Reiss Shows who have attained a reputation for having one of the cleanest shows in the country, uncontaminated and unfettered by all the cheap carnival trash, has been on the road for 29 years. Their outfit is composed of 14 shows and 9 rides together with many other attractions.

One of the main features of the shows is the motor-drome of which Earl Purtle, Dale Purtle and Bob Norris are the daring actors. The feature of this show being, that upon the start of Earl Purtle on his motorcycle a lion is let loose and proceeds to endeavor to apprehend Purtle. Purtle with h siskill in keeping away from the lion affords the audience a thrill of a lifetime, as the lion is not slow. Earl Purtle was recently in an encounter with this lion which resulted in the loss of an eye and other temporary scratches, bruises etc. This same lion is now playing in the same game with Purtle and is more ferocious than ever.

The Willow Wander, another attraction has only been on the go for six months, being invented and managed by Harvey Goodhue. It is an allusion show, the manager creating spectacles in the air and changing these instaneously. No moving picture machine or stereoptican being used, this has proven to be a most unique attraction.

Next week the Nat Reiss Shows will make their second showing in Irvington, having made a success.

PROUD PARENTS

Mr. and Mrs. Anthony Demi of 217 Somerset street, North Plainfield, are the proud parents of an eight pound baby girl. The newcomer whose name is Herta is the second child.

Mr. Demi is a partner of the partnership of the Music Art Shop, East Second street and Park avenue.

FORITETH ANNIVERSARY MONDAY AFTERNOON CLUB IS CELEBRATED

Four Speakers Feautured Yesterday Afternoons Observance at Clubhouse

More than 150 members attended the luncheon yesterday observing the fortieth anniversary of the Monday Afternoon Club of Plainfield. The speakers included Charles W. McCutcheon, Miss Isabel Tweedy, a charter member; Mrs. Orton G. Dale of New York, a former president, and Miss E. B. Hartredge.

Mrs. Dale reviewed the work of the club during the time she was its chief executive and Miss Hartredge spoke of the future of the organization. She urged an auditorium and proposed larger civics, music and literature departments.

Mr. McCutcheon, who came to Plainfield 60 years ago told of the changes in the city and of the addition of many institutions. He praised the work of the Monday afternoon Club and said that they were stimulating interest in better music and literature and civic pride in Plainfield.

A poem that had been written by Miss E. E. Kenyon, the founder of the club, after receiving a diamond and emerald ring from the group in appreciation of her work was read by Mrs. Robert Laurie. Mrs. Henry D. Hibbard presided at the luncheon and the guests were greeted by Mrs. Horance N. Stevens, the president. Miss Tweedy spoke of the first institution.

The committee that made the arrangements for the luncheon included Mrs. Weston Williams, chairman, Mrs. William H. Murray, Mrs. Hibbard and Mrs. Eugene H. Hatch. Williams, the following women served: Mrs. Charles E. Lolseaux, Mrs. Lucius T. Koons, Mrs. Valle G. Kinny, Mrs. Lansing Y. Lippincott, Mrs. Arthur E. Ralph, Mrs. Herbert E. Cragin, Mrs. Morris F. Benton, Mrs. A. L. Stillman and Mrs. Garrett Smith. Mrs. H. R. Moyer, Mrs. Arthur E. Korhn, Mrs. A. L. DeLeeuw and Mrs. Stuart G. Simons poured.

At the close of the affair, the guests sang the following song, which was sung at the 15th and 20th anniversaries:

Once more we're gathered round the board
In mirth and jollity.
Once more we'll voice with one accord
Our love for M. A. C.

So here's a health to her we love,
And here's a health to thee—
And to her may we ever prove
Our faith and loyalty.

Yet some are missing, comrades dear,
Whom we would gladly greet—
And with our smiles, we drop a tear
To keep their memory sweet.

We think o fthem today, yet know
That we should not repine,
They helped to throw a brighter glow
O'er days of Auld Lang Syne.

And though in thought, far we may rove
To lands beyond the sea—
Yet we bring back all treasure trove
To our dear M. A. C.

So here's a health to her we love,
And here's a health to thee—
And to her may we ever prove
Our faith and loyalty.

NINE JEWISH STUDENTS TO GRADUATE SUNDAY

Graduation exercises will be held by the Council of Jewish Women's Religious School at 2 o'clock Sunday afternoon at the YM.YWMA building on West Front street. Nine students will graduate and all members and friends of the council have been invited to attend the service.

ADJOURNS CASE

Ajournment of one week was made by City Judge W. G. DeMeza in police court yesterday morning, prior to final disposition of a charge of non-support preferred against Raymond P. Kuehn of 1045 West Seventh street, Plainfield, by his wife. The signing of an agreement by the couple is awaited by the court.

OUR SPORTS TRAIL

By "BOB" JAEKEL

With the result of the Tuesday's game against East Orange in mind it looks kinda good for P. H. S. this Saturday when they play North Plainfield at High School Field. Each team has a game before the first tilt of the city series and with the final outcome of these games we might be able to make a few predictions. At present I can merely state that both P. H. S. and N. P. H. S. have a good pitching staff. Bill Lawrence has been throwing them up in big league style for Boroughites, while the two star pitchers for the locals seem to be in the persons of Marty Thompson and Merkle. The latter coming to his own Tuesday at East Orange.

Bart Viviano has a double! I've heard it said that everyone has a double of some sort, but who would have ever thought that a man like Bart would have one so close to him and really not know it. It all started at the East Orange game when many of the fairer sex took this freshman Di Paolo for Bart. I guess it's up to the Italians to fight it out between themselves?

It looks as though Johnny Howard's eye is in worse shape than was at first realized as he has been ordered not to fight Johnny Dill on the twenty-fourth. Tough luck!

I heard yesterday afternoon that Tony Scarpa and Frank Costa were contemplating the construction of one of the largest open-air arenas in the State. They are waiting for the word "go" from the commission. It is proposed to be built on Mountain Avenue opposite the Staats property. Boxing seems to be a paying proposition.

In order to have a complete resume of all the twilight games some of the leagues will have to send in their scores immediately after each contest so it will be possible to get the report in the morning papers. The Sunday School Leagues have not returned in a copy to date and the American Legion kids seem to have also forgotten. Try and get that stuff to the office by phone or personally as soon as possible after the game. If you call the phone is Plainfield 3500.

In the first two issues of the Mid-State Press the sporting articles have been thrown all over the paper, and wish to apologize for this fact by stating that it was an oversight on the part of the fellows who make the pages up and that the error will not occur again.

It certainly looks as though the good old industrial leagues have become historical facts. Many of the older fellows will well remember the year when Mack went to Binghamton and Benny Rosenson smacked a steal homer which was the game. That was eight years ago. Benny was captain in 1920 and Sandford was the manager. The line-up used was as follows:

Rosenson, ss; Dixon, p; Lamb, c; Hannon, 1b; Kachelriess, lf; Flagg, rf; Ayres, cf; Zellar, 2b; Coughlin, 3b.

Why don't you fellows get together again and play a feature game? The officials of that year were:

Sanford, manager; Grendall, secretary; Coyle, advertising manager; Wakefield, ground committee; Dunne, assistant manager.

Georgie Smith is from Missouri. In other words, he's got to be shown. And that, in brief, is the attitude of Mickey Walker's opponent for next Monday night at the Elizabeth Armory as he trains faithfully and awaits the call to arms for the battle that is to go down in history as one of Jersey's classics of the squared circle. It is being promoted by the Argonne Post, No 6, American Legion, under the direction of Jimmy Carden, the garrulous Greek.

Relative to his coming combat with the little terror of all battlers, heavyweights, light-heavyweights or middleweights, Smitty has assumed an air of calm indifference. Says he:

"What if this Walker is a wrecker? You can't wreck something you can't hit! I have never been floored in my life and I have tried conclusions with the best of them. In fact, I don't ever remember being hit hard enough to really feel it. And Mickey's going to do little solid landing when he mingles with me Monday night. He'll be too busy ducking!

Incidentally, Walker is pretty much seamed over this battle. It means more to him than the casual observer would think. In the first place, he has a definite account to square with Hughey Gartland, pilot of the crafty Smith. Long ago, when Walker was endeavoring to land a match with Jack Britton for the welterweight championship, Gartland, who was then managing Phil Krug, offered Jack Bulger, Mickey's pilot, a bout in hopes that a good showing for Walker would force Britton into the much-sought match. But Mickey didn't look so good against Krug and he's held it against Gartland ever since. So he intends, if possible, to knock Smitty right into Hughey's lap at the Beteytown Armory Monday night.

Heavier, stronger and cleverer, Smith doesn't see how he can lose to Wilker Monday. The bout is to a decision and Mickey would be distinctly mortified if he should drop the duke right in his home town after not fighting there for eight long years. That's why he's training so hard up at Madame Mey's in Summit these days.

BIBLE CLASS HORSESHOE LEAGUE OPENS

Grant Avenue Walloped Golden Eagle Team in First Play

The Bible Class Horse Shoe Pitching League opened its season Monday night at their new courts in Greenbrook Park under favorable conditions, which made for some excellent play, when you stop to consider that some of the men taking part did not have a shoe in their hand since last season.

Grant Avenue walloped the newly entered team, the Knights of the Golden Eagle, nine straight games, while Probasco took five out of six from St. Paul. Hydewood slammed Joy for five out of six games played.

The following is the results of the first night's play:

	W.	L.
Grant Avenue	9	0
K. G. of E.	0	9
St. Paul	2	4
Probasco	4	2
Hydewood	5	1
Joy	1	5

Next Monday night's games will be played between the following:

Grant Ave. vs. Probasco.
K. G. of E. vs Joy.
St. Paul vs. Hydewood.

PLAINFIELD TRACK TEAM DROPPED TO THE REAR IN YESTERDAYS ATHLETIC EVENTS

Line Changed From Weight to Age Given As Reason For Failure

With a perfectly legitimate excuse the Plainfield track, yesterday afternoon, dropped to the rear of the triangular meet held yesterday at High School Field with Morristown and Summit. The scores went as follows: Morristown, 92.5; Summit, 64.5; and Plainfield, 64.

This meet was handled entirely different from any other ever competed in by Coach Cook's men. All the previous meets included the dividing line between Senior and Junior class as 130 pounds. In this meet the line was made according to age. All members of the team under and including the age of sixteen were considered as juniors. This being the case, the Plainfield squad was greatly handicapped in that it had enrolled only eight boys of the legitimate Junior class rating, whereas, the junior Varsity squad runs around twenty-nine men according to weight.

The home team ran away with the Senior events, the scores being: Plainfield, 57; Morristown, 40.5; Summit, 34.5. This goes to show that a divided track meet may be easily lost if a particular team is not strong in both classes.

Final Ttoal Score: Morristown, 92.5; Summit, 64.5; Plainfield, 64.

Final score by classes: Senior—Plainfield, 57; Morristown, 40.5; Summit, 34.5; Junior—Morristown, 51; Summit, 30; Plainfield, 7.

FACES LIFE TERM

Mrs. Alexandrina Kedrock of Lansing, Mich., who faces the possibility of spending the rest of her life in Michigan state prison because two deputy sheriffs swore that when they raided her home they found two pints of whisky there. She had been convicted three times before on similar charges, and under Michigan law a fourth conviction for crime results in a life imprisonment sentence.

Chicago to Have a Beautiful Park Entrance

Chicago Grant par... the pro... have perhaps the most beautiful plaza in the world when the Congress street entrance at ... dated. This architect's sketch ... the twin driveways, which are being constructed, and ... extending from Van Buren ... son street.

WHIPPETS BEAT DIAMOND ACES

Victory ruled in the camp of the Whippets yesterday afternoon when they defeated the Diamond Aces to the tune of 10—7. Splendid pitching by McGall and tight fielding behind him enabled the Whippets to carry the game away so easily.

RED SOX PLAY TWELVE INNINGS

The Rex Sox were forced to play there extra innings yesterday afternoon at Boston, when Fothergill smacked a three-bagger in the seventh and tied the score with the Detroit Tigers. It looked as though Boston had the tilt all tied up, but the triple with two on lengthened the game. Boston won, however, making the final score 5—4.

TY COBB MAKES HOMER AND ONE BAG

Ty Cobb came through with a homer yesterday afternoon at Philadelphia in the game with the Cleveland team. He was able to single besides. People have been saying that Ty's legs are going back on him, but it looks as though they're O. K. at present. His home run enabled the Athletics to win over the Indians 15—2.

SPORT SCHEDULE

THURSDAY

Tri-City Baseball League—Greenbrook Park.
Harris (H) vs. Y. M. H. A.
P. H. S. vs. Nutley, (H).

FRIDAY

Tri-City Baseball League—Art Color Field.

SATURDAY

Lawn Bowling League—Greenbrook Park.
P. H. S. vs. N. P. S. (N. P.).

MONDAY

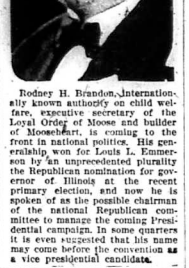
Concert under sponsorship of Holy Cross church in the High school at 8 o'clock.

CHAMBERLAIN VISITS HADLEY FIELD AGAIN

Clarence Chamberlin, famous transAtlantic flyer, landed at Hadley Field yesterday afternoon in his midget plane. After demonstrating its qualities to plane experts at the field he took off at 7:30 o'clock. His destination was believed to be Teterboro Airport. He has been at Hadley several times.

Members of Eagle Hook and Ladder Company of the Metuchen Fire Department will present "The Fire Brigade" at the Forum Theatre on Wednesday, May 23. Otto P. Rosenvinge is general chairman in charge of he production which is for the benefit of the uniform fund.

MAY RUN CAMPAIGN



Rodney H. Brandon, Internationally known authority on child welfare, executive secretary of the Loyal Order of Moose and builder of Mooseheart, is coming to the front in national politics. His generalship won for Louis L. Emmerson by an unprecedented plurality the Republican nomination for governor of Illinois at the recent primary election, and now he is spoken of as the possible chairman of the national Republican committee to manage the coming Presidential campaign. In some quarters it is even suggested that his name may come before the convention as a vice presidential candidate.

PLAINFIELD RESERVES LOSE GAME

Defeat entered the eranks of the P. H. S. Reserves yesterday afternoon and allowed Milburn to return the victor by a 7—3 lead. The game was rather loosely played, th elocals seeming to lack the characteristic punch of previous games.

McKay was on the mound for Plainfield and was able to hold Milburn down better than the West Orange nine is reported to have held the min their game there. A general weakness was seen behind the bat, but this was excused by inexperience on the part of both actchers. However, the lads worked hard back there.

Heinzer showed the most spirit keeping the fellows on their toes as much as was possible under the circumstances.

"Hub" is studying the infield and this boy Heinzer looks like good stuff for next year. The purpose of these second team games is merely to study the game and the fellows. It gives the coach an opportunity to see the best part of his men.

The box score:

Plainfield Reserves

	AB	R	H	E
Schermond, ss	3	0	1	0
Heinzer, ss	2	1	1	1

MacMURRAY'S VICTORY IMPRESSIVE

Considering the tremendous amount of work supposed to have been done by the two opponents of Mayor James T. MacMurray, his victory in the voting on Tuesday becomes the more impressive. Three times now the Mayor has gone to bat in contested primaries and, apparently, he hits the ball without one foot in the bucket. Unlike the immortal "Casey," he hasn't had a strike called on him once.

The case of the Mayor of Plainfield becomes more and more each year a parallel to the famous case of Dr. Mraviag of Elizabeth, who served as Mayor of the County Seat for more than ten years before he voluntarily retired. Every primary contest a small group of citizens who had a personal grievance with Dr. Mravlag always had an opposition candidate and there never was a primary without plenty of "mud-slinging" in the Elizabeth Journal, whose owner was particularly opposed to the Doctor.

The greater the amount of "mud" the larger the vote Mravlag would poll. The voters of Elizabeth stood by their Mayor through many a "rotten" campaign, even to the injecting of an American flag incident. His opponents never had the satisfaction of beating him.

If any faction in Plainfield is ever to defeat Mayor MacMurray they will have to get a less flimsy excuse than the question of domination of Common Council and other alleged misdeeds which were brought up by the Citizens' Union in the campaign just closed.

With three victories to his credit, the proper thing now to do is to get in back of MacMurray and call off all hostilities for the good of the Republican Party.

CONSOLATION FOR MAYOR'S OPPONENTS

For the first time in the three contests Mayor MacMurray has been a contender has hisopponents any gounds for consolation, according to an analyzation of the voting. His two opponents combined, polled a total of 4,430 votes, as against 3,326 for the Mayor, which according to the opposition is sufficient justification to say that he is not the majority choice.

A further study reveals that the Mayor only carried two out of the four wards and he was high man in only ten out of twenty-three election districts. However, in the Second Ward where MacMurray was not supposed to be so strong, he polled 908 votes against Clay's 967. In Clay's home ward it was expected that he would poll at least 300 to 400 more than the Mayor, also in the third ward it was anticipated that Clay would do better than 713 against MacMurray's 832. The commuters apparently did not respond as expected to their daily fellow traveller.

MacMurray's strength in the rst ward where he ran 752 against Clay's 377, and the fact that he was within eleven of Abrams whose 845 won the Fourth Ward, gave the Mayor the necessary edge to romp through the three-handed race with plenty to spare.

The following table is offered for those who delight in post mortems:-

	Vote	Districts Carried
1st Ward—		
MacMurray	752	3
Clay	377	1
Abrams	316	0
2nd Ward—		
MacMurray	908	3
Clay	967	4
Abrams	212	0
3rd Ward—		
MacMurray	832	2
Clay	713	2
Abrams	583	2
4th Ward—		
MacMurray	834	2
Clay	418	0
Abrams	845	4

BACK TO NORMAL

Yesterday resembled a real "morning after the night before" for most of those actively interested in the primary campaign, while last night the boys all went to bed early to recuperate some of the strength expended in the strenuous campaign. If there were any who earned their money and deserved a rest, it was those who had the arduous task of counting the ballots. Many put in a twenty-four hour stretch which included their presence throughout the day while the people voted and an equally as long period for the count. The tellers of election throughout the city deserve a world of praise for their efficient handling of a complicated ballot.

ED BODIN STILL GOING STRONG

The North Plainfield "numerical philosopher" continues to attract wide attention, judging by the following editorial appearing in last night's New York Eevening Telegram, which follow:-

"The true span of life is 99 years, according to Ed. Bodin, 'numerical philosopher' of Plaintield, N. J., who claims that all laws of existence follow cycles of numbers an dthat eleven is the spiritualized number, 'there being eleven steps in the evolution of the human mind from ignorance to spiritual consciousness.'

"The 9 is introduced and 99 arrived at because nine days is the incubation period of most of our diseases; nine months for human life, and every nine years the body undergoes a complete transition both physical and mental. Doctors will affirm the physical change, and most people themselves realize how their opinions change at least every nine years.

"'According to the philosopher the old three score and ten years of life originated when war and pestilence were considered necessary evils, and envy, suspicion, fear and hate were permissible attitudes of mind. But now that man is beginning to wipe out these mental sicknessesses as well as physical diseases, and is protecting his body from dissipations that used to be considered smart he can look forward to the full span of life that doubles nine implies.

"'Therefore,' concludes Mr. Bodin, 'students of numerical philosophy feel safe in designating eleven periods of nine years each to the span of human life, and predict longer and happier lives to future generations that can outlaw war, pestilence, hate, suspicion, fear and worry.

"There is nothing very alarming about anything the professor of Plainfield has said. The great charm about so many philosophic statements is that they resemble diplomatic utterances in that they are unanswerable.

Off the Concrete

LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

The Editor:-

Well, Mr. MacMurray got it again an I dsuppose we will have to contend with being subordinate to his administration of city zairs. I was for another candidate but if the vote for MacMurray means a nything, it must mean that the people are through with the factions here for all time. I feel that for the best interests of the city Mayor MacMurray should be given a hot fight in November by the Democrate aided by Republican votes. If he then wins again by a large majority, and it appears he will, the people should take siken carpets to City Hall and kneel on them, kiss the Mayor's hand as he passes by.—"A Clayite."

The Editor:-

I enjoyed the criticisim of the stock company playing at the Elmora Theatre an after reading it decided the same night to visit the show. I was as equally impressed with the value of the production as was your writer. It is too bad Plainfield had to loose its players but I think that "back alley," known as Park avenue, is an eye-sore and a hindrance to business—Mrs. Fay Cooper.

The Editor:-

Hyman Abrams lost. George Clay lost. Mayor Mac Murray wins. Those were the news dashes this morning. Those same bits of information should tell to the political hopefulls that just because they happen to be a business man here or one out of the city is not sufficient grounds for thinking they, and they alone, should be Mayor. Kindly omit my name.—F. J. N.

The Editor:-

For my part I was indeed glad to see your paper come out in the primary and take a side and do it in such a gentlemanly manner. While I did not agree with you in your selection for Mayor, still I was bound to admire your spirit and for that reason you may put me down as a subscriber. I am of the opinion that there are others who would like to read local editorials as inaugurated by you. Good luck.—Matthew Barnes.

The Editor:-

Until I sa wthe name of a neighbor signed to one of the letters published in this column and until I asked him if he wrote it I was o fthe opinion it was stuff newspapers buy. I really like the letters to the editor and wish to simply make that fact known as I think it is an invaluable way for the people to exchange ideas.—Frank De Pew.

What the GOOD BOOK SAYS

By Rev. W. Keeler, D.D.

Q. How many men had David when a fugitive?—S. F. G., Los Angeles, Cal.

A. "David arose, and he passed over with the six hundred men that were with him unto Achish, the son of Maoch, king of Gath."—1. Samuel XXVII.: 2.

Q. Are foolish friends profitable?—G. L., Maplewood, N. J.

A. "Forsake the foolish, and live; and go in the way of understanding."—Proverbs IX.: 6.

Q. Were babes mentioned favorably before Christ's time?—H. B. R., Utica, N. Y.

A. "I will give children to be their princes, and babes shall rule over them."—Isaiah III.: 4.

Q. How did Peter's denial of Christ react?—J. J. W., Pittsburgh, Pa.

A. "Peter went out, and wept bitterly."—Luke XXII.: 62.

Q. Is there a "cup of salvation" in the Bible?—K. O'D., Rye, N. Y.

A. "I will take the cup of salvation, and call upon the name of the Lord."—Psalm CXVI.: 13.

What extreme power did Jesus claim?—See Monday's GRAPHIC.

Fear and Brutality

An old proverb says that "he who fears others is most afraid himself." Observation will show you the proverb men are those who doubt their own capacity. They fear their own ignorance and their own weakness, and they try to conceal fear and ignorance by bluster. The man who is the least sure of himself puts on the direct pretense of knowing loud talk.—Grove Patterson in the Mobile Register.

Distinctive Brigade

The name "Orphan Brigade" was given to a body of troops because they had to leave their own state to join the Confederacy. "Different accounts have been given as to how the command acquired the designation of Orphan brigade. Its attitude towards its native state—extpatriated by reason of identification with a cause which Kentucky had not formally approved; its complete isolation from its people; its having been time and again deprived of its commander by transfer to other service, or death in battle—these, all and singular, may have suggested the name which soon fixed itself in the popular mind, and has come to be the real one by which it will be known in history."

Do You Know That—

Newest of the new are the colored print crystal chokers. It is the latest Paris fad to match one's choker to one's costume, and the new crystal chokers come in shimmering tones of green, orange, amethyst, blue or red; or of two colors combined.

Among the larger hats designed for summer is "the Hoosier," a bonnet-shaped affair of imported paillasson trimmed with velvet ribbon.

Fashion's newest footnote for young men is the colorful sock. Colors of leading universities are imitated on each shoe.

Human Nature Clinics

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

Men Who Count

We were coming home from Field's funeral, Morton and I, and we were talking over the dead man's virtues and his weaknesses. Field had been a very quiet man who had lived within himself a good deal. He hadn't been active in anything, he had made very few friends, and those few were not in any sense close friends. Morton and I were as close to him as anyone had been, and yet it was a surprise to each of us when we were chosen as two of the pallbearers. We had thought he had more intimate friends than ourselves.

We were both a little sad about Field, not especially because he had gone, but because his going would make so little difference to anyone. He had seldom been counted in; his opinion, if he had any, carried very little weight, his influence was seldom weighed when weighty matters were under consideration.

"The saddest thing about it all," Morton said to me as we were walking along, "is that no one is really going to miss Field. He never seemed to count."

It was the last sentence which struck me most forcibly. Will the forces of evil feel relief when I am gone? Will there be those whose machinations have been interfered with or thwarted who will be glad and feel a sense of relief when they read your obituary or mine in the evening newspapers? It would give me pleasure to think so.

There are men in every community who really count, who when anyone is in trouble are first thought of, if any enterprise is to be undertaken are called on immediately, if weighty problems are to be considered are considered as valuable advisers.

Carrier was one of those. He was not a member of the board of directors of the First National bank, but that institution never backed any serious financial enterprise without some one's getting Carrier's opinion of it. He had little authority apparently, but he had what was more worth while, that is, influence. He wasn't so much of a church man, but he had a good deal to say it a new minister were under consideration in one of the local churches. He counseled in social matters, in politics, in business, and in the affairs of the community in general.

I should like to be such a man.

DADDY DUSK The Sandman

Riding along the road toward home and away from the old deserted house with daddy, Joe, Twin and Twinnie all talked at once.

"A ghost took Grandfather Benson's violin out of the case in the corner and put it on the old piano," Twinnie cried excitedly.

"We heard some one knocking on the window," Twin added.

"Twin and Twinnie were very frightened," said Joe, smiling, and looking at the twins—for he was 12 years old and would never let them know he had been scared then.

"But Joe ran faster than we did away from the old house," cried Twin and Twinnie together in the same breath.

"—and there was a key in the door and it was open—" cried Twinnie breathlessly. Twinnie was always hoping that some day Twin didn't see.

Daddy stopped the car right in the middle of the road and began to turn around.

"Where are we going?" asked Joe and Twin and Twinnie all in one breath.

Family Spicide

There is much less danger for the future of the race in overpopulation than in our present system of birth control for the fit and unlimited procreation for the unfit. There is practically no danger of race suicide, but there is great danger of family suicide. The human race will go on for millions of years, but it is certain that some of our finest and best families will leave no descendants and have no part in the future of America.—Anonymous Author in Harper's Magazine.

Earliest Newspapers

An authority is inclined to give the credit for the earliest European newspaper to The Netherlands. A Newe Zuytung, or New Newspaper, was found dated 1526 and telling of the great battle with the Turks. But back in the days of old Rome there were the Acta Diurna, or Daily Events, which regularly chronicled battles, elections, games, religious rites, etc. That daily paper, or bulletin, lasted to the fall of the western empire.

America's Great Debt to Pioneer Mot

Pioneer mothers played a part in American annals. Living the ones they loved they made homes spring up in the wilds. From helping to build the raising the little ones, weaving clothes, down the long rang ceaseless toil which frontier holds, they were co-workers the men who gave America 45 instead of 13. Leah A. Kee writes, in the National Republ

Around the wide-mouthed places at night in the isolated in these mothers of America terdays laid the foundation of Twentieth-century progress they taught lessons before the ing of the schoolmaster; laid taught the religion from the cious family Bible long before steeples of white churches the landscape. All the accu civilization they planted on new frontier, as the men put the wheat in the newly tame drained the swamps and fell forests. Toilers, mother, th preacher—all these in one typical pioneer woman who thered the cause of America

FAIL TO MAKE CHARGE AGAINST MOTHER WHO KILLED CHILD

ALLEGED SLAYERS CONDITION REPORTED TO BE ABOUT THE SAME AT HOSPITAL

HAD BEEN BROODING OVER LOSS OF ANOTHER CHILD, HUSBAND TOLD POLICE

Said to Have Drowned Child, Stabbed It, Herself and Turned on Gas

Up to two this morning no charges had been made against Mrs. Josephine North, 42, of 1008 South avenue, who yesterday noon was found on the floor of her kitchen near death with the dead body of her three-year-old daughter close by.

At Muhlenberg Hospital where everything was being done to save the woman it was said that her condition was about the same." The body of the daughter was removed to the undertaking parlor of George H. Cole on West Second street.

Brooding herself for the death three years ago of her youngest child and driven to almost insane despondency by what thought which has been haunting her since March, Mrs. North fatally stabbed her her three-year-old daughter, Alice Louise, with an ice pick and attempted suicide with the same weapon while the two were alone at home.

The mother's suicidal attempt apparently was unsuccessful, acording to reports from the Muhlenberg Hospital, to which she was rushed immediately after the murder. At the latest although she is very seriously ill, her recovery is hoped for.

The two were found by Leon North, the father of the family, upon his return from work at the Record-Press at Watchung avenue. Mother and baby were lying side by side directly in front of a gas range, the pilotcocks of which had been carefully turned by the mother before she committed her act of vengeance upon herself. A carving knife in addition to the ice pick with which she had killed her child were still near her breast when the father entered the kitchen.

Just as he was about to send out an alarm Captain Fitzpatrick of Engine House No. 4, entered the home. He had come in response to the pleadings of the two remaining children, Violet, 13, and David, 12, who stated that "something was wrong". Mrs. Libby was dead and very little life remained in the body of the mother.

The fire department pulmotor was brought to the home by Fire Chief Harry J. Dunn and while the trio awaited the arrival of Dr. Marcus L. Dawson, they worked on Mrs. North. Immediate took the woman to the Muhlenberg Hospital where a final try at desperately being made to save her life.

Neighbors of Mrs. North told the police that she had acted queerly since the death of her seven-year-old child in March. She constantly brooded over the death and frequently stated that she alone was responsible in that she allowed the child to become ill. Her actions became more noticeable in the past few weeks and at one time a city employe reported being her grasp a red hot pipe connected with some sort of road building apparatus in a street near her home. Other acts less daring were seen in her latest period of despondency.

Police have been investigating and they, too, believe the theory that her broken heart caused her to attempt the double tragedy. Detective Eugene McGarry and Motorcycle Patrolman Thomas Bray and Thomas Conshay were at the home at noon yesterday acting as officers in charge of the case.

LOCAL BANKERS ARE AT ATLANTIC CITY CONVENTION

The convention of the New Jersey Bankers Association, which is being held at Atlantic City, will have among its attendants, nine Plainfield bankers.

The State Trust Company will be represented by F. T. Jacobs, vice-president and treasurer, and A. D. Edgar, vice-president, while those attending from the Plainfield Savings Bank were Harry B. MacDonald, president and treasurer; A. F. Randolph, vice president, and Walter F. Maning, director.

The officers of the Plainfield Trust Company in atedance will be Harry H. Pound, president; DeWitt Hubbell, executive vice-president, and Frederick H. Stryker, assistant secretary-treasurer.

This city is honored in the official publication of the New Jersey State Bankers Association, in tha the Plainfield Trust Company is listed as one of New Jersey's largest bank.

"The Plainfield Trust Company," according to the article, though but twenty-six years old, is the largest trust company in the State with resources of over $22,000,000. Plainfield is listed with Newark, Jersey City and Trenton among the large financial centers of the state.

LEGION PLANS MANY THINGS

In conjunction with the announcement last night that the American Legion would conduct a poppy sale here May 26 and 27 it was announced by Adjutant T. C. Harding that the Legion was in no way connected with disabled soldiers or alleged disabled soldiers said to be selling magazines on the streets.

Ajutant Harding said the disabled men in hospitals did not receive any of the money the magazine men sold. He said there have been several here and that only one had a license.

Mrs. Joseph P. Haslock is general chairman of the poppy sales. The Woman's Auxiliary is to conduct it. From the Legion she will be assisted by A. L. Lytell, F. O. Linke, Frank Fergin.

The Legion will hold Memorial Services in Sts Peter's Lutheran Church the 27th. Rev. C. S. Kirkegaard will officiate. The same day the graves will be visited and on May 30, Decoration Day. Major Henry Adams lead the Memorial Day parade.

POLICE SEEK TWO GIRLS SEEN HERE

Police of this city were requested yesterday by the Missing Persons Bureau of New York City, to be on the lookout for two girls and two boys, 36 hours after the four had been brought to police headquarters and released when nothing was found to warrant their being held.

The four, with their descriptions as given to the local police, are Florence Fink, 16, height five feet five inches, weight, 130 pounds; blond hair, wearing dark clothes; Margaret Plovick, 16, height, five feet fours inches, blond hair, wearing light clothes and the latter's two brothers, Joseph, 20, and John, 18.

MUIR APPOINTED TO BRIDGE COMM.

Assemblyman Thomas M. Muir of Plainfield was appointed a member of the Union County committee to prepare for the ceremonies in conection with the opening of the Elizabeth-Howland Hook bridge in July. Mayor John F. Kenah of Elizabeth notified Mr. Muir of his appointment yesterday.

FOURTH ANNUAL LITTLE THEATER TOURNAMENT SOON

With the approaching week coming on, the Little Theater movement in Plainfield will be given a decided boost when the fourth annual Drama Tournament will be held at the Y. W. C. A. auditorium, with seven groups competing for the Walter Reade trophy. One of the groups, the Y. M. H. A., is coming into the tournament with an original play entitled "Joan of Arc," written by one of the local tournament can reach one hundred per cent of this type of play or, in other words, when all groups entering the competition write their own plays as well as act them, this will mark a decided sep forward in amateur dramatics in Plainfield.

The Y. W. C. A., winners of last year's trophy, is again entering and expect to repeat last year's performance, when they were judged the best play. If they repeat this year, it will mark the first time any one particular entry has won the trophy two years in succession. The Community Players are again entering, and as they have one leg on the cup, having won it the first year, they have high hopes of gaining the possession again this year. As stated before, the Y. M. H. A. is entering this year with an original play written by a member of the cast. The Parrish Players, also with a win to their credit, they having won it in the second year of competition, are out this year to bring the cup to their mantle piece in repose for one year; so far have they gone in preparation for the winning of the trophy, that they have the wife of the playwright of the play to be presented directing for them, and as they are an ambitious lot, they will bear watching in this year's presentations.

De Molay is entering the competition this year with a play that bids fair to make the judges scratch their heads for the want of a winner, as this group is considered one of the best amateur groups in the city they stand an equal chance of winning their first leg on the silver cup. North Plainfield Community Club is entering the competition again this year with a comedy drama, and are hoping that they can get a look at the cup, as their energies have been inexhaustable so far, as the records show they have been entered each year and have yet to win it but expect to break the jinx and come through a winner.

The Dunbar Athletic Club, considered on the same basis as any of the above-mentioned groups, is entering with a special play this year and it will behoove the others entered to keep a watchful eye on this club, for when they set out to put on a play of this kind they usually get a big reception. The Dunbar Players have always stood very high in the Rankings, as shown by the past records, and have come within just a fraction of a decimal of winning the cup on two different years. This year, with this play on an equal basis, they are going into the competition with a will to win or lose valiantly.

Another feature, or an added stimulus to the players entered, will be a special prize in the form of another cup for the best individual playing the best performance of all groups. This added prize was made through a friend of the tournament, and who is a lover of the drama, both amateur and professional. This added prize will be awarded immediately after the Walter Reade Trophy is awarded to the winning play. The judges will confer after the last play, and decide just who is to win the added silver loving cup for the best individual performance of the whole tournament.

The first play will be given on next Thursday evening, starting at 8:15, and continuing Friday evening when all groups will have played their presentations.

REALTY MARKET IMPPROVES SAYS ANDREW HAYE, JR.

Andrew Haye, Jr., of 135 North avenue, reports much activity lately in real estate, having made sales recently to the following parties: House and lot at 22 Dumont avenue, Cherry Dell Gardens, sold to W. R. Whitley of East Orange, N. J.; 50 choice building lots at Cherry Dell Gardens to A. Goldberg of Newark, and at New Market owned by Mr. N. J.; new dwelling and 3 acre of Ludovic to Mr. R. Webb of Metuchen, N. J. The beautiful country residence on Long Hill Road, Millington, owned by Mrs. A. Donegan, sold to C. H. Williams of Orange, N. J.; four lots facing Mountain avenue, part of Hyde property, sold to Mrs. A. Randolph of New York City, twelve building lots at Dell Dale, Stirling, sold to different parties from Newark.

DIRIGIBLE ITALIA, with Gen. Nobile in command, is shown arriving at Spitsbergen, Norway, on the initial lap of the trip over the polar region. The airship is now making exploration and survey flights over polar regions. The first part of the journey was made without mishap and Gen. Nobile and his brave crew are confident of success.

GENERAL PUBLIC IS INVITED TO ATTEND SCOUT MEETING

Campaign to Raise Camp Funds to Start Saturday

A meeting was held last night at Plainfield Country Club in behalf of the workers of the Scout Camp Fund Campaign which begins Saturday, May 19, and the first gun was fired to open the campaign to raise $16,000, as Plainfield's proposition of the amount needed for the scout camp located in Hunterdon County.

At tonight's meeting the general public is cordially invited. All questions will be answered.

Scout Officer F. F. F. Huntsman will conduct tonight's meeting. Judson P. Freeman will be the principal speaker. He is from the national scout headquarters.

Raymond F. Smith, chairman of the Plainfield campaign, has issued invitations to the public. He said no donations will be asked at the meeting. Three hundred men and women comprise the campaign committee workers aggregation.

The National Council sent the following letter to Chairman Smith:

"We congratulate the local council on its selection of its campsite, which has splendid natural advantages for pioneer and nature Work, and for other features of the scouting program. With an adequate swimming pool, housing and sanitary improvements, it should make a camp of which you will be proud.

"The camp presents to the citizens of your community an opportunity to make a contribution to a most constructive program, a program that will take the boys out into the open, and through an appealing program of activities and the practical application of the Scout Oath and Laws, develop in them qualities of good citizenship motivated by good character habits. Good luck to you."

SEVENTH CLASS IN MUSIC WEEK

Observances of "Music Week" in the schools of this city, included a program by the 7-A class of the Jefferson School, held in the chapel.

Six members of the class, Alice Bailey, Grace Hankinson, Jean Warrick, Virginia Williams, Catherine Sisco and Helen Fike, gave a flag exercise with quotations about the flag, followed by the pledge to the colors and the singing of the national anthem.

"The Writing of Music" was the subject upon which Anna Wrubleski spoke, while Eleanor Gray chose "How the Notes Were Named," for the theme of her talk. "The Names of Lines of the Staff" and "Color in Music" were the subjects of talks also given by Edward Busher and Lottie Kowalski, respectively.

Instrumental music given in conjunction with the program, included a violin trio composed of Theodore Martine, Clarence Baker and Leveritt Vigor, who gave two patriotic numbers.

Other subjects upon which the pupils spoke were "Greek Music" by William Merva; "Chinese Music" by Fannie Downey, and "Indian Music" by Joseph Dzurvak.

Prizes were presented by Mrs. Harriet Chase, member of the Mayor's Clean-Up Committee, to Marjorie Clark, first prize for the eighth grade. Phillip Matthews first award for the fifth grade, and John Krim, honorable mention for the fourth grade.

Miss Louise B. Moyer, representing the Plainfield Trust Company, spoke on the subject, "The History of the Bank."

MOBILIZATION TEST HAD BY SCOUTS

Troop 10, of the Watchung Council of the Boy Scouts of America, Plainfield, district had a test of the mobilization plan last night which Scout Master Henry E. Fueth reported as being an outstanding success. Of the 30 boys in the troop, 29 submitted to instaneous response, the total being at the place of mobilization in 20 minutes after the first call, the thirtieth scout being devoid of communication.

MOTHER AND SON

Mother and Son dinner will be held tonight in the boys department of the Plainfield Y. M. C. A., corner Watchung avenue and East Sixth street. A large attendance is urged.

CAMPAIGN RAISES HALF OF QUOTA

Check For $5,000 Will Be Given to Dr. Weizmann Monday Night

Members of the Plainfield Zionist District, met at the home of Mr. and Mrs. Samuel Pelowitz, 618 West Front street, last night, to discuss plans for raising Plainfield's quota of $10,000 for the annual Palestine Appeal campaign of 1928. A spontaneous response resulted in raising a substantial part of the quota. Encouraging reports were given by the chairman of the local drive committee, Abraham Kantor, and the vice-chairman, Charles Kurtzman.

As a result of last night's meeting Plainfield Jewry will be able to participate in the reception to Dr. Chaim Weizmann at the Y. M. H. A. auditorium in Newark next Monday evening. At this meeting checks for $100,000 will be given to Dr. Weizmann on behalf of New Jersey Jews. Plainfield will offer him a check for half of its quota; $5,000.

Among those present at Monday's meeting will be Governor A. Harry Moore, Mayor Thomas A. Raymond of Newark and Felix Fuld. Seven hundred members of Zionist organizations in the tSate will attend, including a large delegation from Plainfield.

MAN IS DEAD— RESULT OF FALL

Funeral arrangements for Chester Jackson, 24, colored, of 338 East Fourth street, who died as the result of a fall shortly after 11 o'clock yesterday morning, have not been completed as yet.

Jackson was killed when he fell from a truck at Terrill and Cushing roads, while unloading goods for Henry J. Weirenga of 421 East Fifth street, shipper by whom he was employed.

He was taken to the Muhlenberg Hospital and pronounced dead upon arrival. An investigation is being made by County Coroner C. A. Brokaw.

NEW YORK—Directors of the New York Federal Reserve Bank this afternoon increased the rediscount rate to 4½ per cent from the 4 per cent rate which has been in effect since February 3.

The action had been expected, as other Federal Reserve banks had adopted the higher rate.

ELIZABETH A. A. TO PLAY LOCALS

Saturday afternoon, May 19, will again find the Plainfield Club out for blood. They are leading the Union County Baseball League by having won two out of two games and the test of their iron will be made on Saturday when they play the Elizabeth A. A., their strongest rivals.

Both Saturday and Sunday's games will be played at home and there should be a large crowd out at Greenbrook Park to see the battles. Dick Snowden's ankle seems to have healed and with Ted Swarer to aid him, if aid be needed, our team should have a stellar pitching staff to face their opponents over the week-end.

RUSSIAN BALLET PRESENTED BY Y

A gymkhana and a Russian ballet, "The Toy Shop," will be presented at the Y. W. C. A. at 8 o'clock this evening. The program of the gymkhana will open with a dance, the rig-a-jig, by the juniors. There will also be combative games by the juniors, dances by the seniors and an indoor game of baseball.

The Russian ballet will be given by the junior dancing classes and will be followed by a swimming meet between the juniors and seniors. The junior team won first place in one of the three meets which they entered and second place in the other two. The senior team won first place in one place in the other two. The senior team was awarded third place in the annual meet held at the Jersey City "Y" recently and in which seven teams participated.

The affair is being held under the auspices of the physical department, of which Miss Gertrude M. Swift is director. Mrs. Arthur G. Nelson is chairman of the committee in charge and the proceeds will be added to the Camp and Conference Fund.

LEAGUE HOLDS FINAL MEETING IN METUCHEN

The last meeting of the Borough Improvement League for the season was held yesterday in the League House. Mrs. P. Beistle gave a graphic report of the thirty-fourth annual state convention which was held recently at the Hotel Chelsea, Atlantic City.

Following the report those present were treated to an afternoon of color and tone by "The Vintons," father, mother and son. It was a stereoptican exhibit on "The Beauty of the Commonplace." The pictures were taken by Mr. Vinton and the coloring was done by himself and wife. In addition, Mr. Vinton, Jr., played compositions of Edward MacDowell on the piano and they were illustrated.

The affair was a fitting climax to a successful year under the leadership of Mrs. P. H. Minton the game will be turned over to her successor, Mrs. C. P. Beistlee, at the annual luncheon, June 14.

NEW YORK—Breaking of the stock market yesterday afternoon followed quickly on the heels of the sharp rise in airplane issues started by the recent announcement of a rail-air transcontinental passenger line to be established soon. Wright and Curtiss stocks dropped sharply from their new high level of the morning, and other stocks fell below the high prices of the last week. All stocks lost ground in selling that was so heavy the ticker was more than an hour behind at the close of the day.

NEAR PANIC AS CHIEF DUNN FIGHTS FLAMES, DAMAGE SMALL, BYRD CONTINUES HIS ADDRESS

Frederick Cook, Superintendent of Schools, Presided Speaker Praised Hadley

Fire, caused by a high-powered electric bulb, ignited the stage curtains at the Plainfield High School last night during a lecture by Commander Richard E. Byrd and drove several hundred into the street.

A panic was averted by the coolness of Commander Byrd and others. Fire Chief Dunn and members of his department rushed to the school and extinguished the blaze in about 10 minutes. The damage was estimated at $500. The curtains were said to be non-asbestos.

As Commander Byrd appeared on the stage he was given a rousing reception, everybody in the auditorium standing up. After being introduced by Frederick Cook, superintendent of schools, the lights of the auditorium went out. After a moment's hesitation, the aviator began his speech. In a few seconds the drop curtain of the stage flamed. Many persons rushed from their seats to the nearest exit, while others rose and waited.

"You had better leave quietly. Do not be alarmed," Commander Byrd said in a cool voice, although the flames were just a few feet above his head.

Four firemn from headquarters an one from Engine Company No. who were on duty, rushed to the stage with fire extinguishers and a ladder and in a few minute, the flames were under control. The ladder was returned to their seats after a delay of ten minutes. Mr.Cook apologized for the confusion and the aviator continued his lecture.

In a qiet, unassuming manner, always giving credit to his companions, Commander Byrd told of his experiences in the Arctic, during his North Pole flight in 1926. He spoke of Bert Balchen, command of the exhibition as "great fun" and paid tribute to Floyd Bennett, who was his lone companion on the pole flight.

The jagged expanses of ice, over which the plane travelled were shown by the pictures exhibited by the speaker. The many hardships which the men endured were depicted in the films, a swell as the primitive life of the Eskimos in this part of the country.

A vivid description of the flight to France was given next by Commander Byrd, who again gave a credit for the flight to his three companions, Bennett, Acosta and Noville. The forced landing in the water of the coast of France was told in a humorous manner by the speaker although he admitted that it has not semed funny at the time.

Many of the lectures were interspersed all through the aviator's lecture. When a elegram that had been sent to him by President Coolidge after his completion of the North Pole flight, was flashed upon the screen the Virginian remarked, "The president opens up a little."

The trip to the south pole that is being planned, is the most hazardous ever undertaken by any aviator, declared Byrd, but he explained that because of the extreme cold masks would have to be worn. Above 35 and 75 dogs will make the trip, he said.

After his lecture, scores of persons rushed back-stage to greet the commander, but a squad of boys under the direction of H. A. Stiles, athletic director of the school checked the crowd. Many books and photographs were autographed by Commander Byrd, who took time to discuss the advantages of Hadley Field as an airport with a representative of the Mid-State Press.

"Hadley Fiel dis fine for an airport," he said. "Its central location is an advantage and the many cities and towns surrounding it make it easily accessible. The future of the field is undoubtedly great."

Commander Byrd was met at the station, upon his arrival in Plainfield last night, by Mayor James T. Mac Murray and was driven to the school in an automobile loaned by a local concern. Miss Margaret Lawrence, 1214 Denmark road drove the aviator to the station from the school.

The committee which made the arrangements for the lecture included Miss Lena LeFedre, chairman, Miss Iona Moore and Prowler Sweet.

Commander Richard E. Byrd upon his arrival in this city yesterday, was provided with a police escort consisting of Motorcycle Patrolmen William Peterson and William King. Officer King escorted Commander Byrd's car to Terrill road last evening, following his appearance at the high school.

EHRENHAUSS NAMED PRES. REC. SOCIETY

William Ehrenhauss of 825 West Seventh street was elected president of the Community Recreation Society at its annual meeting, held in the Washington school last night. John J. Gough, the retiring president, who presided over the election, was made one of four new trustees of the society. He gave a short resume of the year's accomplishments.

Other officers elected were Miss Marjorie D Taylor, vice-president; Miss Vida B. Whitney, treasurer; Miss Blanche attorney, secretary, and Miss Catherine Winkelholtz, financial. Robert Krintsky and Mrs. Mary Galbaithwere elected to fill unexpired terms as trustees, other new trustees being Miss Edith Tinsman, Edwin Schlick and Miss Augusta Winkelholtz.

The closing social vent of the society's season, a dance, will be held in the Washington school next Friday evening. Santoro's College inns will play.

LEAGUE SPONSORS FLOWER SHOW IN METUCHEN

The Borough Improvement League is sponsoring a flower show, to be held tomorrow afternoon in the League House, at which the earliest flowers will be exhibited.

Another show is being planned in June for roses and later flowers, and still another exhibit in August, all preliminary to the big show In the fall.

NEW YORK.—Controller Berry declared today that he had discovered "grounds for criminal prosecution" in payrolls of the Manhattan Department of Street Cleaning.

He has sent the payrolls to District Attorney Banton. At least a dozen names in the same handwriting are on the rolls, Berry declared.

"The Commissioner should be held squarely responsible for irregularities in his own department," Berry said.

KING'S BAY, Spitzbergen.—The polar dirigible Italia a noon today was southeast of Franz Josef Land and headed direct for King's Bay on her homeward way, General Umberto Nobile her commander, radioed.

CAMDEN.—Vincent Burkeu, ten, admitted today that he unintentionally wrecked he Camden-Atlantic City flier of the Reading Railroad last night near Mt. Ephraim Ave., here. The engine and three cars were derailed.

WASHINGTON. — The Bingham amendment to the tax reduction bill proposing repeal of the estate tax was temporarily laid aside in the Senate today and other pending legislation considered in its place.

Chairman Smoot, of the Finance Committee, secured a unanimous consent agreement to change the order of business to give Senator Bingham (R., Conn.), absent from the city, an opportunity to speak on his amendment.

MINEOLA, L. I.—Captain Robert Frris, former Chief of the Floral Park Police Department, was sentenced to one year in the County Jail today for stealing an automobile containing $3,000 worth of liquor.

STOLEN AUTO

Reported to the North Plainfield police as parking on Rock street, north of Greenbrook road all day Wednesday, an auto was taken to Doring's garage yesterday morning. North Plainfield police found ths the car had been stolen from Austin Barton of 1537 South Second street Plainfield, and he was notified through Plainfield police headquarters to get it.

PEDDIE SUMMER ASSEMBLY SENDS DELEGATE AWAY

Money was voted for the expenses of one delegate to the Peddie Summer Assembly at Hightstown, July 2 to 12, inclusive at the meeting of the Women's Federation of the Park Avenue Baptist church, yesterday.

The meeting began with a sewing period at 10:30, under the direction of the work committee of which Mrs. W. Coons is chairman. A number of articles were completed for the Bonnie Burn Sanitarium. Luncheon was served at noon with Mrs. Philip Wood and Mrs. Orlando Wood acting as hostess. Mrs. Walter J. Swaffield, wife of the pastor, led the devotional service. Her subject was "The Highways of the King." Mrs. Grace Robinson was the soloist for the afternoon.

The missionary period was given over to "ea-table echoes" of the Atlantic District meeting that was held at Trenton, May 9, 10 and 11 and each of the delegates, Mrs. Charles F. Dayton, Mrs. C. Percevault, Mrs. Horace Bunder, Mrs. Nelson Van Winkle and Mrs. Max R. Hoener presented reports.

TAX COLLECTOR MAKES STATEMENT

Robert Lee, the Collector of Taxes, says that he has been called a number of times on the phone since sending out the 1928 tax bills and asked the question why two bills should be sent this year instead of one bill as last year. The explanation is that the real estate records have been separated from the personal property and poll tax records. A white bill represents real estate and a pink bill covers the personal property and poll taxes. No tax being on automobiles for 1928. If taxpayers will compare the two bills this year with the bill for 1927 they will find that in almost every case the total of the 1928 bills covering the same property are a few cents less for 1928. This is accounted for by the difference in the rate of $3.81 for 1927 and $3.80 for 1928.

The collector says that if taxpayers will only read everything on their bills, and especially the "Information for Taxpayers" they will have most of their inquiries answered. His office is pretty busy now in the receiving of payments and has very little time to answer the telephone, so that if people will read their bills it will save time for both them and the office. If there is any dispute about valuations the Assessors Office should be communicated with.

HOLD GOOD WILL FESTIVAL SAT.

Observing the anniversary of the world's first peace conference and the sending off of good-will school bags to the children of Mexico, a Good-Will Festival will be held at the Plainfield High School tomorrow afternoon, under the auspices of the Plainfield Committee for World Friendship, of which Mrs. Ernest Lilianthal is chairman.

More than 150 school children, representing 12 different nationalities will participate in the festival that is being arranged by 25 groups of church school workers.

The first world peace conference was held at the Hague, Holland, in 1899 and was the beginning of the Hague Tribunal. Two years ago the National Committee on World Friendship sponsored the sending of dolls to Japan and this year they are backing a movement to send school bags to the children of Mexico. One hundred and sixty-seven have been filled by the Plainfield children and will be sent off tomorrow.

MILDRED GREENE PRESIDENT PROF. WOMENS CLUB

Miss Mildred Green, 821 First place, has been elected president of the Business and Professional Women's Club of Plainfield. She succeeded Mrs. Harriet Mershon who became corresponding secretary of the organization.

Other officers elected include Miss Edith Robertson, vice president; Miss May Hughes, recording secretary; Miss Mabel Wilson, treasurer; Miss Frances Haskard, Mrs. Salera Caldwell, Miss Elizabeth Wilson and Miss Elizabeth O'Keefe, directors for three years and Miss Katherine Coleman, director for two years.

The club will hold its annual banquet at the Park Hotel, May 28.

Miss Greene was elected delegate to the national convention to be held at New Orleans in July and Mrs. Mershon was selected as alternate.

MRS. A. L. BAKER LAID TO REST

Funeral services for Mrs. Florence L. Baker, who was fatally injured Sunday afternon, when some naphtha with which she was cleaning a dress at her home, 609 Madison avenue, exploded, were held yesterday at A. M. Runyon and Son's "Home for Funerals." Rev. Walter Y. Brock, pastor of the Trinity Reformed Church, officiated.

A violin solo, "Abide with Me," was played by Josef Wilbershied and Miss Sarah Lee sang "Let Not Thy Heart Be Troubled" and "Face to Face," with violin obligato. The Mc. Dowell Music Club, of which Mrs. Baker was a member and which conducted the musical service, sang "Some Time You Will Understand."

Interment followed in Hillside Cemetery.

EDWARD E. PEASE ELECTED PRESIDENT OF YOUNG PEOPLES FEDERATION AT EPWORTH HOUSE

At the meeting of the Young People's Federation held last night at the Epworth House of the Congregational Church, Madison Avenue at Seventh street, the new officers were elected. They are: President, Edward E. Pease, 17 Regent street, North Plainfield; vice-president, H. Walter; Recording Secretary, D. Hamilton, corresponding secretary, A. Matzen, treasurer, J. Wilson; programme, Leslie Zeek and E. Bush; publicity, Elmer Finney and Miss Lillian Herbst; promotion, T. Black and E. Walke.

The plan of the oYung People's Federation which has been in progress since last December is a council comprised of two members of each young People's Society of the various churches of the Plainfields. The churches thus far affiliated are: First Presbyterian, Watchung Avenue Presbyterian, First Methodist, Monroe Avenue Methodist, St. Peter's Lutheran, Netherwood Reformed, Park Avenue Baptist, Congregational, Grant Avenue Presbyterian, Grace Methodist.

The ministers of these churches who are fervently boosting and in favor of the Federation Plan are: Rev. Dr. David J. Spratt, of Watchung Avenue Presbyterian Church, Rev. Dr. Leroy W. Warren, of the First Presbyterian Church, Rev. Dr. W. J. Swaffields, of the Park Avenue Baptist church and who is also president of minister's council of Plainfield, Rev. Dr. Philip S. Watters, First Methodist, Rev. Dr. C. S. Kirkgaard, of St. Peter's Lutheran and Rev. Dr. Oscar L. Joseph of the Grace Methodist church.

The plan of the Federation is to bring the affiliated churches in closer harmony and co-operation in the various festivities of the year. The plan being work on very diligently by all of the members, a remarkable progress has been made since last December.

Relative to the Rally which was to be combined with the general Rally which is to be held June 2. The committee for this rally are: Rev. Dr. David J. Spratt, James Wilson, Thomas Black, Gardner Mann, Lillian Dalrymple, Mrs. K. M. Pease, Elmer Finney. The various activities will be announced later.

A plan to increase the funds of the treasury was voted upon and of the different plans proposed it was unanimously agreed that the quickest method for immediate funds would be to have a cake sale. The committee appointed to materialize the plan are: Miss Edith Bush, Mrs. K. M. Pease, and Mrs. Cree. The date for this sale will be announced. A conference was held as to how the various societies accumulated their necessary funds to carry on their organization. No two being alike it is being planned to standardize the financial end of this work. Among the different plans of raising money are: Educational Motion Pictures, Player, the five cent investment plan through which five cents is taken by each member and through some way doubled and the proceeds doubled until quite a good profit is realized. This plan has been worked out very favorably.

The acting officers who deserve the credit for bringing the Federation to what it is since last December are: Chairman Edward E. Pease; Vice Chairman, Miss Florence Bicknell; secretary, Elmer Finney; Advisor, Rev. Dr. David J. Spratt.

The next meeting will be held in the Congregational Epworth House unless otherwise announced, June 22 at which time it will be decided upon to have a regular meeting night each month beginning next Fall.

JUDGE RUNYON IS IMPROVED

Federal Judge William N. Runyon of 136 East Ninth stret, who has been confined confined to his home since Tuesday, suffering from the loss of blood caused by a broken artery in his nose, was said at his home last night, to be much improved.

While his illness was at first considered serious, owing to his weak condition, he is now out of danger and is expected to resume his judiciary duties within a few days.

AUTOS COLLIDE

Two cars were damaged this afternoon when one, driven by John Ferraro of 183 Somerset street and owned by his sister, Mary, collided at Summit avenue and Somerset street with the other, driven by Henry A. Hansen of 34 Elm street, Elizabeth. No one was injured.

The Ferraro car was going north on Somerset street, and the Hansen car was turning into Summit avenue from Greenbrook road. Mrs. Henry A. Hansen was in the car with her husband. The steering geer of the Ferraro car and its right front mudguard were damaged. The right rear mudguard and body of Hansen's car were also damaged. No complaints were made.

ELECTION HELD BY METUCHEN P.-T. A.

At the Metuchen Parent-Teacher Association meeting yesterday afternoon, resolutions on the resignation of F. G. Van Kirk, after 30 years of faithful service in the borough schools, were adopted.

He made a brief response.

Miss Winifred Ayres sang several solos, accompanied by Mrs. Marvin Runyon. The following officers were elected for the coming year:

Mrs. W. H. Bohlke, president; Mrs. Sulis Frear, first vice-president; Mrs. H. A. Wainwright, second vice-president; Miss Helen Anderson, recording secretary; Mrs. L. Y. Bruno, corresponding secretary and Mrs. J. J. Dietz, treasurer.

UNION COUNTY PAGEANT PLANS ARE PROGRESSING

Plans for Union County's Historical Pageant to be staged at Echo Lake Park during the last week of June are progressing rapidly under the leadership of Col. William B. Martin and a committee of representative citizens throughout the County assisted by the Recreation Department of the County Park Commission. Union County has a wealth of Historical episodes from which the most important and suitable ones will be selected for presentation in the Pageant by groups from each community. Much interest and enthusiasm is being manifested in this undertaking which is destined to be of great benefit and educational value to all.

At a meeting held last week and attended by 45 representatives from each and towns throughout the County these plans were materially advanced and on Friday evening, May 18th, at 8 o'clock the general committee will hold an important meeting to decide upon the definite date or dates for the Pageant, programs, transportation, assignment of episodes for the various communities, costumes, etc. This meeting will be held at the Administration Building of The Union County Park Commission in Warinanco Park, Acme and Canton streets, Elizabeth, and all interested in this important undertaking are cordially invited to attend and take part.

It is important that the chairman and representatives of all local committees appointed by the Mayors be present so that each community throughout the County will be officially represented.

Mr. Jack Stuart Knapp of the staff of the Playground and Recreation Association of America, who has been engaged to direct the Pageant, will be introduced and will outline the general plan of procedure.

GUY R. SUTTON AND OTHERS TO REPRESENT Y

Plainfield will be represented at the annual meeting of the State Y. M. C. A. Association, to be held tomorrow at Camp Wawayanda, near Andover, N. J., by General Secretary Guy R. Sutton, Dr. O. B. Whitford, William D. Murray and O. H. Hewitt, Jr., of the local Y. M. C. A. association. The trip will be made by auto and the group will leave the association's building on Walchung avenue, in time to reach the camp at the opening meeting at 10 o'clock.

POSTPONEMENT

The business meeting of the Earnest Workers' Bible Class of Grace Methodist Episcopal Church that was to have been held yesterday afternoon was postponed until May 24.

DEMOCRATIC RETURNS FOR COMMITTEES

The results of the election to the Union County Democratic Committee on Tuesday, were as follows:

NEW AIR MAIL

Another air mail route has been established, namely route C. A. M.-20, between Albany and Buffalo with connections at Cleveland with the east and westbound transcontinental routes and with the route to and from Detroit. This service will begin June 1, 1928.

Prisoner Had Brief Hours of Pleasure

A truly Gilbertian situation is described by Francis Carlin, late superintendent at Scotland Yard, in his "Reminiscences of an Ex-Detective." Mr. Carlin was once sent to New York to take back to England a well-known absconding lawyer. They returned on the Cedric. The relations between Mr. Carlin and his prisoner were perfectly friendly on the voyage, and no one on board even suspected the truth.

The lawyer, most popular with passengers, was constantly in demand to organize deck games. On each occasion he went quietly to Mr. Carlin and inquired if he would mind.

"Certainly not," the detective told him.

Then came the inevitable ship's concert. The lawyer was invited to take the chair.

"Of course my uncle will act as chairman," butted in Carlin, "and I'll sing you a song."

"And an excellent chairman my prisoner made," said Carlin. "He was accustomed to preside over meetings. He made a most telling speech on the seaman's charity, and then went on to announce the turns —including my own, and to give the audience an interest in each."

The lawyer got five years when he arrived home.—Kansas City Star.

Wild Creatures Able to Foretell Danger

In addition to the five senses human beings enjoy, it seems that animals and birds have one that enables them to divine a little of the future and what it holds for them.

The saying, "Rats will leave a sinking ship," indicates a knowledge foreknowledge on the part of these creatures.

Fish, birds and animals are invariably true weather prophets. Sea-birds know in some curious way when a storm is approaching. Though the weather is fine and the sky gives no warning of a coming storm, they are moved by some common impulse to make their way inland. Wild geese will also fly from the approach of a thunderstorm.

Ants will desert their nests, taking their babies with them, 24 hours before the outbreak of a forest fire.

Rabbits will leave burrows made in low-lying ground before a flood occurs. They have some weird premonition which forces them to seek higher ground before the danger is upon them.

"Unpardonable Sin"

Theologians differ as to the exact nature of the unpardonable sin, which is the sin against the Holy Spirit. In Matthew 12:31, Jesus says: "Wherefore I say unto you, All manner of sin and blasphemy shall be forgiven unto men but the blasphemy against the Holy Ghost shall not be forgiven unto men. And whosoever speaketh a word against the Son of man, it shall be forgiven him; but whosoever speaketh against the Holy Ghost, it shall not be forgiven him, neither in this world nor in the world to come." The context indicates that the unpardonable sin consists of denying out of pure malice the divine character of works manifestly divine.—Pathfinder Magazine.

Canal Built in Midair

The reclamation authorities resorted to a novel expedient in the building of a canal along the side of a mountain at Tekoma, Wash.

Down in the valley below there was plenty of water, sand and gravel, all the essentials, in fact, needed for concrete. Up the mountain side, 800 feet higher, none of these essentials was available. Accordingly, the engineers decided to mold the concrete sections for the canal lining in the valley and hoist them into position. A trolley was rigged from the valley up the mountainside and by this means the concrete sections of canal lining, molded down below, were hoisted into place.

Radium in All Springs

Not only is there radium in spring water, but all spring water is radioactive to some degree, reports W. D. Collins of the United States geological survey. After three days, however, the water loses half of its radio-active "kick," and in thirty days practically none remains. At all times, the quantity of radium in the water is so small that only the most delicate tests enable chemists to detect its presence. In order to have any effect on the human body it would be necessary to drink at least 400 quarts a day.—Popular Science Monthly.

The Infantry

Jack and Bobbie had come to visit Billy, age seven. The three little boys had been playing together quite for some time when suddenly Billy's mother heard one of the children crying. She hurried into the room where they were playing and found Jack and Billy astride a trunk and Bobbie standing beside him, wailing dismally.

"Why, Billy," she exclaimed, "Why don't you let Bobbie on the trunk too?"

"Oh," returned Billy, "he's the infantry."

Her Brass Band

The young married couple were having lunch at a modest eating-house. The wogan was grumbling because they were unable to afford the luxurious restaurants which had been a feature of their honeymoon.

"You can't have a brass band everywhere you go," said the man crossly.

"Oh, yes, I can," snapped his wife. "I've got one on me now—on my finger."

KEAN READY FOR INVESTIGATION

Investigation of expenditures in the primary campaign of the Republican party will start with the United States Senatorial candidates as ready witnesses.

Hamilton F. Kean, Union County, the winner of the nomination, stated yesterday he is prepared to appear before the Reed investigatory committee of the United States Senate, which some days ago was directed to make the probe.

Edward C. Stokes, who ran second to Mr. Kean, and Joseph S. Frelinghuysen also are willing to appear. The resolution authorizing the investigation was adopted by the United States Senate without a record vote. It puts the probe into the hands of the Reed Committee.

Ambitious to Be an Artist

By AD SCHUSTER

"IT ISN'T a choice between Mary and me," Dolf Acken reasoned; "it's taking the only one that is possible for me."

Dolf who was out at the elbows and deeply in love with a girl who did not even suspect the fact, counted his twenty-seven dollars, the results of months of privation, and made his plans.

"I have heard of that art colony in the mountains. There will be some one there who can tell me if I know how to draw, some one who can teach me and maybe give me a job. Then, when I become famous and can wear a big broad black hat and a flowing necktie, I will come back and paint a picture of Mary which will be hung in the best gallery in the world and, and . . . ." Dolf, leaning against the fence, sent his dreams to the sky and Mary, passing by, looked at him and smiled.

The lad walked to Wilkett and to the colony of artists. Here he saw men and women who looked prosperous and happy. He hugged his bundle of clothes and paints close and wished he were brave enough to approach one of these wonderful men.

Always he put it off. They seemed so busy, so interested in one another, and he was so much out of their picture.

Dolf bought food in the colony's one store, making his money go as far as possible, but he knew his time was limited. These people painted real pictures. They were successful. What would they think of a ragged lad who had nothing but ambition? He wandered down the road and to the little village crossing. There were ten houses here and full of people who were not artists. Dolf looked for a job and because he knew telegraphy was put to work in the station. Nothing but a short line road in the mountains could employment be so casual or pay so low.

"I'll be one of those fellows yet," he said, whenever an artist from the colony came to take the train. "I'll save my money, rent a cottage somewhere and paint. Then they'll see. But I've just got to paint something first, and get some better clothes, maybe."

He started his studio career before he had planned, for his railroad job ended. Yet there was enough money with which to rent an abandoned shack not far from the colony. The boy then went painting, and eating as little as he could to make his money last. He did not know if his work was good or bad —but he knew it was all his own. Into it he found he was putting something of what he had dreamed he could do.

"Living near those fellows," he said, jerking his thumb toward the colony, "imagining I am one of them, gives me a sort of confidence." And so he painted until his money ran out, and when the last cent was gone he laughed. It was queer, it struck him, to be marooned with pictures. Pretty soon he would go out and shout so loud that a crowd would come, all the men and women from the colony, and then he would tell them of his pictures and they would buy and Mary, Mary would say, why that is Dolf Acken, my chum of childhood." He looked in the food box, turned it upside down, and gathered the crumbs.

"Now this place might be turned into a studio." Some one was talking outside his door and Dolf did not know it was a studio. "Should have had a sign," Dolf told himself and the door opened and a man with a blue Tam o' Shanter hat poked his head inside. Dolf rose shakily, and made a bow. The man shouted.

"Come in here. Just take a look at this!"

Dolf shivered. He did not want people looking at him. These people who knew how to paint, and dress, and act friendly were crowding in. He fell to the floor and when he came to, a woman was bathing his forehead.

"Excuse me," he said, "I didn't mean to trouble. What was it all about?" Then he remembered.

"Just a trifle," the woman said. "My husband has gone to get you some food. The men will take you over to the colony, you must rest. Now mind me," she spoke with mock severity. "You are to do just as I say, for you are ill."

"I haven't any money. I am all ragged." The thoughts which had been his for months came out in broken sentences.

"You don't need money, boy. You're an artist, and we artists stick together." The woman she was thinking of his pictures, "why didn't you tell us you were here?"

(Continued.)

Efficient Female

Our correspondent concludes her letter with a story. One of our governors, it appears, paid a visit to a state institution for those suffering from mental disease. In the yard was an inmate pushing a lawnmower and muttering the word "Norma." Asking for an explanation, the governor was told that Norma was the name of the girl whom the youth had loved, and that her inability to return the compliment had affected his mind. Inside the building the governor saw a man in a padded cell. The unfortunate turned out to be Norma's husband. —New York Evening Post.

LUMBER MAN SPOKE TO THE EXCHANGE CLUB

J. T. Loizeaux of the J. D. Loizeaux Lumber Company yesterday noon addressed the Exchange Club of Plainfield at the weekly luncheon in the Blue Room of Tuohig's.

Mr. Loizeaux urged the erection of the Blue Room of Tuohig's.

standing out side of schools by children during school hours. He said many thousands of dolars of property was not protected and that the property of the students was valuable and should be protected.

It is expected the club will change its luncheon hour from the present time. Just what change might be made was not made known. However, it was said the change may be announced at next week's meeting.

Fred Smith spoke on the Boy Scout campaign to begin Saturday. J. McCarron was chosen as representative of the club. Rev. Dr. David J. Spratt will speak at the next meeting on "In whom do you put your trust?"

SMITH VISITS HOME TOWN CELEBRATION

A. E. Smith, 173 North avenue, is today attending he celebration of his home town, Allentown, Pa., entry into the 100,000 population class of cities. A historical and industrial pageant is being held in which the entire community will take part. Mr. Smith was in the employ of the Public Service of Allentown from 1894 to 1907.

Allentown, which is located in the Lehigh Valley section of Pennsylvania, has doubled its population in the past two years and, with the exception of Pittsburgh and Philadelphia has led the state in building.

BOY BITTEN

The Plainfield police received a report from Harold Kenter of 228 East Fourth street, this city, yesterday morning that he was bitten, while delivering newspapers, by a dog which ran out of the yard at 940 Park avenue. The owner was not known to the boy.

MRS. R. L. LEE NAMED PRESIDENT

Mrs. Robert L. Lee was re-elected president of the Woman's Home Missionary Society of the Monroe Avenue Methodist Episcopal Church at a meeting of the society yesterday afternoon. Other officers elected include Mrs. Walter Alpaugh, first vice president; Mrs. John Tohlman, second vice president; Mrs. Paul Hoke, secretary and Mrs. Thomas Jones, treasurer.

The combined Home and Foreign societies will hold a picnic at the home of Mrs. Hofer, 1045 Sherman avenue on Thursday afternoon, May 14. Mrs. Walter Alpaugh is chairman of the committee in charge.

Character First

THE personal integrity and reputation of a prospective depositor are of more concern to us than the size of the account he expects to open.

WITH THE THEATRES

READE'S STRAND

CORINNE GRIFFITH *in* "THE GARDEN of EDEN"

At Reade's Strand Theatre today and tomorrow.

Long known as one of the outstanding "villains" of motion pictures, Lowell Sherman, who plays Henri Giessing in Corinne Griffith's "The Garden of Eden" at Reade's Strand Theater today and tomorrow, came to the screen with the heritage of the stage behind him, and a list of New York successes in which he had played prominent parts. His whole family, like that of John Barrymore, was theatrical, and the histrionic art was therefore an instinctive choice for him as a career.

Educated in New York City, Mr. Sherman went on the stage in his late teens. His first professional engagement was in a sketch produced at the old Fifth Avenue Theater, and shortly after this he signed with Nance O'Neil, playing with the famous actress in repertoire. He then came to the coast, playing in San Francisco in stock and at the Berkeley Lyceum, in support of Frank Keenan. Others in the cast at the time have since gained wide fame in pictures, for his co-workers in the theatrical vineyard numbered such names as William S. Hart, Ford Sterling and Wright Kramer. He scored his first big success in New York while playing "The Commuters." D. W. Griffith's "Way Down East" was his introduction to the screen, an dhe has appeared with nearly every big company in the business since that time.

Kate Grey, who once toured the western mining camps with Edwin Booth, was Mr. Sherman's grandmother, while his father, John Sherman, was connected with the Baldwin Theater in San Francisco, where Lowell was born. His mother was also on the stage for some time.

Emil Jannings, the world's greatest dramatic actor, in "The Last Command," opens a week's engagement at the Strand on Monday.

READE'S OXFORD

Hobart Bosworth has a great role in Columbia's "After the Storm" which is the attraction at Reade's Oxford Theater. He is typically a sea captain and literally fights his way through the picture. Unlike many sea dramas, "After the Storm" has a love interest and it is around two romances that the plot is developed.

The story presents two phases of heart interest. The first embitters a man and makes him a woman hater. It causes a girl to descend through the various strata of society until she reaches lowest depths. The second romance melts the heart of the woman-hater and brings him to the dawn of understanding.

The action is set against a background of Singapore with its intriguing atmosphere and primitive emotions, and upon the high seas aboard the square-rigged schooner "Sampson." Into the plot is woven plenty of red-blooded action. As the title indicates there is a storm—and what a storm it is! Director George B. Seitz has certainly done a fine piece of work with the sequence.

An outstanding feature of the production is the manner in which the players handle their roles. If they are to combat they actually fight and do not seem afraid of getting hurt.

The juvenile leads are in the hands of Eugenia Gilbert, who has a dual role, and Charles E. Delaney. Miss Gilbert portrays mother and daughter. The former is the central figure in the first romance and the latter the cause of the second.

Through a fascinating series of cut-backs Bosworth delineates a young man full of fire and adventure and the same character twenty-six years later when bitterness and hate have made him cold and exacting.

The Oxford's stage feature is Ray Mar, king of clowns, and his musical comedy organization. His current production is a happy combination of delightful musical numbers and dances, beautiful costumes, novel scenic effects and comedy situations that are bound to create laughs. Mar himself is an excellent comedian and has surrounded himself with a company of clever entertainers including the sweet singing Russ Howard and Kitty Tobin, Ruth Clifton, prima donna with a marvelous singing voice; Creighton Drake, baritone; Nettie Nelson, character comedienne; Joe Boyd, famous radio star; the Boland Twins, who present a number of clever specialties; the Owen sisters and a chorus of ten talented and pretty misses.

LIBERTY THEATRE

"DRESSED TO KILL"

"Mile - Away" Barry (Edmund Lowe), is the brains of a gang of highly successful burglars. His chief henchman is "Nick" (Ben Lyon), and they rob an express office without the aid of the gang, outwitting the police and laughing at the efforts of the law to capture them.

Their favored rendezvous is the Club Hogan," for the manager, "Jerry" Hogan (Robert Perry), knows them understand them, and is a closed mouth when occasion requires.

Entering The "Club Hogan" shortly after the robbery, "Mile-Away" encounters a fainting girl and when he attempts to help her he finds her hand in his pocket and he upbraids her.

The girl begs him to help her, says she is broke, and he takes her with him into the club and introduces her to Hogan, as "Miss Joanne" (Mary Astor) is, in reality, a sweetheart of a boy the gang had framed and sent away, and it is the plan to get connected with Hogan, secure some bonds and have the boy freed and vindicated. To this end Joanne is given an appointment by Barry and takes part in a fur robbery at a fashionable home.

In the midst of the fulfillment of the plans made for the robbery Joanne attempts the double-cross, and Barry and Nick do not fall into the trap.

The robbery is a failure and, later, a rendezvous in Chinatown provides that Joanne must be given a "ride," which means that she is not to come back.

At Joanne's apartment Barry is determined to forgive her and even offers to marry her so that she will be protected by his protection.

In evidence of good faith in Joanne she tells him the real story and he promises to get the bonds for her from Nick.

Meanwhile, Nick decides to lure Barry to the apartment and double-cross him by killing them both and making it appear that it was the result of a love quarrel.

Barry goes to Joanne's apartment and there is a sensational gun battle in the dark, with Nick as the victim.

Barry restores the bonds to the girl and leaves her, only to "take a ride" himself at the request of the gang.

"LEGIONNAIRES IN PARIS"

Realism is often better brought out in comedy than in serious drama, and with this in mind it may be said that the portrayal of the American doughboy and his reaction to the war and its aftermath is perhaps as well made in "Legionnaires in Paris," the FBO comedy which opened last night at the Liberty Theater, as it is in any of the more serious dramas on the same subject.

As two former members of the A. E. F., Al Cooke and Kit Guard are shown in a series of humorous adventures while attending the American Legion convention in Paris. The story, written by Louis Sarecky and directed by A. E. Gillstrom, opens with the boys in their home little country town in this country and follows them abroad.

While laughs and good hilarious comedy abound in plenty, the picture shows a deep understanding of the underlying traits of character which made our soldiers so successful. It will prove exhilirating entertainment for those who want to roll from their seats in convulsions and for those who wish to think.

Cook and Guard are the same jocular characters they were in the various FBO comedy series which brought their fame — undoubtedly they deserve a place in the forefront of screen comedians. The cast which supports them, including Louise Lorraine, Virginia Sale, John Anson, and others, does some fine work.

Credit should go to Gillstrom for his masterly direction of Sarecky's story, which holds all the perquisites of good comedy—laughter, dramatic situations, keen characterization, and a fine plot structure.

HEALTH DEPARTMENT ANNOUNCES MILK ANALYSIS FOR APRIL

MILK ANALYSIS.
APRIL REPORT, 1928.
BOARD OF HEALTH, PLAINFIELD, N. J.

WESTFIELD

The regular diner meeting of the Lions club of Westfield will be held in the Elm Tree Inn this evening.

Women's societies of the Baptist church will hold a rummage sale in the vacant store on South avenue, opposite the Plaza on Saturday.

The Masonic club of Westfield will hold a speaker and entertainment in St. Paul's parish house on the evening of Tuesday, May 29.

The annual performance given by the Mask and Mim Club of the local High School has been which was to have been held on May 25, has been postponed.

The annual Spring Flower show of the Westfield Garden club will be held in the old parish house of the Presbyterian church on Tuesday, June 5.

"The Old Maids' Convention," which was given in the McKinley school, under the auspices of the Parent-Teacher Association will be presented for the benefit of the Golden Rod Group of the Woman's Aid Society of the M. E. church on Tuesday night.

The parish work department of the Woman's Association of the Presbyterian church held an all-day meeting in the parish house yesterday.

THREE FINED IN WESTFIELD COURT

Charles Kamenan of 15 First street, New York City, appeared before Recorder Augustus C. Nash in police court, last night, charged with peddling without a license. He was fined $10.

James Squier, of Westfield, charged with parking within a bus stop zone, was fined $2.

Carrie Williams, of Plainfield avenue, Scotch Plains, charged with overtime parking, was fined $2.

SERVICES MAY 20 MASONS TO HOLD

Masonic Night will be observed May 20, when all masonic bodies will meet in the temple, Babcock Building, at 7:15 o'clock and from there will be escorted by the Knights Templars to the Watchung Avenue Presbyterian Church, Watchung and Fairview avenues.

Addresses will be made by the chaplain of Jerusalem Lodge and Rev. Dr. David J. Spratt, pastor of the church.

PLANS READY FOR LIONS MEETING

Plans for a regional meeting of Lions Clubs to be held in Westfield are nearly completed, according to an announcement made by E. R. Crow, president of the Westfield Club. The meeting will be held in the Elm Tree Inn on the evening of Friday, May 27, and large delegations from the eleven clubs of this section is expected to be present.

Members of the committee in charge are President E. R. Crow, Gordon T. Parry, Hampton Hanna and Dr. Harold I. Hershey. The meeting will start at 7 o'clock.

George A. Billings, famous impersonator of Abraham Lincoln will appear at the meeting of the club on Friday evening, June 1. Arrangements have been made for Mr. Billings' appearance in the Senior and Junior high schools the same day.

He will make an appearance in the Roosevelt Junior High school that morning at 9:20 o'clock and in the Senior High school at 10:45 o'clock.

SMALL FIRE DOES LITTLE DAMAGE

Fire which broke out shortly after 4.30 o'clock yesterday afternoon in a two and one-half story apartment dwelling at 519 Park avenue, owned by Adam Blair, caused slight damage to the roof. Headquarters company responded to the alarm and with the aid of water and chemical lines, readily extinguished the blaze, returning at 5.07 o'clock.

Sparks from the chimney was given as the cause of the blaze.

The dwelling was occupied by four families.

CHICAGO.—Ten thousand tons of sand were being moved today by volunteer workers to unseal the gate o flittle John Pyrek, missing since Monday.

HUNDREDS WELCOME NEW PASTOR

Rev. Edgar R. Schlueter Welcomed By Other Westfield Ministers

Three hundred members of the First M. E. church and their friends attended the reception which was tendered Rev. and Mrs. Edgar Richard Schlueter, the new Pastor on Thursday night. The affair was held in the chapel of the church.

Rev. Dr. William K. McKinley, pastor of the Presbyterian church; Rev. Don Ivan Patch, pastor of the Congregational church; Rev. James A. Smith, rector of St. Paul's Episcopal church and Rev. William Breda, pastor of Redeemer Lutheran church, in brief addresses warmly welcomed Dr. and Mrs. Schlueter to Westfield.

R. P. Martin, Jr., in behalf of the church gave the address of welcome to the new pastor.

During the evening a fine musical program was given by Mrs. Harold Welch, contralto, and Ernest Otto, violinist. Refreshments were served by members of the Woman's Aid Society, of the church.

All new members who had joined the church within the past year were also welcomed by those present. At the close of the program, each person personally greeted Dr. and Mrs. Schlueter and the new members.

Among those present were the parents of the pastor. The reception committee was headed by Frank L. Beattys. This was the first social event which has been given by the church during the current year.

DEATHS — FUNERALS

MRS. FRANCES MILLER

Services for Mrs. Frances Miller, 67, who died yesterday morning at her home, 510 Madison avenue, will be held from the home at 8:30 o'clock Saturday morning and in St. Stanilaus Church at 9 o'clock, when a mass will be offered by Rev. Anthony A. Traika.

Mrs. Miller came to Plainfield from Poland in 1887, and was the first Polish resident of this city. She was the widow of Peter Miller, and is survived by four children, Mrs. James Polisson, Mrs. George Bowers, Sr., Adam Miller and Charles J. Miller, five grandchildren and two great-grand children. She was a member of St. Mary's Church, but of late had been attending St. Stanislaus.

THOMAS G. HENDRY

Ritualistic services for Thomas G. Hendry, who died Tuesday, were held at his home, 924 West Fourth street, by Jerusalem Lodge 26, F. and A. M., last night. Services will be held this afternoon in charge of Rev. Roland Bahnsen of the Grant Avenue Presbyterian Church, and interment will be in Hillside Cemetery.

PAUL RICKTER

Paul Rickter, 14, who died suddenly yesterday morning of lung congestion, will be buried in Hillside Cemetery after funeral services at his home, 1128 East Second street, tomorrow afternoon.

He was born in Plainfield, the son of Mr. and Mrs. Paul J. Rickter. He attended the fifth grade of the Maxson school and the Messiah English Evangelical Lutheran Sunday school. Rev. Fred L. Van Steen, pastor of Messiah Church, will officiate at the services.

OTTO REICHARD

Otto Reichard, aged 42, of 419 Boulevard, Westfield, died in his home yesterday morning after an illness of about two years.

He was born at Bremen, Germany, and came to this country 23 years ago. He resided in Westfield for eight and a half years. He was an accountant in the employ of the National City Bank, of New York City. He was a member of the Presbyterian church of Westfield, and a New York Masonic lodge.

Besides his wife, he is survived by one son, Edmund. His mother and three brothers, all residing in Germany, also survive him.

Funeral services will be held in the late residence, Saturday afternoon at 2:30 o'clock, Rev. Dr. William K. McKinney, pastor of the Presbyterian church, officiating. Interment will be made in Fairview cemetery.

BOSTON.—Two aviators were injured today when the motor of their airplane went dead and the machine crashed on the East Boston Flats.

Henry S. Chandler, 22, pilot, and Eben Gamlie, 22, riding with him, were taken to the East Boston Relief Hospital, where it was reported both probably would recover.

OUR SPORTS TRAIL

By "BOB" JAEKEL

Mickey Walker, Elisabeth's widely known "toy-bulldog" of fistiania, made the announcement not long go that his next ambition, his next im in things pugilistic, was the annexation of the light-heavyweight championship of the world, which is ow held by Tommy Loughran, the hiladelphia flash. And on next Monday night fans will get a first- and glimpse of Walker in action in hat division when he tangles with eorgie Smith, Hughey Gartland's lassy charge, in a 10-round decision attle.

When Walker burst forth with hat statement, many there were who didn't ake him seriously. They were somewhat inclined to laugh it off. So Walker went out and got himself matched with Mike McTigue, former ruler of the division. This was shortly after McTigue went 15 gruelling rounds with Tommy Loughran and lost the decision—a close one.

In less than two minutes, Mickey knocked McTigue so cold that the ancient son of Erin was out for quite a period, still in a daze when they carried him from the scene of hostilities. "Laugh that off!" was Jack Kearns' only comment; and Manager Kearns promptly booked Mickey to meet Paul Berlenbach, another ex-ruler of light-heavies.

What happened in that mill, staged out on the Pacific Coast, is well known. Walker pummelled Berly from pillar to post, easily winning the decision although failing to register a knockout.

With these accomplishments under his belt, Mickey is now eagerly seeking another spectacular triumph in the heavier class. He could get his object if he could score a knockout over Smith, a man who has met the best in his class without taking any sort of a count in his life. That's why the mill on Monday is of particular import to this Irishman from Elizabeth. He wants a kayo.

Unusual charm is lent to Monday's battle when these angles are considered. Smith is cock-sure of his ability to outpoint Walker and the middleweight king has his heart set upon a knockout triumph.

Louie Donzalski certainly played a whale of a game in the field yesterday. Not only was his glove his bread and butter, but Don swung a healthy stick, knocking out a single and a two bagger.

Jack Martin almost got his neck in a sling at the P. H. S., Nutley game yesterday afternoon when Whitey Siergiej pulled the hidden ball trick. Jack didn't see the trick, and it was no fault of his as the thing was nicely pulled, but knew at once that the Nutley man was out. Knowing that Martin didn't see the play, Coach Sanford of the visitors immediately berated his opinion, and smoke popped for a few seconds. Stine settled the argument by calling the man out. Oh, it was a great, great play! The man was really out by three feet.

If Rutgers keeps up this fast playing at lacross a lot of fathers and mothers are going to sing, "I wonder where my wandering boy is tonight?" because a lot of those players are going to get a return ticket to Amsterdam. They look like Olympic players!

Among the other stars of the P. H. S. game at High School Field yesterday afternoon we have Bart Viviano, who most assuredly is coming to his own with the bat, knocking a three-bagger in the eighth; Whitey Siergiej, who was high scorer, high hitter, and winner of the last ball which he grabbed viciously; Marty Thompson, who again played the batting pitcher, scoring two hits and a nice clean run, and Bowser who chalked three and two hits. Moony Kline stopped everything behind the plate.

The N. P. H. S. game was postponed until this afternoon when they'll play Bound Brook at home. They don't seem to be very busy over there, because six of their team and the coach were over watching the Big Red Team practice, on Nutley. It ought to give them something to worry about, but it's mighty hard to make any proficies until after the game on Saturday. At least it'll be a lot easier then.

Joe De Layo tells me that Andre Pante's learned all he knows about fighting from the Marines over in France during the war. He'd watch them box and then try his luck and swedding the mitters. Joe ought to know about this guy as he served in the Marines most all through the war. Andre Routis will give him quite a work out on June 2, though, because Andre is training for a crack at Tony Conzannari in August.

PLAINFIELD WINS FROM NUTLEY TEAM

Nutley met defeat at the hands of Plainfield High School yesterday at High School Field by the indisputable score of 12-7. Marty Thompson pitched a very consistant game and only week-end once, in the eighth when he allowed five hits in a row. However, he got out of this difficulty and won his game. Solid fielding behind him aided the hurler in great style.

The scoring started early for the Big Red when Whitey Siergiej was walked and Bowser sent home with a sweet hit to left field. Lou Donzalski shoved Bowser across the plate with another nice, clean hit to deep center, chalking up two runs for the home team. Baykowski, of Nutley also scored in the first inning.

Lou Donzalski featured in the field and certainly looked like big league stuff from the bench. He handled everything that came his way like a veteran, and once left his own post to pick a sweet but difficult fly heading for short center.

Plainfield played a stellar game out there. The team seems to be finding itself in every position of the field and coach Stine is pleased with the result.

Nutley attempted a rally in the eighth inning when they scored three runs and four hits. Gentes hit to center, Jaques put a nice grounder between first and second; Gentes was thrown out; Crawford made first on an error by Greenwood; Stager filled the bases, and Baykowski came through with a tripple, scoring all three men.

Bart Viviano also smacked a three bagger, scoring four men. It seems that Bart is finding himself at last wit. the stick.

Behind the plate Moony Kline labored diligently. Only one error can be marked down for him. None got to first on a pass ball, nor did anyone steal that way.

One Saturday P. H. S. will meet North Plainfield at High School Field. Only one practice is available between now and the date. Stine has three six pitchers this year and all of them seem to be freaks at the game. Werker came through on Tuesday with an excellent game; Marty has pitched two great battles, in fact all of them have done good, but then again, most of them have done terrible, too.

Box score.

LAWN BOWLING LEAGUE TO OPEN SEASON SATURDAY

Saturday afternoon at 2:30 in Greenbrook Park, the Plainfield Lawn Bowling League will open their 1928 season with ceremonies appropriate with the occasion. Two picked teams crosses "jacks" with the Vice President's team of hand picked bowlers from the club membership. The members of the two selected teams have not been announced yet but there will be a game between the two top officers of the club. This is a traditional move of the game, and dates back from the early beginnings of the game of lawn bowls. There is always great fun and rivalry when the President and Vice President pick their teams for play, as all the best bowlers from the entire club are canvassed to play on one team or another. The teams to be picked this year are to be picked from club members present Saturday afternoon at the time of play. As another tradition of the game, no greens fee will be charged on the opening day of play, so a good number will turn out for this extra attraction, and as this is more or less of a Scotch game, it really means something to the followers of this pastime.

Mayor McMurray is listed to speak at the opening of the green, after a few remarks by the President of the club, Mrs. P. O. Schlenker, wife of the Rercreation Director, will toss out the first "jack" to start the 1928 season, after which the two selected teams will start their play. New equipment has been ordered for the green in the shape of new "bowls" but will not be in town for the opening Saturday, but they are expected to arrive in the near future, or not later than the last week in the month.

The game of lawn bowls, although new to this vicinity, is not a new game in some other cities. Brooklyn has had a green for a good many years, as has Bloomfield in our own State. Chicago, the home of "bowls" in this country has been promoting the game for a number of years, and being headquarters for the game in this country, they move their quarters with the season, always being in Florida during the winter months. The city of Detroit has had a green for at least fifteen years, so the game, although new here, has been played in this country for some time.

The present club was formed last year, and was under the able direction of Job Lee, first president of the club, and he was highly instrumental in the formation and organization of the locals. The membership now consists of over one hundred and thirty paid members, and is growing rapidly with each monthly meeting, as there is always new names submitted for admission to the club. Although little is known of the game here outside of the members who plays the game, it is very beneficial to those taking part. It is not as active a game as baseball or tennis, neither is it an old woman's game of knitting. People playing lawn bowls derive a great amount of good from the play, just as a golfer get his kick out of his favorite game, as the game can be learned to golf more than any other sport we have on this side of the Atlantic. Each game the player tries to improve his shots, or rolls of the jack which requires much skill and dexterity in the handing of the bowl, it being biased and not perfectly round, it can readily be seen that to make the bowl turn "English" at the end of its run requires skill to contral the roll. Patience is a virtue in this game, as well as a clear thinking brain to outwit the other fellow. Speed is out of it entirely and good players rely entirely on accuracy.

MARBLE CONTEST TO BE HELD AT GREENBROOK PK.

Boys of the city will vie for city championship honors in marbles Saturday morning at Greenbrook park at 10:00 a. m. when all the district champions get together to "shoot it out." They will be in a ring but will not wear the padded gloves as is used in another sport that requires a ring.

The Recreation Commission has been conducting contests at each school to decide the winners at the various schools for the past month, and now that the preliminary games are over, the big "shoot" is at hand and ready to go. All the boys entered have been doing some practice since they have won their local school title, and each youngster is confident that he can cop the city title and get the gold medal offered for the city champ. Charles Blake, three times winner of the title, no doubt will be entered again this year, and as this boy is still in the required age limit, looks like a favorite to win again; but since last year there has moved up a new crop of "marble shooters" and it will be no cinch for any boy to win the coveted title this year against the whole field.

The winner of the city title Saturday morning will be entered in the state tournament to be held in the city of Elizabeth early in June, when all champions of all the cities in the state convene to decide the state winner. The winner of Saturday's play will be awarded a gold medal with suitable engraving telling what the is has accomplished. The following boys are winners in their respective schools and are entered in the city finals:

Irving school, Edward Dennick, 208 Lee place.

Evergreen, Daniel Gearino, 1342 Lake street.

Whittier, William Hart, 218 Arlington avenue.

Franklin, Reynard Russo, 46 Elm place.

St. Bernard's, James Raffanelo, 342 Netherwood avenue.

Lincoln, John Alexander, 804 East Third street.

Washington, Paul Reavis, 137 Liberty street.

Emerson, John Cuffo, 761 East Third street.

Jefferson, Stanley Kochman, 1018 W. Front street.

Bryant, John Eodice, 606 East Fourth street.

St. Mary's, Cornelius Corley, 217 Hester avenue.

ANDRE ROUTIS TO BOX HERE FOR JR. LEAGUE

Andre Routis dropped his training schedule for Wednesday to keep an appointment with Marty O'Loughlin and chief Kiely here in Plainfield. The object of this meeting was to complete arrangements for his appearance on the card of bouts which the Junior League is promoting for the Charity Fund of Muhlenberg Hospital. Andre has agreed to be on hand June second to box Benny Valger, better known as the French Flash. Benny is one of the cleverest light-weight boxers in the game today. This bout ought to prove very interesting as both boxers fight with entirely different tactics. Valger is a very clever jabber while Routis is a hard puncher who continually bores into his man throughout the fight.

The Plainfield fans are indeed very lucky to be able to see two boys such as these in action. Both Routis and Valger Valgar are donating their services to the Junior League for the Hospital Benefit Fund.

Routis is preparing for a crack at the World's Featherweight title now held by Tony Ganzannari. Andre is the recognized featherweight champion of Europe having defeated the best men of France and England.

He has made two previous trips to this country in search of fame and fortune. In his first bout he participated in sixteen fights, winning fourteen of them. One of his two defeats was by the hands of Canzannery. It was the most unpopular decisions that has ever been rendered in a New York ring. The Judges present disagreed, but the referee gave the decision to Canzarneri. In his next bout with this man, which will probably be held in the middle of August in New York City, we hope Routis will get a better deal.

LOU KLIMCO PITCHED GREAT

Lou Klimco pitched a great game against the Harris aggrigation last night at Greenbrook Park defeating them by the count of 14—6. Harris was the leader of the Tri-City League last year and Klyimco deserves all the credit it is possible to pile on a single pitched for his excelling work. He, incidentally, held them to six runs and allowed but five hits. Lou had neve strikeouts to his favor where his two opposing pitchers had but three between them.

The initial frame found the Y. M. H. A. on their own. Two runs to start the pile were made by Semer ad Murphy, and the team scored no less than two runs every inning of the five of the seven inning scheduled game. Darkness shortened the battle.

Murphy was the fielding star of th evening. Nothing got by him. High ones, grounders and cracks right off the stick seemed to stick in his glove. That's another reason why the score was 14—6.

Umpire Lou Corriel referrred a non-complaint ball game and may be congratulated on his decisions.

Harris made a gallant come-back in the fourth but unsuccessful in making much impression on the victors.

The box score.

RUTGERS STUDES CELEBRATE GAME PLENTY OF NOISE

In celebration of their decisive victory over the Army Wednesday afternoon the Rutgers college students held a great rally last night. Over 450 men paraded the streets accompanied by the University band and a squadron 50 cars decorated with red flares and armed with horns, bells, and hillarious students. The parade started from Old Queens and coursed its way through the street, spreading the tidings of their spoils among the alarmed inhabitants of New Brunswick.

A huge bonfire was built that rose 30 feet in air as the final tribute to the victorious lacrossers. Students and citizens thronged about the blaze to listen to the speeches of various members of the team. Captain Eddie Roberts, who is now on crutches from the result of an injury received in the Army game, was carried in on the shoulders of his teammates, and made to deliver a speech to the interested spectators. After a long and pronounced ringing of applause, Coach Fitch was carried in, as was Roberts, on the proud shoulders of two members of his winning team. Fitch voiced his appreciation of the fellows who so gallantly upheld the honor of the Alma Mater Wednesday afternoon at Westpoint, and the Olympics that seemed so much in their wake.

The Freshman too willingly responded to the cry of the upperclassmen to throw their caps into the fire as a token of their appreciation and applause for the victory of their fighters. By rights the yearlings were not to discard their dinks until May 30, but who, on such a noted occasion as this would, wait until Decoration Day?

Cheers and songs filled the air for miles around. The college band accompanied the studes in their singing and soon the whole town was talking about the wonderful spirit the University showed towards the smashing lacrossmen.

This victory over the Army, who, incidently, have not been beaten previous to the Rutgers battle, gives the latter a winderful chance at the annual Olympic games to be held this summer in Amsterdam, Holland. The whole college seems to be in back of those honored members of the team and if everything goes well should aid them in every way to make the grade and sail East.

Human Nature Clinics

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

What We Now Are

Grover is quite discontented with the curriculum which the college has laid out for him. He has in mind certain things which he will be doing ten or twenty years from now, and so far as he can see a great deal of the work which he required to do in college will be of no practical benefit to him at that time. He sees no use in Latin or English literature or military drill and a half dozen other things with which his course is cluttered up.

"We none of us set out with the intention of being what we now are," a shrewd observer of human nature has said, and we have all of us had to adapt ourselves to our situation from time to time.

Possibly his statement is a little sweeping, but in my own case it is strangely true. I have never done anything that I planned to do, and no position which I have ever held did I go after. It was chance or opportunity or the request or the insistence of my friends that put me into one position or another. I think it is so with many people. They plan to do one sort of work or another and then settle down for life in something entirely different. For these reasons I believe it makes little difference what one studies in college, just so he chooses those branches of study which give him mental discipline and breadth of view. Whatever makes a man think is the best thing for him.

There was Brown. He had made up his mind before he was out of the grades that engineering was the thing for him. He ate up mathematics and physics and chemistry. He was miserable until his mother bought him a set of tools, and then he fixed everything in the neighborhood which needed mending or readjustment. He was the junior roll in college in engineering, and was elected to Tau Beta Pi in his junior year. He is very likely a successful engineer now, you say. Not so. He is the president of a bank.

Do You Know How to Make CHEESE CUTLETS

4 tablespoons flour
1 cup milk
1-2 cup grated cheese
1 teaspoon salt
1-2 teaspoon paprika
1 teaspoon grated onion
2 teaspoons finely minced parsley

Blend flour and milk in saucepan, bring to a boil and simmer two minutes. Add the remaining ingredients, mix thoroughly, pour on well-greased platter to cool. Shape the cutlets. Dip in fine crumbs, then in beaten egg, then again in crumbs. Fry to golden brown in deep, hot fat.

NOW WHAT?

During the late primary campaign we heard promises of storm sewers, street widenings, lower tax rates and what not. In the campaigns two, ten and twenty years ago we heard the same thing.

At one time we even heard that by 1928 Plainfield would have a decent municipal garbage collection system, a facility which is needed more than any other municipal improvement. Nevertheless, it now appears that municipal garbage collection is no nearer a reality than it was twenty-five years ago. The incinerator location plan was bitterly opposed and for the time being sounded the death knell of garbage collection.

It would seem that the citizen who could offer a suggestion for a location for an incinerator would be of great service to the community. It also seems that the minority, who are opposed to this project, enjoyed a self-satisfying victory when they used as their basis of opposition the proposed location selected by the governing officials. That was one way to temporarily kill the project.

For the past decade there has been volumns of talk in Plainfield about municipal improvements of a major size. It has been a great pastime to hold public meetings and give everyone a chance to explode on subjects ranging from the annexation of North Plainfield to the creation of a street along Greenbrook in the business section, but all the talk has amounted to nothing.

Still, during the past several years Plainfield has enjoyed many municipal improvements, such as two worthwhile parks, a new city hall and an endless chain of well-paved streets, all of which must be listed under the category of ordinary improvements—things which the taxpayers of any municipality must receive.

Plainfield is missing many opportunities for municipal and commercial expansion, just because various elements in the city cannot agree on ideas and leaders. Some day there will arise a leader in the community who will be able to weld the various factions together and when that time comes we will find the service clubs, the Chamber of Commerce and the governing body of the city all working together with one common idea and that one thought will be the accomplishment of something worth while for Plainfield.

Our principal difficulty today seems to be that we have too many who won't play unless they are the leaders—we have too many who want the credit and glory for their personal advancement if something worth while is undertaken. There are too many of us willing to knock if a citizen has enough individuality to go ahead and endeavor to do something for the city. Some day some of us will wake up.

ZONING UPHELD

Five recent decisions of the State Supreme Court upholding the zoning ordinances under the new constitutional amendment and the Mackay act should be of great interest to the citizens of Plainfield, who have always been in the forefront on the question of zoning.

In a sixth case the Court of Errors and Appeals has ordered by mandamus the issuance of a permit for the erection of a garage in a residential district. This case would have no bearing on the controversy now waging in Plainfield for a garage permit at the corner of Seventh Street and Arlington Avenue, because in the case now in court the status of the litigants was fixed prior to the adoption of the zoning amendment. This finding is in line with the basic constitutional principle that no law shall apply ex post facto.

Regarding the cases the Newark Evening News says editorially:

"The first and typical case among the five upholding zoning under the Mackay act is that in which South Orange refused a permit for a large apartment house. This case originated after the adoption of the zoning amendment, but before enactment of the Mackay act, which gave the amendment effect. The Supreme Court, taking cognizance of both amendment and act, upholds the village in line with the provisions of the act itself that it shall apply to causes arising before as well as after its passage. In the East Orange garage case, on the other hand, the highest state court finds against the city on the ground that the status of the litigants had been fixed prior to the amendment's adoption. This finding is in line with the basic constitutional principle that no law shall apply ex post facto.

"In the South Orange decision the Supreme Court finds in accordance with the epoch-making Euclid, O., zoning law decision of the United States Supreme Court, which upheld the police power's application to zoning. The state court, however, wisely paves the way for an appeal to the Court of Errors and Appeals, and, in fact, almost advises such a recourse. It is to be hoped that in this or one of the four other cases, in which the Supreme Court has held likewise, appeal will be made to the highest state court, in the interest of finality. At the present stage, it would appear that the zoning principle at last had been welded inextricably into the fabric of New Jersey law, as the people clearly intended by their course in approving the amendment."

HOOVER AND SMITH

With the end of the New Jersey primary, there seems to be no question but that the majority of Republicans throughout the country want as their nominee Herbert Hoover and that the Democrats will set Al Smith up as their standard bearer.

Accordingly, the big party conventions next month should be harmonious affairs as far as candidates are concerned, but there may be a lot of wrangling on the question of party platforms. Those who journey to the conclaves should have plenty of time for enjoyable fraternizing and sightseeing.

HADLEY AIRPORT WILL HAVE A RIVAL

Newark is to be congratulated on preparing an airport, William P. MacCracken, Jr., declared yesterday before the Bond Club of New Jersey at a luncheon at the Robert Treat hotel. Mr. MacCracken is Assistant Secretary of Commerce for Aeronautics.

"I'm sorry the Newark airport wasn't completed a couple of years ago," said Mr. MacCracken, "because it took me forty minutes to co emfrom Teterboro."

The speaker advised his hearers to study aviation because, he said, the time is coming when it will be put on a sound financial basis with issues of securities such as are based on other methods of transportation. He said he foresaw the development of aviation to such an extent that its use in a national emergency would be comparable to that of the automotive industry in the World War.

Back Yard Crop Reports are Coming In

HEY, FELLERS! I HAD RADISHES LAST NIGHT OUT OF MY OWN GARDEN LUSCIOUS RADISHES RAISED THEM MYSELF GREAT BIG ONES!

LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

The Editor:-

The Chamber of Commerce and especially Mr. Hewit, the secretary, is to be complimented for the work it and he has been doing on behalf of the business men of Plainfield in attempting to have the bus discrimination on the new de luxe line eliminated.

Your paper this morning called to the reader's attention that Mr. Hewit is optomistic and I am sure he would not become so unless a close study of the situation had been made. Mr. Hewit, since coming to Plainfield, has done wonders for the city in general and if he succeeds in having the Publicities Utilities Commission alter its first order he should receive a vote of appreciation from the entire city as well as those people living between here and Newark.—Frederick Johnson.

The Editor:-

Justanote to tell you that I appreciate the sport news appearing in your paper. I certainly enjoy reading about the sports of the night before while I ride in the street car to my place of work. I missed one edition because you published late. Outside of the late publishing, I have no kick with the new paper. Wishing your "Bob Jaekel" good luck, I am, George Covert.

The Editor:-

Thanks for the editorial about the railroad trains holding up Spicer employes on their work to work at noons. The long freight has often forced to return to our work without being able to have desert. Some times the train takes as long as 12 minutes to pass. Your attitude shows that you have been looking the situation over here and that you are interested in the workers.—S. J. Copek.

The Editor:-

I heard the report about the town the other day that your paper was opposed to union labor and that your men were non-union. Knowing, as I do, because I am a union man, that this is untrue, I think you should make some announcement to counter-act the propaganda. —"APrinter."

The Editor:-

Mr. Martin B. Stutsman has complimented Judge DeMeza on the latter winning the contest for City Court Judge. I supported Mr. DeMeza because I thought he would have made a good judge although there was no reason I knew of why Judge DeMeza should be dumped. But the reason I am writing this letter is because Mr. Stutsman said before the primary he was a Republican first, last and all the time. Because he complimented Judge De Meza shows that he is a regular Republican and he and Judge DeMeza should forget the past and work together for the benefit of the city.—"A Friend of Both."

COMING EVENTS

FRIDAY

Parent-Teacher Association card party in St. Bernard's auditorium, Sumner avenue, at 8:30 o'clock.

Union County School Field Day at Elizabeth.

Somerset County Christian Endeavor Union Convention, Second Reformede Church, Somerville, 8 P. M.

Mooseheart Chapter Card party, Moose Home, 303 East Second st eet, 8:15 P. M.; all games, awards, refreshments.

Bingo and card party, St. Bernard's auditorium, 8:30 P. M.; all games; awards.

NPHS PTA card party, auditorium.

Coolidge True Blues, LLOL, 85 card party, home of Mrs. William Vliet, 303 Madison avenue, Dunellen.

SATURDAY

Children's pageant, directed by the Plainfield Committee for Work Friendship, in the High School at 2:30 o'clock.

R. N. of A. card party, Coward Hall, 8:30 P. M.; all games; refreshments.

Boy Scouts open camp fund drive.

"Pageant of Peace," PHS, afternoon.

Marble championship contests in county parks.

MONDAY

Concert at the High School sponsored by Holy Cross Church. Piano recital by Ignace Jan Paderewski at Westfield.

What the GOOD BOOK SAYS

By P. Veator, D.D.

Q. Were rumors given attention in the Bible?—G. H. R., Bronx, New York city.

A. Lest your heart faint, and ye fear for the rumour that shall be heard in the land; a rumour shall both come one year, and after that in another year shall come a rumour, and violence in the land, ruler against ruler."—Jeremiah LI.:46.

Q. Are we ever sure of tomorrow?—E. E., Boston, Mass.

A. "Boast not thyself of tomorrow; for thou knowest not what a day may bring forth."—Proverbs XXVII.:1.

Q. What is ancient prayer do men ultimately have to offer?—C. F. Y., Morristown, N. J.

A. "Have mercy upon me, O God, according to thy loving kindness: according unto the multitude of thy tender mercies blot out my transgressions."—Psalm LI.:1.

Q. Where does it say, "Tell it not in Gath?"—S. L. F., Corona, N. Y.

A. "Tell it not in Gath, publish it not in the streets of Askelon; lest the daughters of the Philistines rejoice, lest the daughters of the uncircumcised triumph."—II. Samuel I.:20.

Q. Was Israel ever without God?—M. A. F., Denver, Col.

A. "Now for a long season Israel hath been without the true God, and without a teaching priest, and without law."—II. Chronicles XV.:3.

Do You Know That—

Black and white is the very smartest combination of the season. A chic sports outfit boasts a white piqué blouse and a plaided black satin skirt, combining the newest fashion in fabrics with the most effective one in color.

In many of the newer ensembles Fashion reverses herself and wears a printed silk crepe coat with a plain silk crepe frock, and the effect is smart and different.

The blazer is with us again. Last year's model featured vegetable checks. The new models are new in original tri-tone stripes and the same checkerboard effect. Some have buttons trim the forepart, while the latter models use crystal buttons.

DADDY DUSK The Sandman

As Daddy drove the open car down the road toward the old deserted house Twinnie put her little hand inside Joe's.

"Joe, aren't you afraid of ghosts?"

"Course not," said Joe very loud, but he took Twinnie's hand in his and gave it a comfortable squeeze, and Twinnie noticed that his eyes were big as saucers.

Daddy drove the car up to the old deserted house.

"Come on, children," he cried merrily. "Show me your ghosts, and where is the open door and the key."

Daddy took Twin by one hand. Twinnie was on the other side, and Joe held fast to her warm little hand. He could feel her trembling.

Up the old path between the lilac bushes they went to the front door.

The front door was no longer open. There was no big, shining key in the lock. The ghost had gone, but the door had been locked and it had taken the key.

"Well, children," said daddy, "where is your ghost?"

"He must have taken the key," cried Joe and Twin and Twinnie all in the same breath. "He must have come in the big windows opening on the lawn. We heard him knocking—"

"And then we ran," said Joe.

Twin and Twinnie smiled. For they knew that big Brother Joe had been scared, too.

BALBOA, Canal Zone.—A rum crisis that flaected government revenues and international loan, distillers and the consuming Panama public was precipitated today.

The Pama government had decreed that all rum should be rectified at a government dehydration plant. Manufacturers angered, closed their plants. Today the government suspended all rum distillers' licenses, effective June 1.

GREEN PEPPER AND CREAM CHEESE SALAD

Take a small Neufchatel or Philadelphia cream cheese and beat up with a fork, adding enough cream to make rather moist. Have ready several spoonfuls finely chopped or shredded sweet peppers, toss lightly, then mound on lettuce leaves and cover with a French dressing.

MRS. F. STEVENS.

Let us have your favorite recipe. Pass it along to the entire United States and, at last, the world. Send it to MY FAVORITE RECIPE, P. O. Box 77, Varick Street Station, New York City, and it will go to a list of newspapers who are getting these Favorite Recipes, of which this newspaper is one.

VIGOROUS HEALTH

By P. J. VEATCH, D. P., S. T.

(Copyright, 1928, by New York GRAPHIC.)

DO YOU WALK STRAIGHT?

When I ask this question, do not think that I am accusing you of being drunk, even though this condition is not at all uncommon, in spite of prohibition. I asked the question to call your attention to the fact that many people who think they are walking normally are really walking in a very distorted manner. They need to be "set straight" in their idea of what constitutes normal walking posture.

The first thing that needs to be given attention is the position of the spine. The back should be held erect, with the chest well up and the chin fairly well lifted. No special effort need be made to hold the shoulders back as long as the chest and head are kept up, as the shoulders will then care for themselves. No special effort should be made to contract the abdomen, as it is more natural for it to be nearly relaxed, so as to permit full and deep breathing. When you are sure you have your spine straight, the next thing to be given attention is the feet. You should always walk toeing straight forward. Turning the toes out leads to weak and fallen arches and reduces the speed and efficiency of the stride. Toeing in makes one very likely to trip over his own feet. It may take some conscious effort and practice to walk straight in the manner just described, but the effort will be well worth while, on account of the increased health obtained from such walking.

I was told that my blood pressure is 130. Is that normal? What is an over-acting heart? Am I able to play basketball, baseball, handball and indulge in swimming?

BEN D.

The normal blood pressure does not usually exceed 120, but those who take considerable heavy exercise may have as much as 130 without being abnormal. The term "over-acting heart" probably refers to a rapid pulse. Under these circumstances, vigorous exercise would not be advisable until the pulse has been reduced by properly modifying the diet, practicing relaxation and deep breathing, securing plenty of sleep and eliminating all bad habits.

Dr. Veatch is very anxious to help all in Vigorous Health. Write him care this newspaper.

THE MEANING OF GOOD WILL DAY EXPLAINED BY MRS. LILIENTHAL AT CELEBRATION THIS AFTERNOON

More Than 100 Children of Church Schools To Participate Committe Has Done Much For Success of Affair

Mrs. Ernest Lilienthal, chairman of the Plainfield Committee for World Friendship and chairman of the Festival Committee will speak on "The Meaning of Good-Will Day," at the festival to be held at the high school at 3 o'clock this afternoon.

More than 150 children representing the church schools of Plainfield will participate and the program includes songs, recitations and dances, the latter under the direction of Miss Helen Guery. No admission will be charged and it is hoped that the auditorium will be filled.

The program will open with two numbers, "Mexican Waltz" and "Habanera," by the "Trio Musicale," which includes Miss Marion Mundy, violin; Miss Hazel T. Hodge, piano and Arthur Bierwirth, cello. The Coleridge-Taylor Recreation Chorus, under the direction of Mrs. Sara Judkins, director and Mrs. Lulu Elsey, supervisor, will sing "Every Time I Feel the Spirit," "Couldn't Hear Nobody Pray," and "Study War No More."

Following Mrs. Lilianthal's address the trio will play "Estrellita." The Crusador's Hymn will be presented by the school children with Miss Harmon giving the greeting, Kathryn Ten Eyck representing the Spirit of Peace and the following children taking part:

Marie Stone, Evelyn Morris and Robert Ulmer, United States; Annabelle Bechler, Holland Virginia Cox, France; Virginia Pratt, Belgium; Marilus Kist, Germany; Anna Good, Poland; Claire Cubberley, England; Betty Jean Van Cleve, Sweden; Edith Lassen, Wales; Ruth Tregellas, Japan; Edwin Rothberg, United States; Mildred Thompson, Switzerland; Dorothea Hammond, Canada; Alice Percevault, Mexico; Boyd Hull, Nicaragua; Evelyn Cook, United States; Nita Meyers, Argentina; Marjorie Newmark, Palestine; Margery Jeter, Liberia; Edith Lewis, Absinia; Ralph Torngren, Russia; David North, China; Hazel De Nise, India; Evelyn Morse, United States; Hamblin Thompson, Aviator; Betty Greene, and Alice Greene, United States.

POLISH CHOIR

Joseph Bowen, Ernest Bird, Gordon Clarke, Norton Davey, Glenworth Chase and Richard Good, standard bearers; Betty Allen, Kathryn Borman, Caroline Beardsley, Caldwell, Eleanor Doeringer, Rodman Johnston, Eleanor Hendrickson, Betty Manning, Jane Minnick, Dulcie Raill, Madaline Van Arsdale and Ada Wilson, chorus.

An English country dance, "Gathering Pease-Cods will be presented by Rachel Drinkwater, Isabelle Engle, Jean Gavett, Rosemary Graf, Kathryn Hoover, Edith Lampson, Carol Olson, Lois Paach, Virginia Thompson and Shirley Wheeler. Margaret Audrey Crane will offer a peasant dance, "Vorka."

A Polish choir composed of Polish children, including Miechu Partyka, Walter Pargra, Leo Kowalczyk, Antony Good, Anna Good, Genevieve Jankowski, Lottie Bonowski and Stella Kalamarz will sing and Miechu Bane will offer a Spanish dance. Members of the Italian choir, Catherine Pendolino, Sophia Pendolino, Julia Dane and Mary Pendino will sing and a recitation will be given by Catherine Watters. "Japanese Love Song," will be sung by Dora Schreiner, Ruth Graf and Schneider, Rudy Graf, Helen Graf, Dora Christener, Margaret Schneider and Emma Graf. A Russian dance will be given by Estelle Hahuns, Marianne Bronston, Selma Bronston, Shirley Greenblatt, Florence Jason, Harriet Hannum, Natalie Levy, Estella Kunzman, Natalie Levy, Evelyn Meyer, Ann Carolyn Rothrock, Marjorie Schneller, Bernice Swartz, Shirley Schwartz, Renee Jason and Rosalind Tornbergh.

Virginia Flagg and Virginia Smalley will present a Mexican dance and the "Song of Hiawatha," will be presented with Laura Boyd as Hiawatha; Jane Krause, Minnehaha; Dorothy Boyd, Nokomis; Esther Mull, Nardeni Arrow Maker; Gertrude Hall, Karline Harthan, Anne Paige, Grace and Virginia Repp, Indians.

The committee on Mexican Friendship School Bags, which is headed by Mrs. Lilienthal includes Mrs. Charles Goodell, a member of All Souls Unitarian Church, secretary; Mrs. E. D. Hutchinson, of the committee and the churches which they represent include: Mrs. Edward Baker, Jr., Hyde-Park Park Baptist; Mrs. Robin C. Lowe, Polish Baptist; Mrs. Edward W. Cohen, reformed churches; Mrs. H. M. Cook, Trinity Reformed; Mrs. Fred N. Davey, first Baptist; Mrs. W. J. Hammond, First Methodist; Mrs. N. V. Hood, Grace Methodist Episcopal; Mrs. J. Rudolph Hill, First Baptist; Mrs. Wilbur F. Hill, Congregational; Mrs. J. W. C. Jones, Congregational; Mrs. F. B. Pratt, Crescent Avenue Presbyterian; Mrs. C. E. Metcalfe, First Methodist; Mrs. H. F. Meyer, Committee on World Friendship; Mrs. Harvey Rothberg, Jewish Congregation; Mrs. Paul J. Satterthwaite, Christ Episcopal; Miss Alice Schreiniger, German Reformed; Mrs. John B. Stanwell, Dunellen Methodist. Miss Mabel M. Tinsworth, Seventh Day Baptist; Mrs. E. Frank Valliends; Mrs. H. W. Van Cleve, First Presbyterian and Mrs. J. M. Hamilton, Congregational.

MANY CHILDREN IN FESTIVAL AT HIGH SCHOOL TODAY

ABOUT 150 CHILDREN, ATTIRED IN FANCY AND PRETTY COSTUMES REPRESENTING MOST EVERY COUNTRY ON EARTH, THIS AFTERNOON AT THREE AT THE PLAINFIELD HIGH SCHOOL, WILL GIVE A PAGEANT. THE ABOVE PHOTO, MADE BY F. R. SMALLEY, CLEARLY SHOWS TO WHAT EXTENT THE COMMITTEE AND CHILDREN HAVE GONE TO MAKE THE AFFAIR A SUCCESS. IN THE ABOVE PHOTO ARE REPRESENTATIONS OF HOLLAND, SPAIN, FRANCE, AND WHAT HAVE YOU.

JUDGE CONNOLLY DISPOSES OF CASES IN DISTRICT COURT IN RUSH SESSION

Joseph J. Mutnick Files Counterclaim in Case of Dichter vs Oranto

Three cases were tried before Judge John R. Connolly in the District Court, City Hall, yesterday, two of which required a jury verdict, while the third was settled by counsel for both parties.

Philip Cohen, trading as the Elizabeth Iron and Steel Works, was awarded a jury verdict of $182.50 in his suit to recover the sum of $215 from Harry Kohn of 40 Westervelt avenue, Plainfield, that amount representing the balance, as claimed by the plaintiff, due on contract for steel construction, labor and services done on a building erected by the defendant at 29-31 Somerset street, Plainfield.

Cohen, through his attorney, Samuel Clarick of Clarick & Clarick, stated that the defendant had entered into a contract, in the sum of $1,265, with him and while payments of $550 and $500 respectively had been made, he had failed to pay the balance.

A contract recoupment was led by the defendant through his counsel, John P. Owens, in which he sought to recover the sum of $500, charging that the plaintiff failed to furnish new painted steel, and to properly erect and construct fire escapes and install two air shafts in the building, as specified in the contract.

The Jury, composed of Issac N. Wyckoff as foreman, Oscar M. Dunham, James Maynard, Edward L. Wood, Michael Devine, Arthur Clark, Thomas Moore, Patrick Dillon, Charles A Cake, John Curran, Stanley Vardon and Arthur Warrick. They retired at 12.15 o'clock and returning to announce the verdict after twenty minutes deliberation.

Connolly Takes Hand

Judge Connolly, in the case in which James uartuiccio appeared as the claimant against Thomas J. Burke, assistant sergeant-at-arms of the District Court, defendant, to recover certain goods sized in two judgments rendered in January against Joseph Quartuiccio, the former's brother, directed the jury to render a verdict in favor of the claimant, inasmuch as the goods levied upon, where his property.

One judgment obtained against John Quartuiccio by Nathaniel Berger, was entered on January 11, 1928, in the sum of $29.65, while another judgment was also obtained against him on April 4, by J. W. Mason & Son, for $317.74.

Skinner In Records

An order of execution had been issued out of the court against the goods chattels of John Quartuiccio by District Court Clerk Robert T. Skinner, and placed in the hands of Mr. Burke, assistant sergeant-at-arms. He made a levy on the goods contained in a store at 609 South avenue, Westfield.

James Quartuiccio claimed that the goods levied upon were not owned by his brother, Joseph, and in accordance with the law, it was necessary for him to bring action against the court officer, claiming the goods in question before a jury.

David Schneider, attorney for Mr. Berger, shortly after the case opened, announced to the court that he had withdrawn his levy and would not proceed further.

It was upon the producing of a bill of sale, held by James Quartuiccio, throug his attorney, Benjamin Gershenson, showing title to the goods, that the court directed a verdict in his favor against J. W. Mason & Son. The latter firm was represented by the law firm of Green & Green.

The members of the jury called in the case were: Harvey F. Linbarger, Charles A. Crane, Issac N. Wyckoff, Oscar N. Dunham, John Curran and James Maynard.

Settlement of a suit, brought to recover the sum of $503.68, representing the amount due on a promissory note for $500, issued to Stanto Oranto, by Aaron M. Dichter, plaintiff and defendant respectively, was made when counsel for both parties announced to the court that they had arrived at a settlement.

A counterclaim had been made by Dichter, through his counsel, Joseph J. Mutnick, in the sum of $375, claiming that amount as the security he suffered when the plaintiff failed to finish the plumbing work, wiring, painting, and laying of a concrete floor, as provided by a concract on three properties, two of which are located on Terrill road and the other on Farley avenue, this city.

The members of the Jury called to hear the case were William J. Hudson, Harry DeMera, Christopher Gloekler, Walter Apgar, William Barry, John Curran, Frederick Viebrock, Danie Guiness, Patrick Dillon, John Doughty, George McVey and Harold E. White. The closing session yesterday was the busiest in weeks.

MOTHER AND SON ANNUAL DINNER HELD AT Y.M.C.A

Mere Fathers Tote Aprons and Food About For Change

The seventh annual Mother and Son Dinner, which was instituted by Edward E. Pease, Boys Work Director of the Y. M. C. A., was observed last night in the Boys' Department with a gathering of approximately 150 mothers, sons and fathers. Being a mother and son's dinner, 16 of the fathers and others were the waiters. Dressed in white coats they began the evening by a dress parade through the dining room to the kitchen where they began their duties. The mother's, however, were not idle in this affair having been there in the afternoon and prepared the tables for the banquet. The waiters were H. O. Bonhead waiter; C. B. Smythe, J. S. Johnston; Robin C. Brown; A. B. Caleen; Willard Marin; Harry Pierson, Earl B. Pierson, W. P. Townsend, E. K. Powlison, William Lawrence Sr., Alexandra Gould, Charles Tryon Sr., Charles Wahl Sr., Stewart Baviear, and Mr. Coaks.

Rev. Dr. Leroy W. Warren, pastor, First Presbyterian Church, opened the dinner with grace. The fathers then exhibited their dexterity in the art of serving.

The dinner being enjoyed by all was followed by singing and a solo by Mr. Guy R. Sutton, Secretary of the Y. M. C. A., after which prizes were awarded for 100 per cent attendance at the bible classes. They were as follows: The Y and Triangle, Charles Tryon, Jr., Gold Medal; Inwood Smith, teamemts; Charles Byron Jr., Harold Butler, Henry Hansen, Inwood Smith, Phillip Ioxl. The following received Bibles from Jerusalem, brought over by Guy R. Sutton when he was visiting the vicinity of that land a year ago. Recipients were: Charles Wahl Jr., Douglas Thompson, Carl Rugen.

Phillip S. Watters, pastor of the First Methodist Church, gave an interesting sermon on the Relationship of Mother and Son bringing to view the beautiful sides of both and putting great stress on the understanding of each other.

Mr. William Doig said the benediction.

FORMAL CHARGE MADE AGAINST MRS. J. NORTH

IS NOW ACCUSED OF KILLING THREE YEAR OLD DAUGHTER

Funeral For Child Today—Mother Wants To Die

Detective Eugene McGarry yesterday morning made a formal complaint against Mrs. Josephine North, 42, of 1016 South avenue, charging her with the death of her three year old daughter, Alice. The child is alleged to have been murdered by its mother in a fit of despondency over the death some weeks ago of another child.

Mrs. North, who attempted suicide, and who has been at Muhlenberg Hospital since, is fighting to die. She has not a desire to live, it was learned and only the efficient administrations of hospital attaches has kept her alive, it was said. A special nurse is in attendance.

With the signing of the formal complaint, the first formal complaint to be made since the tragedy, Mrs. North was placed under arrest and she will have to answer to the charge of Detective McGarry after she is discharged from the hospital unless an examination as to her mental condition, which is highly probable, finds her to have been mentally disarranged at the time of the alleged slaying.

As Mrs. North fights to die and doctors are fighting to keep her alive today, the little body of the once cheerful, trusting baby daughter will be laid to rest in Hillside cemetery. The father, Leon, will be chief mourner.

Rev. A. J. C. Bond, pastor of the Seventh Day Baptist Church, of which Mrs. North had been an ardent worker, will officiate.

In addition to the parents, Alice is survived by two brothers, David and Charles, and two sisters, Violet and Etta.

BOROUGH P.-T. A. WILL PLAY CARDS

The North Plainfield High School Parent-Teacher Association will hold a card party tonight in the school auditorium on Greenbrook road. Members are urged to bring their friends. Prizes will be awarded to the winning contestants.

WESTFIELD LIONS HEAR STATE SECRETARY

Dr. W. L. Patterson, Henry L. Rost and Dean Sanford were appointed a nominating committee by the Westfield Lions Club at its meeting yesterday evening. They will report back soon on candidates for the annual election.

Carl Bannwart of Trenton, State secretary of the Lions International, spoke on the principles of Lionism, and Hampton Hannt spoke on the State Lions convention, to be held at the Berkley-Carteret, Asbury Park, June 6 and 7. Mr. Bannwart complimented the Westfield club on its record of third place in the attendance contest of the Lions International.

Lions clubs which will be present at the regional meeting in Westfield next Friday are those of Plainfield, Cranford, Roselle, Elizabeth, Linden, Union, New Brunswick, Carteret, Fords and Perth Amboy, as well as the host club.

PLAN TO CLOSE STORES HERE A HALF DAY

To Conduct Interview of Business men

First steps to bring about the closing of Plainfield stores on Wednesday afternoon during the months of July and August, were taken yesterday at a luncheon held in Tepper's Restaurant, and attended by members of the executive committee of the Retail Trades Division of the Chamber of Commerce of the Plainfields, of which A. E. Willard is chairman.

The agreement drawn up for the major business firms of the city and which has already been signed by Tepper Brothers, Van Arsdal's and the United Millinery Shop, of which Samuel Weinstein, is the proprietor, is as follows:

"We the undersigned business firms of the Plainfields, do jointly and severally agree to close our stores at 12 noon and remain closed during the afternoons and evenings of every Wednesday during the months of July and August, 1928, provided however that all firms listed below, become parteis to this agreement."

Other signatures are desired and a special committee will be at work shortly to interview the owners of the major businesses, to obtain their signatures to the above agreement.

A separate canvass is also planned for the smaller merchants, this also to take place in the immediate future.

SCHOOL MEET POSTPONED

Postponement of the track meet and field day of the Lehigh school, South Plainfield, which was to have been held yesterday, was postponed until next Friday because of the weather. Miss Cohen, physical instructor, and Mr. Riley are incharge of the meet.

200 ATTEND GYMKHANA: SWIMMING MEET HELD

Nearly 200 persons witnessed "A Russian Toy Shope," by Chalif, presented by the Junior Dancing Classes of the Kymkhana, Y. W. C. A., last evening in the "Y" auditorium.

After the play the Junior and Senior swim meet took place, the Seniors winning by six points. All other contests evened up, the six points being won on the diving.

Uncle Eben

"A man dat thinks he's better dan others," said Uncle Eben, "is gineter be a great help if he can live up to his own expectations."—Washington Star.

SCOUTS CAMPAIGN FOR CAMP FUND OPENS THIS A. M.

THREE HUNDRED WORKERS TO SECURE SUBSCRIPTIONS FOR NEEDED SITE

To Announce Todays Results Monday

The Boy Scout camp campaign to raise $16,000 in Plainfield, started this morning. First announcement of the returns of the solicitors will be made Monday. Raymond M. Smith is chairman.

P. F. R. Huntsman presided at a meeting held last night in Fellowship Hall, First Baptist Church, at which the general public had been invited,

Judson P. Freeman of the National Scout headquarters was the principal speaker. Mr. Freeman brought a message of the activiti of the scouts and told of the invaluable work the organization has been doing for boys and young men.

The campaign has been thoroughly planned and three hundred men and women of the city are to start today. There are prizes for the different groups of works, which will be inscribed to the work. Cups will be given to leading teams, which will be inscribed with their names and placed permanently in the head quarters building at the new camp. In addition to these there will be individual prizes for those workers who turn in the largest number of subscriptions, Chairman Smith having arranged for at least six of these.

As has been told, the Watchung Council consists of the Scout troops in this city, Summit, Westfield, Bound Brook, Somerville and the Somerset Hills district of Bernardsville and surrounding towns. All of these towns have held campaigns and have raised a sum which equals that which is sought in Plainfield. This city is the last to its share in this work, which was made necessary because the camp heretofore used by the troops mentioned is no longer available. The site selected is four mile outsideof Glen Gardner, about forty miles from Plainfield, and is deal for the purpose.

ANNUAL LEGION DINNER TO BE HELD TWO WEEKS

The annual dinner of the American Legion will be held at the Raritan Valley Country Club, May 31, Edward Smith, chairman of the dinner committee has sent invitations to the State Commander Georg- F. Fleming with Vice Commanders William McDowell -Herbert, Blizzard and Richard Hartshorn together with Department Adjutant Roland F. Cowen, and it is assumed and hoped tha they will all be present.

John J. Hartley is in charge of the tickets in The Plainfields. The other members of the committee are: Harold Horten of Gladstone, John Jactusky of Manville and William Lehman of Bound Brook.

The May meeting of the Legion was held last Wednesday night in the Ball Kirch Rooms, after which refreshments were served.

JR. C. D. OF A. HOLDS SWIMMING MEET

A swimming meet was held last night by the Junior Catholic Daughters of America at the High School pool. The sixth and seventh grades met at 7 o'clock and all other girls at 7.45. Miss Helen Schley was the director in charge.

CLEARING HOUSE REPORT

Exchanges, $1,676,000,000; balances, $145,000,000; Federal Reserve bank's credit balance, $108,000,000.

U. S. TREASURY BALANCE

SWEATER GIVEN COACH AT DINNER PARTY

A dinner and party to Carl Smith, their coach, was given by the members of the girls' basketball team of the Community Recreation Society at the home of Miss Blance Patterson, 226 Emerson avenue, last night.

Miss Patterson presented a sport sweater to Mr. Smith as a redognition by the team of his work for it during the past season. Guests here present from Plainfield, North Plainfield, Milburn and Newark.

OWLS END FESTIVAL TONIGHT

Nat Reiss Shows Will Pack Up Their Tents And Depart

Tonight marks the end of the spring festival which the Nat Reiss Shows have been presenting all this week at Mack Field for the Italian Feast of Owls. That the Owls exercised excellent judgment in selecting the Nat Reiss organization to provide the amusement features for them for the entire family, any man can take his wife, his mother, his sweetheart or his children into any attraction on the Nat Reiss midway with positive assurance that he entertainment to be found there will be entirely in accordance with the highest standards of morality, decency, and genuine entertainment.

Plainfield should have more amusements of the type of the Nat Reiss Shows. That the public appreciates entertainment of this type and character is demonstrated firstly by the fact that the Nat Reiss Shows are welcomed to set up their midway in he city itself instead of being forced beyond the city limits, and secondly by the fact that the total attendance for the first four days of the festival was in excess of 50,000 people, and not a single unfavorable comment has been heard.

The Owls are to be complimented sincerely upon having had the foresight to bring to Plainfield an amusement company which has been a credit to the community from every standpoint, and it is hoped that the Nat Reiss Shows will be seen here much more frequently in the future than they have in the past.

Censorship in China

The kitchen god of the Chinese household is believed to ascend to heaven once a year to report the family's doings, and on this anniversary toffee is stuck on the mouth of the god to insure the report being favorbered.

WESTFIELDS BUSINESS MEN UP IN ARMS

Oppose Action to Make a One-Way Street

Westfield business men and property owners are strongely opposed to the ordinance making a section of Prospect street a one-way street so strongly opposed that a petition expressing their distaste has already been signed by more than 300 of them, though the ordinance was passed on first reading Monday night.

The ordinance, which has roused the business men to action and got the whole town seething, was introduced by Councilman Horace J. MacCowatt and voted for by Mayor William M. Beard and all members of the council except Edward S. Randolph, former chairman of street committee.

A hearing on the ordinance is set for Monday, May 28, and present indications point to a large, indignant body of citizens at the meeting. Protests in the ordinance center on the fact that the street, in the center of the business section will only be to automobilists turning into it from North avenue, Elmorhsts who now enter. Prospect street from East Broad street will be forced to travel up East Broad street to Elm street, or go to the intersection of North and the Plaza in order to reach the westbound station. In the opinion of many business men this will add to the present traffic confusion at train time, besides hurting business and decreasing property values on that section of Prospect street.

The ordinance further limits parking to two hours, and it is on the left side of the street, as one turns into it from North avenue. Cars so parked must be backed in at a 45-degree angle, headed north. Merchants protesting against the ordinance point out hat this will probably increase the accident hazard, as it is natural for a car trying to pass another to go to its left, and the parking rule will mean that cars will be backing into spaces at the left, forcing passing cars to go to the right.

The new signals at the intersection of Prospect street and North avenue are also coming in for criticism, as it is confusing to have two sets of traffic signals a block apart, operating independently of each other. It is suggested by those who are opposing the present ordinance that the situation can be met, more by making Prospect street a one-way street, but by removing the traffic signals at the intersection, possibly replacing them with a single red light, to stop traffic when there is needed for it, such as fire alarms.

The petitioners also favor replacing the signals which were removed from the west side of the police booth at the Elm street intersection.

Murmurs are heard on many sides that Mayor Beard's removal of Councilman Randolph from chairmanship of the traffic committee" has not helped traffic matters in the town. It is believed that another petition will be circulated, asking the replacement of Councilman MacCowatt by Councilman Randolph on the traffic committee.

Proclamation

Mayor Urges All to Aid Scouts

WHEREAS, the Boy Scouts of Watchung Council heretofore had the privilege of enjoying the facilities provided at the summer camp at Bear Mountain, which they no longer have; and

WHEREAS, it is the desire of said Council, including the districts of Bound Brook, Summit, Somerville, Somerset Hills and Westfield, to raise funds to provide for a summer camp elsewhere in which to board; and

WHEREAS, a Capital Fund Campaign will be conducted beginning May 19 to May 27, inclusive, to secure the required funds;

I, THEREFORE, ask the citizens of Plainfield to assist this good cause so that the required amount may be raised by the workers in this campaign.

JAMES T. MacMURRAY,
Mayor.

READES DRAMA TROPHY IS CAUSE OF ENTHUSIASM

Dramatic Tournament Finds Parrish Players Hoping To Win

The fourth annual Drama Tournament to be held next Thursday and Friday, May 24 and 25, finds the Parrish Players, with one leg on the Walter Reade Trophy, again entering this year's competition with the thought uppermost in their minds, that they will again be declared the winners for the second time. If this should happen, it will mean that they will be the only group to have their names engraved twice on the silver loving cup.

Their offering this year will be the "Dickey Bird," by Harvey O'Higgins, and the play is being directed by Mrs. O'Higgins. The cast includes: Dorothy Drinkwater, as Mrs. Griffiths, Loring W. Lecrew as Richard P. Brown, Frances Pleydell as Emily and Ruth Lecrew as Hedwig. The scene is a living room in New York City, and the time is the present. The drama revolves itself about a couple that have been parted for some time when the man brings his newly acquired bride to a rooming house, where he finds his former wife, the real action starts.

Keeping abreast with other amateur groups the North Plainfield Dramatic Club is again entered in the tournament with a Booth Tarkington play, entitled "The Trysting Place," a comedy. The play, which it is expected will be well adapted to the younger group of players in the club. The play, which is under the direction of Miss Doris Hicks. The play revolves itself around a scene in a hotel lobby, about 5 o'clock in the afternoon, where a few lovers are always interupted in their love-making by other couples out for the same purpose, neat little climax is affected, and all is merry again, when once they get straightened out.

In addition to the Walter Reade trophy, given to the winning group there will be a smaller silver loving cup, about ten inches in height to be given to the best individual performance by any male or female actor taking part in this years tournament.

Other groups entering this year's play for the big trophy are the Y. W. C. A. Community Players, Y. M. H. A., DeMolay, and the Dunker Dramatic Club.

NATURE CLUB WILL HIKE TO WATCH HOLLOW

Members of the Watchung Nature Club will hold a field trip to Dock Watch Hollow, near Martinsville, this afternoon, meeting at the City Hall at 2:30 o'clock. Part of the trip will be made by auto, the remainder and the return trip will walk the rest of the way and also upon their return home in the evening.

The trip will be in charge of Mrs. S. B. Leggett and members are asked to bring their supper, the camp fire to be in charge of Miss Fannie Beckwith. George Draper will be in charge of the program in the evening.

A monthly business meeting of the club will be held Monday evening in the City Hall at 8 o'clock at which time a prominent person, connected with the museum, will give a talk. A talk will also be given by Mrs. Norman Currie, with games by Miss Kneder.

Other events planned for the near future, include a morning bird walk to be held on Sunday, May 27, with Mr. Eggerding in charge; the Memorial Day hike in charge of Miss Beckwith, a field trip to Black River Falls on June 9; and a bird walk on June 16, with Mr. Harmon in charge.

PUBLIC SERVICE LOOSES SUIT

District Court Judge John R. Connolly announced yesterday that he had found for Morris M. Entin of 753 Murray street, Elizabeth, in the sum of $243.50, representing damages in a suit brought by the latter against the Public Service Railway Corporation, to recover damages caused to his automobile when a trolley car jumped the switch on East Jersey street, Elizabeth, and struck the car parked at the curb. The case was heard before Judge Connolly on Wednesday, decision being reserved at that time.

Martin Korngut represented the plaintiff, while Robert J. Holland was counsel for the defendant.

P. T. A. ELECTS MRS. POMPONIO

Mrs. Michael Pomponio was elected president of the Parent-Teacher Association of the South Plainfield schools at a meeting held in the Hamilton Boulevard school Thursday night. Mrs. W. E. Lee is vice-president for the coming year, other officers elected being: Mrs. E. G. Donald, recording secretary; Mrs. Mildred Cottell, treasurer, and Elmer G. Donald, corresponding secretary.

Eighth grade students gave a short play, "What Is Home Without a Mother?" for the entertainment of those present. There was a good attendance.

A special meeting of the committees in charge of the graduation exercises of the eighth grade and of a card party to be held in June will be held next Wednesday evening. The party will be for the benefit of the luncheon fund, which shows a slight deficit.

POLICE PREPARE FOR INSPECTION

Thirty-five members of the Plainfield Police Department have been participating in drills during the past week at the Plainfield Aumse ment Academy, in preparation for the inspection drill to be held at the Academy on Saturday afternoon, June 2.

The members have been in charge of M. A. McDonough, former second lieutenant in the United States Army.

MANY NEW AUTO DRIVERS

One hundred driving licenses were issued in this city at the examination held this week, according to Agent J. J. McCann. In addition to this number, eleven were granted conditionally and five issued to motorcycle drivers.

The examining force consisted of Deputy Chief Joseph Brettell and Inspector Doyle of Plainfield, Troy and Baldwin of Newark, Dennen of Princeton, Manley of Hightstown and Lawlor of Elizabeth.

FIRST TWO FINED IN BORO CLEAN UP

Joseph Piekarczyk, 25, of 685 South Second street and Andrew Szamatowicz, 44, of 671 West Third street, Plainfield, were each fined $10 by Borough Recorder Grover F. Kipsey of North Plainfield last night.

The two were arrested by a motorcycle Patrolman McGarry at 2:30 o'clock Wednesday afternoon at Myrtle and Madison by order of Chief Tile and West End avenues, the first George Weiss in an attempt to break up loitering in that section. They pleaded guilty to being drunk and disorderly, as well as loitering in that section. The fines were paid.

REPUBLICANS MEET TONIGHT

A meeting of the Plainfield Republican City Committee has been called for this evening in the City Hall at 8 o'clock, by Arthur Warrick, secretary.

SOUTH PLAINFIELD

Peter J. Miller, cashier of the First National Bank of South Plainfield, motored to Atlantic City with his wife Thursday, to attend the State Banker's convention.

Elmer D. Donald of Maple avenue is improving slowly at home from his recent operation.

Mrs. Peter J. Johnson of Plainfield avenue is ill at her home.

Roland Slicker is preparing his part of a cornet duet, to be given with William Simpson of North Plainfield, at the memorial service of the South Plainfield Baptist Church on Sunday, May 27. At that service Rev. Martin Brynildsen will deliver his sermon on the "Unknown Soldier."

Rev. and Mrs. Martin Brynildsen will drive to Sussex this morning to have their two children, Martin and Contance examined at the Sussex Hospital by Dr. Edward Updegrove and Dr. John D. Haggerty.

LEADERS WILL DINE

Group leaders of the Boys' Division will hold a supper at 6:30 tonight in the Y. M. C. A. auditorium.

REPUBLICAN COUNTY COMM. MEETS MONDAY

Monday night the Union County Republican Committee will meet in the Kean building, Elizabeth, at which time the organization for the coming year will be formed.

George H. Johnston, chairman of South Plains, who has been chairman is expected to be continued. The Monday meeting will naturally be in the form of a celebration as Hamilton F. Kean, the committee's choice for United States Senator won the nomination Tuesday.

NEWARK—Walter Johnson, manager of the Bears, led his pennant possibilities home today, and to prove that he hasn't suffered a relapse, as reported last night, insisted on carrying his own baggage from the Lehigh Valley Railroad station platform to a waiting auto.

The report that Walter was sick again reached Washington and immediately five wires were hot from the capital city to Rochester where the Bruins had just finished taking three in four games from the Red Wings.

"Walter, we have a report down here that you have suffered a relapse," said a newspaperman over the telephone.

Big Steak for Big Train

"Well, if you could see the big steak that is in front of me on the table you wouldn't think I was anywhere near a relapse," declared the great flinger.

PAYMASTER ROBBED OF $5,000

PHILADELPHIA — George Weiss, paymaster for Charles J. Webb & Sons, wool brokers, was beaten by two hold-up men today and robbed of a payroll of nearly $5,000. He was on his way to the Webb offices on lower Chestnut street from a bank.

MARY NIEDRINGHAUS

Pretty Mary Niedringhaus, daughter of Congressman Elsie and Mrs. Henry F. Niedringhaus, from Missouri, will be a welcome addition to the younger set of the National Capital when her father takes his seat in the Seventieth congress.

Iceberg Miles Long

Icebergs float so that almost nine times their visible bulk is submerged, Rasmussen Baffin bay Sir Jelin Ross saw icebergs aground in 1,500 feet of water. Antarctic icebergs, though rarely over 200 feet in height, are often vast plateaux, table-topped, that have been known to reach 30 miles in length.

Open Evenings

P. T. ASSOCIATION PARTY SUCCESS

More than 75 persons attended the card party held at the North Plainfield High School auditorium, yesterday afternoon, under the auspices of the Parent-Teacher Association of that school. Bridge, pinochle, five hundred and euchre were played and prizes were awarded at each table. Refreshments were served.

The affair was under the general chairmanship of Mrs. S. W. Fetherston, who was assisted by Mrs. Otto Ditzel, prizes; Mrs. Samuel Schwartz, tables; Mrs. F. P. Wheeler, Mrs. Edward Lawler and Mrs. R. Warren, refreshments.

MANDELL FIGHT DELAYED

NEW YORK—Tex Rickard announced today that Sammy Mandell will defend his lightweight championship against Jimmy McLarnin tomorrow night, weather permitting. The promoter was authorized by the Boxing Commission to again defer the bout on account of rain. Originally scheduled for last night, it was postponed until tonight when clouds gathered in the afternoon. The clouds were followed by a hard rain today.

TURKS GREET RULER

SEBASTOPOL, Crimea—A Turkish squadron entered the port of Sebastopol today with a delegation from the Turkish government to greet King Amanullah of Afghanistan, who arrived here en route to Angora.

13 REDS EXECUTED

CANTON — Lonzahormen and lightermen struck today and refused to discharge cargoes of Japanese steamers. The unions were trying to persuade the Chinese crews of Japanese vessels to join the walkout. The authorities arrested and executed thirteen Reds near Swatow.

FARM BILL REACHES COOLIDGE

WASHINGTON — The McNary-Haugen farm relief bill reached President Coolidge today. He is expected to veto it.

NEWARK—No changes in leadership in either Democratic or Republican County committees are anticipated when they meet to organize Monday night.

Congressman Paul J. Moore is slated for re-election as chairman by the Democratic County committee and Harry B. O'Connell it is said will again head the county Republican organization. There is talk, however, that the latter may ask to be excused from further service as chairman and request the selection of William Haas, leader of the Ninth ward.

COUNTESS DE BERLANG

An especially posed portrait of Countess De Berlang de Duero, wife of the new attache of the Spanish embassy in Washington.

First Ship

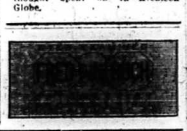
The first ship of which there is any record is an Egyptian boat of about 6000 B. C. and there are certain features of this ship which have persisted even to the present day.

MISS EDNA STEIGER

Miss Edna Steiger is the only American nurse employed by the Near-East relief in Beirut, Syria, where there is an epidemic. Miss Steiger was in charge of medical work among 150,000 Greek refugees in Samoun on the Black sea during the Christian evacuations from Turkey when epidemics of small-pox, scarlet fever, typhus and mumps were raging. For this work she was awarded the highest civil decoration in the gift of the Greek government, the Cross of the Order of George I.

Salary Stays Small

Salary generally stays small in proportion to the amount of thought spent on it.—Atchison Globe.



DEATHS — FUNERALS

CORINNE J. MOON

Corinne J. Moon, three-year-year-old daughter of Mr. and Mrs. Willis C. Moon of 907 North avenue, died yesterday noon. Besides her parents she leaves a brother, Willis C. Moon, Jr.

Funeral services will be held in the home at 10 o'clock Monday morning in charge of Rev. Courtland H. Mallery of St. Andrew's Church. Interment will be in Hillside Cemetery.

DOG LICENSE REPORT

Two hundred and fifty-three dog licenses had been issued up to yesterday morning, for the new license year beginning tomorrow. A total of 2,053 dog licenses have been issued for this year.

MRS. LEGGE'S CLASS

A card party was held at the home of Miss Helen Heimlicher, 1224 W. Third street by the members of Mrs. Legge's Bible Class of the Grant Avenue Presbyterian Church, last night. Prizes were awarded and refreshments were served.

COOLIDGE TRUE BLUES

The card party held by the L. O. L. L. Coolidge True Blues Club at the home of Mrs. William Vlet, 302 Madison avenue, Dunellen, last night was largely attended. Refreshments were served.

CARD PARTY HELD BY BORO CLASS OF 1926

Forty members and friends of the North Plainfield High School class of 1926 attended a card party last night at the home of Robert Dreier, 88 Fairview avenue. Proceeds of the party are to be used for defraying the expenses of the coming reunion of that class.

Couldn't Be Worse

Over there coffee has not been invented yet, though I understand they are making some interesting experiments with mud in the south of France.—Corey Ford in Vanity Fair Magazine.

St. Mary's—Liberty and West Sixth streets, Rev. Bernard M. Bogan, rector. Masses at 6:30, 7:30, 8:30 and 9:30 a. m. Sunday school at 2 p. m.

St. Stanislaus (Polish)—Elmora avenue and Elizabeth street, Rev. Anthony Tralka, rector. Sunday masses at 8:30 and 10:30 a. m. Benediction at 3:30 p. m. daily.

PRESBYTERIAN GUILD MEETINGS TO CLOSE SEASON

The last meeting of the season of the Guild of Crescent Avenue Presbyterian Church, held at the home of Mrs. Howard C. Foster, 922 Cedarbrook road, yesterday, was largely attended. The affair was in the form of an all-day sewing meeting for the benefit of several charitable institutions in the city.

SPIRITUAL HONEYMOON RABBI KROHNS TOPIC

"A Spiritual Honeymoon," will be the subject of a sermon by the Rabbi A. Lincoln Krohn of Temple Sholom at the Grant Avenue Presbyterian Church tomorrow night. The rabbi has spoken at the church before, having been the speaker at the annual banquet of the Berean Bible Class three months ago.

At the morning youth service of worship, Rev. Roland J. Bahnsen, pastor of the church will speak on "Look at the Wild Birds." His topic for the mid-week service on Wednesday will be "Three Parables on the New and the Old."

MARJORIE SCHMID TO BE BRIDE OF FRANK MUNDY

The wedding of Miss Marjorie Schmid, daughter of Mr. and Mrs. Louis Schmid, 1002 Watching avenue, North Plainfield, and Frank Mundy, son of Mr. and Mrs. John F. Mundy of Springdale will take place at 4 o'clock this afternoon at the Methodist Episcopal Church of Springdale Rev. Whitfield Gray, pastor of the church, will officiate.

Miss Schmid will be attended by Mrs. David Acken of Springdale, a sister of the bridegroom, as matron of honor and Miss Laura Rose and Miss Mary Saffron, both of Plainfield, as bridesmaids. Harry Mundy will act as best man for his brother and the ushers will be David Acken and Everett Ortman, all of Springdale.

The bride, who will be given in marriage by her father, will wear a gown of white satin and her tulle veil will be held in place with a wreath of orange blossoms. She will carry a bouquet of bridal roses. Mrs. Acken will be gowned in pink satin and will wear a large hat and will carry pink roses. The Misses Rose and Saffron will wear blue taffeta and Miss Saffron orchid. Both will wear hats, slippers and hose to match their gowns and will carry yellow roses.

Preceding the ceremony, Mrs. Harry Mundy will sing "O Promise Me" and Mendelssohn's "Wedding March" will be played by Professor Andrew J. Carpentier of Plainfield. At the conclusion of the ceremony a reception will be held at the home of the bride's parents for more than a 100 guests from Plainfield, Irvington, Newark, Springdale, Round Brook, Dunellen, Elizabeth, Liberty Corner and Bernardsville.

Upon their return from a week's trip to an unnamed destination the couple will reside in Springdale

PUBLIC FORUM TO HOLD MEETING

At the first meeting of the Plainfield Public Forum since the forum became an incorporated organization, which is to be held next Monday night in the auditorium of the Hartridge School. Mr. David Lawrence of Washington, editor of the U. S. Daily, the only newspaper devoting itself solely to governmental affairs, will speak on the subject "Presidential Personalities." Mr. Lawrence has been a prominent newspaper reporter for the past fifteen years, always closely in touch with Washington affairs. He had frequently come prominently into the public notice through his ability to predict the turn of political affairs with unusual degree of accuracy. Mr. Lawrence will analyze the background of some of the more prominent aspirants for the office of the chief executive, and tell what he thinks or their availability.

This meeting is receiving the cooperation of a committee recently appointed from the Ministers Council of Plainfield to assist in carrying on the work of the Forum. It will be held in the high school auditorium, West 7th street, beginning at 8:15, on Monday night, and free to all. In connection with the discussion of the Forum there will be opportunity for questions and discussion at the close.

PROBASCO BIBLE CLASS TO HAVE BREAKFAST

An outdoor breakfast and class meeting will be held by the Probasco Bible Class of the First Baptist Church at 6 o'clock at Arunsleo road, Scotch Plains, tomorrow morning. C. J. Hellen, president of the class is in charge of the arrangements.

Rev. S. Arthur Devan, pastor of the First Baptist Church will preach at the morning services on "An Unfinished World."

WERE BYRD'S ESCORT HERE

Mrs. John H. Jewett, 906 Central avenue, drove Commander Richard E. Byrd to Newark, after his lecture at the high school auditorium, Thursday night and called on Margaret Lawrence, 1314 Denmark road, as was stated in yesterday's morning's paper.

REVEREND CLARK TO PREACH SUNDAY

Rev. Howard E. Clark of White Plains, former pastor of the Congregational Church will preach here tomorrow in the absence of the present pastor, Rev. Dr. Edward Hill Gelvin, who will preach at the Oberlin College Church.

REV. AHVA BOND AT CONFERENCE

Rev. Ahva J. C. Bond, pastor of the Seventh Day Baptist Church is attending a series of young people's group meetings in Salem, West Virginia, and in his absence, Rev. Willard D. Burdick will preach at the regular church service this morning.

REUNION SUPPER HELD FOR COUPLE

Thirty-five guests, including all of the children and grand children attended a reunion supper and party, ... celebrating the 36th wedding anniversary of Mr. and Mrs. John A. Krimey. The couple were married in the Church of the Holy Cross by Rev. T. Logan Murphy, the rector. The couple have three children and nine grand children.

WILL WED IN JUNE

Clifford J. Brown and Miss Ellen Marie McDonough applied for a marriage license Thursday night. They will be married at Sacred Heart Church early next month, though the date has not been definitely announced.

The Colfax Bookplate

By Agnes Miller

The bookplate was a mystery in itself. It was engraved by the eminent artist, Colfax, who flourished in the late eighteenth and early Nineteenth centuries. But Colfax had no American patrons and the plate was found in an American book out of the library of an old Virginia family. The fact is that Colfax loved Americana. The period of the Revolutionary war and persistently refused to accept a commission from this side of the ocean.

How did he come to make an exception? The history of Colfax bookplates was supposedly known. Presumably all of them had been catalogued. Yet here was an exquisite specimen of his art which never had come to light before. What peculiar circumstance had caused him to stick his aristocratic expend his best ability on a piece of work for an American and then to keep the fact hidden?

From the time the plate was discovered inside the cover of a rare old tome in a secondhand bookshop in lower Fourth avenue, it began to put forth sinister influences. The young lady who happened to take a look for the shop nearly lost his job on account of her story circle and every other employee who touched it became involved in a maze of peculiar happenings. Finally it led to a murder or what, at least, appeared to be one. A terrible sensation, a session of dire events the diabolical proceedings suddenly ended and the old bookplate became the agent of delightful romance.

CHAPTER I.

Darrow's I. Different.

HAD it not been for those tidy little articles known as boxes, eight to a sheet of copy-paper and distributed free on Saturday to the staff at Darrow's New and Second-Hand Bookstore, it is doubtful if have begun Monday morning in the state of tension which was so appropriate to the beginning of that portentous day, nor should we have ended the whole affair of the Colfax book-plate in such a blaze of glory. But Mr. Roberts, our canny statistical Caledonian manager, had noted that on each morning of the preceding week a certain group of the members of the staff had punched the time-clock between five and sixteen minutes past nine, and he had concluded that the reason could not always have been the "Difference in Clocks," the "Subway Block," or the "Alarm: That Never Went Off at All"—important features as these all are of modern commercial civilization. Consequently, at noon on Saturday he had broadcast a general storm-warning in the language of diplomacy, that is to say, a bluntly-spoken, on yellow notes enclosed in our pay-envelopes. I transcribe my copy:

(Typewritten)
"Miss Constance Fuller:
"Miss Alexander Roberts."
"Thomas Alexander Roberts."

I believe that every morning when I enter a silent shop I must unconsciously breathe a prayer of thanksgiving that, although life is by no means always May, at least I belong in Darrow's. I started selling books before it got to be a "New Career for Women," with courses on how to do it, and then obtained, through the Y. W. C. employment bureau, a position in Darrow's. A bright young woman was wanted, they said. I, for what, pray, could one assist in a bookshop except at selling books? At least, so I reasoned. The idea of doing so struck me with great force, though it struck me alone. On hearing that Darrow's had hired me, my mother exclaimed: "Just what I'm so happy for you; I always wanted to work in a store; but had I breathed the fact at your age, I'd have been put out in the snow, a la 'Way Down East.'" My brother said: "How much are you going to get? Enough for a raise?" As to my father, on learning that I declined to hang around his neck like a benutiful mourning millstone, was relieved of all, for he merely remarked, "Well, Darrow's is different."

It is, indeed. None but that overworked adjective describe it. There are many bookshops, but there is no other quite like Darrow's. It is quiet, with the quietness of a rushing, prosaic business neighborhood, unaffectedly picturesque. Sixty years ago, the building was the cozy, comfortable corner dwelling, with a stable, doubtless full of fat horses, down the side street. Now that stable is the shipping room, and where the ground floor dining room used to receive a dozen guests on evening, is added to the 1850-size family, Darrow's bookshop today receives its customers. The shop also occupies the site of the old kitchen, pantry and store rooms, and the upper reaches of its lofty walls include the old-time first-story partitions.

Every new customer coming in must my desk beside the front door gasps at the sight of the floor to ceiling bookshelves from floor to ceiling on the long north and south walls, with a gallery running around them at half their height, and at the back, also on the tables, standard works on the walls, classified subject-collections in the alcove. From my view at leisure the fine collection of old prints and engravings which ornament the gallery railings, and to which we do a considerable business. And he will certainly admire his own section in the bright brass cage of our little elevator at the rear of the central aisle, which it is the chief joy of Ulysses S. G. Jackson, our elderly colored janitor, to polish, if necessary, to the neglect of his other duties.

It was with Ulysses, as usual, that I exchanged my first greeting on arriving at the bookshop that famous Monday. For thirty years Darrow's and every individual and circumstance connected with it had constituted Ulysses' life. His chief passion, besides brass polishing, was that thrilling daily magazine entitled "Daily Snapshots," which, as everybody knows, consists of three-quarters pictures and one-quarter 14-point type, and which features with double spreads such important news items as "Right Arm of Statesman's Divorced Wife Found in Well." He now folded up his last dust-cloth and approached me solemnly, drawing a copy of this journal from beneath his sweater.

"You've been out early for the paper, Ulysses."

"Yes'm. Does you want to see it?"

"Yes, what's the news this morning?" For twenty-four hours the country must have been inconveniently free from crime and extraordinary violence; the editors of "Snapshots" had been reduced to using for a front-page sensation scientific observations of the latest lifting foreign headliner, which were summed up in the caption: "Psychic Expert Declares Next World's Worst."

"Can't be no worse'n this one," remarked Ulysses.

"What's the matter, Ulysses? Have you got rheumatism?"

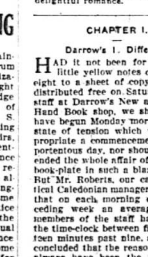
"No'm, I ain't got no rheumatism, I got a message. Somep'n bad's go'n' happen."

"Pshaw, Ulysses! Something bad's always going to happen."

"No'm, you're kidding from yourself, Miss Fuller; somep'n bad's go'n' happen. I know it."

"What bad thing do you think's going to happen?"

Ulysses debated silently, his mouth curved into a crescent, points down. The contemplation of some



"I Dunno, Maybe Miss' Darrow's Go'n' Lose Some Money."

concrete catastrophe seemed to cheer him. Finally he murmured simply:

"I dunno. Maybe Miss' Darrow's go'n' lose some money."

I was much tickled by the fancy. If Mr. Darrow did lose some money, it would be powerful bad luck for everybody in the house, since, to tell the painful truth, Mr. Darrow was not a remarkably good loser of anything, particularly money.

"Oh, I hope not!" I sighed.

"Yas'm, that's right; I does, too," agreed Ulysses heartily.

His pulse quite restored, he picked up the "Pictorial" and moved off to polish the alcove bookcases.

It was a pleasant side of my work that my own special hobby became a knowledge of bookplates. Whenever I could discover and identify a new one, and sell it to some one who liked it, I was more than happy. But certainly there could never have been an apparently more unlikely person than that of our famous Monday for bringing to light a real treasure among bookplates. Nothing was in my mind except my very important ordering job as I set about assembling my catalogue cards, just as the vanguard of punctual arrivals began to pour in.

Heading the procession came Mr. Roberts, tall, gaunt, keen-eyed. One by one they filed in after him with the typical Monday business "Good morning"—smile, grouch, resignation. Then a loud cheer sounded, as one by one they punched the time-clock, just inside the shipping room door to the left hall, to the right of the elevator.

Miss Wilkes, our "dean of women," her pre-wisteria velvet fall hat perched like an Imperial Russian coronet on her stiffly waved gray hair, showed all her teeth and addressed me as "Dear." I noted with interest that, from being a mere initial on her exalted position she mingled not with the herd, and well-known social ambitions made her quite inaccessible—but was escorting a lanky and silent but astonishingly pretty young stranger, who had the largest head of wavy chestnut bobbed hair and the thickest war-paint I had ever beheld in a long and tolerant experience.

While awaiting the elevator, Miss Wilkes abandoned her convoy, to greet Mr. Edward Case, the shop manager. Miss Wilkes highly approved of Mr. Case. He was a bachelor in the late forties, he lived at a club, he always displayed fine raiment on his tall, well-built person, and was altogether to her taste, being deemed the most dashing, if not daffodevil figure in our select community.

My other colleagues, who arrived briskly in a clump, were: Daisy Abbott, outwardly a fair, frail flower, but really a pretty hard-wheeled; Emily Lamey, plain and thoroughly seaworthy; and George Henry-Dibdin, a nice lad who when in Darrow's had got as far as, I read, a Red Cross lady in a hospital library having unwittingly given him a head toward a career which he had speedily proceeded to follow when he came back with his helmet.

Our select clerical force entered and betook themselves to regions above. Mr. Riggs, the stout head shipping clerk, dashed in distractedly.

"Mr. Roberts come yet? I'm short-handed; one of my men down sick, and the other's still off on his wedding trip—drat him!—and them government books laying a mile deep!"

And then arrived Mr. Darrow himself, for even he came early that morning, as an example. Very short and stout, stiff, bald, and clean-shaven, he moved down the aisle "like an armored tank," to quote Mr. Roberts, bestowing a nod to me, one of the employees he spoke to.

Bookselling was Mr. Darrow's one, his only love. He had solely made his shop different and famous, he had also, years ago, married his father to one Ashland. In spite of this achievement recalls a master stroke; the Ashlands have been known in London for generations as rare-book dealers, and the Anglo-political marriage gave Mr. Darrow an international business connection. He was little seen in the shop, however, and I fear truth compels the statement that we managed without him. To his employees he was known chiefly as a Voice on the telephone.

With his arrival, the whole staff was accounted for—save for one person, a Mr. Ashland, who, on the previous Friday, but had not arrived. It was his first important job, Mr. Darrow had hitherto done most of the rare-book buying himself, though he had been training Peter as a future assistant. But a bad cold or a fortnight previous had deprived him of his voice for several days, and he had been obliged to dispatch Peter in his stead on an extended tour he had been preparing to take.

Nine o'clock pealed through a silence unparalleled in the clock from the time-clock, and all of us in the shop settled down to our respective tasks. Mine was a practice whoever passes my desk, coming in or going out, I noticed that our first visitor that morning, who entered at 9:04, was a lady, who was a dignified, white-bearded old gentleman known to some of us as Mr. Ashland, by sight. He moved slowly down the center aisle, and finally entered the last alcove on the right, under the placard "Reference Books."

Not for about a quarter of an hour did the door open again; then a rather distinguished, dark, young girl in a black fur cape drifted in, but I was so busy I paid little attention to her. I paid some at all, other than to note her entrance, to the third arrival, a young man. He flashed past me almost before I could look up, and I merely noted his somewhat loud attire and brief-case.

Because I constantly busy, I did not look up from my desk again until I gradually became conscious that some one else had not only entered the shop, but gone past me. I raised my eyes, and saw Peter Burton strolling toward the elevator, obviously in search of that air of complete detachment from the world and the fullness thereof which belongs only to Nirvana and the lowest depths of desperation.

Without a second glance, I knew Peter's caps belong to my own special category. Mr. Darrow, though not given to admiring things about other people, considered Peter's flatness ability promising. I had made his acquaintance seven years before, when he was a blue-eyed, curly brown-headed cherub of vast proportions, adorned with a bedticking apron and attached to the shipping desk. There he was now retrived, through some oversight with reference to a nail or a packing-case, for the barn door, in my brand-new skirt one day when I went in with a message. This comparatively mild disaster appeared to have furnished him an out and enlist in the navy on the spot, and I felt moved to investigate until I discovered that the cause was chiefly concerned with excessive grief.

I found them to consist almost entirely of a very refined widowed father with a very medium-sized independent income. There was also a small sister with unconventional manners. As Peter had a vulgar precistent taste for making a living, Mr. Roberts recommended, to find him occupation better suited to an ardent mind than nailing up boxes, and he soon commenced to become one of Darrow's chief sources of revenue. And it was myself, whom Peter had declared in his early days to be the greatest influence in his life, whom

he completely ignored that frosty October morning!

All that astonished me under the blow was the arrival of our elderly pet college professor, Prof. Royall Harrington, of a history department perched high in the city of Palisades. I welcomed the companionship of this excellent old-fashioned gentleman, who was much attached to Darrow's, and had an account with us for years, and enjoyed nothing more than spending hours in our society. I had sometimes thought that his rather timid manners had prevented him from making more close friends. Still, he was highly esteemed in learned circles as a leading scholar in American history, and I had once had to call attrated a public presence in amazing contrast to his diffidence in society. These two guests, confronted with a charming voice in which a faint southern accent occasionally could be heard, had won him some reputation as an orator.

Of course I was the first person he encountered on entering the shop, and he was full of a tale that morning. I had to let the catalogue go, therefore.

"I've just had an invitation I like so much!" he beamed. "I'm invited to speak in a little town on the Maine coast that's about to celebrate its hundred and fiftieth anniversary. Carol Bay's the name. Many years ago it was my summer playground."

"So they want you to come back and help celebrate?"

"Yes, and I'm glad to go now," said the professor, musingly. "I shouldn't have cared much sooner, perhaps—"

"No?"

"You see, my younger brother and I used to spend our vacations there, usually together—"

"Indeed!"

"And the poor boy was drowned, over twenty years ago, going to the rescue of some fishermen whose motor got stalled during a storm; he was washed overboard on the return trip. The town put up a cenotaph for him, in the little churchyard. So, after all these years, as they still seem to remember us both, I believe it would be ungracious not to go up and rejoice with them over their anniversary."

"Such historical commemorations appeal to you, I'm sure," I observed.

"Always. Some call me old-fashioned for sticking, as I do, to the traditions of my ancestors, but I don't care!"

The professor fell to musing, and then, almost unconsciously, he suddenly dropped a confidence, as a lonely person often will:

"Perhaps it was kindest—at least to my brother—that he was taken when he was. We're not all well suited to bear the blows of life. He was highly romantic, a dreamer; the death of cruelty would have killed him.

Professor Harrington's voice died away, considerably to my relief. He sat brooding a moment longer, then came to himself with almost startling unexpectedness, bounding off the desk.

"I must be about my business!" he cried. "I haven't been interrupting yours, have I? I shall have a wee scrap of paper, to make a few notes? No, no, this will be quite adequate, thanks. You'll find declining a proffered pad, he leaned over and fished Mr. Roberts' yellow slip from the waste-basket, and at last fluttered similarly off.

I then devoted my fingers to the index and type-writer to a reordering if Peter wouldn't come and explain himself. I whirled to the telephone for more orders, but when I whirled back, there was Peter himself sitting in the big oaken chair at my left. He had stolen down the gallery stairs behind me, I imagined, and not to gratify him by jumping, but I had to stare. He who had hitherto been as neat as a gardenia was attired in a suit that wrinkled all over his athletic form; his shoes were dusty; three days' growth clung to one side of a much swollen nose. He gazed at me so trustfully that I longed to wear it every morning. Constance. This is a heck of a mess, yes?" he suggested simply.

"Something happened, Peter?" I faltered, not intelligently.

"Oh, no, nothing, Mr. Darrow's all ready to fire me, that's all."

"Mercy!" I said.

"Oh, don't let me disturb you! You'll find that card-catalogue more interesting than I am."

"Peter, I am obliged to put this catalogue in apple-pie order for this afternoon, when Mr. Darrow has promised me to expound his principles and workings to his nephew, Capt. Eric Ashland, informing me, after he got early delivery on his new Ford coupe."

"I could tell by the numerical values of the last digits," said Bodin, the Henry Ford was putting out a new car, so I got my order in early."

So when John C. Fox of the Plainfield Motor Company delivered Mr. Bodin recently the first regular coupe in Plainfield, he asked the "number" of the new Henry Ford stood for this year.

"Ford has the luck with him from now on, especially after July 1st," answered Bodin. "The name Henry vibrates to number seven; so does the name Ford; and he was born in the seventh month. His destiny numbers is 77—a powerful combination. Ford was the vibration of 77 that broke the walls of Jericho—and watch Ford break every wall of difficulty that confronts him."

AIR MAIL WEEK CLOSED

Postmaster General New has designated the week commencing May 14th as National Air Mail Week. ... many efforts the general public is now well informed as to how to use the Air Mail. Plainfield is connected by Air Mail with all the cities in the U. S. Air Mail rates at a flat rate of ... per half ounce. Any stamps may be used. Drop Air Mail in any mail box. It may be registered, insured or marked "special delivery" the same as ordinary mail. The envelope must be marked "Air Mail."

QUEEN CITY BOTTING CO. BUSINESS FINE

Founded in 1886, the mineral water business of Frank Linke has been conducted since 1919 by the Queen City Bottling Company, an unincorporated firm whose two partners, Hyman Kaplan and Samuel Rosen, are the sole proprietors.

In the nine years of the bottling company's operation the business has doubled, with consequent expansion of the quarters at 227 West Front street, where the business began forty-two years ago, until they now occupy twice the space used in 1919. Sound business methods and fidelity to the old formulas used in mixing sodas by Frank Linke are the chief reasons for the present company's trade expansion.

Catering to the best trade, the company used three trucks continually to deliver its products. Eight employes prepare and deliver the goods, including a chemist whose work is centered in the mixing room, a laboratory on the second floor of the building.

Syrups and sugar are mixed in this room entirely by machinery. Sterile containers, pipe lines and mixing vats insure cleanliness of the material that enters into the sodas. From the second floor the syrup mixture is piped direct to the bottling machine, which fills and caps the bottles automatically.

Bottles are prepared by washing in four per cent alkaline liquid, heated to 130 degrees. An automatic conveyor carries the bottles through the mixture to the bottling machine, where the syrup is mixed with the proper amount of carbonated water as it is run into the bottles. Carbonation of the water is produced by adding natural carbonic gas to the water in a sealed drum under pressure. The gas is thoroughly stirred into the water before forcing through to the bottling machine.

One of the first requisites of a bottling concern is a plentiful supply of pure water. This is obtained from a well under the company's plant from which water is pumped 350 feet to the surface and run into a 1,000-gallon storage tank. From the tank it is piped directly to whatever part of the plant it is needed.

Though all kinds of sodas and carbonated drinks are bottled by the company its specialty is ginger ale, which, made after a forty-five-year-old formula, is believed to be as fine a ginger ale as any on the market today.

BI-WEEKLY FORUM SCHEDULED SUNDAY

The regular bi-weekly forum of the Moorelake Branch of the Y. M. C. A., will be held in the auditorium Sunday May 13 at 4:30 P. M. No speakers having been available a literary and musical program has been decvided upon. A large attendance is urged.

The New Girl's Bright Idea

By JANE OSBORN

IT WAS not quite as a last resource that Hortense Fay had gone to work at York's department store. She had had one year in college and she had taught herself how to use the typewriter. She might have got some sort of office job or managed to find employment as a governess. But somewhere she had heard that there were golden opportunities waiting for clever girls in department stores.

But after a week at the ribbon counter at York's her aspirations toward a buyer's career were becoming a trifle dimmed. Clever though the ribbon buyer undoubtedly was, she was more than clever—and Hortense felt that other traits had had more to do with her success than cleverness.

Still, Hortense was not entirely discouraged. She kept her bright blue eyes open—did her best to make a good sales record and racked her brain for bright ideas which being communicated to her chief might lead to promotion.

"I've had a bright thought," said she one morning to another girl behind the counter. "I think I'll tell Miss Gray."

The other girl looked at her with mingled contempt and amusement.

"Don't spill any of your bright thoughts to that hyena," she advised. "If it's any good she'll swipe it, and the chances are it'll be good and how. New girls always have bright thoughts for a few weeks. But I always tell you that if there were any new ideas about selling goods or showing 'em or running the store the fairies'd go to the seventh floor would have thought of them long ago."

"Well, this really is an awfully good idea," Hortense decided herself. "But I won't tell Miss Gray if you think she'll swipe it. I'll go right to the seventh floor with it."

Such a notion was manifestly too absurd to call forth protest, and Miss O'Brien went on arranging the rolls of ribbon on display on the counter. No mere salesgirl had ever gone directly to any of the executives on the seventh floor. But at half-past eleven when Hortense had taken off for luncheon she serenely went to the executive offices on the seventh floor. And being extremely green, she made her way directly to the door marked "Mr. Oliver York, Private." Mr. Oliver York, son of the founder of the store, was a person whose name was usually not even mentioned above a whisper.

Hortense stood in the broad passageway outside the door, and five minutes later when it opened and a genial-looking, tall young man emerged she went up to him without embarrassment and said:

"Is this Mr. Oliver York? Well, I'm a salesgirl in the ribbon department. And I've had a bright thought I want to tell you about."

For a fraction of a minute Mr. Oliver York looked dumfounded—possibly even angry. But a glance at the clear blue eyes of the unembarrassed young woman before him altered his feelings. He glanced quickly up and down the passageway, saw no one, and with a courtly bow opened his office door and asked the girl to enter.

"So you are working in the ribbon department," he said—and then thinking of a problem that had been discussed in conference that morning he forgot all about the bright idea the girl had had and asked her why it was that the personnel of the sales force changed so often.

And so it began. Hortense did not say that the personality of department heads and buyers possibly had something to do with the matter. In fact, she offered no solution to the problem. But it wouldn't have mattered if she had—because Oliver York was falling into the sky-blue depths of Hortense's eyes and somewhere out of his past reading flashed the line: "None ever loved, but at first sight they loved."

"I came up to see you to tell you about a bright idea I had—for selling ribbons," said Hortense.

But Oliver, remembering that he had a conference in ten minutes, had no time to waste. It was important not to lose an opportunity to see those clear blue eyes again. "I'll keep your eyes open," he said, "and meet me tomorrow, say at four. We can talk things over—right now I'm late." Sky-blue depths of Hortense's eyes said somewhere out of his past reading flashed the line: "None ever loved, but at first sight they loved."

But Oliver, remembering that he had a conference in ten minutes, had no time to waste. It was important not to lose an opportunity to see those clear blue eyes again. "I'll keep your eyes open," he said, "and meet me tomorrow, say at four. We can talk things over—right now I'm late." Now I must hurry off—"

"Well, did you tell 'em your bright thought?" asked Miss O'Brien when Hortense returned to her post after her brief luncheon.

"No," said Hortense, with a twinkle in her eyes. "Mr. York had an important business engagement. But he asked me to have tea with him at Stanley's tomorrow afternoon.

Miss O'Brien laughed approvingly. This new girl had a sense of humor, after all. But later in the afternoon when the buyer, bearing an office communication in hand, snapped out to Hortense that she would be excused at half-past three to meet Mr. Oliver York Miss O'Brien did feel a little puzzled.

Two days later Miss O'Brien greeted Hortense with a grin.

"Well, did you tell Mistah York your bright idea?" she asked.

"I didn't have a chance," said Hortense. "We discovered that my mother and his were second cousins and—then he asked me to marry him."

"That was real sweet of him, I'm sure," grinned Miss O'Brien. "Don't forget to invite me to the wedding."

"I certainly will," said Hortense—and as a matter of fact she did.

Remember This

Most of the shadows which cross our path through life are caused by our standing in our own way.—Los Angeles Times.

Fireproof Linoleum

Introduction of a kind of linoleum that is almost incombustible, cheap, easy to handle and durable, has been announced in England. When it is heated to a high temperature, a chemical in it gives off a gas which stays close to the floor, cuts off the air supply and so smothers the blaze.—Popular Mechanics Magazine.

About Gentle Art of Fishing

By RING LARDNER

To the Editor:

The undersigned wrote such a masterful article of instructions in regards to fishing a yr. ago that I have been ast to write another one and try to make it somewheres near twice as good.

I can't be all over the country at once but they say that from now on is the best time to fish in either fresh or salt water or both at the same time on act. of being the open season for the new kinds of fish which have been discovered since the last fishing article I wrote.

In the old days before these things happened, why if a person lived on a fresh water pond or river, why all they had to do was to bait their hook with spinach and they were practically sure of dragging in a muskie, a pickerel, a perch, a pestilence, a sword fish, a swage, a serod or a cramer. But now days since they have found out about the new kinds of fish you have got to use a whole lot more judgment. That is why I have been approached on all sides with a view to learning the new secrets in regards to how to fish for the new kind of fish.

Would like to exclaim at the outset that I have long been a student of what I sometimes call the finley tribe and am known around home by a nickname I once gave myself, namely, the Piscatorial Genius. Lots of people still call me Isaac Newton on acct. of the mastery I have got over the piscatorial profession.

Well to make a short story still shorter, the latest fish that can be caught in medium water, that is, half way between salt and fresh and vice verse, is the geffel. The nimrod must first lay on their hands real and strong for paper. Along about five o'clock you bait your hook and cast it off the side of the boat or hammock or icicle or whatever you was in to start with. The bait must be sage dressing out of a turkey. It will improve matters a good deal if the fisherman keeps reading the comic pictures of the paper and makes out like that makes the geffel think he is not in earnest. Sometimes it is necessary to have two events or papers as the geffel don't always agree on which is the funniest pictures. The first time Commodore Gallagher of the Kickenbocker Yacht club fished for geffel, he had no less than three comic supplements and had to read one and a ½ before he even got a nibble. By that time both he and the geffel was laughing at their fate off. That put us both on easy st.

Another fish that has recently been discovered is all kinds of weeds and some kinds of milk is the prone. The word prone means laying down face forwards on your stomach and it is where this scion of the finley tribe got its name on acct. of it always lying down in the forewards position each. In order to catch them you have got to first wake them up and turn them over and when they way was laying on their stomach. It may of been from cramps or something, but as soon as you find out then you know how to fish for them. If it was cramps you give them some kind of indigestion tablets which won't mention names on acct. of free advertising, but if that is what it was, they will get very grateful and turn over on their side and then is the time to grab them. A prone laying on their side is as helpless as one of Tunney's sparring partners.

In this connection it might be of interest to tell what Isaac Newton says about my first experience in prone fishery. I had been out in a quoel boat on Lake Geneva, Wisconsin for three years, every day, trying to get a prone. They wouldn't even look at me. One day however, one of them got in misery and I called down to the bottom of the lake what is the matter. The prone yelled back and made the remark that it felt kind of out of things as parties had been going on a few different occasions and cottages around the lake and it had not been invited to one.

Well, I says, you and I are in the same boat.

No, says the prone, we ain't but we will be.

With that, he dumped up and got in my boat. That is one way of catching a prone.

Another kind of fish that everybody is ravenous to grab one of them down our way is the month fish. This is here at times as long as the weak fish and it takes four times as long to catch them but when you catch them you don't half to worry for the next month.

They are caught with a page out of a calendar, like for inst. if you are fishing in September, you half your hook with the Octobe. page of the calendar and they will grab it, thinking they are going ahead somewheres.

A year from now I will give you another lesson in what I call the pisacatorial art.

HOP SCOTCH TOURNAMENT BEGINS TODAY

At 10:30 A. M. this morning there will be a Hop Scotch and Jacks tournament held in front of the City Hall. From the 12 schools in the city one representative for each sport has been picked to uphold the honor of her Alma Mater in this meet. The following schools are to be represented; Irving, Maxon, Washington, Jefferson, Whittier, Franklin, Emerson, Lincoln, St. Mary's, St. Berards, Bryant, and Evergreen. Medals will be awarded to the winners of the city and these winners will play for the State Championship at Elizabeth, June 9.

Famous Artist's Model

Mona is an abbreviation of Madonna, meaning "my lady." Lisa was the name of the young woman who sat for the famous portrait by Leonardo da Vinci.

Worlds Closely Knit

Men speak of living in one world at a time, as if one world had nothing to do with another, whereas I cannot move a single hoefol of earth in my garden without it affecting stars so distant that their light requires millions of years to reach us.—John Andrew Holmes, in Detroit Free Press.

Corncob Incense

By soaking dry corncobs in fragrant oils, such as that of sandalwood, cinnamon or cloves, and then grinding them to powder, an effective incense has been prepared, says Popular Mechanics Magazine. When smoke and ashes are produced, the substance is said to be superior to various other kinds.

Character First

THE personal integrity and reputation of a prospective depositor are of more concern to us than the size of the account he expects to open.

WITH THE THEATRES

READE'S STRAND

Corinne Griffith in "The Garden of Eden" will be presented for the final time tonight at Reade's Stand Theatre. The program also includes "Our Gang" in "Sermon, Ringling, Inc."

Emil Jannings' latest American picture, "The Last Command," comes to the Strand for a week's engagement starting Monday, with the famous German actor surrounded by a cast of imposing supporting characters for any of this season's productions.

Evelyn Brent the heorine of "Underworld," Paramount melodrama sensation, is cast as Jannings' leading woman, while William Powell, idol of the screen is seen as a scheming and sinister revolutionist in a role that gives him unusual scope for his admitted ability.

The picture is said to be distinguished by not only the remarkable performance of Jannings, as a Russian general who is caught in the vortex of revolution and swept to fame, but by the outstanding directorial treatment of Josef Sternberg, the young director whose dramatic touches and camera effects in "Underworld" established him as one of the screen's best.

Playing the role of Jannings' adjutant is Nicholas Soussanin, the Russian actor, who leaped into front rank popularity by his performance

Corinne Griffith in "The Garden of Eden" at Reade's Strand Theatre today.

as "the waiter who wept," in the Adolphe Menjou picture "Service For Ladies." The cast also includes Michael Visaroff, another ex-actor of the imperial theatres of Russia, who plays Jannings' valet, and Fritz Feld, one time director of Max Reinhardt in Berlin, who came to America in the cast of "The Miracle."

READE'S OXFORD

Wallace Beery and Raymond Hatton in the Paramount Picture, "Wife Savers"

At Reade's Oxford Theatre Monday, Tuesday and Wednesday.

Wallace Berry and Raymond Hatton, distinguished themselves in military service in the third time. They were doughboys in "Behind the Front," gobs in "We're in the Navy Now," and after a session as "Prisoners of War," they will be seen in army uniforms again in "Wife Savers," the latest comedy coming to Reade's Oxford Theatre for Monday, Tuesday and Wednesday.

Beery is a buck private on kitchen police and Hatton is a "second looie" or "shavetail." It is just the reverse of their positions in civilian life, where Beery was the head waiter at Hatton, just an ordinary waiter. There are lots of uniforms in this story Beery-Hatton comedy but no sooner does the story opens on the Canadian-Alaska border with the signing of the Armistice.

Beery is a cook, a bridegroom and Alpine guide, each vocation assuming more complications than the last. It is as an Alpine guide he gets in his most destructive work. It seem the mountains are safe when he begins to thresh around cutting a long string of tourists before him.

Ford Sterling, another rare comedian, does an excellent comedy characterization as an excitable innkeeper. ZaZu Pitts, playing opposite Beery, is a match for every humorous twist in the story. Tom Kennedy, who will be remembered as the comedy heavy in the last three Beery-Hatton comedies, shows up this time as General Lavoris, while George Y. Harvey plays the major who proves the nemesis of Hatton.

Danny Dugan, the versatile vaudevillian, will head the Oxford's bill of Keith-Albee vaudeville for the half of next week. Danny is a great dancer and all round entertainer. He has the great faculty of "discovering" latent ability in others. His chief delight is to conduct "Dancing Contests" whenever it is possible and thus bring to light new dancers who have marked ability. He will put on a dancing contest at the Oxford every night with the finals to be held on Wednesday night. Amateur dancers will do well to keep on the lookout for Danny when he appears here for he is very apt to spring a pleasing "surprise."

ELMORA THEATRE

"Smilin' Through," the next offering of the Kirkham Players at the beautiful Elmora theatre, Elizabeth, for a week's run, is the story of an ardent tragedy visited upon the heads of the younger generation. It deals with a tragedy fifty years back, when a rejected suitor shoots the woman he pretends to love on the night of her wedding. As the years pass a boy and girl of the younger generation of these families fall in love.

How the spirit of the slain girl comes "Smilin' Through" to help the young lovers makes up the main theme and one of the thrilling highlights of this sensational comedy-drama.

It has in it all of the romance and misery of the powerful love drama and all the glittering humor of the sparkling comedy piece. Its outstanding success in all sections of the country as well as in New York, Chicago and abroad assure its success and proves that it is an outstanding stage piece of many generations.

Ellis Kirkham has engaged Vera Dingle, popular singing star of the former Proctor Players, for the role of John Carteret in which he made a great favor while appearing at the old Proctor theatre.

Miss Marjorie Manoe, who is giving such a wonderful example of her acting ability this week as "Sadie Thompson" in "Rain," will play the role which brought fame and fortune to Jane Cowl on Broadway.

Charles Dingle with Reade's Elmora.

All the other members of the company are well cast and Mr. Kirkham promises a magnificent production for the revival of this play, which has been well called "the sweetest play ever written."

Matinees are given on Monday, Wednesday and Saturday at 2:20 and the curtain rises for evening performances at 8:30 to enable commuters who arrive home late from New York to see the opening of the plays.

At Reade's Strand Theatre starting next Monday.

EMIL JANNINGS AND EVELYN BRENT IN A SCENE FROM "THE LAST COMMAND" A PARAMOUNT PICTURE

NAT REISS SHOWS TO LEAVE TONIGHT

About midnight tonight after the last visitor has departed from Mack Field where the Nat Reiss Shows have been holding forth all week presenting the amusement features for the Spring Festival of the Italian Nest of Owls, the members of the big carnival company will start to dismantle their long midway, and by dawn on Sunday the shows' half-mile-long train of 29 brilliant orange and green railroad cars will be on its way to Irvington, where the organization will exhibit for the Moose festival next week.

Although the rain last night kept attendance down to practically nothing, it was a surprising fact that a fair number of people braved the downpour to visit the midway. The attendance each evening during the earlier part of the week was phenomenal, establishing a record for attendance at any gathering in the history of this community, and officials of the Owls and of the Nat Reiss Shows declared that despite the rain last night, they are entirely satisfied with the reception given the carnival by the public.

This afternoon the midway will be open to the public starting at about 2 o'clock, it was announced last night, and all of the 14 shows, 9 rides and other attractions will be in operation until midnight; given clear weather it is thought quite probable that attendance tonight will break even the records established earlier in the week. It is stated that more than 50,000 people have already visited the Nat Reiss midway so far this week. There is no charge for admission to the midway.

CHURCH ERECTS NEW KITCHEN

Members of the Women's Federation of the South Plainfield Baptist Church have voted to have a barberry hedge planted in front of the church and parsonage. They also voted to add to the kitchen of the church, and will hold a special luncheon meeting at the church on next Monday. Mrs. Benjamin Syndam was chairman of the meeting.

TWO PLAYS GIVEN BY HARTRIDGE SCHOOL FACULTY

Two one-act plays, "The Lost Silk Hat," by Lord Dunsany and "The Travelers," by Booth Tarkington were presented by the faculty of the Hartridge School at the Hartridge Auditorium, last night. Many students and friends of the school were present.

The scenery for the productions was arranged by Miss Marjorie Murphy and the art class and during the intermission a group of Italian songs were sung by the glee club.

The cast of the first play included Miss Mary Williamson, The Caller; Miss Elizabeth Hay, The Laborer; Miss Diederika Millard, The Clerk; Miss Elizabeth Mapelsden, The Poet; Miss Josephine Hooker, The Policeman. Those taking part in "The Travelers," were: Miss Hay, La Sera; Miss Mary Wells, The Chauffeu Miss Williamson, George Roberts; Miss Hewes, Mrs. Roberts; Miss Mildred Sprague, Jessie Roberts; Miss Millard, Luigi; Miss Harriet Shreve, Maria; Miss Hay, Salvatore; Miss Alice Bristow, Mrs. Sidell; Miss Hooker, Fred Slidell.

VISIT JAMESBURG SUNDAY MORNING

Elaborate Program to be Given There by Y M C A

The Deputation Team of the Y. M. C. A. will leave at 7:30 from the Y. Sunday morning for Jamesburg, the State Home for Boys, where they will hold services throughout the day, returning home about 5:30 P. M.

Various groups of the team will be assigned to different classes of the boys, their program prepared being in consideration of interest to the boys at the same time morally beneficial.

The program will be as follows:

Services of Deputation Team of the Plainfield Y. M. C. A., State Home for Boys, Jamesburg, New Jersey. Sunday, May 20, 1928.

Sunday school services at 9 A. M., day light saving time. Sunday school for white boys, basement of chapel. Leader, H. O. Bonk, assisted by Mrs. Whitney Frazee, Mrs. Fred Borrup, Herbert Walter and Henry Van Denburgh.

Cottage for smaller colored boys; leader, Lewis P. Zeek, assisted by William La Poidevin and Mr. Charles Fisher.

Cottage for the larger colored boys; leader, S. H. Miller, assisted by Elmer Finney and Charles Beebe.

The subject for the Sunday school sessions will be "Leaders; how to become one. Scripture, 2 Timothy, 2:15.

Boys dining hall—Cornet solo, "Nazareth," Mr. Whitney Frazee; vocal solo, "Somebody Did a Gilden Deed," Mr. H. O. Bonk, with instrumental accompaniment.

Chapel Services, 3 P. M.; march, orchestra, doxology, invocation, S. K. Miller; Song Service, H. O. Bonk, leading, scripture lesson, Charles Beebee; cornet solo, "Have Thine Own Way, Lord," Mr. Whitney Frazee, prayer, Elmer Finney.

Vocal solo, "Good Night and Good Morning, Rhodeheaver; Mr. H. O. Bonk, with instrumental accompaniment.

Message, Mr. William McInnis of Princeton Seminary; closing hymn; benediction, Chaplain Curry.

MISSIONARY SOC. WILL SPONSOR CHILDRENS GROUP

A new organization for boys and girls between the ages of ten and sixteen years will be sponsored by the Missionary Society of the South Plainfield Baptist Church, under the direction of Mrs. Martin Brynildsen. This decision was made at a meeting of the society yesterday.

Rev. Martin Brynildsen delivered a speech to the society, based on the missionary book, "Give and Take." It was announced that the missionary quota for 1927 had been oversubscribed and paid.

WESTFIELD WOMAN FALLS DOWN STAIRS

Sara Simmons, 528 West Fourth street, Westfield, fell down a flight of stairs in her home at 10:30 last night and suffered a broken limb. She was removed to Muhlenberg Hospital where it was said her condition was not critical.

She is 42.

Or Its Books

Hair the world doesn't know how the other half got away with its umbrellas and goloshes.—Farm Journal.

MAC MURRAY TO STEP FROM OFFICE WED.

Will Turn City Over to High School Boy

The youth of this city will be served next Wednesday, May 23, when pupils of the Westfield High School will invade the City Hall and "oust" present office-holders for one day.

Ormshee Robinson will occupy the seat of Mayor James T. MacMurray, while City Judge William G. DeMeza will be "taken" from the bench in favor of William Reed. Tax Collector Robert L. Lee will not be accepted in this general "upheaval" in the administration of affairs of the city, for he will be replaced by Donald Correll for that day.

Members of the City Council will not escape either, as they too have been included among the city officials who must give up their positions, together with Mayor MacMurray, City Judge DeMeza and Tax Collector Lee.

Elizabeth Egan, Janet Miller, Dick Riley and Richard Riley will occupy the seats of Councilmen-at-Large while Russell Randolph and Jane Williams will represent the First Ward, Anna Ewald and William Greisinger, Second Ward; Esther Jensen and Katherine Koch, Third Ward, and Isabel Morrison and Donald Smith, Fourth Ward.

The election of these city officials followed a spirited "general election" held recently at the Plainfield High School. There were several close contests with the methods of balloting, inspecting and counting, being followed along strictly legal lines.

BRITISH GOLF FINAL TIED

HUNSTANTON, Eng.—Mlle. Manette Le Blan of France and Miss Sylvia Marshall of England were all square at the end of 18 holes in their 36-hole match for the British women's open golf championship today.

RUMANIA LOSES NET SERIES

ROME.—Italy further strengthened her position in the Davis Cup competition by eliminating Rumania today, the Italian team clinching the series by capturing the doubles this morning, 6-1, 6-4, 4-6, 3-6, 6-4, after yesterday's two victories in the singles.

BAIL IS FIXED IN CASE OF HOVE

Bail of $1,500 was required of Christen Hove, 48, of 352 Bergen street, this city, when he was arraigned before County Judge Stein at Elizabeth, yesterday charged with manslaughter, following the death of Chester Jackson, 24, of 3322 East Fourth street, who died Thursday as the result of injuries sustained when he fell from a truck, driven by Hove.

The accident occurred at Terrill and Cushing roads, when Jackson fell from the side of the truck. His injuries were not at first thought serious, but he died before reaching Muhlenberg hospital.

Hove, unaware as to the condition of Jackson, proceeded on his way to Sewaren, after calling the ambulance.

County Physician C. A. Brokaw performed an autopsy and found that death resulted from internal injuries. Although his chest was crushed, witnesses told the police that they did not see the truck pass over the man's body.

Hove is represented by Ralph J. Smalley.

OUR SPORTS TRAIL

By "BOB" JAEKEL

The fistic appetites of the fans who will storm the gates of the Elizabeth armory on Monday night to see the much discussed battle between Mickey Walker, world's middleweight champion, and Georgie Smith, Newark's stellar light-heavyweight, will be very appropriately whetted by a card of preliminary bouts which offers unusual attraction to fight-goers of these parts. Thirty rounds of milling will be offered in addition to the main event of 10 bouts, which makes a total of 40 slated rounds. Jimmy Carden, promoter of the Argonne Post, No. 6, American Legion, has arranged the program.

An eight-round semi-final, a trio of six-round arguments and a curtain-raiser of four bouts comprise the fistic offering of the Legion to get the customers tuned for the Walker-Smith encounter. All of the bouts will be to referee's decisions.

In the semi-windup, Joe Harris of Elizabeth and Tip Gorman of Trenton will have it out. Harris has been making quite a name for himself in New York rings of late and he is anxious to gain a win over Gorman, who licked him not long ago at the Capitol City. Both are strong, hard-hitting boys and a wild melee is anticipated.

Al Perent, Lewiston, Me., slugger and quite a favorite in Essex county, will appear in a sixer against Harry Thompson, Elizabeth's negro socker. In another, six, the Terega Kid of Irvington and Ray Katts of Newark will collide for their third meeting. Twice before this pair gave Laurel Gordon fans real thrills and their third encounter should be even more sensational than the others. Bobby Lavan, Perth Amboy, and Jack Kaleco, Newark, will meet in the other six. The four-round opening contest will show Charlie Cook and Scotty Devlin, two Elizabeth youngsters, battling.

Walker and Smith are finishing their training for Monday's bout. Fans are making a last-minute rush for tickets. Frank Bragay has been appointed to referee the big battle. And, in short, everything has been placed in readiness for Elizabeth's "battle of the century."

The Rutgers boys gave June Smith a big hand Thursday night at their Lacross rally. June has been suffering from the cruel effects of infinite paratusis which he contracted after an injury received in football at Rutgers last Fall. His condition has improved wonderfully if within the past three months and he is now able to walk about the house without the aid of crutches. It takes lots of time and courage to fight that thing and that's what jazz has been giving it. It won't be long now!

• • •

In a letter I received from F. S. Mathewson, Superintendent of Recreation of the Union County Park Commission, I was requested to state that at the last meeting of Union County Baseball League it was voted to replay the Linden-Cranford game, scheduled for Sunday, May 20, at the John Russell Wheeler Field in Linden. Please note the correction.

• • •

There seems to be an error on someone's part about the result of the High School track meet Wednesday afternoon. At any rate the Courier and Mid-State Press didn't gibe with the final scores and I want to apologize if the error was on my part.

• • •

When the Freshmen tossed their caps into the bonfire at the Rutgers row Thursday night the largest cap to go up in smoke was that of Bob Smith. It took twenty minutes for the thing to burn up and plenty of fumes, reaking slightly of hops scented the air.

• • •

The next fight card billed for Plainfield will be held on Thursday evening, May 24. Frank Costa was in to tell me that it will be a great ticket this time and that hey hope o have a good crowd over there in the Academy. It might be that last ticket there until Fall, who knows. At any rate, it's scheduled well and looks good for the fans.

• • •

This afternoon at High School Field the baseball fans are invited to witness the first game of the City Championship between P. H. S. and N. P. H. S. These games always bring a big mob out and from the records of both teams this year the scores should be evenly matched. There has been no definite lineup drawn up by either coach and the pitching staff is doubtful. North Plainfield will more than likely pitch Bill Lawrence and Stine has a choice of Merker, Burns, Thompson and Siergiej. Predictions? No!

MANY SPORTS ACTIVITIES OVER WEEK END

The sport schedule for this week-end is certainly one of great entertainment for the fans of Plainfield and, the vicinity Baseball seems to be the predominating game, here, while over in New Brunswick we have the now famous lacross team of Rutgers playing the University of Pennsylvania this afternoon. From Yesterday morning's account of the rally the students put over the team in regard to their victory over the Army, little more need be said about the flavor of today's battle.

This afternoon the City championship series with P. H. S. and N. P. H. S. starts at High School field. Who's gonna peetch? That's a deep, dark secret that even the coaches are doubious about. Every year this series is played and the result is that of a see-sawing motion. One year P. H. S. takes home the bacon, the next season the men across the Brook rise victorious from the depth of a tight game.

Also this afternoon we have the Plainfield Club playing it's third game in the Union County League. They are leading the League by having a standing percentage of 1000. The Elizabeth A. A. will be their rivals and their record is nearly equal to that of the home squad. Over last week-end Plainfield played nothing less than excellent ball. This week-end should prove just as entertaining for the followers as was last, it even should be more entertaining.

Sunday thre will be another game at Greenbrook Park with the Plainfield Club as the drawing card. They play the Elmora Capitals. This game won't be as tight a contest as will be the one on Saturday unless luck is in Elmora's favor. But, then again, Plainfield isn't used to playing on luck.

The Lawn-bowling Club will open its season at Greenbrook Park on Saturday and if the outcome is as interesting as the one last year this should be another very entertaining feature for the sport fans of the Queen City. BUT IF IT RAINS!

Not Worth Candle

It is a poor sport that is not worth a candle.—Herbert.

POSTPONE STATE ATHLETIC MEET

The State Athletic Meet to be held at Trenton today has been postponed until May 26. Plainfield was sending a delegation down there from the Y. M. C. A. that should have run away with the whole meet and it is expected that this same team will travel down there next week-end.

Jim Duncan seems to be the mainstay of the outfit as it was his absence from the last-meet that lost the victory for Plainfield. At any rate, it was Duncan's event that lost the meet for us. Jim ran for the University of Illinois two years ago and is still in good form. Ralph Lee is another runner that will accompany the squad and who is noted for his long distance racing.

LE BLAN WINS GOLF TITLE

HUNSTANTIN, Eng.—Nanette Le Blan of France won the women's golf championship of Great Britain today, defeating Miss Sylvia Marshall, 5 up and 2 to play, in the final 36-hole match.

Cotton Production

India, where cotton has been grown and its fiber manufactured for at least 30 centuries, is the oldest cotton-producing country known.

MACK AND MARX—

FAVORS A LEGION OF THEM

BY SEM HITT

WELL MARX, A COUPLE O'DAYS MORE AND WE'LL BE IN HOLLYWOOD, ALL READY TO START PRODUCTIONS
YEAH, BUT WHAT WAS YOU STARTED TO SAY ABOUT US HIRING A "DIRECTOR"?

"Call" a Smile

The serious things of life are sometimes inclined to give us a set, forbidding expression, it may be possible in love too much determination, too much power of concentration. And then there are people who cling to the memories of unhappy experiences. They live over and over again the tragedies of their lives. Their thoughts are stamped on their features; everybody can read their troubles. Such a countenance is repelling and distasteful. Therefore, whatever you do, try to cultivate the smiling habit. No one can estimate the value of a smile. There are times when it is worth as much as life itself. It has even saved life in sea-going emergencies.—Dream World Magazine.

Have to Sit and Watch

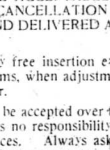
If you can't have your short life and a merry one, and then be snuffed out suddenly while sleeping, without suffering, it wouldn't be so bad, so far as that is concerned, but it seldom works out that way. You have your short, merry life and then—pop! goes a kidney or your gall bladder or your stomach, and you spend what seems to be the longer part of your life ruminating ruefully, and not so merrily. It isn't so pleasant, after having indulged yourself without stint for a number of years, to sit by and see those around you enjoying their viands while you have to toss up everything except a piece of dry bread.—Pictorial Culture Magazine.

Human Nature Clinics

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

Making Apologies

I suppose at one time or another in his life each one of us has inadvertently or accidentally or under the stress of emotion does something rude or annoying or painful to his friends. Floyd kicked me on my corn as we were starting to church last Sunday, just, of course, that was an accident, for which he begged my pardon at once. Mrs. Core's statements irritated me beyond endurance six months ago, and I blurted out just what I thought. It was the truth which I uttered, but rather rude, cruel truth which wounded her pride and brought her to tears. I knew at once that I had done a discourteous thing, and I was truly sorry, and said so almost as soon as my tongue had slipped to wound her. She has never forgotten it, however.



Sheehan became very angry with me last summer about a thing which I had in fact not done at all, but of which he could not be convinced. After questioning my veracity he said some extremely insolent things and slammed the door as he went out of the room. Now Sheehan is young and impulsive, and will probably have more self-control twenty years from now than at present, and I made some allowances for his rage.

I saw him frequently afterwards, but he never said one word concerning himself with the display of balderdashery in the show windows when we met or with the clouds drifting across the blue sky, so that I did not seem to come within the range of his vision. Just this week he called some special privileges very badly which I only could grant. He came into the office quite embarrassed to make apology for what he had said.

"What can I do to show that I am sorry for what I said?" he asked.

"Suppose you speak to me when we meet," I suggested, "and the next time you want to apologize to anyone whom you have injured, don't wait until you want to ask him for a favor." Then we shook hands.

(©, 1929, Western Newspaper Union.)

Rubber in Commerce

Rubber has been known to civilized man for about four centuries, but it has been within the last hundred years that its commercial uses have been developed.

LIEUT. C. B. EILSON

This is Lieut. Carl B. Eilson, who was pilot for Captain Wilkins in the remarkable flight across the polar regions from Point Barrow, Alaska, to Spitzbergen. Eilson was the first commercial air mail pilot in Alaska.

Women Geographers

The Society of Women Geographers is a society organized in 1925 by a group who felt that there should be some medium of contact between women distinguished in geographical work and its allied sciences — ethnology, archeology, botany, natural history, sociology, folklore, arts and crafts, etc. For active membership in this society only those women are eligible who have done distinctive work whereby they have added to the world's store of knowledge concerning the countries in which they have traveled. Corresponding members are those who fulfill the requirements for active membership, but who reside outside the United States of America and Canada. The associate membership admits widely traveled women who are interested in furthering all forms of geographical exploration and research.

University's History

Columbia university was founded in 1754 as King's college by royal grant of George I, king of England, "for the instruction of youth in the learned languages and the liberal arts and sciences." The Revolutionary war interrupted its active work, but in 1784 it was reopened as Columbia college. In 1912 the title was changed to Columbia university.

NEW JERSEY IN THE LIMELIGHT

With the unanimous adoption of the Senate resolution to investigate campaign expenditures in New Jersey in connection with the five-handed senatorial contest, this State will soon step into the limelight once occupied by Michigan, Illinois and Pennsylvania, where huge sums were expended in similar contests during the past few years, only we expect New Jersey to emerge in glory. This type of publicity will do less harm to the State than it did to the three previous states under investigation, and when the hullabaloo is over the Republican factions throughout New Jersey will be just as bitter toward one another as they have been for the past several years, a condition which has permitted the Democratic party to regularly control the Governorship and one senatorial seat.

There doesn't seem to be any doubt of the fact that Hamilton F. Kean and his cohorts have been at work for the past four years building up an organization which would eventually win for the Union county man the senatorial nomination. And they have needed to spend money. Three years ago when Senator Edge's right to the nomination was contested in the primary by Mr. Kean there was a feeling that the New Jersey Senator would oppose Kean's efforts should he try again this year. Edge apparently did his best for former Governor Stokes, who was Kean's strongest opponent and it is to be regretted that a fairly won political battle should now be subject to snooping review.

In the old days there was just as much money spent in senatorial campaigns as there is today, but it's only in the past few years that picayune politicians have carried their vengeance past the day of the primary. There used to be two parties—the Republican and Democratic—and they both spent plenty of money in their campaigns. Today we have two or three sections of the Republican party in several states and, unlike the days gone by, there doesn't seem to be the sportsmanship which once existed.

Running for the United States Senate in New Jersey or any other State in the Union is not now nor never has been a poor man's problem. If the candidate himself didn't have the money to put up he was generally nanced in a round about way by various corporations who sought special privileges. Certainly the right of some of the old-timers to their seats in the Senate was more questionable than those who have been refused seats in recent years. It's a funny game nowadays.

The present move to investigate the New Jersey campaign gives the senatorial committee wide powers and they will probably go back to the time Mr. Kean began building up his organization. To have even thought of giving battle in a primary campaign Mr. Kean needed an organization. Mr. Edge already had his—the one which it took him more than four years and plenty of money to build up.

During the past four years Mr. Kean has probably spent quite a sum preparing for this year's primary. We do not believe he spent any money in illegitimate channels, a question which his opponents will no doubt try to bring out by supplying information through secret channels. The investigation may reveal a staggering total, but we doubt if it will reveal anything dishonest. Mr. Kean has signified his willingness to lay his cards on the table, so let the boys go to it. By the time November rolls around the smoke of battle should have cleared sufficiently to permit of a spirited contest on issues other than the expenditure of money.

GOVERNMENT MOVES WISELY

Commenting on the disposition of Muscle Shoals by the Government, the New York Evening Telegram hits the nail on the head in the following editorial:

Congress disposes of Muscle Shoals—by keeping it.

The one sensible solution that has stared Congress in the face ever since Muscle Shoals became a national problem has finally been accepted. Disposition of the great power project built during the war ought never to have become a problem, of course, but the private power interests of the country made it that. Year after year they have fought to prevent the adoption of a straight-out policy of government ownership and operation.

Three things, in the end, defeated them.

One was the nature of the bids for the project made by the various concerns that sought to obtain it.

Another was the very intensity of the battle waged against Government operation.

Those two things and a third—the unrelenting purpose of one George W. Norris, senior Senator from Nebraska, that the Government should not give away this valuable people's property. O fthe three, perhaps, this last named was most important of all. It was Norris who kept the one sensible solution staring Congress in the face, session after session. It was his clear mind that found the weakness in each private proposal that came before the House and Senate. It was his alertness that prevented one deception after another from succeeding. In the end it was his reasonableness that prevailed.

Now we are pleased on our account, on Senator Norris' account and on the people's account. The people of the Southeastern States are given an opportunity to obtain cheap power and the people of other States an opportunity to measure their local power and light costs by those to be demonstrated by the Government at Muscle Shoals.

JUNIOR LEAGUE CIRCUS

Preparations are moving rapidly for the Junior League Circus at the Kenyon Gardens, near Randolph road, to be held May 31, June 1 and 2. The younger set of Plainfield is attempting an ambitious project, which will be one of the most unique events for the city for this year. All the excitement of the "Big top" will predominate and those who grace the affair with their presence will be accorded many treats.

The Junior League Circus, arranged for the benefit of Muhlenburg Hospital, deserves the enthusiastic support of the community and at each performance it should be necessary to put up the "Standing Room Only" sign. It is an affair on which our young people have worked arduously and we feel that they will be as surprised by the support which they receive as those who attend will be surprised by the features which will be presented.

The Same Old Tunes

LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

To the Editor of the Mid-State Press,
Sir:

With your kind permission I desire, through your columns, to give expression to my sincere appreciation for the honor which the citizens of Plainfield have once more seen fit to accord me, and which I choose to consider as betokening both confidence in me and approval of my past efforts to serve the community as Mayor.

The campaign as we know was warmly contested, and it is possible that some bitterness of feeling may have survived. If such be the case, I want to pledge my best efforts, here and now, to a course of action which will not only justify my renomination but engender friendliness in those who espoused the candidacy of my rivals for the mayoralty.

Realizing that but one purpose inspired us all, loyalty to our city, I shall, for the remainder of the present year, gladly welcome the cooperation of Mr. Clay and Mr. Abrams and their friends, in a building up of the Plainfield of our hopes and ideals, and if the action of Tuesday's primaries be ratified on election day that same spirit of helpfulness and service will be sought by me and welcomed during my third term in office.

And, finally, may I extend an invitation to those who have been newly nominated, for the office of Councilman to cooperate with the present Council and myself during the remainder of this year, so that we may have the benefit of their ideas, and they the benefit of a preparatory intimacy with the city's affairs.

My deepest and most sincere desire is to further teamwork in the city's service, and to that end I am ready to togive of myself to the limit. Very truly, J. T. MacMurray.

Editor, Mid-State Press,
Dear Sir:

I was going to write you a letter of protest about your "ne tickee no shirtee" title head. A friend of mine said she went through a newsstand full of papers, hunting for the Mid-State Press, but, not being a Sanskrit scholar, she was about to turn away in disappointment when she discovered her mistake.

I think the new type is a great improvement. Three cheers for the new paper. Long may it wave!—An Old Plainfielder.

Do You Know That—

The one-piece dress is a favorite in Paris and navy blue has never been smarter than right now. Among the new imports is a tailored frock of navy blue silk crepe with a deep scarf collar of white crepe.

Among the colorful bedspreads designed for summer is the spread of gay prints in tones of yellow, rose, blue or lavender, with deep flounced border. Another pretty idea for the summer bedroom is the rainbow set, consisting of spread and curtains of pastel colored voile. The bed is banked with voile cushions in rainbow colors.

Transparent coats are smart this season. They vary from a plain color over a flowered frock to the combination of two or more colors.

What the GOOD BOOK SAYS

as Rev. R. F. Coulter, D.D.

Q. How did the ancients say "he died"?—G. W. R., Brooklyn, N. Y.

A. "Jehoahas slept with his fathers; and they buried him in Samaria: and Joash his son reigned in his stead."—II. Kings XIII.:9.

Q. With what words did Shimei curse David?—C. L. K., Dover, Del.

A. "Thus said Shimei when he cursed, Come out, come out, thou bloody man (David), and thou man of Belial."—II. Samuel XVI.:7.

Q. What cause for Babylon's fall did the prophets give?—M. J., Mountain Lakes, N. J.

A. "As Babylon hath caused the slain of Israel to fall, so at Babylon shall fall the slain of all the earth."—Jeremiah LI.:49.

Q. Where does it tell of Moses' rod becoming a serpent?—S. B. T., Los Angeles, Cal.

A. "He said, Cast it on the ground, and he cast it (a rod) on the ground, and it became a serpent; and Moses fled from before it."—Exodus IV.:3.

Good Manners

By FRANCES ALLAN

Q. When individual side dishes are served with a meat order should one eat from the side dishes?

A. If the small dishes contain about one helping of vegetables, eat from them; if more, take a portion from the dish with a serving spoon and put it on your plate.

Q. Is it correct for a girl to send her employer a birthday card, if the employer is a man?

A. No. Keep it on the personal element out of business.

Q. How old must a girl be before she is chosen maid of honor? Is it permissible for a married man to act as best man?

A. A maid of honor may be anywhere from 14 to 45. As a rule the bride's sister is the maid of honor; if not, the bride's best friend is chosen. The best man may be married or single.

Name Has Stuck

Porterhouse steak is so called because this particular cut was made popular by the proprietor of a New York porter house.

MR. FIXIT REPORTS

Mr. Fixit:—

Why is it that some people claim it will take more than $100,000 dollars to fix the West End storm sewer situation while others claim the work can be done for $20,000 and still others $5,000? Is it possible to believe that engineers were behind those conflicting statements?—A West Ender.

Answer—Mr. Fixit has been informed by engineers not officially conected with the discussion that the figures you quote were probably arrived at from different starting points, that is the various figures represent the various amounts o work proposed by each. Truly, the work can be done for $20,000 in part. The larger figure, engineers say, would mean the completion of the entire job.

Mr. Fixit:—

Would you kindly ask your circulation manager when he will start to deliver the papers at the home as a regular thing. I understand we were not to get it for a few days but am wondering just when you will start sending them?—Mrs. J. M. Nelson.

Answer—John Boettger, circulation manager, says that home delivery starts Monday morning. He was very glad you inquired about it and wished to thank you for your interest.

Mr. Fixit:—

Just what the regulations of the selling of firearms within th city? While attending the Na Reiss Shows last night I noticed that among the prizes to be given out by one of the concessionaires were a number of large revovlvers. Just what is the statu sof such firearms here? Harry Lindley.

Answer—Austin T. Rogers, director of public relations for the Nat Reiss Shows, upon being shown Mr. Lindley's letter, stated that all concessionnaires who display firearms on their stands are licensed dealers in such merchandise. When a player at such a stand wins, he is required to produce a license to bear or own firearm sexactly as he would if he were to wish to purchase a gun at any regular sporting goods or department store. If he has no such license or is unable to obtain one, he cannot receive a gun but is given instead other merchandise displayed at the same stand, of equivalent value. This is essentially the procedure' in all states where there are laws governing the sale or possession of firearms, the concessionnaire is recognized as a dealer, operates under a dealer's license, and delivers firearms only to those licensed to own them.

COMING EVENTS

SATURDAY

Children's pageant, directed by the Plainfield Committee for Work Friendship, in the High School at 2:30 o'clock.

F. N. of A. card party, Coward Hall, 8:30 P. M.; all games; refreshments.

Boy Scouts open camp fund drive. Marble championship contests in county parks.

MONDAY

Concert at the High School sponsored by Holy Cross Church.

Piano recital by Ignace Jan Padrewski at Westfield.

TUESDAY

Lecture by Mrs. Reuben Knox to the Historical Society in Washington's Headquarters at 8 o'clock.

WEDNESDAY

Plainfield Philatelic Society meets in the Y. M. C. A. at 8 o'clock.

THURSDAY

First night of the drama tournament at the Y. W. C. A.

Social evening at the First Baptist Church.

Postponed meeting of the Plainfield group of Epworth Leagues of the Scotch Plains M. E. Church.

FRIDAY

Final night of the drama tournament at the Y. W. C. A.

Postponed card party of Mosshart Chapter at 8:30 o'clock in the Moose Home.

VIGOROUS HEALTH

F. J. VEATCH, D. P. S. T.

(Copyright, 1928, by New York GRAPHIC)

SKIN DISEASES

In books which treat of disease there will be found listed a great variety of skin diseases. Each one is named according to its particular manifestations and since there is almost an infinite variety of skin eruptions there is almost an infinite variety of skin diseases. There may be macules, papules, pustules, blebs, wheals, cracks, fissures, overgrowths of various kinds.

Medical treatment which is directed toward symptoms has a different treatment for almost all these different manifestations. However, as a matter of fact, there are only two kinds of skin diseases—constitutional and parasitic. The first is due to wrong habits of living and the second to the same with the addition of a parasitic infection. Both, therefore, require constitutional treatment, but the parasitic infections will also require the use of a local antiseptic. All constitutional skin diseases are treated practically the same by natural methods, variations being more for the sake of individual personal peculiarities rather than differences in the skin symptoms. The first necessity is to cleanse the system by fasting, a fruit diet or a vegetable broth diet. After this if the weight is under normal the milk diet is generally employed, otherwise a largely raw fruit and vegetable diet is used. Exercise, deep breathing and plenty of sleep are always employed and sun baths nearly always. Until these measures are used one need not expect complete results.

Please tell me what to do for chronic nose and throat trouble. F. A.

Your description is very indefinite, as there are all kinds of nose and throat troubles. However, your question gives me an opportunity to emphasize the fact that all abnormal conditions are fundamentally due to wrong habits of living which produce an excess of toxins in the system and a decrease in the nervous energy. Since the fundamental causes are always the same, the fundamental treatment is always the same, variations being required only for individual peculiarities. I can therefore state with considerable assurance, even though I do not know your exact condition, that, if you will cleanse the system through fasting or an orange diet, with spinal, you will notice a great improvement. Fresh air and sleep are always necessary. Eating must be resumed gradually after a fast, and probably a diet of fruits, vegetables and buttermilk would apply.

I have a bad habit which I find is very difficult to overcome. Please tell me where I could go for treatment where the price is very reasonable. DISCOURAGED.

A bad habit does not require treatment but education. When you understand about it and about yourself there will be no difficulty in overcoming it. Personal supervision of your education might cost you considerable money. Would suggest that you secure Mr. Macfadden's book "Manhood and Marriage." If you desire further information send me your name and address as I can not go into detail here.

Dr. Veatch is very anxious to help all in Vigorous Health. Write him care this newspaper.

VOL. 1. NO. 7 PLAINFIELD, N. J., MONDAY, MAY 21, 1928 Eight Pages

PLAINFIELD BUSINESS MEN WILL ORGANIZE AMUSEMENT PARK

NEW PARK SITE LOCATED MILE FROM BOUND BROOK ON RIVER ROAD HAS MANY ATTRACTIONS

CHARLES E. DRAKE, 1266 PARK AVENUE AS PRESIDENT ANNOUNCES OPENING MAY THIRTIETH

Will Have 50 Boats and Both Fresh and Salt Water Swimming

A corporation comprising fourteen well known local men, some in business, has recently taken over the old Riverside Amusement Park between Bound Brook and New Brunswick and on May 30th will open a miniature Coney Island thereon. Building operations are underway and in very short time this locality will boast one of the finest and most modern playgrounds in the state of New Jersey.

The new corporation has taken over in its entirety the 22 acres of ground on the east side of the Raritan River, once owned and operated by the Public Service Company and most recently occupied by the Riverside Park Association, and under new management and different policy will open the grounds to the public.

Every conceivable form of amusement will be available to these who wish to enjoy the out-of-doors during the summer months. A beautiful picnic grove will be open edwithout admission charge to the older folk and whether families who wish to spend a quiet and cool day near the water, a newly constructed dance hall will accomodate the patrons of that pastime both afternoons and evenings and a large, sandy bathing beach will offer the advantage of fresh and salt water swimming, boating and fishing to young and old alike.

Those who are pooled together in the financing and building of the new resort are: Charles E. Drake of 1266 Park avenue, Plainfield, who is president of the company; William Miller of 27 Grand avenue, Middlesex borough, vice-president; James Fenna of 21 Elm place, Plainfield, secretary; D. S. Silliss of Plainfield, treasurer; and the following members of the board of directors: Oscar Thorne of South Plainfield; James M. Moss of South Plainfield, Fred C. Randolph of Newton, August Morris of Newton, Joseph Taylor of Middlesex Borough, Peter Saufield of Middlesex Borough, William C. Stein of 1325 Murray avenue, Plainfield, Elmer Brown of 114 Pine street, South Plainfield, James W. Bayes of Riverside Amusement Park and Nels Nelson of South Plainfield. Martin B. Stutsman acted as attorney for the company in the forming of the corporation.

Jimmie Mantle's popular Riverside Park Orchestra will provide music for dancing every afternoon and evening in the elaborately decorated dance hall which is situated on the west side of the large plot. Large windows will give ventilation to the dancers and at the same time allow the orchestrations to be heard through the picnic and dinner groves nearby.

Fifty rowboats and two gasoline motor yachts will be rented to those who wish to sail about the lake and bathing houses will be erected near the shore. This concession will bt under the direction of George Smith of Newark. Such amusements as the ferris wheel, carousel, airplane rides, whip and the scootr are conveniently placed about the grounds and various refreshment booths will serve the patrons of the park.

The entire grounds will be open gratis to societies and social organizations who wish to meet there on excursion trips or conventions. Even at this early date two societies have been booked. The Wholesale and Retail Jewelers Association of New Jersey will convene there on July 29 while the German Singing Society of New Jersey, with 5000 members will meet on the grounds on August 9.

Preparations for the grand opening on May 30 are being made now and a special program is being arranged to introduce the resort to the public.

REV. PATCH COMPLETES FIRST YEAR

Westfield Church Prospers Under His Ministry

One year of service as pastor of the First Congregational church of Westfield has been completed by Rev. Don Ivan Patch. His first sermon as pastor of the local church was preached on Sunday, May 19, 1927.

During the past year, there has been increased activity among the various church organizations. This activity is reflected in marked increases in membership of the Bible

REV. DON IVAN PATCH

school, the Woman's Association, the Emanon club and the Men's club. There has been notable increases in the congregations, also. At the Communion service held on Thursday of Holy Week, 32 persons were received into the church, making a total of 44.

The services of the pastor have been appreciated by the church. The parsonage at 547 St. Mark's avenue was sold last summer and a fine new house purchased. On the 8th day following the installation of Mr. Patch, last fall, a house-warming and reception was held. Rev. Samuel Pearson, father of Mrs. Patch, has a part in this service.

(Continued on Page 2)

TRAYNOR SMOKE SHOP DAMAGED BY SUNDAY FIRE

Chief Dunns Men So Careful Supply of Sunday Papers Saved

Fire of undetermined origin did approximately $1,000 damage to the Traynor Smoke Shop, Inc., corner of West Front street and Madison avenue, at 3:20 Sunday morning. The loss was covered by insurance.

Less than 12 hours after the car of John Traynor, one of the owners, was badly damaged while standing at the curb when a car, owned and operated by E. P. Edwards, Flemington, turned into Madison avenue from Front street. Traynor's car was pushed against the curb breaking a wheel, fender and otherwise smashing it.

The Traynor Smoke Shop, Inc., is owned by Henry Hart and Mr. Traynor. They had closed the store at midnight and did not know anything about the fire until after it had been discovered by a man who gave the name of Emmons.

According to John Traynor, Chief Dunn of the fire department, is to be congratulated for preventing the spread of the blaze. Traynor said that if the hundreds of papers and magazines in the store had caught the fire would have been more serious. As it was, he said, Chief Dunn's men did not even wet the magazines and newspapers, thus saving the large assortment for Sunday sale.

The interior of the store was badly damaged. Large mirrors were wrecked by the heat.

Crack Navy Flyers in Gruelling Marine Trophy Races

KEYED to the highest pitch, navy planes and their flyers started over the Naval Air Station course at Washington. Two types of planes entered in the races are shown above. High hopes are placed on the single-seater F-6 C type of plane shown at left, while considerable interest

land plane at right. Among the flyers entered are (top, left to right) Lieut.-Commander A. C. Mills, Lieut.-Commander W. K. Harrel and Capt. Harold Major; (lower, left to right), Lieut.-Commander George F. Chaplin, Lieut.Commander Ralph Davison and Lieut. W. G. Tomlinson.

EVELYN G. MOOR BECOMES BRIDE OF VIRGIL MOORE

Simply Adds E at Pretty Home Ceremony

On Saturday afternoon at 4 o'clock a most beautiful wedding was solemnized when Miss Evelyn G. Moor, daughter of Mr. and Mrs. M. Moor, 1142 West Front street, became the bride of Mr. Virgil A. Moore of New Haven, Conn. The ceremony was performed by the Rev. John Y. Broeck, pastor of the Trinity Reformed Church.

The bride was attended by Miss Augusta Allen, and the best man was William M. Backer of Bound Brook. Directly following the ceremony the 50 guests sat down to a wedding dinner after which the newlyweds started on their honeymoon for a trip through the Southern and New England states. They will reside in New Haven, Conn.

The home where the affair was held was attractively decorated with flowers of the season, with a background of palms and other greens.

Mr. Moore is associated with W. R. Bull and Company, Investment Bankers of Bridgeport, Conn.

STATEN ISLANDER IS NAMED SUPREME CEDAR

The Annual National Convention of the Forests terminated Friday when more than 5,000 people attended the affair at Atlantic City. Thirty-five bands, one from each of the 35 councils of the order took part in the parade and dressed in their uniforms made a most exquisite appearance and with their musical dexterity, rendered due tribute to the occasion. At night the Royal Rangers of which 35 were of the Plainfield Forest No. 84, Tall Cedars of Lebanon, were received by the newly elected Supreme Tall Cedar, rank Steiner of S. I.

The 1929 Convention will be held at Baltimore, Ohio.

LITTLE JOHNNY O SULLIVAN HURT

Lad Falls From Tree and Is Made Ill

While climbing a tree near his home in an effort to recover an arrow which had lodged between the branches, little Johnny O'Sullivan of 201 West Front street, lost his footing, fell headlong to the ground and sustained a slight concussion of the brain.

John had been playing with a bow and arrow with another youngster when his arrow caught in the tree top, he immediately clambered up the trunk to regain it. When he was about to reach out for the lost plaything, his foot slipped on the damp wood bark and he landed head first on an iron bar which reinforces the pathway over a nearby brook.

His screams attracted the attention of those in his home and he was brought in and treated by Dr. Falk, the family physician. Although at first the injury was not considered serious, he became suddenly ill later in the evening and had to be taken to the Muhlenberg Hospital for treatment. Xrray photos show no serious injury and it is believed that he will be discharged from the hospital in a few days.

MANOR PARK GROUP ELECTS OFFICERS

Election of permanent officers featured the meeting of the Manor Park Association. Those elected were: President, William H. J. Reynolds; vice-president, B. M. O'Harrer; secretary and treasurer, Mrs. Edith Crosby.

The organization came into being early in April and now has a membership of fifty residents of the Manor Park section. Matters relative to the section were discussed but no definite action was taken by the Association.

TEN PEOPLE INJURED IN AUTO ACCIDENT

Two women were seriously injured and eight persons sustained severe cuts about the body when two machines in which they were riding collided head-on on South avenue shortly before 1 o'clock Sunday morning.

Mrs. Stephen Kassay of Mountain avenue, North Plainfield, and Hattie Broaders, colored, of 442 Downer street, Westfield, are at the Muhlenberg Hospital where they are being treated for internal injuries. They were riding in different cars when the accident occurred.

The slightly injured, who were treated at the Muhlenberg Hospital and later dismissed, are: Andrew Rosko of 411 Spruce street, Plainfield, driver of one of the cars; Mrs. Mary Rosko, his wife, who was cut about the ear; three sons, George Rosko, 9, Andrew, 11, and John, 13, who were cut about the face; Stephen Kassay, who sustained lacerations about the head; Clarence Robinson, colored, driver of the other car and sister of Miss Broaders, and another colored person, an occupant of the Robison machine, whose name the police could not obtain.

The accident occurred, on South avenue, near Brady street, Fanwood, when Robison, driving a State car, heading towards Westfield, pulled out to pass a third machine and struck the car driven by Rosko, which was operating in the opposite direction. Both cars were wrecked almost beyond repair and had to be towed from the center of the highway.

Charges of reckless driving will be pressed against Robison and Rosko, the complainant, will appear against him in Fanwood Police Court tonight.

FRONT STREET STORE FORCED

Young boys, returning home from a Saturday night party are believed by Plainfield police to have been responsible for a forced entrance into the Grand Five and Ten Cent Store on West Front street early Sunday morning.

The door of the establishment was found open by Officer Brown shortly after 6 o'clock when a quick investigation revealed that nothing was stolen or damaged. A later search of the premisess by the proprietors of the store further proved that robbery was not intended by those who forced their entrance.

Detective Gray of the Plainfield police completed the police investigation yesterday and he expressed belief that a group of mischievous youths were to blame.

Mrs. Anna Eckner of 315 West Front street, Plainfield, will sail Saturday, May 26 on the S. S. Berlin for a three mo[illegible] many. Ticket [illegible] provided by T. W[illegible] agency.

JAYS DEFEAT ALLEY CAT

Asterisk Seeks Food, But Flying Circus Kills Appetite

"Asterisk," a black and white alley cat residing in the neighborhood of Putnam and Carlton avenues, hunted dinner yesterday noon and met defeat at the bills and feet of its usual food supply.

Following his reirousse nose, Asterisk climbed a fir tree in the back yard of Thomas H. Cuming, 1612 Putnam avenue, in search of Sunday robin dinner, garnished, possibly, with a few eggs.

Two blue jays, known in the neighborhood as Barnum and Bailey because they're a circus, observed Asterisk climbing the fir which they considered their own proprietary home, so they began the great game of badger.

Barnum fluttered down to a limb within a few inches of Asterisk's nose, with a hurt, pleading tone in his usually raucous voice. Asterisk hopefully extended one paw, but Barnum wasn't there. He had moved an inch or so to one side.

Asterisk shot up, standing on his hind paws in a vain effort to reach this entree. Barnum nose-dived off the limb, and Bailey swopped in, beating his left wing against Asterisk's midship. Asterisk nearly fell off the limb, and Barnum and Bailey cavorted through the air above him, cackling in glee.

That was just the beginning of it, or more than half an hour those blue jays, known as the most mischievous birds alive, belaugured and bewildered that poor cat, leading him from limb to limb, up or down the tree, as they pleased, and enjoying the joke as much as the human audience that gathered at several nearby windows. Finally Asterisk decided it was no place for him, and crawled backwards down the tree, getting several nips from the jays as he did so. He then retreated disgracefully to the protection of a fence, while the jays called all their friends in the neighborhood to join them in their triumph.

WILLIAM J. REGAN TO BE PRESIDENT AUTO TRADE ASSN.

The Plainfield Automotive Trade Association will elect officers at its annual meeting at the Chamber of Commerce rooms in the Union Building on Wednesday night. The meeting has been called for 7:45 o'clock.

Business of importance to all members will be taken up and dinner will be served all are urgently requested to be present. Plans for the annual banquet and other social affairs will be drawn up.

Those nominated for office in the association are: William J. Regan, president, John Endress, vice-president, and Harold E. White, secretary-treasurer.

BOY SCOUT CAMPAIGN STARTED TODAY

The Boy Scout drive is one. The capital fund campaign relative to the Watchung Council's proportion, $16,000 has begun and includes Summit, Westfield, Bound Brook, Somerville and the Somerset Hills district and surrounding towns. The first results will be shown in tomorrow's issue of this paper.

L. R. BECKLEY DIES IN SISTERS HOME

Lafayette Rollins Beckley, for more than 40 years a prominent attorney of New York City, died in the home of his sister, Mrs. A. D. Washburn, 737 Hanford place, Westfield, yesterday morning, following an illness of two months.

He was born at Bristol, Conn., and resided in Brooklyn for more than 30 years. He was a well-known figure in Logan street, there. He had lived in Westfield about six months. He is survived only by his sister.

Funeral services will be held in Gray's Funeral Home on East Broad street, Tuesday morning at 9 o'clock, Rev. James A. Smith of St. Paul's Episcopal church officiating. Interment will be in Cypress Hill cemetery, New York.

DEPUTATION TEAM Y. M. RETURNS

The Deputation Team of the Plainfield Y. M. C. A., held their annual services at Jamesburg, State Home for Boys, leaving the Y at 7:30 A. M., and arriving at the State Home at 9 o'clock.

The boys taking part in the services were taken in charge by three groups of the team, namely group 1, under the leadership of H. O. Bonk, assisted by Whitney Frazee and Fred Borrup; group 2, which was comprised of the colored boys of the Home was in charge of Lewis F. Zeek, assisted by Charles Fisher and William Johnson; group 3, in charge of S. K. Miller at Cottage number three, assisted by Elmer Finney and Charles Beebee. The subject of the three groups was, "How to Attain Leadership." The group lesson was followed by a brief intermission.

At 11:45 the boys of the Home marched into the dining room, the music being rendered by a four-piece orchestra of the team. At 12:30 the members of the Deputation Team did full justice to a well proportioned dinner in the officer's dining room.

After dinner the team visited the new building just recently erected adjoining the old school building, which includes a number of new school rooms, gymnasium anda new auditorium with a seathing capacity of 700.

The regular boy's inspection was not held on account of the inclement weather.

At 2 P. M. the usual church services were conducted by the Y. M. C. A., boys the message of the afternoon being delivered by William A. McGinnes who is assistant to the Rev. Leroy W. Warren of the First Presbyterian Church, Plainfield. His topic of deliverance was "The Game of Life" and was well rendered and appreciated by the boys as well, was apparent by the expression on their faces.

Visitors who joined the Y. Team in the after and all from Plainfield were: Mr. and Mrs. John S. Johnson, William A. McGinnes, William Van Alstyne, Raymond Gray Cray, Miss Dorothy Hamilton, Miss Katherine G. Miller, Miss Elizabeth Vandertill, Rev. John Meyer, pastor of the German Reformed Church of North Plainfield.

Music, at various intervals throughout the day's program was rendered by cornet, Whitney Frazee, and violin, Fred Borrup.

The members of the Deputation Team are H. O. Bonk, Lewis F. Zeek, Whitney Frazee, Fred Borrup, Elmer Inney, Charles Beebee, William La Poidevin, Charles Fisher,

J. T. ROMANOSKI WILL RUN AGAIN

Defeated Councilmanic Candidate in Fourth Ward

Joseph T. Romanoski, 227 Grant avenue, who has been active on behalf of Grant avenue property owners in protesting assessments for benefits and damages as a result of

the widening of the avenue, and who was defeated for Council at the Tuesday primary, will be a candidate next year, he announced to The Mid-State Press.

Mr. Romanoski's intention to run next year is regular as at that time there will be another Councilman election in all wards again. There are two from each ward. One for each ward was chosen the past Tuesday and the offices are filled on alternate years.

The first 1929 candidate said he will appeal before the Commissioners of Assessments and further protest the assessments for benefits and damages against the Grant avenue properties.

SKIPPY RETURNS NOW CHILD IS HAPPY

Skippy, the wire haired fox terrier and much esteemed pet of little Mildred Virginea Franke of 935 Myrtle avenue, North Plainfield, and pal of the Jefferson School children, was found yesterday afternoon in the vicinity of its home. The animal, its owner not known, was taken in by a neighbor and already made a pet of, after which upon the approach of the owner and the compromising reluctance of the new master, was restored to the Franke "baby" none the worse for its "French Leave."

DEPUTATION TEAM TO HOLD GET-TOGETHER

The annual spring get-together of the Deputation Team of the Plainfield Y. M. C. A., will take place June 7 in the Cottage of Arthur Walter at Mt. Bethel.

On June 10 the team will conduct services at Liberty Corners in the Presbyterian CFhurch of which Rev. William G. Amos is pastor.

POLES TO HOLD DANCE

St. Joseph's Polish Society of Dunellen will hold its second annual dance on Sutarday evening, June 2, in the American Legion clubhouse. The Tuxedo Five will play.

REELECT CARTY REPUBLICAN CITY COMM. CHAIRMAN

Largest Meeting of Party Unit in Recent Years

At the largest Republican City Committee meeting to be held in Plainfield in years, John J. Carty, retiring chairman, was unanimously re-elected for another term at Saturday night's meeting.

There should be 46 members of the City Committee and this year there are 45. It is the first time in years that be Republican pary has been so near to 100 per cent membership on its City Committee. Thirty-five attended the meeting. The only section not represented is that of the Seventh District, Second Ward, where a woman was elegible.

Captain John Peterson was chosen vice-chairman and Mrs. Helen Glaser a vice-chairman. Art Warrick been ardent Republican workers.

The City Committee Executive Committee is composed of the officers and one committeeman from each ward. The ward members of the Executive Committee are Mrs. Gertrude Sharp, First Ward; Charles La C. Hoff, Second Ward; Miss Florence Bowman, Third Ward, and Joseph G. Carty, Fourth Ward.

The last year's constitution and by-laws were re-adopted. A delegation will tonight attend the Union County Committee at Elizabeth.

GOOD WILL BAGS SENT TO MEXICO

The sending off of 167 school bags to the children of Mexico was celebrated at the Plainfield High School Auditorium, Saturday afternoon, when a Good Will Festival was held, with more than 150 school children taking part. The auditorium was filled for the affair.

The bags had been filled by the children and were sponsored by the National Committee of World Friendship. Mrs. Ernest Lillienthal is chairman of the local committee, which directed the festival and she addressed the audience on "The Meaning of Good Will Day."

Good-Will Day marks the 1nniversary of the first world peach conference, which was held at the Hague, Holland in 1899 and which was the beginning of the Hague Tribunal. A national committee on world friendship was formed and two years ago it sponsored the sending of dolls to Japan, in an attempt to cement the friendship between the school children of that country, and the United States. If the school children of the countries throughout the world are friends the chances of a war in the near future will be considerably lessened, she said.

Following Mrs. Lillanthal's address, the "Trio Musicale," which includes Miss Dorothy Mundy, violin; Miss Hasel T. Hodge, piano and Arthur Bierwirth,-cello, played "Mexican Waltz" and "Habahera." The student body then sang Christ Child which is directed by Mrs. Sara Judkins and supervised by Mrs. Lulu Elsey sang "Every Time I Feel the Spirit," "Couldn't Hear Nobody Pray" and "Study War No More."

The program presented by the school children included songs, recitations and dances. Miss Helen Luery taught the dances.

Assisting Mrs. Lillanthal on the committee on Mexican Friendship School Bags were Mrs. Francis Goodell, secretary and Mrs. E. D. Hutchinson, treasurer. Other members of the committee were Mrs. Edward Baker, Jr., Mrs. Robin C. Brown, Mrs. Edward W. Coberth, Mrs. H. M. Cook, Mrs. Fred N. Dacey, Mrs. W. J. Hammond, Mrs. V. P. Heath, Mrs. J. Rudolph Hefti, Mrs. Wilbur E. Hogg, Mrs. D. W. Jones, Mrs. F. B. Kopf, Mrs. H. E. Metcalfe, Mrs. H. F Meyer, Mrs. Harvey Rothberg, Mrs. Paul J. aStterwaite, Miss Alice Schlesinger, Mrs. John R. Staples, Miss Ethel L. Titsworth, Mrs. Frank E. Vail, Miss Mabel H. Vail, Mrs. H. W. Can Cleve and Mrs. J. M. Whiton.

DUNELLEN

DUNELLEN COUNCIL MEETS TONIGHT

The Dunellen Borough Council will hold a special session tonight to receive bids for the new sidewalks to be laid on North avenue, between Washington and Jefferson avenues. Other matters of importance will probably come up for discussion, including some debate on zoning regulations, and the ever-present problem of bad streets.

LOIS NICKEL OBSERVES TENTH ANNIVERSARY

Mrs. William Nickel of Washington avenue gave a party to her daughter, Lois, Saturday afternoon, celebrating her tenth birthday anniversary. Refreshments were served and games played. Among those present were:

Lois Nickel, Betty Lyman, Betty Burdich, Elizabeth Geise, Edith Myer, Marian Skinner, Helene Alves, Camella Tozze, Emma Allegar, Harold Miller, James Borough, Albert Brandmaier, William Morris, Richard Liberty, Harry Whitford, Donald Brice, Adelbert Whitford, Billie Nickel.

FRIENDS ATTEND PARTY FOR VIRGINIA WHITFORD

On Saturday afternoon about 20 children gathered at the home of Mr. and Mrs. A. A. Whitford of Penfield place, the occasion being the fourth birthday anniversary of their daughter, Virginia Jane Whitford. The color scheme was yellow and lavender. Among those present were:

Jacqueline and Margaret Houston, Richard Palmania, Georgia Ascher, Barbara Westcott, Helen Brandmaier, Lois and Myron Burdich, Billy Burdich, Betty Jane Reynolds, Gloria Howard, Florence Platt, Reith and Jack Welsh, Polly Bond, Virginia Jane Whitford, Dorothy June Kelly, Ella Kelly, and Jean Whitford.

WOMENS CLUB TO MEET

The meeting of the Woman's Club will be held at the American Legion clubhouse, today. It is an all day meeting with a covered dish luncheon at noon. Tickets for the luncheon, to be held June 6 at Rise Hills Plantation, can be procured at this meeting. Institutional visitors for May are Mrs. N. F. Aitkin and Mrs. J. M. Tompkins.

G. O. P. COUNCIL TO ELECT AT DUNELLEN MEETING

Members of the Republican Women's County Council of Middlesex will hold a business meeting Friday evening at the home of Mrs. Kissie Titsworth of 378 New Market road. Officers for next year will be elected.

PARISH WILL CONSIDER SUCESSOR TO PASTOR

Members of the First Presbyterian Church congregation will meet at 8 o'clock Wednesday evening to consider the calling of a new pastor to the parish to take the place of Rev. Ernest R. Brown, who died several months ago.

HOLDS CARD PARTY

Mrs. William Brandmaier, of Whittier avenue, entertained at cards Saturday evening. There were three tables of 500.

(Continued From Page 1)

REV. PATCH COMPLETES FIRST YEAR

Mr. Patch has been warmly received by the Congregationalists of the State. He was recently elected as a director of the Middle Atlantic Conferences of Congregational churches, taking the place left vacant by the resignation of Rev. J. Stocking of Montclair.

Rev. Mr. Patch came to Westfield from the First Congregational church of Washington, D. C., where he had been for 15 months associate minister of the church, where President and Mrs. Coolidge attend. His former pastorates have been in Beverly, Arlington and Seekonk, Mass. During the World War he served 14 months in France. He was Chaplain of the Fiftieth Coast Artillery, when he sailed for France. While in Arlington, he served three years as Chaplain of Russell Lodge, A. F. & A. M.

He is a native of Farmington, N. H., and was educated in the Boston schools, holding degrees of B. A. from Harvard University and B. D. from Bangor and Andover Theological Seminaries. He has just accepted an invitation to deliver the address before the Alumni of Bangor Theological Seminary during commencement in June.

Mrs. Irene Dixon Patch, wife of the pastor, was ordained last spring and was for seven years connected with the National Extension boards of the Congregational church. She has had many calls for her services in speaking in nearby cities and towns.

She is actively connected with many organizations in Westfield, among them the newly organized Girl Scout Council. She has spoken before the Literary and Social Circle of the first M. E. church and at the union service held in the Presbyterian church on the International Day of Prayer. She is scheduled to deliver an address before the Junior Woman's club of Westfield soon.

CORNERSTONE LAID FOR WESTFIELD Y

Many Attend Exercises, In Charge of Senator Arthur Pierson

Several hundred spectators attended the ceremonies in connection with the laying of the corner-stone of the new Y. M. C. A. building yesterday afternoon. A short, impressive program marked the event, which many have looked forward to.

State Senator Arthur N. Pierson, chairman of the Building Committee, was in charge of the program and in his brief address pointed with pride to the new building in which, he predicted, the youth of the town would find opportunities for the building up of character and all things that go to make better men and women, as well as better citizens. He briefly outlined the program which the committee had undertaken and stated that in true Westfield style the drive for funds had gone over and the dream of those who had worked untiringly was at last a reality.

A brass quartet under the direction of William M. Barrow opened the program with the hymn, "How Firm a Foundation." Following Senator Pierson's remarks, the invocation was given by Rev. Dr. Frederic F. Briggs of the Baptist church.

General Secretary Arthur D. Murray gave a list of the articles contained in the box that was placed in the stone, and Albert E. Meder proceeded to the ceremony of laying the corner-stone. Rev. Don Ivan Patch, of the Congregational church, read a portion of Scripture appropriate to the occasion, followed by Rev. Dr. Edgar Richard Schlueter, of the First M. E. church, who offered a prayer.

The principal address was delivered by William Knowles Cooper, secretary of the Y. M. C. A. at Washington, D. C., who outlined what could be expected from a "Y" in every community. He stated that in every young man and young woman there were possibilities that could be drawn out and developed and he felt that a Y. M. C. A. was a contributing factor in bringing out the better side of a person. Additional educational facilities were also to be had in a building such as was being constructed in Westfield, he said.

After his address, the audience sang "America," accompanied by the brass quartet. The benedictions was given by Rev. Dr. William K. McKinney, of the Presbyterian church.

The ceremony lasted an hour and was the crowning point of the committee's work. The officers and various committees have worked hard to bring into being this institution, which they believe will aid greatly in building the character of Westfield youth.

MANY ACTIVITIES PLANNED BY CHURCH GROUPS IN WESTFIELD

"The Old Maids' Convention" is the title of a humorous sketch which will be presented under auspices of the Golden Rod group of the Woman's Aid Society of the First M. E. church, on Tuesday night in the Chapel.

A "Get Acquainted Tea" for the members of the Rose group of the Woman's Aid Society of the First M. E. church, will be held in the home of Mrs. John O. Gage, 164 Lincoln road, on Wednesday afternoon at 3 o'clock.

The final meeting of the Social and Literary Circle of the First M. E. church for the current season, will be held in the home of Mrs. Clifford E. Pearsall, of Brightwood avenue, Thursday afternoon at 3 o'clock. An exceptionally attractive program has been arranged. Mrs. Bessie Collier, of Cranford, will entertain with a group of contralto solos. The recital will be given in costume. Mrs. Collier is well-known in Westfield. All women of the church are cordially invited to attend.

The executive committee of the Men's club of the Presbyterian church will meet on Tuesday evening at 8 o'clock.

Rev. Herbert K. England, D. D., pastor of the First Presbyterian church of Roselle, will be the speaker at the union service of the Evangelical churches of Westfield which will be held in the Presbyterian church on the evening of Sunday, May 27 at 8 o'clock. This service is usually held on the Sunday evening, next before Memorial Day and all patriotic organizations are cordially invited to participate, as well as the congregations of other churches of the town.

A covered luncheon under auspices of the Emanon club of the Congregational church will be served in the home of Mrs. Alexander Blair, 264 Dudley avenue, on Thursday. Following the luncheon the regular meeting of the club will be held and officers for the ensuing year will be elected.

An organ recital will be given in the Congregational church on Tuesday, June 5, by the church organist, Miss Grace Leeds Darnell.

The annual Baccalaureate service will be held in the Congregational church on the evening of Sunday, June 10, at 8 o'clock. Rev. Dr. Frederick F. Briggs, of the Baptist church, will deliver the sermon to the graduating class. This is in keeping with the annual custom of holding this service in each of the local churches.

BOUND BROOK BOY CRITICALLY HURT AT BAYONNE

Peter Miele, age 14, of Elizabeth street, South Bound Brook, sustained a fractured skull when a machine driven by his father, Agostina Miele, in which he was riding was in collision with a car driven by Harris Liepski of 391 Cherry street, New York City, at the intersection of 66th street and Avenue B, Bayonne, Saturday afternoon.

The boy was rushed to the Bayonne Hospital where he is in a critical condition and Liepskie was arrested immediately after the accident, charged with a assrocious assault and battery and reckless driving, according to police.

Both cars were badly damaged in the crash and were later towed from the accident scene by auto wreckers.

Liepskie will be arraigned before Judge Cain in Bayonne Police Court tonight.

FANWOOD

Members of the Fanwood Chamber of Commerce will meet tomorrow night in the Fire Hall at 8 o'clock.

All Saints' Guild will meet at 2:30 o'clock this afternoon in the home of Mrs. Eugene Child of Tillotson road.

G. B. MARSHALL

George B. Marshall, one of the six Americans who, with a Norwegian and an Englishman, were held prisoners in the interior fastnesses of Nicaragua by the rebel leader, Sandino.

SLEW WHOLE FAMILY

Owen Oberst, seventeen, only surviving member of the William Oberst family of eight who were found burned to a crisp in the ruins of their farm home near Burns, Kan. He has confessed he shot and killed his father and mother and five brothers and sisters when he "got crazy mad," after his father had refused to give him money and the family car to go to town to call on his "girl."

WESTFIELD RECORDER INJURES HIS ARM

While driving his car out of the Tuttle Brothers lumber yard on South avenue, Westfield, Saturday, Recorder Augustus G. Nash, a former resident of Plainfield, sustained a fracture of the left arm, when he put his arm through the window to signal to cars in the rear that he was about to make a turn, and was struck by a truck, which was backing alongside the Nash machine. The arm was set and treated by Dr Charles G. Decker.

P. O. OF A. TO JOIN IN MEMORIAL SERVICE

Dunellen Camp 67, Patriotic Order of America, will join with Washington nCmp 58, Patriotic Order Sons of America, in a memorial service for deceased members of the two organizations to be held in Patriotic Hall, 117 North Washington avenue, on Thursday evening.

CRIME WAVE ANNOYS PLAINS RESIDENTS

Several cases of petty thievery have taken place in Scotch Plains recently, bottles of milk, auto robes and a brief case containing valuable documents having vanished. The township police are investigating the robberies and expect to make arrests soon.

The Sorbonne

The Sorbonne (university) in Paris was founded by Robert de Sorbon in 1253.

Headquarters of the Rum Chasers in Florida

View of the coast guard at Fort Lauderdale, Fla., whence the speedy vessels are sent out to capture the rum running ships from Cuba and the Bahamas. In the foreground is a new seaplane hangar.

SCOTCH PLAINS

"Slide, Kelly, Slide" will be shown at the Scotch Plains High school this afternoon and evening for the benefit of the fund being raised to purchase a new moving picture machine.

Headquarters for the poppy sale by the Veterans of Foreign Wars Saturday will be Meyer's Grocery store. Harry Wade is in charge of the sale.

St. Martha's Guild of All Saints' Church will meet at 2:30 o'clock tomorrow afternoon in the home of Mrs. Thomas Barrett, Park avenue.

Horse's Distinction

The horse is the only living one-toed animal.

METUCHEN STUDENTS WILL GIVE MUSICALES

Music students selected by each teacher in Metuchen will participate in a children's musicale at the League House under sponsorship of the Borough Improvement League Friday. Proceeds from the musicale will be given to the piano fund. Music pupils of Miss Elsie Stryker will give a recital at the League House on June 9. On June 27, Miss Denasi Danford's pupils will give a similar recital.

Many Feet of Nose

Masks having noses several feet long are worn by new members during ceremonial rites of the Banning tribe, inhabitants of New Britain, according to information disclosed during an ethnological exhibition in Berlin. One of the masks was exhibited.

HENRY R. WILKES FUNERAL TUESDAY

The funeral of Henry R. Wilkes, formerly of 663 West Third street, will be held from A. M. Runyon and Son's Home for Services, 900 Park avenue, on Tuesday afternoon at 2 o'clock. The services will be in charge of the Rev. R. C. Lamb. The body will be interred in the Hillside Cemetery.

MRS. JOHNSTON ELECTED BLUEBIRD PRESIDENT

Mrs. W. B. Johnston was elected president of the Bluebird class of the Presbyterian church of Westfield at the annual meeting held in the home of Mrs. T. H. Wichern, 242 St. Paul street. Other officers elected were —vice-president, Mrs. H. A. Fischer; secretary, Miss Marg E. Merenese, and treasurer, Miss Kate Donaldson.

Well Groomed Hair
At Any Hour

The business woman with a Reina permanent is always ready with a smart, fashionable hairdress for any occasion. She wins a reputation both for neatness and promptness. For she avoids all unecessary annoyance and time in hairdress.

She chooses a Reina permanent because being a business woman she realizes above all that first cost is relative; that economy depends upon the duration of time which her permanent lasts; that satisfaction depends on the character of the permanent she receives. That a permanent, like a bob, depends upon the skill of the operator, not on the machine.

REMEBER that our permanent wave does not dry the hair or fuzz and does not kink. It also retains the oil in the hair and will not discolor it.

3358

By RUTH BATES

Youthful type with wide box-plaits at front showing pointed treatment and comfortable neckline with applied band that is cut in one with réver facing which is smart, made of contrasting color. As, for instance, printed silk crepe with plain crepe which can also be used for belt and applied cuffs. Jersey or washable silk crepe is lovely for the golf links. Crepe satin, khaki faille crepe, shantung, khaki, kool, rayon crepe, printed pique and printed linen are also adaptable. Pattern 3358 can be had in sizes 16, 18 years, 36, 38, 40 and 42 inches bust measure. For the 36-inch size, 3¼ yards of 40-inch material is sufficient to make it.

Inclose 10 cents additional for a copy of our Spring and Summer Fashion Magazine.

To obtain today's pattern, write to Ruth Bates and inclose 10 cents in coin or stamps. Give size wanted and address plainly. Address Ruth Bates, P. O. Box 77, Varick Street Station, New York city. These patterns will be mailed direct from our New York agent.

I have been trying for several months to find out how to candy violets in a way to make them attractive and a real confection. Is there a good demand exist for candied violets, and who are the buyers?

F. P. H.

As you know, if you have ever eaten candied violets or rose leaves, they are made more for show than anything else. They are sold, naturally, to the most expensive trade for weddings, big dinner parties, etc. You could place them perhaps through the caterers, as I do not believe that you could build up a trade yourself that would bring you any orders for these. If any of my readers know of a good recipe I shall be very glad to forward it.

Grooves in Boulders Formed by Glaciers

Throughout the northern United States, from the Atlantic ocean to the far northern states, and as far south as Kentucky, huge boulders are found scattered at haphazard. The rocks and ledges are smoothed and marked with scratches varying from faint lines to broad grooves two feet deep. Some of these boulders, weighing many tons, are so balanced on a ledge that a slight touch will rock them. The Indians used them as "alarm bells."

The grooves, or scratches, on these rocks are, as a rule, parallel and extend north and south. South of the above-mentioned area neither boulders nor scratched rocks can be found.

How came the boulders in their position? What scratched the rocks?

One authority, familiar with the glaciers of the Alps, probably gave the true answer. He showed that a similar state of things is produced today by the glaciers of Switzerland. These streams of ice creep slowly down from the lofty summits of the Alps through the valleys to the plains. They bear on their surface huge rocks fallen from the surrounding cliffs. The stones frozen in the bottom of the glaciers, pressed down by the enormous weight of ice above them, scratch and groove the rocks beneath, as the tool of a carpenter gouges out a piece of wood.

What was the condition of America when similar effects were produced. Instead of local glaciers scattered in the valleys, the whole surface now covered with boulders must have been hidden by an immense sheet of ice. Judging from the marks on the rocks, the sheet moved from the north toward the south, carrying with it masses of rock.

Criminals Unable to Disguise Their Ears

What ears are really for is at last being realized, thanks to the French.

Criminals may disguise themselves with false eyebrows, gold teeth, derby hats and distorted facial expressions. They may even desperately burn away those famous clews of identity, their finger prints. But the astute French detective tiptoes around for a sidewise look, and there are the same old ears, boldly displaying characteristic curves, angles, sizes and proportions.

An individual's ears, says the Washington Star, may not be the only pair of that particular model in existence. But their value as a clew in establishing identity is being stressed by detectives, because of the complexity of ear formations, the readiness with which they can be observed and photographed and studied, and the difficulty of the individual concealing or disguising them.

Boldest of Birds

There is no bird perhaps so inquisitive, so familiar, so "cheeky" as the robin, and so it is not surprising that the bird should so often choose some discarded article of domestic use as a suitable receptacle after suitable modifications, for its eggs and subsequent family. Next to the robin, in point of boldness and familiarity with man comes the wren, but the pair who were so self-possessed as to convert a scarecrow into a desirable residence were gifted with more than ordinary daring. Possibly they knew that the old coat was not long there over all row of newly sown peas to scare away such respectable individuals as themselves, or perhaps they did not recognize the apparition as what it was intended to represent.

Taste for Reading

If I were to pray for a taste that should stand by me in stead under every variety of circumstances, and be a source of happiness and cheerfulness to me through life, and a shield against its ills, however things might go amiss and the world frowns upon me, it would be a taste for reading. Give a man this taste, and the means of gratifying it, and you can hardly fail of making a happy man, unless, indeed, you put into his hands a most perverse selection of books.—Sir John Herschel.

CUTEST THING BABY EVER SAID

While sitting in a hotel lobby, my niece noticed a mounted head of a deer. "Uncle Charley," she said, "Santa must be here; there's his horsie." CHARLEY MONTANA.

What was the cutest thing your baby said? Send it to the "Baby Editor."

Good Manners By FRANCES ALLAN

Q. Is it all right to send a pair of stockings to your hostess instead of a "bread and butter" letter? I had a lovely time, and just a note doesn't seem enough.

A. Yes, it is much more than all right; it's a very pretty way to express thanks. A week end party means that the hostess has gone to quite a little trouble, and a gift is a nice way to show appreciation.

Do You Know That—

New idea: in sports hosiery include white socks of lightweight wool with colored jacquard ankle cuffs.

A pretty ensemble for travel wear is made of gray cashmere, with a jumper blouse of silk in a lighter shade. The skirt shows front plaits, and the seven-eighths-length coat has a long scarf collar with self-fringed edges.

A new version of the novelty clocked stocking is the shadow clock carried out in threads a shade darker than the stocking proper. The design of this is a simulation of a cross-stitch motif.

Do You Know That—

White kid sandals for summer are variously trimmed with embroideries and contrasting insets. A one-strap model has triangular inlays of Japanese straw; a sandal of natural linen is offset by shaped green kid bands and colorful linen thread embroidery.

Among the colorful new handbags designed for summer is an envelope affair in vivid red leather the upper section of which is of red and white woven leather strips.

Historic Tablet

A plate attached to a large rock on the road between Newcomb and Minerva, in Essex county, New York, states that this is the place where Theodore Roosevelt became President after the death of President McKinley. The inscription reads: "Near this point, while driving hastily from Tahawus club to North Creek, at 2:15 a. m., September 14, 1901, Theodore Roosevelt became President of the United States as William McKinley expired in Buffalo. Relay drivers—David Hunter, Tahawus to Tahawus; Orrin Kellogg, Tahawus to Aiden Lair; Michael Croning, Aiden Lair to North Creek. Erected 1906 and presented to the town of Newcomb by H. V. Radford."

Cooling Color

Tests made by engineers with instruments that measured heat flowing through a small roof showed that a white roof for a house is as cooling as the white clothes you wear in hot weather.

Shiny aluminum paint is even better, as it reflects away the sun's hot rays. A roof coated with it transmits 35 per cent less heat inward.

This probably works both ways, as in winter some heat escaping from the house may be reflected back again, resulting in a fuel saving.

My Favorite Recipe

Cut Out and Paste in Scrap Book

(Copyright, 1928, by New York Evening GRAPHIC.)

PRUNE CAKE

1 cup sugar, ½ cup shortening, 3 eggs, 3 tablespoons sour cream, 1 cup cooked prunes (remove stones and put through food chopper); 2 cups flour, 1 teaspoon soda, 1 teaspoon allspice, 2 teaspoons cinnamon, ½ teaspoon salt. Bake in loaf slowly.

MRS. HARRY CRAISE.

Let us have your favorite recipe. Pass it along to the entire United States and, in fact, the world. Send it to MY FAVORITE RECIPE, P. O. Box 77, Varick Street Station, New York city, and it will go to a list of newspapers who are getting these Favorite Recipes, of which this newspaper is one.

The Colfax Bookplate

By AGNES MILLER

WNU Service
© by The Century Co.

SYNOPSIS

CHAPTER I.—On a certain momentous Monday morning Miss Constance Fuller, cataloguer and seller of rare books at Darrow's New and Second-Hand Bookshop on lower Fourth avenue, New York, notices that the first customer who enters the store, at past nine, is a dignified, white-bearded old gentleman, who saunters into the sleeve placarded "Medical Statutes." After a while Peter Burton, one of the employees who has been out on a buying trip, comes in with a pathetic tale of loss.

CHAPTER II

The Odyssey of Peter.

I NOW jumped so promptly and openly as to gratify Peter deeply, harassed as he was. I recalled Hugh Colfax as one of the most distinguished collectors of his day, a strange, arresting character, old when the Nineteenth century was young, the student of British patriots. From the outbreak of the American Revolution to his death he refused to execute any of the orders for bookplates which, in those days of the infancy of design and engraving, all sorts of our distinguished Americans, especially southerners, were in the habit of sending to England. I had once seen and carefully studied several Colfax plates at the home of a collector who was one of our best connoisseurs and had invited me to a private view. But an American Colfax would upset all history and tradition.

"I do want to see it!" I cried. "You're sure it's a real Colfax? Do you know Hugh Colfax refused every American order he received, and he could always have named his own price? Is it dated?"

"Give me a chance!" begged Peter. "It's more than I got upstairs this morning. Actually, I don't dare to leave the building until Mr. Darrow—Oh!—!! there goes that infernal time clock again! Excuse me, Constance; nerves are shattered."

"Go on about the bookplate."

"Well, Thursday morning I had just picked up the catalogue in the exhibition room of the Richmond auction galleries, when my eyes lit on 'Notes on Medical Statutes,' et cetera. I asked the clerk to bring it out. He said another gentleman who had called for it was still examining it, and would I wait. I did, and glanced up the counter casually at the other gentleman, thinking I could get a line on him if he should be a rival bidder. All I could see of him was his back, but it was enough. I considered him to be an exceedingly strange gentleman to be interested in an old law book. He was young and dressed like a bad actor with a good job—bright blue suit, gray spats, black hair. While waiting his pleasure, I wandered off to look at some other exhibits near the door, and while I was examining them a girl walked in from the street, past me. She was the loveliest girl, Constance, I've ever seen."

What a relief! I saw I was no longer to be the greatest influence in Peter's life. Sometimes it had been pretty wearing, fond as I was of my little boy friend. Some one else could do it far better, I knew.

"How wonderful, Peter! And the bookplate?"

"I had to watch her; I couldn't help it," he resumed simply. "She hurried forward toward the counter, and suddenly she bounded back as if she had been hit! There was nobody at the counter except that man, and he had his back toward her, and was, moreover, completely absorbed in examining the cover of the book which he was holding open. She dashed behind a big case of china, and disappeared.

"Well, I looked at some Chinese snuff-bottles and hooked rugs, and then decided it was time for the other fellow to leave. So I asked for the book again, and the clerk told me that a young lady was examining it now, and would I wait! And soon enough, up the counter she came young lady, having doubtless, from her colgn of vantage behind the case of china, pegged me to getting that book. The gentleman of the spats had vanished. I was scared!—what's the word?"

"Intrigued."

"Correct, especially as I at once perceived that the young lady was completely absorbed in examining the cover of the book, which she was holding open just as the man had; that is, so as to look at the inside left-hand cover. I could see it had a bookplate on it.

"Well, that girl suddenly laid down the book on the counter, and fled out of the door. That time I got there. I simply wondered why in thunder those two young people could apparently be so interested in an ordinary bookplate. The first thing I noticed about it was that one corner was loose—the right-hand corner, under the snake, you know."

"The snake? What in the world—ah, I have it! You mean the serpent, twisted like a capital 'C,' that Colfax signed his best plates with; a circle means eternity; a serpent's wisdom had taught him how to draw immortal designs—neatest old chap. Isn't it nice that the Legal federation has already ordered the book, so we shan't have every bookplate collector in the city here to fight for the plate—"

"It wouldn't be the first time it has been fought for!" broke in Peter bitterly. "You see, I judged those two young people must be collectors of bookplates who each thought he—or she—had stumbled on a real find in that old law book, and were keeping it dark so as to snap it up at a bargain. Every once in a while cataloguers miss a trick, like anybody else. Now, I had a general standing order to buy that book whenever I came across it. I spent the rest of the morning in libraries and museums, tracking down information about bookplates with snakes.

"I finally discovered Colfax, and figured out what you jumpy: that he was so much against Free States and the Nest-West policy that no one had ever thought of his drawing a Yankee bookplate. But of course what nobody thinks of is usually right. I felt sure I'd come across something unique—and I have. I felt sure if I landed book and bookplate I'd get as solid as reinforced concrete with Mr. Darrow—and I have not."

"But you got it, you say. What did you give for it?"

"Five hundred and ten dollars."

"Peter . . . Burton!"

I was simply aghast. With the best luck in the world, and admitting that a rare bookplate would considerably increase the price of "Notes on Medical Statutes," we could never get such an outrageous price for it. If the Legal federation had not put in a request for it, we might have had to hold it for some time before finding a purchaser who would be especially interested. And Peter, well trained and hitherto cool-headed, not to say unimpressionable, knowing these facts as well as the somewhat thrifty reputation of the Legal federation library trustees, had paid five hundred and ten dollars for a book which he might have expected to pick up for perhaps sixty!

How long this blow left me speechless and staring, I do not exactly know. I saw the white-bearded old gentleman saunter out of the medical alcove, cross the aisle into that opposite, the law book alcove, then come out again directly and beckon limply James, who was then coming up the aisle with a armful of books, to come and turn on the light for him, as the law book alcove was dark. I saw him re-enter it, I watched her proceed placidly to her work in the front of the shop. I saw Professor Harrington sidling toward the front door and then out of it, with a pile of books and a quaint farewell bow to me. Then I suddenly heard Peter again, proceeding with his Odyssey; putting it so, as there was no use keeping it off directly I got back this morning I told Mr. Darrow what I'd had to pay, and he gave me—well, a scolding. Of course I stood on my defense. I'd been told to buy that book 'whenever' I found it, and he had never set any price limit."

"Peter." I inquired suddenly, "why did you buy that book?"

Peter, scarlet, flared at me. He fidgeted; then he finally burst out:

"Mind, I'm telling this to you, not Mr. Darrow! I bought it because that girl didn't want that fellow to get it!"

"What!"

"At the auction she sat across the aisle from rows ahead of me. I've never seen anybody look so frightened. The first bid on the book was made by the agent of the auction firm who acts for absent buyers who send in written bids. I raised it, and was thunderstruck to see that girl turn around, and look right at me, with absolute relief on her face! The agent raised my bid; nobody else made any, so as I had expected my girl bound away from that fellow that morning. I naturally concluded, putting two and two together, that it must be his bid which I was opposing—The bids his and mine kept jumping up ten dollars a minute, like a taximeter. Once for two seconds I hesitated, thinking of duty and Darrow, I suppose, and the auctioneer roared out his second 'Going' and the girl looked around at me as if she were dying. I knew something terrible was the matter; I snapped out a new bid, and kept on bidding, until everybody in the room was getting breathless and jumpy. The other bidder's limit must have been five hundred, which was the same as giving an order for the book at any price. Well, five hundred and ten landed it in my net. That's all about that, Constance.

"I'm not a good liar," remarked Peter, depressingly, "so I will not conceal the fact that something gave me cold chills down my spine whenever I thought of that lanky book. And when I was at dinner that evening my room was entered, and the lock of my suitcase broken."

"Gracious! And the book was—"

"In the hotel safe. And as nothing was missed, I judged it was the book the visitor was interested in. After my room was entered, I got it out of the safe and looked carefully all through it. It's an exceptionally clean copy; there was no old will or thousand-dollar bill, or, indeed, any other property, orthodox or otherwise, between the leaves. It certainly is not intrinsically worth much effort."

"No," I agreed; "even the bookplate, by itself, should I be unusually lucky in finding a rather foolish purchaser, wouldn't probably fetch more than seventy-five dollars. Where's the book now?"

"Mr. Darrow has it."

"Did you tell him anything about it besides—"

"The price? Oh, no allusion can hurt my feelings any more! No, not one thing."

"Why, Peter! in your place, I should have explained to him about my great find.

"Yes, you would! When you had just spent five hundred and ten dollars of his precious cash—sunk it in the sea. If I'd told him about the bookplate, I'd have told him how I'd really came to buy the book, and all about the girl. I decided to let him discover it himself; then he'll be pleased to death, and forget the past and remember the future. The future!" repeated Peter, with sudden anxiety, recalling something further distracting. "Listen, Constance; that kid sister of mine, Nancy, will drive me out of what's left of my mind. I told you once—didn't I?—that Mr. Roberts promised her a position here as stenographer, as soon as she qualified for it? Well, at that business college of hers she met—"

My desk telephone tinkled peremptorily. Too bad, with Peter's arrest, his little sister's escapade, the cinders on his nose, all unexplained, that Mr. Darrow should be paging him through the house! But perhaps, I suggested hopefully, our commander-in-chief had already made the joyful discovery about the bookplate. Peter refused comfort.

"So father's got married, Nancy hasn't. I've lost the only girl I could ever stand looking at twice, my business reputation is ruined, and," he concluded, rising "it's all the fault of that jarred Colfax bookplate! What next, I wonder?"

"Murder?" shrieked a girl's voice, ringing and terrified, from the rear of the shop. "Help! help! He's dead!"

(To be continued)

HONOR ROLL ANNOUNCED AT JEFFERSON

The Jefferson School honor roll for April is as follows:

1B—Elsie Rosengren, Virginia Fusco, Walter Glod, Edward Hrankowski.

2A—Doris Berry, William Cardie, Margaret McNulty, Joy Milwitt, Arthur Mikolon, Henry Steeland, Alice Taylor.

2B—Leonessa Argiro, Lilly Fusco, Grace Johnson, Irene Kolcun, Helen LaRou, Edna Muller, Florence Pfister, Richard Mikolon.

3A—Frank Brunetti, Dorothy Stites, Ruth Carson, Amy Hull, Arthur Taylor, Albert Briggs, Ruth Jasin, Jack Honart, John Busher, John Reger, Edward Glod, Wm. Harvan, Alfred Crosby, Helen Sergrey, Barbara Buckley, George Shaffer, Irene Slipho.

3B—Albert Donys, Edward Eager, Bernard McDonald, Adeline Argiro, Ruth Henry, Angeline Linkerage, Wanda Obley, Mary Salamon, Eleanor Schmidt, Bertha Stasiowski, Marjorie Vantier, Ruth Colvin.

4A—Helen Bernadyn, Arleen Deter, Jane Dunham, Mary Denyzak, Eleanor Johnston, Sophie Kosiowski, Marie Lavish, Barbara Mebus, Helen Sroka, Richard Adams, George Andrews, William Dodds, Irving Jackson, Edson Marahrens, George Poll, Walter Porgodzalski, Clifford Rosengren, George Taylor, Harold Van Aradale, William Whittingen, Edward Yaros.

4A-2—4B-1—George Chabak, Harold Vroom, Ada Wilson.

4B-2—Doris Jeffreys, Helen Hallard, Ethel Merva, Jennie Good, Berlice Brown, Anna Rogenaks, Mary Smalley, Stephen Yaros, Harry Gordon, Anthony Marinelli.

5A—Marion Cramer, Helen Cook, Helen Busher, Pauline Poll, Leo Wankow, Adolph Banas, Mary Brown Bressan.

5B—Marion Koch.

6A—John Bernardyn, Albert Ayer, Frederic Cook, Charles Henderson, Theodore Skrayczak, Marie Burke, Helen Kleiner, Helen Vico.

6B—Mildred Abbond, Freda Agar, Irene Balog, Louis usco, Woodrow Henderson, Robert Kremer, Clarence LaRou, Anna Lavish, Walter Pine, Stella Sawicki, Michael Smalley, Ludwig Stankowski, Olga Ximenes (Name omitted from last month's honor roll).

7A—Joseph Dzuryak, Eleanor Gray, Grace Hankinson, Lottie Kowalski, Virginia Stankowski, Anna Wrubleski.

7B1—Kathleen Muller, Elsie Daut, Doris Leary, Victoria Preitner, Harold Waglow, Jack Conklin, Harold Waglow, Edward Conklin, Gerard Schinsel.

7B-2—Eleanor McDevitt, Anna Sheller, Edith Lassen, Elizabeth Zaleski.

7B-3—Herbert Bashr, Karen Nielsen, Helen Skrzypezak, Madeline Van Aredale, Mary Dow.

8A-1—Vivien McDonald, Marian Strasale.

8A-2—Serina Ferrarle, Louise Knight, Genevieve Szlichta, Alice Plach.

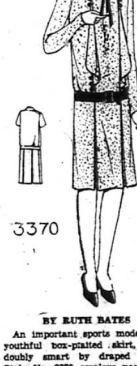
8A-3—Marion Jordan.

8B-1—Charlotte Glnder, Ruth Tierney, Edward Rowley.

8B-2—Betty Donley, Florence Jasin, Margaret Joseph, Dorothea Keller, Helen Huff.

8B-3—Eleanor Heuett, Henry Krawcyzk, Dorothy Veltman.

For Business or Sports



3370

By RUTH BATES

An important sports model with youthful box-pleated skirt, made doubly smart by draped jabots. Style No. 3370 employs navy blue silk crepe printed in confetti pattern in green and lighter tone of blue. Sheer tweed, crepe satin, with jabots and belt made of dull side of crepe, shantung in lipstick red, figured georgette crepe, rose-beige flat silk crepe and mid-night blue georgette crepe are effective combinations. Pattern in sizes 16 and 18 years, 36, 38, 40 and 42 inches bust measure.

Inclose 10 cents additional for copy of our Spring and Summer Fashion Magazine.

To obtain today's pattern, write to Ruth Bates and inclose 10 cents in coin or stamps. Give size wanted and address plainly. Address Ruth Bates, P. O. Box 77, Varick Street Station, New York city. These patterns will be mailed direct from our New York agent.

The Fortune Dead

"They who have dwelt long in tombs," said Hi Ho, the sage of Chinatown, "are fortunate in having had sculptors to tell their fame instead of only billposters."—Washington Star.

What the GOOD BOOK SAYS

By Rev. B. Fielder, D.D.

Q. Were rumors given attention in the Bible?—G. H. K., Bronx, New York city.

A. "Lest your heart faint, and ye fear for the rumor that shall be heard in the land; a rumour shall both come one year, and after that in another year shall come a rumour, and violence in the land, ruler against ruler."—Jeremiah li., xlvi.

Q. Are we ever sure of tomorrow?—E. M., Boston, Mass.

A. "Boast not thyself of tomorrow; for thou knowest not what a day may bring forth."—Proverbs xxvii.i.

Q. What ancient tower is now ultimately have to contend?—Morrisown, N. J.

A. "Then many upon many according to thy lovingkindness, according unto the multitude of thy tender mercies blot out my transgressions."—Psalm li., i.

Q. Where does St. Matthew tell us to be not in the streets of Gath, or the daughters of the Philistines rejoice, lest the uncircumcised triumph?—E. L. P.

A. "Now for a long [illegible] hath been without a true God, without a teaching priest, and without law."—II. Chronicles xv., iii.

CRAZY TUNES

Diner (to waiter)—What's the name of that selection the orchestra is playing?

Waiter—"Oo Feather Your Nest."

Diner—Go jump in the lake, and asked you a civil question.—Louisville Satyr.

$40,000,000 BRIDE

This is the first picture taken of Mrs. Farrington Mahon of Washington, D. C., and since she became the wife of R. H. Kroger at Miami, Fla. Mr. Kroger is retired head of the Kroger Grocery and Baking company of Cincinnati, and recently gave each of his six children $1,000,000 for Christmas. It is said his new wife will get $40,000,000

HADLEY AIRPORT CROWDS GROW WITH SPRING

J. M. B. Describes New Bellanca N. Y.-Rome Plane

By J. M. B.

"HADLEY SIDE-SLIPS"

We are beginning to think that spring is here, now that the crowds are congregating at Hadley Airport. It's almost impossible to find a parking place within walking distance of the hangars. It won't be long now before we'll have to buy ships and fly to the field to get near the hangars, and we must get there because Commander Byrd says that Hadley Airport is the only officially accredited airport within the Metropolitan District, and is destined to be as busy as the proverbial bee serving the air minded public of New Jersey within the coming years.

Have you seen the Bellanca that Sabelli is going to fly in to Rome? It's a beautiful, big yellow and blue ship some 54 feet and is powered with a Pratt and Whitney radial motor of 600 horse-power, which it is calculated will easily lift the required ocean load of some eleven hundred gallons of gasoline. This ship is going to make history and if you haven't seen it, you had better go right out and take a look before it is taken to Mitchell Field L. I., for load tests.

The weather man had bad news Friday and Saturday nights and "Dutch" Underhill couldn't take off with the Cleveland mail. Jack Webster was down in Bellefonte and was unable to get in Friday night, but did manage to sneak in between storms to Hadley on Saturday afternoon.

Frank De Felipo, erstwhile air be powered with the old reliable OX-5 motor. The machine is being demon of South Plainfield, has ordered a new Travel-Air bi-plane to supplied by Kenneth Unzer of Madison, N. J., who is agent for the Travel-Air in this state.

Inspector Green of the Aeronautics Branch of, the Department of Commerce, spent a busy Tuesday at Hadley, inspecting commercial machines prior to granting them their Federal licenses. All machines inspected were given their permanent licenses.

Clarence Chamberlin landed at Hadley last week in his tiny air flivver, a modernized Sperry biplane, and stayed just long enough to inspect the new Sabelli-Bellanca monoplane. He then took off for Teterboro, where he ended his several weeks' good-will tour.

Lieutenant Stanley Omstead landed a Curtiss Falcon O-1 powered with a 400 horse-power D-11 motor, at Hadley Saturday afternoon. He had flown in from Langley Field, Va. He took off Sunday afternoon for Mitchell Field, L. I.

Another Sunday with bad weather meant that only a few people could take a hop in the Reynolds Company Waco, with Pilot W. J. White at the controls. White always shows one the points of interest from the air, but it wasn't clear, so very few could see them. Cheer up, we may have better luck next week.

MARBLE TOURNAMENT TO BE PLAYED TODAY

The Marble tournament that was postponed on account of the rain, Saturday, will be played at Greenbrook Park at 2:30 P. M., this afternoon. It has all appearance of being a gala event and the boys who intend entering should be there at the prescribed time on time. Nothing can take the spice out of a game or a meet as aptly as tardiness so it's up to the contestants to pep this thing up.

PARK WAY TEA ROOM POPULAR

The Park Way Tea Room which recently opened at Park avenue and Nassau avenue, near Oak Tree Road, held its opening banquet Saturday evening.

The dining rooms were beautifully decorated and about 40 guests partook of delicious steak, chicken and spaghetti dinners prepared by Angello de Matteo, the chef.

Manager F. Sylvester received the congratulations of his friends and patrons on the excellence of the repast and was gratified highly by the results of his efforts.

SCHOOL EXHIBITION

An exhibition will be held this afternoon in the Plainfield High School of the manual art and academic work of the children of the various schools, as a part program of the general Teacher's Meeting.

MRS. J. NORTH IS IMPROVED

Although she is still on the danger list at the Muhlenberg Hospital, Mrs. Josephine North of 1016 South avenue, who on Thursday attempted suicide following her alleged murder of her three-year-old daughter, is expected to recover from serious knife wounds.

At the hospital late last night it was reported that Mrs. North was improving gradually and that eventually she will be on the way to recovery. Doctors and other hospital officials have worked tirelessly on the mother since her admittance to the hospital, though she has been reported as having no desire to continue her life of despondency.

In the meanwhile she has been placed under arrest, charged with the murder of her daughter and when she is released from the hospital will answer the charges in court here.

FOUR ARTISTS TO APPEAR IN CONCERT

Holy Cross Church Sponsors Recital at High School

High School Affair Received Plaudits of Happy Mothers

Arrangements have been completed for the concert to be presented at the Plainfield High school auditorium tonight, sponsored by the Church of the Holy Cross. Mrs. Ruth Nelson of New York, a professional impressario, has arranged the affair which will introduce four guest artists of music lovers of Plainfield.

Those taking part in the program are U. S. Kerr, Metropolitan baritone; Anna Louise David, harpist; Virginia Syms, soprano, and William Reddick, pianist. Mr. Kerr is well known in the East and Miss David has an international reputation, having appeared with the London Symphony orchestra. Among the costumes she will wear is one, like one worn by the favorite wife of a Chinese emperor 200 years ago.

Of Miss Syms, Henderson of the New York Sun said, "She has the most wonderful thrills since Melba." Mr. Reddick has acted as pianist, organist and conductor for many years.

Miss Florence Stevens is chairman of the local committee in charge of the concert and is assisted by Miss Laura Griffin Long, Mrs. George C. Warth, Mrs. Edgar A. Prosser, Mrs. F. B. Ball and Mrs. Arthur S. Olmstead. Rev. H. Lewis Smith, rector of the church, is cooperating with the committee.

The Splendid Review of Our Production of "RAIN"
which appeared in Last Tuesday's Mid-State Press was largely responsible for the many hundreds of Plainfielders coming to the Elmora during the past few days. It is what dramatic reviewers say about plays and players that counts, not what the manager says about his enterprise before the performances are given.

Beginning with the matinee today (Monday) we are going to present a magnificient revival of "Smilin' Through," the sweetest play every written, and after seeing rehearsals I am convinced we are going to give another performances that will make Stock history in New Jersey.

We have also decided to do Eugene O'Neill's great play "Desire Under the Elms," the Pultizer prize play, "They Knew What They Wanted," "My Son" and "THE BABY CYCLONE" in the near future. If you want good seats for these great shows, better get on our subscription list now. Phone Emerson 1606 and Emily or Mary will see that you get the seats you want.

WITH THE THEATRES

READE'S STRAND

EMIL JANNINGS AND EVELYN BRENT IN A SCENE FROM "THE LAST COMMAND" A PARAMOUNT PICTURE

At Reade's Strand Theatre this week.

The cheer heard round the world when the Armistice was signed has been filmed.

The laugh of relief and the excitement of soldiers and civilians, the merry-making and the tumult, are included in the first sequence of "Wife Savers," starring Wallace Beery and Raymond Hatton, which will be shown at Reade's Oxford Theatre today, tomorrow and Wednesday.

This hilarious comedy begins with the Armistice instead of ending with it.

It is said to be even funnier than the two howling successes "Behind the Front" and "We're in the Navy Now."

Ralph Cedar directed the Beery-Hatton epic with extraordinary talent in the cast as Ford Sterling, Sid Pitts, Tom Kennedy and Sally Blane.

Heading the Oxford's new vaudeville program for the first half of the week is Danny Ruggan, "America's most Graceful Waltzer," and his company of dance stars. As a part of his program, Mr. Duggan will stage a dance contest at the Oxford with the trials on Monday and Tuesday nights and the finals on Wednesday nights. Duggan is regarded as one of the cleverest dancers in the country and has met with great success conducting dance events. The contest will be for male and female dancers, over sixteen, of Plainfield and vicinity and all that is necessary to enter is to leave name and address at the Oxford box-office. Prizes will be awarded the winners of each contest, and should any of the contestants show exceptional ability, Duggan will endeavor to place them with dancing shows, providing they have any desire to take up stage dancing as a profession.

Others on the Oxford's current program include Art Mix and his horse presenting a western novelty; Buddy Lee, sweet singer of sweet songs; and Roger Grey and Lou Powers in a comedy and musical offering.

Dorothy Gish, with Will Rogers and Nelson Keyes, in "Tip-Toes" will be the Oxford's screen feature for the last half of the week starting Thursday.

The greatest motion picture favorites of America and Europe have been assembled for the cast of "The Last Command," the Paramount picture which opens today at Reade's Strand Theatre, with Emil Jannings as the star.

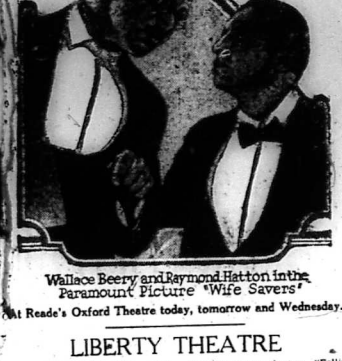
Heading the European representation, is, of course, the star himself, Jannings, whose two American-made pictures, "The Way of All Flesh," and "Variety," have given in this country the same prominence he enjoyed abroad.

Evelyn Brent, "the girl of mysteries," so-called because she has starred in more mystery and crook dramas than any other actress, is Jannings' leading woman, and with her in the American contingent is William Powell, arch-villain of the screen, who adds to his long line of sinister portrayals the part of a rabid revolutionist, who provides menace in generous and convincing quantities.

Also in the cast is Nicholas Soussanin, the Russian actor whose work as "the waiter who wept" was such a sensation in the Adolphe Menjou pictures "Service for Ladies," and "A Gentleman of Paris."

"Old Ironsides" with George Bancroft, Wallace Beery and a notable cast is announced as the Strand's attraction next week.

READE'S OXFORD



Wallace Beery and Raymond Hatton in the Paramount Picture "Wife Savers"

At Reade's Oxford Theatre today, tomorrow and Wednesday.

LIBERTY THEATRE

Nickie Elkins, the young rum-runner, who so narrowly escapes the gallows, is assured a permanent place in the screen's role of honor as the result of Richard Barthelmess' fine portrayal of this character in "The Noose," now at the Liberty Theatre.

Barthelmess gives to the central figure of the story a vitality and sincerity that comes only from natural acting and his performance in this role is one of the best he has ever done.

"The Noose" is the First National screen version of Willard Mack's sensational play of the underworld. It is the story of a youth who is led into evil ways by bad companions, but who goes to the defense of his mother's reputation when it is assailed, and nearly gives his life in so doing.

"The Noose" is thrilling and interesting entertainment, and the cast is surrounded by a fine cast of capable actors and actresses.

Lina Basquette, former "Follies" dancing star, is seen as Dot, the cabaret girl, who sticks by the boy through thick and thin. Thelma Todd is the society butterfly, who deserts him in his hour of need. Montague Love portrays the "villain" in a convincing manner, and the cast includes such clever players as Alice Joyce, Ed Brady, Jay Eaton, Robert E. O'Connor and Robert T. Haines.

John Francis Dillon admirably directed "The Noose," and made the most of the dramatic qualities of the play. It is ideal entertainment, with suspense maintained throughout.

Richard Barthelmess again demonstrates that he is one of the finest natural actors on the screen, and handles a difficult role with finesse and grace.

"The Noose" deserves its success because it is a good picture, well played by a fine cast.

MANY TAKE PART IN LUERY DANCE RECITAL

WILL WED IN JUNE APPLICATION SHOWS

A large audience witnessed the presentation of a dance recital at the Plainfield High School Auditorium by the pupils of Miss Helen Luery Friday night. The entertainment was in three parts, "A Little Girl's Dream," "Divertissements" and "Enchanted Woods," and all were under the personal direction of Miss Luery.

Splendid scenery and gay costumes added to the beauty of the scenes and the young dancers displayed grace and charm worthy of professionals. The majority of the dances were by Child but some of them had been composed by Miss Luery. Miss Helen Babcock accompanied the dancers at the piano.

Those taking part in "A Litte Girl's Dream" were Alice Greenberg and Jane Moraller, the Little Girl; Margaret Audrey Crane, the Dream Fairy; Katherine Sheridan, Ball; Edward Dow, Jack-in-the-Box; Barbara Buckley, Waltzing Doll; Adrienne Perry, Acrobatic Doll; Patricia Kunzman and Betty Jane Mills, Soldier and Sweetheart; Priscilla Stearns, China Doll; Rosalind Tornberg, Rag Doll; Harriet Kunzman, Kutinki; Rita Burke, Pogo Stick; Marie Gassler and Anna Hoerler, Trinket and Clown; Eva Coltri, French Doll; Beatrice Osienko, Black Face; Elinor Irwin, Alice Gaub, Red Riding Hood, Hope Victorson, Anne Carolyn Rothberg, Isabel Enfer, Betty Baker and Dorothy Carty, Mary, Mary Quite Contrary; George Zilg, Wooden Soldier.

"Divertissments" Estelle Bishuns, Margaret Lyness, Muriel Gustafson, Frances Anderson, Jean Burke, Bernice Schwartz, Adrienne Perry, Betty Jane Mills, Hope Victorson, Katherine Sheridan, Florence Jasin, Katherine Moraller, Margaret Audrey Crane, Anna Scherzinger, Helen Dickson, Harriet Hubbard, Amy Ruth Hadley, Dorothea Journeaux, Betty Hurst, Rosalind Tornberg, Shirley Schwartz, Harriet Kunzman, Beatrice Schwartz, Theresa Gassler, Katherine Kish, Marie Gassler and Rita Burke, Kandy Kids.

Rosalind Tornberg, Shirley Schwartz, Helen Dickson, Margaret Audrey Crane and Anna Scherzinger, Specialities; Amy Ruth Hadley, Katherine Moraller, Betty Hurst, Beatrice Osienka, Beatrice Schwartz, Harriet Suydam and Margaret Audrey Crane, Waltz Clog; Harriet Suydam and Beatrice Schwartz, Doll Dance; Mildred Bush, Spain; Vera Coltri, An Old Fashioned Girl; Virginia Smalley and Virginia Flag, raFandole; George Zilg, Paper; Margaret Audrey Crane, La Russe Moderne; Anna Scherzinger, Milady Vanity; Anna Lucchesi and Shirley Greenblatt, Gypsies; Katherine Kish, Russian Boy; Katherine Moraller, Flamenco; Betty Monaghan, Russian Waltz; Harriet Hubbard, Anitra's Adrienne Perry, Florence Jasin, Margaret Audrey Crane, Anna Scherzinger, Helen Dickson, Katherine Sheridan, Harriet Suydam and Marie Gassler, 'S Wonderful.

"Enchanted Woods:" Betty Hummer, Morning Mood; Betty Jane Mills, Pine Nooks; Nancy Lee Rothberg, Alice Gaub, Jane Moraller and Alice Greenberg, Butterflies; Marie Gassler, Theresa Gassler, Virginia Smalley, Katherine Kish and Barbara Buckley, Sunbeams; Shirley Schwartz, California Poppy; Katherine Moraller, Rose; Amy Ruth Hadley, Mountain Laurel; Elinor Irwin, Bluebells; Priscilla Stearns, Isabel Enfer, Betty Jane Mills, Margaret Davey, Anne Carolyn Rothberg, Dorothy Carty, Patricia Kunzman, Harriet Kunzman, Shirley Schwartz, Anna Lucchesi, Shirley Greenblatt and Hope Victorson; Anna Scherzinger and Helen Dickson, duet; Betty Hummer, Mildred Bush, Harriet Hubbard, Rita Burke, Joyce Maupin and Katherine Moraller, Nymphs; Betty Hummer, Mildred Bush, Harriet Hubbard, Rita Burke, Joyce Maupin, Katherine Moraller, Amy Ruth Hadley, Anna Hoerler, Barbara Buckley, Katherine Kish, Marie Gassler, Theresa Gassler, Virginia Smalley and Betty Monaghan, finale.

MOTORISTS ARE ARRESTED HERE

The alertness of "Plainfield's finest" over the week-end resulted in the arrest of two motorists, charged with violation of the speed laws, and of a third who was found to be driving without a license. All three were to have been arraigned in Plainfield Police Court this morning.

Nicholas J. Degaudio, of 62 Burnside avenue was arrested by Officer Bray and charged with operating at a speed of 43 miles an hour on East Front street. The same police officer apprehended Leo C. Rudegeard of 739 North ourth street, while the latter was exceeding the speed limit on East Front street yesterday. John Petta of 402 East Fifth street was the third of the trio of motor law violators. His apprehension was brought about by Officer Regan after the latter discovered him operating an automobile without the necessary license.

MRS. MILLER LAID TO REST SUNDAY

The funeral of Mrs. Jennie Miller, late widow of L. W. Miller, was held from the All Souls' Unitarian Church yesterday afternoon at 2:30 o'clock.

The funeral was largely attended by friends of the deceased and there was a profusion of floral tributes. During the services, organ solos, which included the last movement from Tschaikowsky's "Pathetique" symphony and endelssohn's "Song Without Words," were given by Stephen Haff. The Rev. Alson H. Robinson, pastor of the church, officiated.

Interment was in the Baptist Cemetery in Scotch Plains.

Being Constantly Amused

We have never had moving pictures or vaudeville houses open on Sunday in our town for more than a few days at least. Every few years the subject comes up for discussion and sometimes even a vote is taken, but so far the opposition has won out.

Those who favor the opening of the theaters on Sunday argue that there is nothing to do if they cannot see a vaudeville show or a moving picture. They are resourceless; they yawn or sleep through the day and are glad when Monday comes and they can take up their regular work again.

The thing that has interested me in observing the people who have made the loudest pleas for the Sunday theater is that they are the ones who have most opportunity if they choose to use it for this sort of recreation during the week.

I was more than interested while reading excerpts from the autobiography of Mr. George Arliss to get a point of view very different from what one might expect from this great actor who has spent all his life on the stage and who must have a very favorable opinion of what the theater has to contribute toward the healthy amusement of the public.

"If I had my way," he says, "I would close all theaters and all movie houses on Sunday. I would make it a day apart. I would withhold all the ordinary amusements except outdoor sports. . . . There is no reason why the day should be dull for anyone. There are always good books. There are hobbies to be pursued. I would have all the art galleries and museums wide open. I would have classical music and high-class concerts. . . . I do not suggest that this class of entertainment is necessarily better, but it is different, and it is likely to open up to one's mind fresh ideas. . . . An unbroken routine in our amusements may be as bad as a steady grind in our labors."

It is his last sentence which appeals to me.

"An unbroken routine in our amusements may be as bad as a steady grind in our labors."

TIPS ON SALESMANSHIP

[O. T. FRASH]

Is There Something for You?

A CLERK can fairly strip his soul naked with five words—"Is there something for you?" Some clerks do it with one word, when they mechanically remark—"Something?"

When I walk into a retail store and a clerk asks me whether I want to buy something he's questioning either my common sense or my good faith, although he may not intend it that way. If I didn't want to buy something, I'd have no business in that store; therefore, asking me such a question is intimating that I either mean business or I'm just killing time.

What's the use of trying to guess my intentions? Even though I might be only aimlessly wandering around, it wouldn't make any hit with me to tell me that you'd caught me at it. If you're bent on making a guessing contest out of my visit, why don't you guess that I'm there to buy? Then, even if you've guessed wrongly, you won't lose anything.

When I hear some clerks ask this question they give me the impression that although their lips may be speaking those apparently harmless words, their minds are saying: "Oh, Lord, here's another pest; well, what do you want in here?" Then the thing I want most is to get out.

If your vocabulary is so limited that you can't find any better words to say to a visitor, try saying them in such a way that your inquiry won't amount to an insult. You'll find that the fault, however, is not in the words you use, but in the way you regard your work. If you really desire to be of service to the visitor, you will welcome his call with a genuine pleasure that will show itself in any mere words you may use—in your eyes, your manner and the kindliness of your personality.

Be eager to please. Be an honest, disinterested friend to every caller at your store. That's the only road to true salesmanship, and if you follow it, your first inquiry of the customer will form itself naturally and heartily into a warm-hearted welcome that will lead you straight to success.

(©, 1927, Western Newspaper Union.)

RAIN AND MUD FAIL TO HALT WHIRL OF THE SPORTING WORLD

Despite gloomy weather yesterday was a big day in the sports world of Central Court; winter future book favorite, and like the Kentucky Derby at Churchill Downs which was run in a sea of mud. Misstep placing and Toro coming in third. Newark's Bear staged a rally, scoring six runs in the seventh and eighth innings and walloping the Orioles, 6 to 5.

Joie Ray captured first place in the Long Beach marathon, breaking the course record and defeating the veteran Charles Dehar.

The Chicago Cubs won their 13th straight game, beating the Boston Braves, 3 to 2, and strengthening their grip on first place in the National League.

Tex Rickard again called off the bout between Jimmy McLarnin and Sammy Mandell for the lightweight championship. The reason, as usual, was the weather. The fight will be put on tomorrow night, if the weather permits.

BAYONNE POLICE HOLD MANVILLE BAKER

Frank Witek, 32, a baker, of Manville, is being held by Bayonne Police on a charge of passing a worthless check.

He was arrested by Detective George Feeley at 21st street and Avenue E. yesterday afternoon, at the request of Trooper Norman of the Somerville Police, with whom the complaint was registered. The check was drawn on an unknown bank for the sum of $105.

TO GO BEFORE JUDGE DE MEZA

J. Gensman of 21 Somerset street is scheduled to be arraigned in Plainfield Police Court this morning on a charge of passing a worthless check for $150. Gensman was arrested Saturday at the police headquarters on a warrant on complaint of Charles Polensky, proprietor of the Raritan Coal and Charcoal Company, who cashed the alleged worthless check. Officer Sliker made the arrest.

SENATE DEFEATS TAX RIDERS

WASHINGTON, May 20.—Two attempts to attach tariff and farm relief "riders" to the tax reduction bill were defeated last night by the Senate, which remained in late session to complete action on the measure. The Senate earlier rejected efforts to repeal or modify the federal inheritance tax.

MID-STATE PRESS SPORTS PAGE

OUR SPORTS TRAIL

By "BOB" JAEKEL

Plivious certainly played the nce with the sports calendar this ek-end. All the Important games ere postponed on account of wet ounds. The Plainfield-North ainfield series received a serious ow, and it looks as though it's ing to be hard to figure out a ite for the first game to be played a.

Jim Lawrence didn't row number wen Saturday and Princeton didn't in the race against the Navy and arvard. Maybe it was a bad hange to make so such an im- ortant event. Who knows?

When WILL this Mandell-McLar- n affair come off? Fate seems to e playing havoc with dear old Tex. le has always prided himself on eing a real gambler, but we don't new. Rahn? Somebodies all wet!

Rutgers has closed a tight season f lacross and is waiting to hear rom the Big Guys about these lympics. Saturday's game was a ow and the more you look at those oys over there, the more you feel hat they should go East on the his. Oh, what a song they'd sing f ever the Cheese would claim them victors and pass out a basket of ickets. The steps (studes) went uts over the Army victory, what ould they do on an occasion like hat? Yi, yi, yi!

Say! Maybe more honor will be heaped up on New Jersey at the close of this bunion race. Saturday Johnny Salo was leading his oppon- ents through the muddy streets of Bath, N. Y. It looks good to see the boys enjoying themselves and I ertinly hope Johnny comes through ahead.

This bout on Thursday night seems to be going to interfere with the big fight on June 2. It's a char- ity affair, this card at Kenyon Gar- dens, and it doesn't seem right to interfere with it. If it really is an interference.

Willie is going to run a real old- fashioned race and Decoration Day at New Market track. Charles Busch will be there with his motor- cycle and to those who do not know Busch and who do remember the time at Syracuse when Eddie Brink was killed by the explosion of a rear tire. Well, Charlie was racing at that race and when a professional can race at Syracuse he's of no mean ability.

The Liberty Theatre is contem- plating running a baseball series for the kids around town and this series will be under the personal super- vision of Joe Sicardi, former Ped- die star. Great results should be expected from the coaching of so great a man as THE SICARDI.

RUTGERS UNIV. WINS OVER PENN.

Lacrosse Game Was Full of Steam and Pep

Rutgers University continued its excellent lacross playing Saturday afternoon by defeating the Univer- sity of Pennsylvania to the tune of 4-3 at New York Brunswick. Trail- ing through most of the game, the victors finally caught up with them- selves and settled down to real hard lacross, emerging the winners after an extra period of ten minutes.

The usual smoothness of attack that accompanies most all the local teams attack was lacking, primarily caused by the fact that captain Ed- die Roberts was not in form. Rob- erts was injured Wednesday in the fierce battle with the Army at West Point and hobbled around the soggy field most gallantly dangered by his inability to fight in his usual way.

Penn scored first and Rutgers trailed throughout the first half, with a terrible display of stick-work. Noone seemed to be in form. Prob- ably it was over-confidence brought about by the fact that the visitors came East with a far more brilliant attack than expected. Suddenly, when only a few minutes after the second half had started Wayne oJhnson, a strong player from West- field, viciously through the puck past the Penn goally. There was no doubt that Wayne meant that point to count! That made he score 2-1 in Penn's favor. Following Rutgers first goal, the Phillies shot another one by Young, making the count 3-1

Seeing the tremendous lead the enemy had upon his team, Rohrbach, former Passaic basketball star, took the game in his own hands. Wing- ing in and out, twirling his racket from side to side, he swiftly came within scoring distance. With one final thrust he shoved the little ball into the net, leaving his Alma Mater but one point in the rear. In the closing minutes of the battle Stretch Alton seemed to have been stimu- lated by the fighting spirit of his teammates and scored a most spec- tacular goal. When the final whis- tle blew the tune was 3-3.

A ten minute extra period was staged in which Rutgers actually surprised the deadening attack they put up against the Army on Thurs- day. Had every player the same fighting spirit throughout the en- tire game that he had in that final period there would have been no need of an extra session. Jerry Mac earned shot in the last five minutes Gilary tallied the count by a hard of this period.

Ed Kearny, football star, con- tinued his starring in a new game. His defensive playing was excelled by no one on the Rutgers or Penn squad. Captain Moore of the Penn- sylvania aggregation was the out- standing player for the visitors and it was through his efforts that the score was as close as it was.

Rutgers (4)		Penn (3)
P.	S. Kearney	Hake
G.	Young	Douglas
C. P.	R. Johnson	Monk
F. D.	Townsend	Button
S. D.	Gray	Gibson
T. D.	Alton	Borshow
C.	Rohrbach	Ott
T. A.	Mark	Sterling
S. A.	W. Johnson	Edwards
F. A.	Roberts	M. Moore
I. H.	Thralls	Hirsch

Goals—Penn: M. Moore, Hirsch, Edwards. Rutgers: W. Johnson, Rohrbach, Alton, MacGilvary.

Substitutions—Penn: J. Moore for Ott, Mulvey for Sterling, Pendleton for Johnansen. Rutgers: Camplon for Roberts, Roberts for W. Johnson.

Referee—Charles Wordell, Cres- cent A. C.

AGAIN POSTPONE MANDELL BOUT

For the second time the Mandell- McLarnin bout has been postponed on account of bad weather. Tex Rickard is beginning to worry and not much worries Tex, usually. In that case it does look funny. Both boxers have had to weigh in two times already, and according to the New York Boxing Commission they will be obliged to again tip the scales before the title bout tonight. It's no easy task for some fighters to retain the proper weight for three successive times on the scales and that's what all the kick is about. If there is any real kick.

The Evening Telegram claims to be giving away $20,000,000 worth of fight tickets via the radio. Graham McNamee is scheduled to broadcast the entire scrap and sometimes one can see the fight better from in front of the fireplace than in front of the guy in back of you a the stadium. At least, your told what it's all about, even if it might not exactly the right blow at the exact time of the report. Who knows.

Nevertheless, if Jimmy McLarnin has his hand lifted high above that of Sammy Mandell tonight at the Polo Grounds, if they DO fight to- night at the Polo Grounds, he will be the sixteenth boxer to wear the lightweight crown since Billy Ed- wards was claimed the lightweight of the world in 1870. Those who have held the crown are:

Billy Edwards, 1870-1872.
Art Chambers, 1872-1884 (retired).
Jack Dempsey, 1884-1885 (outgrew class).
Jack McAuliffe, 1885-1893 (retired).
George Lavigne, 1893-1899.
Frank Erne, 1899-1902.
Joe Grans, 1902-1908.
Battling Nelson, 1908-1910.
Ad Wolgast, 1910-1912.
Willie Ritchie, 1912-1914.
Freddie Welsh, 1914-1917.
Benny Leonard, 1917-1925 (retired)
Jimmie Goodrich, 1925-1926.
Rocky Kansas, 1925-1926.
Sammy Mandell, 1926-?

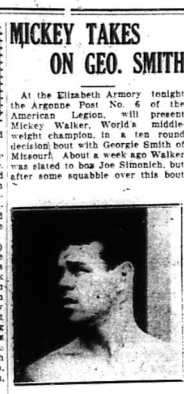
McLarin's hope of victory alone lies in his dealy sock. It is his sole alternative and no belt that has ever been fought for has been worn by more notables than has this light- weight rigging. A crowd of 40,000 is expected to see this title and an unbelievable number of bets have entered in a 7-5 choice, Jr. Mandell. That's what it was Go Saursday anyway.

Regarding Shoes

"There's nothing like leather," an expert remindls us. Except card board comments the London Opin- ion, as many poor soles can testify

MICKEY TAKES ON GEO. SMITH

At the Elizabeth Armory tonight the Argonne Post No. 6 of the American Legion, will present Mickey Walker, World's middle- weight champion, in a ten round decision bout with Georgie Smith of Missouri. About a week ago Walker was slated to box Joe Simonich, but after some squabble over this bout



and the one in the Windy City with Ace Hudkins it was decided to can- cel the scrap with Joe and sign up a new man who happened to be Georgie Smith.

"What if this Walker guy is a wrecker!" says Smith. "You can't wreck anything you can't hit" and according to that Georgie seems quite confident that even he is im- muned against the deadly punches of this man from Union County.

At any rate, this ought to be quite a decent fight. Walker has been training seriously and looks like a million dollars when he spars with the men he's hired to beat him up. And this bout means a heck of a lot to Mickey, too. That's why he isn't taking it casually. He has a def- inite account to pay with Smith's pilot Hughy Gartland for a bout he arranged with Phil Krug for Walker some years ago. This was a trick to force Mickey into a bout with Jack Britton. But Mickey didn't look so hot against Krug, and he's held that against Hughey ever since. Gart- land figured that Walker wouldn't look so dressed up with Phil and that's why he got this bout arranged. Mickey was wanting a smack at Jack, anyway.

We can't for the life of us figure out why Georgie is so confident, un- less it's merely to show the fans that hasn't an inferiority complex. And then again, this bird Gartland might be edging him on—managers do that sometimes.

So if the mice don't eat all the canvass off the square circle and the mean old rain doesn't get fresh like it did with Texxie for the past week, we'll tell you all about how Mickey Walker made out in his set-up with Georgie Smith in tomorrow morn- ing's paper.

Remarkable Homespuns

The Biltmore homespuns are hand-woven pure sheep's wool. They are dyed with pure vegetable and aniline dyes and there are over a hundred different shades. No two pieces of the material are identical.

WESTFIELDER TO BOX FOR JR. LEAGUE

Eddie Parks of Westfield who is carded to box Bud Mangino at Ken- yon Gardens, June 2, for the benefit of Muhlenberg Hospital is a great drawing card. He was able to beat Mangino in his last fight at the Academy and looks as though he'll give Bud a good run this time, al-

TEDDY PARKS

though it's a poor fighter that gets hit by the same blow twice. Maybe Mangino will surprise Eddie, who knows?

Craig has tried to match all the better prospects in the district and his efforts are greatly appreciated by all those concerned.

JR. O. U. A. M. TEAM DEFEATS MOOSE LODGE

The Franklin Council of Jr. O. U. A. M. closed its annual season with a bang on Saturday night. Franklin has won over the best teams through- out the season and only started its career on January 14. The teams that this organization have won from are: the Plainfield Elks, the Dunellen Elks, the O'Boys, the Moose, the Eagles, and many others of no mean importance.

This is the first year of their existance in this game as the new alleys were opened on November 26, 1927. The Council have not lost a final game this year and have proved their ability in bowling in great style.

LEAGUE WILL MEET TONIGHT

There will be a meeting of the Tri- City Horse Shoe Pitching League at the City Hall at 8 P. M. tonight. Each team in the league is requested to have two members present in order to make a worthwhile meet- ing out of it.

Plans for the season will be dis- cussed and a schedule will be planned as near as it will be possible to plan it at the time. This League is a very entertaining feature for those interested in the game of Quoits and should prove an im- portant occurance every time there is a game. It is an old game, hav- ing been played by Robin Hood and his men centuries ago in the forests of Europe.

Every cartoon drawn to represent a country scene has some place in it a group playing horseshoes. It's a valuable sport this game and should be given great attention.

The Girl Friend!

One day little Katheryn's grandma came to see them. Her mother had callers and Kathryn wanted to introduce grandma to them, so she said: "This is grandma, one of our girl friends."—From Children, the Magazine for Parents.

Brakes *Can't* Stay Put—

—of themselves. Because they are mechanical devices, under constant strain. They need to be watched and cared for. So don't wait for trouble—forestall it by having your brakes inspected and adjusted regularly. We give prompt, satis- fying brake service at reasonable cost.

Credit Given Moliere

Literary critics regard Jean Baptiste Poquelin (Moliere) as being one of the first, if not the first great Seventeenth century dramatist to write a notable comedy.

Y. W. C. A. TO HOLD PARTY FOR CAMP FUND

It is expected that more than 25 tables will be in play at the card party to be held by the general committee of the Y. W. C. A. at the "Y" building for the benefit of the camp and conference fund tomorrow afternoon. Playing will start promptly at 2:30 o'clock and prizes will be awarded for every table. Refreshments will be served under the direction of Mrs. W. H. Nichols. Mrs. Edward Young will be in charge of the sale of home made candy.

The general committee is headed by Mrs. A. Marshall Palmer and includes Mrs. E. Hildum, Mrs. Fred Lee, Van Dorn Van Fleet and Miss Gertrude Fenno.

The same committee will conduct a rummage sale at 215 East Front street, May 25 and 26.

LEHIGH LOSE

Lafayette won the annual baseball series from Lehigh Saturday afternoon. The count was 11-7. The game was poorly played on the part of Lehigh and Lafayette took advantage of their misplays, and hit their pitchers all over the lot.

Mike Wilson, football star for Lafayette last fall, shifted his ability to baseball and was the outstanding player in Saturday's battle, hitting a homer, wo doubles and a single.

Y CARD PARTY

A card party will be given by the Y. W. C. A., for the benefit of the Camp and Conference Fund, Tuesday, May 22 at 2:30 P. M., in the association building, West Front and Church streets.

CARD PARTY

The Grant Avenue Presbyterian church will have a card party Friday night at the home of Mrs. Henry Heimlicher, 1234 West Third street. Eight tables were in play, with an attendance of 35. The usual prizes being awarded the affair was reported a success.

NATURE CLUB POSTPONES HIKE TO HOLLOW

The trip to Dock Watch Hollow, near Martinsville, that had been planned by the Watchung Nature Club for Saturday afternoon was postponed on account of the rain. Plans for another trip will be made at the business meeting at City Hall tomorrow night. Mrs. Norman Currie will speak at that time.

CAKE SALE HELD BY MONROE AVE. CHURCH

A successful cake sale was conducted by the Mildred A. Knight Bible Class of the Monroe Avenue Methodist Episcopal Church at the Epworth House Saturday afternoon, under the direction of Mrs. Louis Alspach and Mrs. Walter Alspach. The affair was largely attende and many cakes were sold.

THE COMMUNITY PLAYERS ENTER TOURNAMENT

Desert Island Theme By Flavin Decided Upon

The Community Players are entering the ourth Annual Drama Tournament with the one act play, "Brains" by Martin Flavin. This play is a drama straight through, and the scene is laid on a Desert Island late in the afternoon. There are three characters in the play and they are all male characters, and will be played by the following men, all members of the Community Players Dramatic Club of the Plainfield, Wallace MacKay, as MacGregor; Cyril K. Collins, as Captain Prince; James F. Duncan, as Grimp. The three young men are experienced players having taken part in a number of Community Players' presentations during the past year. The Community Players have won the Walter Reade Trophy once since the competition opened, they having taken first place the initial year of the tournament.

The Y. M. H. A. of this city are entering with a play written by one of the members of the cast. It is called "Joan of Arc" and is classed as an incident from history. This play is remarkable inasmuch as it is an original play written by not only a member of the cast, but by a local boy residing in Plainfield. When the tournament reaches the point where all groups entered in the annual tournament, then Plainfield can truthfully say; they are making rapid strides in amateur dramatics. The cast for this play is as follows: Auntie, Eva Lauria; Joan, Jean Parnes; rancis, Stanley Newman, who also is the author; Nolin, Herbert Schwartz. The scene is the interior of a cottage, the curtain will be drawn half way through the play to designate elapse of a few hours.

Other groups entering this year's tournament are: Y. W. C. A., Parish Players, De Molay, North Plainfield Dramatic Club, and the Dunbar Dramatic Club. Thursday and Friday are the days for presentations, May 24, and 25.

"Trolleys"

Both French and German contain verbs resembling "trolley," and have the meaning of "rolling" or "rambling." The word "trolley," was coined in England, and was first used in the sense of a "land cart" and then of a "truck."

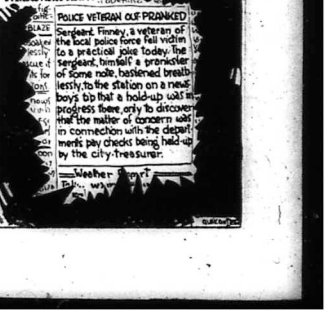
FINNEY OF THE FORCE

By F. O. Alexander

WHAT?!.. OH, BOY-WHAT NEWS?
RUN ON—OR BE OLDER. PAPER'LL SCORE A "BOAT" ON YES!
IF YOURE KIDDING ME!
WHAT'S THIS ABOUT A HOLD-UP HERE AT THE POLICE STATION?...
THAT'S RIGHT!—THE CITY TREASURER HELD UP THE DEPARTMENT PAY CHECKS!

Finney Gives Scoop an Idea



EVENING NEWS STORY:
POLICE VETERAN OUT PRANKED
Sergeant Finney, a veteran of the local police force fell victim to a practical joke today. The Sergeant, himself a prankster of some note, hastened breathlessly to the station on a news boy's tip that a hold-up was in progress there, only to discover that the matter of concern was in connection with the department pay checks being held up by the city treasurer.

"SMILIN' THROUGH" AT ELMORA

J. Ellis Kirkham this week presents at the Elmora Theatre the play "Smilin' Through." He has as his guest star Charles Dingle, formerly of the Proctor Players. Kirkham's Players are attracting the crowds from all sections of Union County, especially a large number of Plainfielders, who find the twenty minute trip by train or auto without inconvenience. When Kirkham was active in Plainfield affairs his services were directed in the upbuilding of the local Community Players and his results were far beyond anything ever anticipated. Apparently he is enjoying a huge success in Elmora and our well wishes are hardly necessary, as it seems impossible to greatly extend his present assured success.

A REAL AMUSEMENT PARK

The Amusement Park to be opened on May 30 on the East bank of the Raritan River Road between Bound Brook and New Brunswick is an enterprise which should enjoy a great success. The business men of Plainfield and surrounding towns who are in back of the project deserve a lot of credit for their wise judgement in selecting the spot. They will have a population of close to 200,000 to draw from within a radius of ten miles, which should give them a sufficient amount of support to make the place a financial success.

An Amusement Park of this type is greatly needed in this vicinity. Hundreds of other communities around the country have them and in most places they provide excellent recreation. In addition to all the amusement facilities usually found in a park of this type, the place near Bound Brook will also have the advantage of the Raritan River where there will be placed a large fleet of rowboats and some power launches. What will be more pleasant than a cool sail on the Raritan on a hot summer's evening?

IT NEVER RAINS BUT IT POURS

John Traynor, whose cigar and stationary store at West Front street and Central avenue was wrecked by fire early yesterday morning, was given a second smack by Dame Misfortune Sunday afternoon when his automobile, parked in front of the fire ruins, was partially wrecked when another machine smashed into it.

Still through it all John is "Smilin' Through" and as soon as the damage is repaired he will be as active as ever at his popular stand. By a spirit of friendship and service, Traynor has built up a substantial clientele in the store which he took over a little more than a year ago and we regret to see his business stopped temporarily by the Demon Fire. John Traynor has great faith in the future development of West Front street and in the course of the next four or five years he expects Front and Central to be the pivotel point in the business section.

LINDBERGH

It hardly seems that a year has already passed since the Missouri airmail pilot winged his way across the Atlantic. His first anniversary of success was uppermost in the minds of a great many yesterday and thousands who congregate each Sunday at Hadley and other airports made the Lindbergh topic the one of chief discussion. Plainfield is one of the few places that Lindbergh has not visited since his trans-atlantic flight, but we suspect that one of these fine days Chief McCarthy of South Plainfield, whose force has managed the crowds at Hadley in an exceptionally fine manner, will have to yell for help when Lindbergh swoops down at the field. Lindbergh promised his old pal "Tom" Nelson, the N. A. T. airmail flier, that some time this year he would pay him a visit. What a day it will be when the visit materializes.

JUDGE CAREY JUSTIFIED

The Jersey City Judge who was treated to a pretty rough deal in his home town in Tuesday's primary doesn't intend to quit till he gets some satisfaction as a result of the flagrant violations of the primary law. Carey insists that fraud was committed and it seems that almost everyone in the State agrees withuhim. Carey is the type of fighter who should not have been turned down at the polls. He fought a gallent fight against Hagueism in this state and attempted to break up a machine which is generally believed to have been working with one wing of the Republican party for several years—the wing controlled by Senator Edge. One of these fine days the New Jersey voters will awaken to the true conditions of politics in this State and when that day arrives there will be a real house cleaning.

The Newark Call had the following comment to make yesterday on the Jersey City deal:-

With the primary election law as it is and with the Democratic party meekly bowing acquiescence to Frank Hague's will there is no reason why Democrats cannot indefinitely continue to pack the Republican primaries in Jersey City. On the Democratic side Mayor Hague selects the candidates and nobody has the courage to oppose him. Since there is no opposition no need exists for Democrats to vote in their own primary which under the law allows them to vote the Republican primary ballot the next year. This procedure can be continued just as long as there are no Democratic primary contests and that will be for the period that the Democrats of New Jersey meekly and servilely permit Frank Hague to tell them for whom they shall vote.

Evidently the law needs amending to prevent this flagrant interference of one party in nominating the candidates of the opposite party. Senator Pierson of Union County is the election law expert of the Legislature and there seems some reason to suspect that his favorite candidate for United States Senator suffers from the flood of Republican ballots cast in Jersey City on Tuesday by Democrats. Can he not devise a way to stop this abuse?

Months ago when Frank Hague picked Motor Commissioner William L. Dill as the Democratic candidate for Governor, President Coolidge had not eliminated himself as a candidate for re-election and Al Smith's chances for the Presidential nomination seemed dubious. As far as one could see New Jersey was certain to give the Republican Presidential ticket an enormous majority and the Gubernatorial and Senatorial candidates would naturally be swept along to victory. Under such conditions the Democratic nominee for Governor must necessarily lead a forlorn hope, and who better fitted for the sacrificial role than Commissioner Dill, for whom Mr. Hague had no great amount of love and whose defeat, it was strongly suspected, would cause the Hudson man little grief?

And then conditions changed. Mr. Coolidge is not a candidate and Al Smith's nomination is conceded. New Jersey has become a doubtful state. It is a safe bet that if Mr. Hague had foreseen what has come to pass someone less independent and more obedient to orders than Commissioner Dill would have been the Democratic candidate.

LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

The Editor:-

Two other New York business men and myself have carefully perused "The-State Press" several mornings this week going in on the train, and like it immensely.

We compliment your bravery in attempting to compete with such an old established newspaper as the "Courier News," and wish you much success and the best of luck in your new venture. We think it has great possibilities! Plainfield has long needed another paper because a city of its size should certainly be able to support more than one, especially when that one is so very, very inaccurate in many respects. To say the least your newspaper is extremely good looking and should appeal particularly to commuters, enabling them to read the latest local news enroute to New York.

Of course, I presume you already know that your complete success depends a great deal on pleasing your readers and abiding by any reasonable criticisms which they might make. Therefore, may I offer one suggestion which I consider would greatly improve your edition, and with which many Plainfield people with whom I have talked on the subject concur?

Doubtless you, too, have noticed technical errors. To our utter disgust we have been literally forced to endure reading the "Courier News" which plainly shows a lack of or poor proofreading. It is my opinion from bitter experience that a good proofreader is invaluable. If you are wise you should profit by the mistakes made in the "Courier News" to which citizens of Plainfield have subscribed merely because they were helpless to do otherwise. Accurate or inaccurate, we had to have the news—and generally it was the latter.

A good foreman is essential, a good editor is essential, good reporters are essential, etc., but most necessary of all is a good proofreader. Employ a good, reliable proofreader,—or if you have one, get another,—and your newspaper should prove a joy to its readers and a successful undertaking to its owners.

Again wishing you much success, I remain—A Well-Wisher of The Mid-State Press.

The Editor:

If Hamilton F. Kean is elected United States Senator, I hope he will live up to the promise he made at the Amusement Academy when he spoke here before his nomination. At that time he said if elected he would bring the Brooklyn Navy Yard, which New York City doesn't seem anxious to keep, over to New Jersey, and plant it on the Raritan River.

No single act by the Federal Government could do more to boom this section. Thousands of workers, who now spend their earnings in Brooklyn, would be living in the Raritan valley, there would be extra construction work going on all the time, and this work would be more stable than the usual business, which has no Government resources to back it up.

There is no doubt that the Raritan can accommodate the ships that would be passing in and out, particularly after the dredging planned by the War Department. I would not be any harder to keep the Raritan bed at the proper level than the East River, and in that connection it might be interesting to see what effect this would have on the drainage situation here. As all know, drainage is a serious problem, right from the foot of the Watchungs to the mouth of the Raritan, and a properly dredged channel in the river might mean better drainage for this section.

So I am for moving the Navy Yard, and I'm for Hamilton Kean, because I believe he's going to live up to his promise if elected, and I haven't any doubt about his being elected.

WILLIAM T. JACKSON.

To the Editor,
Dear Sir:-

With the purpose in view of facilitating the greater convenience of property owners in our city who contemplate construction of any buildings or alterations to existing structures which may conflict with the Zoning Ordinance as it is now being administered under Chapter ... Laws of 1928 entitled "An Act Pertaining to Zoning," it has seemed to the writer that a great deal of confusion to the public would be avoided if the provisions in the new act pertaining to public hearings could become generally known.

Heretofore, the Board of Adjustment, although not required by law to do so, has in instances where public hearings have been advertised, sent out notices of such meetings to affected property owners so that they might attend if their interests required their presence at the hearing in order to register their protest or approval of the petitioner's appeal. Under the new law this responsibility rests upon the petitioner in the following words:

"The Board of Adjustment shall fix a reasonable time for the hearing of the appeal, giving due notice thereof to the appellant. Said appellant shall thereupon at least five days prior to the time appointed for said hearing, give personal notice to all property owners within two hundred feet (200') of the property to be affected by said appeal. Such notice shall be given either by handing a copy thereof to the said property property owners or by leaving a copy thereof at the usual place of abode of said property owners, if saids owners are the occupants of the property affected by such appeal or are residents of the municipality in which said property is located.

"Whenever said owners are non-residents of said municipality, such notice may be given by sending written notice thereof by registered mail to the last known address of the property owner or owners, as shown by the most recent tax lists of said municipality. Where the owner are partnerships, service upon any partner, as above outlined, shall be sufficient, and where the owners are corporations, service upon any officer, as above set forth, shall be sufficient. Said appellant shall by affidavit present satisfactory proof to the said Board of Adjustment at the time of the hearing that said notices have been duly served as aforesaid. Upon the hearing any party may appear in person or by agent or by attorney." Very respectfully, Auroa E. Beals, Secretary, Board of Adjustment.

The Editor:-

I read in a newspaper that City Clerk George Brinton Wean went to the seashore for the week-end. Hurray for Georgie. It is about time some one gave that fellow a little time off. Between primaries and acting as personal secretary to the various councilmen our friend has had a terrible time. I attended a meeting of the council one night and was struck dumb when I witnessed the amount of work Mr. Wean has thrust upon him. His office, it appears, has to draw up every piece of work the individual councilmen have to do. He should be complimented and ever Plainfield goes in for a business manager I hereby nominate him for the post. Good work, George.—"The Man Not Here Long Enough To Vote."

DADDY DUSK The Sandman

Twin Twinnie and Joe were very great ... and ... ing secret with daddy. ... said gone back to the old house and found Grandfather's old violin out of its case in the corner and lying on top of the old organ—just as if some one had been playing it and left it there.

They remembered how Grandfather Benson had said no one should touch the violin after Granny died.

During the day time they passed the old deserted house. As they came close, even though the sun was shining, they would clutch each other's hands and talk in whispers.

At dusk, if it ever happened that they needed to pass the house, they crossed on the other side of the street, and if nobody was looking, they ran.

They could never forget the night they found the big shining key in the open front door—and how when daddy had gone back with them, the door was closed and the key gone. And they remembered how the French windows were open and there on the old piano lay the violin. They couldn't forget daddy's sad face as he drove them home.

Perhaps daddy knew the ghost!

They never went back to the old deserted house again, but they heard grown people talking about it. They heard about funny sounds that were heard comibg from the old house at midnight. Long after they had been tucked in bed. And they never told grandfather Benson about the ghost. They kept it secret. But among themselves they talked about it and wondered who

Ensemble Idea Dominates the Current Mode

Ensembles are the important style note of the season. Whether in cape or coat form, suit or tailleur, the accompanying accessories must make it evolve into a complete ensemble costume, else you are not chic.

Although this is the underlying theme of the spring 1928 season, it by no means limits to a narrow selection of costumes. There are any number of ensemble types you may choose. Are you intrigued by the smartness of the new cape coats? Then there are various silhouettes of this style for your choice of an ensemble.

There is, for instance, the long cape or the hip length cape, the tweed tailleur with the detachable cape and the coat with the swagger cape suggestion for which one buys an accompanying frock to make the ensemble complete of the moment.

Or is your choice for your new spring costume a suit? Here, too, there are varied types from which you can have a wide selection. There is the tailleur ensemble of strictly tailored lines with which you wear a tailored top coat on cooler days, print ensembles for afternoon wear or the very chic new three-quarter length coats, types equally as smart for town wear and traveling, and silk ones for afternoons.

These are only a few of the many ensemble types fashion is offering this season.

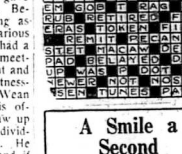
Solution to Yesterday's Cross-Word Puzzle



A Smile a Second

WHILE DANCING

He—I can't keep my mind off you!
She—Now your feet.

MIES G. ROSENTHAL.

MR. FIXIT REPORTS

Mr. Fixit:-

Will you kindly have the proper authority tell me, through your valuable columns, just where Hadley Airport is ? I was motoring through New Brunswick the other day and noticed a sign reading "To Hadley Airport, one of New Brunswick's THREE landing fields." I was under the impression that Hadley Airport was in South Plainfield.—J. M. H.

Answer—You are right. Hadley Airport is in South Plainfield. Mr. Fixit takes for his authority nothing less than a map which shows the South Plainfield boundary to go even beyond the airport towards New Brunswick. The reason why Hadley is associated with New Brunswick is probably because the air mail is sent there by way of the railroad and then by truck to the airport.

Mr. Fixit:-

What is trichinosis, that disease which is said to have caused two deaths here recently and made several others ill? —"A Farmer."

Answer—Trichinosis, according to the State Department of Health, is a disease peculiar to pigs. Science cannot determine from the live pig if it has it or not and cannot tell from pork as sold from the slaughter house. It is advised by the State Department of Health and N. J. Chandler, local health officer, to cook all pork well.

Mr. Fixit:

I read in a New York newspaper that certain people are very anxious to have Congressman La Guardia named a candidate for Mayor against former Mayor John Hylan and Mayor James Walker. In this connection it was recalled that some one once called La Guardia "the flying Congressman." I am wondering if that is right?

LOUIS SAMUELS.

Answer: Yes, Congressman La Guardia is a "flying Congressman." The member of the lower House has often flown from Miller Field, Staten Island, to points as far west as Minnesota. On the last trip the Congressman was with Lieutenant Marlon Elliott. They became lost in a snow storm, and the Chicago airport broadcast the as lost when, in reality, they went around the storm and landed at Buffalo. This is a little out of Mr. Fixit's line but he fixed your memory just for fun.

COMING EVENTS

MONDAY

Concert at the High School sponsored by Holy Cross Church.

Piano recital by Ignace Jan Paderewski at Westfield.

Address by David Lawrence on "Presidential Personalities" in the Hartridge auditorium at 8:15 o'clock.

TUESDAY

Lecture by Mrs. Reuben Knox to the Historical Society in Washington's Headquarters at 8 o'clock.

WEDNESDAY

Plainfield Philatelic Society meets in the Y. M. C. A. at 8 o'clock.

THURSDAY

First night of the drama tournament at the Y. W. C. A.

Social evening at the First Baptist Church.

Postponed meeting of the Plainfield group of Epworth Leagues at the Scotch Plains M. E. Church.

FRIDAY

Final night of the drama tournament at the Y. W. C. A.

Postponed card party of Mogeeheart Chapter at 8:30 o'clock in the Moose Home.

Last dance of the season by the Community Recreation Society in the Washington school at 8:30 o'clock.

SATURDAY

Sale of poppies by World War veterans.

SUNDAY

Donnelly Post, American Legion, services in St. Peter's Evangelical Lutheran Church at 8 o'clock.

VOL. I. NO. 8 PLAINFIELD, N. J., TUESDAY, MAY 22, 1928 Eight Pages

BOY SCOUT CAMPAIGN RAISES FIVE THOUSAND IN TWO DAYS

SUCCESS ASSURED NEW CAMP SITE ACCORDING TO INDICATIONS AND REPORTS MADE PUBLIC LAST NIGHT

Total Amount To Be Raised In Plainfield Is Sixteen Thousand and Campaign Closes In Eight Days

With the Boy Scout Campaign Fund going strong the official reports of the two days receipts are $5,012, almost one-third of the quota, $16,000. This is Plainfield's share of the total amount needed which is $30,608. An itemized list of the expenditures of the fund are as follows: purchase price of property, $11,800; property improvements, $1,735; new buildings, $5,500; sanitary equipment, $1,300; camp equipment, $2,500; swimming area, $1,500; miscellaneous, $1,980; publicity, $593; contingencies, $2,700.

Plainfield's quota is based on the percentage of population.

Owing to the inumerable questions asked by parents and which the scout officials are only too glad to answer, the following list of interogations are listed and also of interest not only to scout's parents but to the general public as well:

What is Scouting and how is it supported?

Scouting is a leisure time program for boys over 12 years of age, designed to cooperate with the home, the schools, the churches, and the state.

It is incorporated by an act of Congress and the President of the United States is the Honorary President. The organization now has 617,222 Scouts and Scout Officials in the United States. The movement nationally is supported by voluntary contributions, membership fees and the sale of supplies and equipment.

What constitutes the Watchung Council?

Watchung Council is divided into six districts, viz. Summit, Westfield, Plainfield, Rural Scouts, Martinsville, Somerville-Raritan, and Somerville Hills.

Is Scouting a military organization or does it prepare boys for military training?

Scouting is not a military organization. It teaches kindness to others and toleration of others. The international relationships of Scouting have helped materially in promoting a better understanding between nations. Its aim is a true brotherhood of boys which will grow into a brotherhood of men of all creeds, races and nationalities.

What are some of the results of Scout training?

Stronger, healthier bodies, self reliance, clean living sense of honor and trustworthiness, willingness to help others. These and other desirable character building and leadership training are developed through a positive program of activities that employ the boy during leisure time.

Why is Camping so important to Scouting?

Scouting is essentially an outdoor movement and the camp is its focus. The elimination of Town and City ills, and the direct contact of Nature enables the leadership of Scout Camp to help the boys to become his weaknesses and develop positive side of his character. A positive program of activities and practical ideals, worked out through association with other boys and with men of good character, helps to accomplish the ideals of any good citizen that is concerned with the welfare of the boys of our

Where is this new camp site?

In Lebanon Township, Hunterdon County, four miles from Glen Gardner, between the Schooley's and the Musconetcong mountains, 29 miles from Plainfield via Somerville and Clinton.

As compared with the pre-war military training of Europe which was compulsory, so should the scout movement of America be recognized and materialized, not in preparance for war but to insure the perfect manhood which God has intended for all of us, it is pointed out.

KIWANIANS CELEBRATES BIRTHDAY

The weekly Kiwanis dinner was held last night in Tuohy's Blue Room, Babcock Building, at which time the fourth anniversary was celebrated.

The Elizabeth Kiwanians being the "Mother" of the Plainfield Kiwanis, who were founded, May 28, just four years ago, were present in a large number and congratulated Plainfield upon the wonderful progress it has made.

The Rahway Kiwanians were represented by 15 members. They congratulated Plainfield upon its success.

Samuel B. Elson, brother of Dr. W. H. Elson, spoke on Adult Education. This included the many uneducated immigrants as well as the many American born who are without proper education.

Among the other speakers were Thomas Vail, lieutenant of the Plainfield Club, Edward Cole, lieutenant governor, James Peditt, president of the Rahway Kiwanians, Linfield Kiwanian President, Will m Regan, o the Plainfield Motor Company, presided.

A number of the club songs were sung during the dinner with Kiwanian Walter Benedic tof Plainfield at the piano.

WALKER KNOCKS OUT SMITH AT LAST NIGHTS BOUT

Smith Bounced To Floor and Back Again Four Times

With a beautiful left to the upper stomach, Mickey Walker, world's middleweight champion, floored Georgie Smith for the count in one minute and thirty seven seconds of the fourth round at the Elizabeth Armory last night. It was a game

fight that Smith put up, but who could stand up under the gruelling sledgehammer blows of the champ? At exactly 10:26, after five rather poor preliminaries, Mickey Walker entered the square circle. He was heralded by the vast mob that crowded the Armory, and they certainly were glad to see their own Micky. Jimmie Carden, chairman of the boxing commission of the Arcadian Post No. 6 of the American Legion first introduced Jack Kearns, Walker's manager, and Teddy Hayes, former trainer of Jack Dempsey. Following the introduction of the men in back of the champion he proceeded to make the fans acquainted with the fighters. First he shook hands with the people for Georgie Smith, then Micky Walker was received.

In the first round Walker felt his opponent and lead him fleetly about

(Continued on Page 6)

HADLEY AIRPORT TO MOVE IN AUG. TO NEWARK FIELD

Field Officials Have Not Received Orders Issued Yesterday in Washington

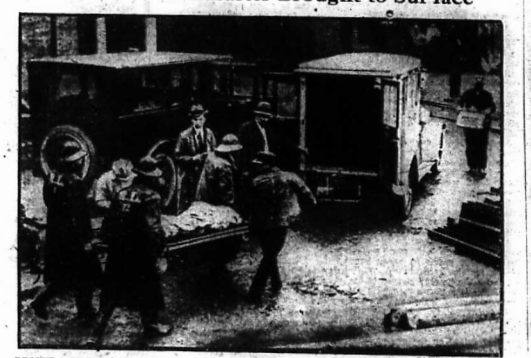
The report from Washington yesterday to the effect that the three air mail companies located at Hadley Airport, South Plainfield, would be moved on August 1, to the new Newark Airport failed to receive confirmation at the South Plainfield field last night.

When asked if the companies had received any word of the order it was said by an official that nothing had been heard. The official at the field would not declare the attitude of the pilots and others now making their homes in and about Plainfield. He did say, however, that what ever the orders were from higher-up, they would have to follow them out.

W. Irving Glover, second assistant post-master general yesterday announced at Washington that he had notified air mail companies at the South Plainfield field to prepare to move August 1 to the Newark field. The companies operating out of Hadley are the Colonial Air Transport, National Air Transport and Pitcairn Aviation Company, flying to Boston, Chicago and Atlanta in their order.

Nothing will be done to prevent the removal of the companies, it appears, in Plainfield. Managers of road houses and stands about the field claim that this section will lose thousands each year as hundreds of motorists who visited the field will not do so after August 1.

Victims of Mine Disaster Brought to Surface



RESCUE WORKERS are digging 300 feet below the earth for the bodies of victims of the unexplained explosion in butt No. 14 of the Mather Colliery in Mather, Pa., which entombed more than 150 men. Photo shows bodies being placed in ambulance. Many of the miners were burnt beyond recognition.

GEORGE JOHNSTON CHOSEN CHAIRMAN OF COUNTY COMM.

John J. Carty, Plainfield, Named Vice-Chairman

George H. Johnston, Scotch Plains, was last night re-elected chairman of the Union County Republican Committee at the organization meeting. He was not opposed.

John J. Carthy, 441 West Eighth street, chairman of the Plainfield committee, was chosen vice-chairman of the county committees. He, too, was unopposed.

Twenty-six members attended from Plainfield. All but one voted for Mrs. Florella Rose of Westfield for vice-chairman of women of the county committee. The 26th vote from Plainfield was not cast.

Sheriff Samuel H. Tool, Cranford, was chosen secretary to succeed himself. Mrs. Elizabeth Wolfe, Linden, was elected assistant secretary.

Neil McLeod, Jr., Elizabeth, was chosen treasurer and William J. Seeland, Elizabeth, sergeant-at-arms.

The meeting was held in the Kean building, Elizabeth.

That Plainfield is coming up in the ranks of the county Republicans is seen in Mr. Carty's election. As chairman of the Plainfield committee he was the presiding officer at the largest attended meeting here in years which was held saturday night.

The County committee endorsed all the winners of the primary contest of last Tuesday.

MRS. CODDINGTON DIES IN BORO HOME

Mrs. Sophie E. Allen Coddington, aged 80, wife of Harrison Coddington, a resident of North Plainfield for 31 years, died at 2:10 o'clock yesterday morning in her home, 12 Mountain avenue.

Funeral services will be held in the home at 2 o'clock Wednesday afternoon. Rev. S. Arthur Devan of the First Baptist Church will officiate. Interment will be in the Baptist Cemetery.

Mrs. Coddington was born in New York City, the daughter of Mr. and Mrs. Aaron Allen. Early in her girlhood days she moved to Watchung, where she was married. Her husband was a pioneer of Watchung.

Mr. and Mrs. Coddington moved to North Plainfield in 1897 and built the home at 12 Mountain avenue. Mrs. Coddington was a member of the First Baptist Church for many years.

Mrs. Coddington leaves beside her husband, one daughter, Mrs. William Morrison, two sons, Allen Coddington of North Plainfield, Harry Coddington of Red Bank, two granddaughters, Miss Jean Allen Morrison and Mrs. Hazel Gosling, wife of Dr. W. W. Gosling, and two great-grandchildren, Richard W. and Barbara Allen Gosling, of Red Bank.

DAVID LAWRENCE SPEAKER HERE

A debate of the current presidential year was presented last night in the Hartridge School Auditorium.

David Lawrence of Washington, a well known newspaper correspondent and editor of the United States Daily was the speaker and with his dynamic oratorical personality held his audience magnetized.

Mr. Lawrence who has made several successful predictions in relation to former presidential campaigns holds an enviable reputation among American journalists.

FIRE DRIVES RESIDENTS FROM BUILDING

Beauty Parlor and Barber Shop at 320 Madison Ave. Damaged By Smoke and Water

Fire, starting in the cellar of 320 Madison avenue last night, damaged two stores and drove eight families from second and third floor apartments at 9:25 o'clock.

Smoke and water caused the greater part of the damage to the barber shop of Robert Tunstall and the Teresa Union, a beauty parlor operated by Miss Teresa E. Haines in the same building. Flames set between the floor of the beauty parlor and the ceiling of the cellar, but were extinguished before they had made any headway.

The smoke sifted through the entire building, driving all the residents into the street, along with Emil Zeckendorf, owner of the building, who had been about to retire when he was warned to leave.

Engine Company 2 and Truck 2 answered a telephone alarm. Hose was laid from Third street and Madison avenue into the cellar, from which a number of bales of smoking papers were later taken by the firemen.

Chief Wesley J. Dunn, who personally directed the work of the firemen, stated that the exact cause could not be determined. Although most of the fire-fighting had to be conducted through a stairway from the sidewalk, he declared the firemen were not greatly inconvenienced, because the cellarway was clear.

Some confusion was caused by the presence, next to the cellar door, of a well-digger. This machine, with its framework mounted on a truck and reaching nearly to a third floor window of the building, gave many spectators a first impression that the aerial ladder was being used to rescue people trapped in the third story.

SCHOOL STUDENTS VISIT COUNCIL

Mayor J. T. MacMurray Introduced Youths To Legislative Body

Students of the Plainfield High School attended the meeting of the Common Council last night and saw their elders conduct the routine parliamentary meeting which they themselves will conduct at City Hall tomorrow night.

The youthful politicians were introduced to the members of the Common Council by Mayor James T. MacMurray and after witnessing a peaceful and well conducted session, left early to go to their homes and dream of political futures which they will enact today.

Richard Riley, president of the high school's councillors, invited the members of the council to attend the session tonight and expressed his thanks in behalf of his fellow students for the exhibition of government given them last night.

Evidently the pupils of the high school are firm believers in women suffrage for six of feminine sex will hold office as councillors tonight.

Those who attended the meeting were: Mayor Ormabee Robinson, Richard Riley, Elizabeth Egan, Janet Miller, Russell Randolph, Jane Williams, Anna Ewald, William Greisinger, Esther Jensen, Katherine Koch, Isabel Morrison and Donald Smith.

JAMES MC DONALD WESTERVELT AVE. ATTEMPTS SUICIDE

Is In Critical Condition At Muhlenberg Hospital

James McDonald, a boarder at the home of Thomas B. Dickerson of 71 Westervelt avenue, North Plainfield, is in a very critical condition at the Muhlenberg Hospital today suffering from knife wounds of the throat and wrist, which he is alleged to have inflicted upon himself, in an attempted suicide at the Dickerson home before noon yesterday.

Meagre reports of the alleged death attempt gathered late last night, say that the man was found in the street somewhere in North Plainfield by police who rushed him to the hospital where the suicide theory was expressed by police and hospital authorities.

Police were reluctant to give out any information whatsoever about the case and frequent inquiries there by the Mid-State Press failed to bring before the public the story.

At the hospital, McDonald was reported early this morning to be in very serious condition. No effort has been made to secure any information from him by hospital officials because of his suffering and he has not voluntarily offered any solution to the yet mysterious suicide.

Two stories of the affair, secured from different sources, one that he was found in the street, and the other that he attempted suicide in the Dickerson home, seem to indicate that he left the house after cutting his throat and wrist with a knife or razor. The important details are yet to be uncovered as the early hours of the morning prevented possibility of telephone communication with the Dickerson household.

MISS ANN NOONAN DIES IN HOSPITAL

Miss Ann Elizabeth Noonan, 25, of 720 Park avenue, daughter of Mr. and Mrs. M. J. Noonan, died last night in Muhlenberg Hospital. Besides her parents, she leaves one sister, Mrs. Genevieve Noonan Dietz of Atlantic City.

Miss Noonan was born in Newark and was educated at St. St. Mary's Academy and graduated from St. Mary's College, class of 1923. She was a teacher in the South Plainfield school and made her home with Miss Mary Evelyn Shea of 720 Park avenue.

The funeral will be held tomorrow morning at 8:30 o'clock in the funeral parlors of J. J. & C. A. Higgins and at 9 o'clock in St. Mary's Church where requiem mass will be celebrated. Burial will be made in the family plot in Holy Sepulchre Cemetery, Newark.

All schools in South Plainfield will be closed all day Wednesday as a tribute to Miss Noonan, who taught there for the past five years.

RETAIL TRADES DIV. TO MEET

A meeting of the Plainfield Retail Trades Division will be held at the Chamber of Commerce rooms in the Union Building on next Monday evening, at eight o'clock. The meeting has been called for the purpose of hearing the reports of the canvassing committee, which has been interviewing merchants on the Wednesday afternoon closing plan. Although it is not certain that the merchants will all agree on the proposed closing plan it is hoped by the sponsors that agreement will be reached within a few weeks.

Mine Hero

SLIDING down a water pipe after the ladders were blown away, August Carnock rescued three men from death in the Mather mine in Mather, Pa., where more than 150 men were trapped after a terrific explosion.

GRANT AVENUE AGAIN CAUSE OF MANY PROTESTS

Romanoski and Mrs. Brennan Lead Residents In Demand

Because their queries as to the taxation of Grant avenue residents are yet unanswered after two unsuccessful visits to the Commissioner of Assessment, Mrs. A. L. Brennan of 312 Grant avenue and Joseph T. Romanoski of 227 Grant avenue, appeared before the city council last night to "demand satisfaction." Although they did not learn why the tax rates varied in several instances, they did succeed in holding up the final adoption of the order until the City Council meets or communicates with the Commissioners of Assessments in an effort to settle all differences of opinion.

Mrs. Brennan, acting as spokesman for a group of neighbors asked the council why the tax rate between Third and Fourth streets was $7 while the rate on property between Fourth and Seventh streets was only $6. When she was told to ask the Assessment Commissioners she told the council that she had been before that body twice and had received no satisfaction. The question remained unanswered, however, and it was not until the matter was brought up later in the meeting, after Mrs. Brennan had left, that the council decided to get in touch with the Assessment Commissioners and find out the reason for the Grant avenue trouble.

Joseph Romanoski volunteered further information that the rate was $8 further on down the street and that he, too, has been before the Assessment Commission but had received no satisfactory answer. He additionally said that the commuters who used the highway and not the residents received the benefit of the widening and that there was no reason why the residents should pay for the job.

The final disposition of the matter sent the order back to the Committee on Streets and Sewers, the members of which will attempt to straighten the matter out with the Commission of Assessment.

MANY CLUBS OPPOSE PLAN FOR GARAGE

Place Protests Before Council Last Night

Written protests against the attempt of the Thompson Auto Company to induce the Plainfield Common Council to permit the erection of a garage and service station at the corner of Arlington avenue and West Seventh street from several churches social organizations and private citizens were read at the meeting of the council held in City Hall last night.

The letters of protest were evidently gotten up by the opposition to check any further action by the garage proprietors and to reiterate the stand of the neighborhood on the matter.

Among the more prominent protestants were the League of Women Voters, the Monday Afternoon Club, the Rasores Club, the Sesame Club, the College Club, the Ministers' Council, the Parent Teachers' Associations, the First Baptist Church, the Congregational Church, the Crescent Avenue Church, the First Unitarian Church, the Hartridge School and the Plainfield Art Association.

Although it has been said that the Thompson Company would ask for a hearing on the petition, it is doubtful that this will be granted by the Board of Adjustment.

The letters of protest read last night were referred without comment to the Building and Tax Committee.

CITY TO SPEND TWO HUNDRED AND FIVE THOUSAND DOLLARS FOR STREET IMPROVEMENTS, COUNCIL DECIDES

A Second Ordinance Was Introduced For Installation Of Sanitary Sewers In Carnegie Avenue and Vicinity

An ordinance to improve several streets, all of which improvements have been petitioned for by residents, was introduced at the meeting of the Common Council last night.

The ordinance calls for the laying of pavement and grades, curbs and gutters of concrete, concrete gutters, the installation of service connections to the gas mains and sanitary sewers and other work incident to the improvement and authorizes the issuance of temporary notes or temporary bonds and renewals thereof in an agregate sum not exceeding $205,000 for the purpose of temporarily financing the carrying out of the improvement.

The streets affected by the ordinance and the sections of the streets to be improved follow: Geneva place from George street to St. Nicholas boulevard; St. Nicholas boulevard from Geneva place to Seneca place; Charlotte road from Watchung avenue to Belvidere avenue; Highland avenue from Hillside avenue to Woodland avenue; Fayette place from Hillside Avenue to its easterly terminus; Florence avenue from Moffett avenue to Belleview avenue; Pemberton avenue from Field ave. to the westerly boundary line of Cedar Brook park; Elizabeth street from Plainfield avenue to Kenyon avenue; Kenyon avenue from a point about one hundred sixty-two (162) feet north of the northeasterly side line of Elizabeth street to Pemberton avenue; Central avenue from Elizabeth street to Pemberton avenue; Myrtle avenue from Jefferson avenue to Rock avenue; Stelle avenue from Plainfield avenue to Grant avenue; Stillman avenue from Pemberton avenue to Huntington avenue; and Stilford avenue from Randolph road to Thornton avenue.

A second ordinance, also introduced and which comes up for final passage June 4 provides for the construction of sanitary sewers in Carnegie avenue, in right-of-way through lands of Mary W. Clay and Kenneth F. H. Underwood from the south southerly terminus of Carnegie avenue to the sewer in Prospect avenue, in Hillcrest avenue from East Second street to East Front street, in Park place, and in Stilford avenue from the end of the existing sewer to a point about one hundred (100) feet south of Thornton Avenue, and authorizing the issuance of temporary notes or temporary bonds and renewals thereof in an aggregate amount not exceeding the sum of $11,000 for the purpose of temporarily financing the carrying out of said improvements.

Bids for the general contracting work on the proposed additions to the garage in the city yard were opened at last night's meeting but no award was made. The three bidders were Everett H. Waite who asked $3,965 for the construction of the addition and $245 for the stucco work on the building; William H. Pangborn and Son, whose bids were $4,497 and $544, respectively; and Adam Valentine, who bid $4,780 and $194.

The city clerk was instructed to advertise for bids for the laying of a driveway, the grading and the sodding of the ground about the new fire station. The bids will be receivable on June 4.

Hyman Abrams of the Streets and Sewers Committee announced the board that the agreement between the Jersey Central Railroad and the City of Plainfield concerning the widening of North avenue near Watchung avenue, was ready for execution by both parties.

The third and final hearing on the application of several residents to change the name of Henry place to Lansdowne terrace was given and as no objection was entered, the order was passed. The council also agreed to accept a part of Hillcrest avenue.

A communication was received from the Plainfield-Union Water Company notifying the city of the location of three hyrants at the southwest corner of Melrose avenue and Melrose place, at the southwest corner of Park and Murray avenues and at the south side of Murray avenue, east of Park avenue.

Three organizations, the Martha Washington Council, Daughters of America, the Irving Parent Teachers' Association and the Franklin-Whittier Parent Teachers' Association sent letters to the council protesting the smoke nuisance and they were referred to the proper committee.

The invitation of the Central Board of Veterans and Military Organizations requesting the presence of the members of the Common Council in the Memorial Day parade on Wednesday morning, May 30, was accepted by the council and the members expressed their intention of being in the line of march.

Two special policemen, Leonard A. Young and David H. Gray, were appointed by the Mayor and approved by the council and they will serve until January 1, 1929.

A communication from the Mayor submitting a letter from Colonel William B. Martin, General Chairman of the Union County Historical Pageant Committee, requesting the appointment of a committee for the part this city will take in the pageant, was referred to the finance committee.

The petition of J. J. Schwartz for the assignment of a petroleum at Seventh street and Darrow avenue to protect the school children on their way to and from school was referred to the police committee.

A petition asking for street lights on Henry place, sent to be board by George S. England, was referred to the lighting committee.

Alfred Kover, an ex-service man, asked the rebuild of taxes paid during the past few years. The matter was given to the finance committee.

J. D. Loiseaux and others petitioned for the improvement of Charlotte Road from Belvidere to Watchung avenues and the matter was referred to the streets committee.

A sworn claim of Frank Mobus against Ralph Dilfino for $37 which he claims is due him for services rendered on the Fire House paving was referred to the fire committee.

STATE LEGION DEGREE TEAM TO COME HERE

The State Degree Team of the American Legion will initiate by the new modern ritual at the Haddon Heights Rally May 29, all candidates from the local Post.

As of Dec. 250- it is estimated should be ready for initiation to do credit to the degree team which is one of the finest in the State.

Every county in South Jersey will be represented.

MONTROSE RECOVERS

Norman Montrose of Front street, South Plainfield, who has been kept at home by illness several days, is able to go out again. He goes to work again today.

Comes C. O. D.

One peculiar feature about experience is that one doesn't necessarily have to look for it to find it. —Louisville Times.

No; He's a Myth

The man who spends money nowadays isn't a robber; he's a wizard. —Hastings Tribune.

COUNCIL HAS LATE SESSION IN METUCHEN

Mayor Hilpot Protests Tardiness; Many Items Handled

It was nearly 10 o'clock last night when the borough council convened for business and Mayor A. K. Hilpot informally voiced a protest against such a proceeding.

The question of curb, gutter and pavement was brought to the fore by a petition of residents on Oak avenue for such improvements which offered to assume all the cost of curbs and gutters and two-thirds of the cost of the pavement, the borough to assume the balance.

As the council had previously gone on record by stating that such improvements could only be encompassed by the assumption of all the costs of the improvements by the property owners, it could not depart from that pronouncement and, as pointed out by Councilman Lewis Cooper, any different procedure would be prohibited by the financial condition, the debt limit having been nearly reached, and he could see no way in the borough would be able to assume any additional burdens of that kind for the next three years.

Chestnut avenue property owners had a similar petition but the clerk was instructed to advise the petitioners of the situation.

The map of property of the Radio associates was not accepted by the council as it did not comply with the ordinance regarding fifty foot streets.

The Elisabethtown Gas Company advised that it could not consider laying a gas main on Union avenue as there was not sufficient revenue from consumers at this time, unless they were willing to assume a portion of the first cost, which would be remitted with increased gas consumption.

Mayor Hilpot appointed Eugene Roxbury and D. C. Whalen as members of Washington Hose Company and they were confirmed.

The petition of Woodbridge avenue residents for curbs and gutters on that street was referred to the borough bookkeeper for report as to the percentage of costs.

Borough Attorney Benner advised the council to arrange for compensation insurance and this was referred to the committee. The council passed a resolution to issue a certificate of indebtedness to pay for new fire equipment.

The ordinance for sidewalks on various streets of the Radio associates was passed on third reading.

C. E. Shugalis stated that there had been no change in the blowing of whistles by engineers on the Pennsylvania railroad since the last complaint. The attorney stated that he could offer no assurance that the noise could be curbed and Councilman R. D. Renninger, who is employed by the railroad company, offered to take the matter up with the officials to see if some relief could not be obtained. The council then adjourned.

MAYOR FINES TWO IN WESTFIELD COURT

Mayor William M. Beard, acting as Town Recorder of Westfield in place of Recorder Augustus C. Nash, who is in Muhlenberg Hospital with a badly smashed arm, last night fined John E. Coldwell of 331 Harold street, North Plainfield, $25 for driving without a license. The complaint was made by Patrolman Corgan.

Mayor Beard also fined Bertha Yerbolgh, colored, of 258 East South avenue, Westfield, $20 for dumping garbage in a vacant lot near her home. The complaint was entered by Executive Health Officer Andrew Carney.

NO PLAINFIELDERS ON STRANDED SHIPS

As far as could be learned last night there were not any people from Plainfield or vicinity on the stranded liners off the coast of New Jersey.

Seven ships, carrying more than 1,000 passengers, including many New Jersey residents, last night lay crippled and foundered, aground or at anchor, off the Jersey shore or in lower New York bay as the result of collisions and groundings in the heavy mist.

Listing to port, with rising waves rocking her, the Clyde liner Mohawk was fast 200 yards off Normandie Beach, between Sea Bright and the Highlands. Eighty-three passengers had been taken off in lifeboats and transferred to Coast Guard cutters. The liner, lying broadside to the sea, is considered in danger should the sea become rougher.

The Mohawk, flashing SOS signals and her siren shrieking distress, had headed toward Sea Bright after being struck in the lower bay of New York by the Old Dominion Line Steamer Jefferson. Alarming reports drifted in for a time, then more reassuring messages.

Two other crashes occurred in the blinding mists. The Holland-America liner Veendam, with 700 passengers, collided with the liner Porto Rico, while the Red Star liner Pennland, carrying 200 passengers, and the Anniston City, a freighter, were in collision.

PADEREWSKI ENTHRALLS AUDIENCE

Pianist Acclaimed By Great Crowd At Westfield School

Ignace Jan Paderewski, virtuoso, composer and quondam premier of the Polish Republic, enthralled an audience that jammed the auditorium of the Roosevelt Junior High School at Westfield until it seemed to bulge last night. With every seat filled and chairs in the aisles a goodly number of standees greeted the greatest pianist of the day with frantic acclaim as he appeared on the platform.

Though the auditorium was packed there was absolute silence when Paderewski began to play. His program was made up entirely of the works of the greatest Polish composer, Chopin, generally accredited as the greatest composer for Paderewski's instrument, the piano. Even the encores were by Chopin, including the dainty "Butterfly" Etude, the "Valse Brilliante," the "Berceuse" and several others.

Of Paderewski's playing it can only be said that the king can do no wrong, and the highly trained musicians in the audience forgave the pianist for occasional infinitesimal faults, because of the brilliance of his program and playing. It was not a time for carping criticism, and an audience that included such musical artists as Ernest Schilling, himself a pianist of no mean ability, had nothing but praise for the master's recital.

From the sixteen numbers on the program it was hardly possible to choose one outstanding production of Paderewski's keyboard, though the "Polonaise Militaire" and C sharp minor scheran seemed perhaps the highest points of the evening. The sonata, opus 35, which includes the familiar funegal march, was the most ambitious work included.

The Musical Club of Westfield is to be congratulated for sponsoring such a recital. Its president, Mary Peckham, and concert director, Matilda Gil High, gained prestige through the work of preparation needed to give Westfield this enjoyable evening. It was a fine climax to a season that has meant much to Westfield musically.

Patrons and patronesses of the concert were Mr. and Mrs. H. J. Beckner, Mr. and Mrs. H. M. Hull, Mr. and Mrs. R. W. Hardep, Miss Kathyn B. Hartridge, Mr. and Mrs. Sigismund Ivonowski, Mr. and Mrs. L. A. Kiffen, Miss Ella L. Mills, Mrs. S. F. Randolph, Mr. and Mrs. T. B. Martin, Gross Mr. and Mrs. F. Reynolds, Mr. and Mrs. Clarence E. Smith, Mr. and Mrs. Lloyd Thompson, Mr. and Mrs. Frank Van Doren, Mr. and Mrs. Herbert Welch and H. M. French and sons.

P. J. REINMANN KILLS SELF WITH SHOTGUN

Thinking last of his mother, Peter J. Reinmann, 36, of Warren Township, called goodbye to her as she returned to the house at 3:30 o'clock yesterday morning and pushed a stick against the trigger of a shotgun, killing himself instantly. His mother and he were alone in the house at the time.

Funeral services will be held at 3:30 o'clock Wednesday afternoon in the M. E. Bethel Baptist Church, Rev. H. H. Mount of Summit officiating.

Reinmann, who had been despondent for some time and is believed to have suffered a nervous breakdown that led him to commit suicide. He was born July 21, 1891, the son of Lena Neumiller and the late John E. Reinmann. He was unmarried, and is survived by his mother, two brothers and a sister. He lived in Warren Township all his life.

Blocked Again?

O. P. VAN SWERIGEN

PERMISSION to include the Erie Railroad in the proposed Van Sweigen merger with the C. & O., the Pere Marquette and the Hocking Valley was denied by the Interstate Commerce Commission in Washington.

Answered

What is home without a baby?—New York World. The usual thing, esteemed contemporary.

ELEVEN TEACHERS RESIGN PUBLIC SCHOOLS HERE

Will Devote Lives To Other Lines Beginning At End Of Term

The general teacher's meeting was held yesterday afternoon in the Plainfield High School auditorium togther with the exhibition of the manual art and academic work of the school children of this city. F. W. Cook superintendent of Plainfield schools was presiding officer. Eleven resignations having been tendered and accepted which will take effect at the close of the school season in June. They are Edith Cox, Cora Caldmus, Harriet Shoen, Elizabeth Angell, Helen Schmidt, Ethle B. Lott, Elizabeth Acheson, Marie Newman, Augusta Allen, Elizabeth Spyker, Louise B. Keepers.

After the meeting the work which was on exhibition was viewed by the teachers.

The musical program which opened the meeting was taken part in by pupils of various schools, pupils of Arthur Harper of the Evergreen School rendered, Air, by Hayden, violin solo; violin solo, Miss David Rugen, Auld Lang Syne; Kenneth Pierson, violin solo; Rebecs Gartenberg, piano solo, Falotilla, March; Emma Nurgess, piano solo, Holiday March; Betty Van Cleef, piano solo, Running Waters.

F. W. Cook, superintendent, reported that with the new schools recently built and those that are being completed the inadequate housing problem which has been prevailing for years has been solved and the ever-increasing school population is provided for, for at least a few years to come.

Mr. Cook also spoke on the low passing mark which has been in use for years and which has been 70 per cent, proposing to raise this percentage to 80 per cent or even more so that the pupil upon graduating will take with him or her a more efficient equipment of knowledge and not as heretofore many pupils just being graduated by the breadth of a hair and with a beautiful diploms, unable to put their knowledge into practical use and having to begin their life work from the beginning again. He made a emphatic plea by the use of the term "Adaptation," that many subjects are taken just because they are part of the particular course that the pupil is studying, meaning by the word adaptation, the ability to use the knowledge which the pupil has acquired in his public school life at any impromtue moment and with alertness of constant application. He also put great stress on the pupil's activities during the absence of the teacher.

SLEF-LIGHTER NEW FEATURE FOR AUTOS

A cigar and cigarette lighter that ignites the tobacco without raising th lighter to the lips is the newest accessory for the automobile instrument board. It eliminates the usual extension cord. The "smoke" is simply pushed into the lighter tube. Martha Good Mrs. and Mrs. F. Reynolds, Mr. and Mrs. Clarence E. Smith, Mr. and Mrs. Lloyd Thompson, Mr. and Mrs. Frank Van Doren, Mr. and Mrs. Herbert Welch and H. M. French and sons. drawn, lighted. It cannot fall out for, in entering, it raises a small hinged door, the weight of which holds the cigar or cigarette in place. Lifting of the door closes an electric switch to the heating element, and when the smoke is withdrawn, the door drops, stopping the flow of current. The device is arranged to be clamped onto the lower edge of the instrument board, so that no holes need be drilled.

HERE IS PROBLEM WORTH FIGURING

The great American merchant liner "Leviathan" weighs 59,957 tons—sometimes and under certain conditions.

If the moon happens to be shining directly overhead, she weighs twelve pounds less. If she is crossing the Atlantic westbound she weighs more, and if she is eastward bound for Europe she weighs less. If she is going eastward at eighteen knots she weighs less than when she steams down to ten knots in a fog, but if she is bound westward she weighs less at ten knots than she does at eighteen.

AVOID SPILLING ELECTROLYTE ON BATTERY

When transferring a storage-battery hydrometer from one cell to another, be sure not to spill any of the electrolyte on the top of the battery for in such a case there will be a loss of acid and this may also provide a path for electrical leakage between terminals. Always keep the top of the battery clean and dry. This is done by first wiping it off with a rag moistened with ammonia or vinegar, and then with a rag saturated with plain water, after which a dry rag is used to remove the water.

WASHINGTON.—Major Charles A. Lutz, commander of Brown Field at Quantico, Va., was victor Saturday in the annual Curtiss marine trophy race, the seaplane classic for the United States.

Major Lutz won with an average speed of 157.60 miles an hour. He flew a Curtiss Hawk used by him for official business, which he had equipped with pontoons himself, although he was the fifteenth to start in a list of seventeen flyers, he led the group from the third lap.

Second place went to Lieut. Commander A. C. Miles of the Naval Air Station at Anacostia, also in a Curtiss Hawk air cooled, who made the course at an average speed of 154.10 miles an hour.

Third place went to Captain H. C. Major of the Bureau of Aeronautics, the only other marine in the race, in a Curtiss Hawk, who flew at an average speed of 151.73 miles an hour.

Dog and New Tricks.

Jud Tunkins says an old dog that was any good in the first place, knows plenty of tricks. Why try to teach him new ones?

CHARLES DINGLE WALKS OFF WITH SMILIN THROUGH

Elmora - Kirkham Players Play To Capacity House

By FLORENCE S. GOURLAY

Charles Dingle walked off with all the honors when the Kirkham Players presented "Smilin' Through" at the Elmora Theatre, Elizabeth, last night. Mr. Dingle is a guest artist appearing with the company and without his aid, last night's production would have been a sad affair.

As John Carteret, Dingle had the type of role that made him famous in the city three years ago when he was appearing there. His interpretation of the fiery old gentleman was superb, but Frank J. Kirk as Dr. Owen Harding ran him a close second for the honors. The work of the two would have redeemed any play, no matter what its other sins might have been.

Marjorie Mason, doubling as Kathleen Dungannon and Moonyeen Clare was disappointing. Following after her excellent performance in "Rain," last week, her audience expects too much of her. Evidently developing a flair for the dramatic; Miss Mason was at her best in the death scene, but as the affectionate Irish lass, she seemed a bit bored.

After many changes in the company, during the last few weeks, Jesse LeRoy seems to have been chosen for the hero in the "tradeout" with the heroine clasped in his arms. He is a young man with exceptionally good looks, and we are told, acting ability. If he would prove the latter, we suggest that he stick to lighter roles and avoid shooting brides on the eve of their weddings. His work in the third act of this week's play is fine.

Harold Kinney, Jr., although his appearance is brief, called forth more applause at his entrance than any other member of the company. Momentarily forgetting to act and therefore acting naturally, his performance was creditable. (For his followers, we state that big things are promised for the young heartbreaker in next week's play.)

As the white-haired Ellen, as well as the Ellen fifty years ago, Gretchen Sherman was her usual praiseworthy self. Ruth Rickaby, ultra-charming in hoop-skirts, as Mary Clare and Margaret Watson as Sarah Wayne, both added to the evening's entertainment.

Whichever of the directors of the company, We suspect Theodore H. Ketcham, although possibly it is Greenville C. Harris), is responsible for the lighting effects he is a man among men. The effects, for he has three week's have been excellent. With such men back stage, actors like Kirk and Dingle, the splendid company that is housed at the Elmora Theatre and above all, J. Ellis Kirkham to periodally supervise productions, there is no play that the organization may not attempt and theatre-goers may attend the performance, confident that there will be no mean, amateur show, but a fine, acted, well directed and well produced play.

TAX CLUB CHECKS MAILED

The Guaranty Trust Company have mailed the tax club checks which should be in the hands of the recipients at an early hour.

The formation of the new club for the next 25 weeks has begun and the many patrons who have had the foresight of seeing their tax-bills coming due together with others who have not yet tried this method of saving are urged to enroll at an early date to avoid to large a backpayment.

SMOKE ROBS OF SUN NEEDED FOR HEALTH

The smoke pall that hangs over the average American city cuts off as much as forty-two per cent of daylight on sunny mornings, and as high as eighteen per cent at noon, according to a survey made by the U. S. public health service. Besides lessening the sunlight that reaches the earth, it also stops a large portion of the ultraviolet rays which are necessary to good health. The survey, made in several representative cities, showed the most serious losses in Winter, and the least in June. The smoke pall is usually heaviest in the early morning and late afternoon, and least in the middle of the day.

FLYING AID TO WAR SECRETARY

While on flights in a recently introduced type of plane, Assistant Secretary of War Trubee Davidson can do some of his office work, for there is a sliding desk in the cockpit. It does not interfere with the operation of the "joystick" and is useful for holding maps and other papers.

X-RAYS TURN DARK MICE WHITE

The hair of mice turns white under sufficient exposure to the X-rays, while potatoes become black, according to the report of Dr. Robert T. Hance of the University of Pittsburgh upon experiments he has conducted with the rays with a view to discovering what further benefits might be derived from this for mankind. He declared that the cause of the color change of the hair lies in the destruction of the organ which furnishes the pigment. At first the hair of dark colored mice became darker, finally fell out and was replaced with white. The change appeared to be permanent, as no colored hair grew out on mice turned white.

Civilization

Civilization is the condition in which each one generation of the present generation's debts by issuing bonds for the next generation to pay.—Boston Herald.

Human Nature Clinics

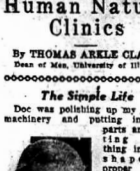
Dean of Men, University of Illinois

The Simple Life

Doc was polishing up my dental machinery and putting in new parts and getting everything in good shape and proper working order. Doc is a philosopher, and while he has my mouth propped open so that he may more easily and efficiently do his work, he regales me with his opinions of life in general. I am, of course, in no position to reply.



He has just bought a new motor car, high powered, easy riding, simple to operate, and he is advising me to do the same thing. The price is moderate, he assures me, which naturally makes the prospect more alluring. He tells me about a wonderful trip he had last summer, and then he drifts to the complicated character of life as we live it now in civilised North America. Everything moves fast, every one is trying to outdo his neighbor. We wear ourselves out in trying to get at the head of the procession which, no matter how rapidly we go, always seems to keep ahead of us. We are never at home, never quiet, never satisfied. Life seems to grow more involved and more complex every year.

It was not always so. When we were young we had time to stay at home, time to sit down and talk quietly with our friends without fear of interruption, time to read, and if we were so disposed, time to meditate.

Doc thinks he would keenly enjoy the simple life. He has been reading recently the story of how people live in some of the South Sea Islands. The climate is equable, there is no frost in winter and in summer the waters of the Pacific washing the shores of the islands keep them refreshingly cool and pleasant.

It is a wonderfully simple life and as one views it in prospect it seems to bring complete relief from the complexities with which we are harassed in this Twentieth century.

I'm wondering if we would like it after all. Perpetual sunshine might grow monotonous. We would probably lost our appetite for breadfruit. We'd long for new clothes and motor cars. We'd miss the electric lights and all those things. Maybe life might be too simple.

Metals That Defy Rust

Copper is a metal that cannot rust. In its pure form it is ductile and easily shaped. When rigidity and strength are required copper is alloyed with zinc to make brass, which is harder and resists rust equally well.

WAR MOTHERS WILL PRESENT OPERETTA

Newark Chapter, American War Mothers, with the assistance of the Operatic Art Club, will present "Pirates of Penzance," Gilbert and Sullivan's popular operetta, Tuesday evening, May 29, at Proctor's Roof Garden.

Memorial Day exercises will also be held at this time. The proceeds will be used for the benefit of the veterans.

FLIER LANDS HIS PLANE RIGHT AT KITCHEN DOOR

After flying through rain and fog o ns non-stop journey from Hagerstown, Md., Ray F. Meyer of Kenilworth, N. J., landed within 100 yards of his kitchen door, then taxied up to the porch and greeted his wife from the pilot's cockpit. With him was Frank Rodreguer of Union, N. J., a fellow member of the Union Flying Club.

CAMPERS GENERATE GAS BY BLOWING ON CHEMICAL

Travelers may have their own private supply of gas for lighting and cooking in an apparatus a German inventor has devised. The gas is generated simply by blowing through rubber tubes upon special chemicals held in a lamp.

ADMISSION CHARGED TO SEE FIRST GAS LIGHT

When the first gas lights were introduced in Baltimore, in 1816, they were placed on exhibit in the museum there and crowds paid admission to see them. Newspaper accounts described them as marvelous "lights without oil, tallow, wick or smoke." The exhibit proved so successful that a gas company was formed the next year, and the streets of the city were soon lighted by the lamps. This was one of the first commercial installations in the United States.

There's a wide difference between the "yeoman" and the "yeoutter."—Boston Transcript.

Good Manners

By FRANCES ALLAN

Q. Is it not bad form for the friends of a bride-to-be to give several gift showers—especially if the simple ones asked for different to each shower, and when a wedding present and engagement gifts are also expected? Do you not think one shower sufficient?

A. As far as I know there is no rule limiting the number of gift showers—but there ought to be. One shower gift, in addition to the wedding gift, is all that any fair-minded bride could expect. When showers threaten to assume the proportions of a cloudburst one is justified in refusing to contribute.

BRIDE TO BE HONOR GUEST

Miss Edith Beers, who will be married to Charles Travail of Plainfield on June 16, will be the guest of honor at a luncheon, to be given at the Plainfield Country Club this afternoon by Mrs. Edward M. Daniels. The table will be decorated with yellow roses and pink snap-dragons.

The guests will include Mrs. William Barlowe, Jr., Mrs. M. Long, Mrs. Edward A. Crone, Mrs. D. G. Henwood, Miss Dorothy Langford, Mrs. Lawrence Heeley, Mrs. Duncan Miller, Mrs. John Zeregs, Mrs. James Peniz, Mrs. Walter Franklin, Mrs. Andrew Wright, Mrs. Charles Eoff, Mrs. John Darsie, Mrs. Craig Lippincott, Mrs. Frederick Lathrop and Mrs. Leslie Daniel.

LEG BROKEN WHEN GROCER MEETS GROCER

Joseph Sadlon, grocer, of Middlesex Borough, received a fractured left leg and minor cuts and bruises at 3 o'clock yesterday afternoon when he was allegedly struck while riding a bicycle on Bound Brook road by an auto driven by Peter Cusick, grocer of Bound Brook.

Sadlon, who lives on Runyon avenue, in the Dewey Park section, rode out of Drake avenue into the path of Cusick's delivery car, traveling east on Bound Brook road. He was taken to Muhlenberg Hospital in a private auto.

FORD WILL LAUNCH CREDIT PLAN SOON

The Universal Credit Association, formed to finance time payments on Ford products, is expected to open the first of a nationwide chain of credit offices in Detroit some time in June. The company is wholly controlled by the ord Motor Company and begins operations with a capital of more than $10,000,000.

Its branch territories are the same as those of the sales fo ts to be opened as promptly as possible.

VIGOROUS HEALTH

P. J. VEATCH, D. F., S. T.

(Copyright, 1928, by New York GRAPHIC)

THE PLACE OF FATS IN THE DIET

Why do we eat fats? Fats supply us with heat and energy, but chiefly heat. As we are warm-blooded animals and must maintain a temperature of 98 6-10 degrees, we must have fuel. Starches, sugars and proteins can also be burned to produce heat, but they burn wastefully in comparison to fats.

Fat helps to keep us warm, not only through its oxidation, but by acting as a protective and moderating layer of fat beneath the skin not only makes us look better, but helps to keep in heat. Some fat is necessary for these various reasons, nature has given us quite a taste for it in order that we may be sure to secure enough that a surplus may be maintained on hand for an emergency. Unfortunately that most people keep too much on hand. An excess of fat is of no more use than an excess of clothing. No one wears several suits of clothes merely because they have that many in their wardrobe.

Fat is not a functioning tissue like muscles, bones and organs, but it is practically inert, and an excess is only a useless burden which wastes our energy in carrying it around. Even thin people should avoid an excess of fat in the diet, as it is quite likely to upset their digestions. The thing to do is to avoid all fried foods and rich desserts and to use moderately the natural fats such as nuts, olives, cream, butter and vegetable oils.

I am 17 years old and only 5 feet 2 inches in height. I have not grown for the past two years. My father is the same height and my mother is about 5 feet. Can you send me a list of exercises that will increase my height a few inches?

T. I., JR.

I regret to have to advise you that I cannot. Your parents have probably doomed you to be short. You might possibly increase your height an inch by persistent attention to stretching exercises, but I doubt if you could go beyond this. Any movements which stretch the spine and legs can be employed.

About five weeks ago I had tonsilitis and since then I always have a feeling as though there was some thing stuck in my throat. Please advise.

I. C.

I presume you did not take the proper treatment for your tonsilitis and consequently a chronic inflammation has developed. In such a case the usual natural treatment would be an orange diet for up to five days with daily enema, followed by a largely raw fruit and vegetable diet, together with deep breathing of fresh air, exercise and all general health building measures. A cold neck pack can also be applied every night until there has been definite improvement. Care is observed not to overeat, especially just after the orange diet.

Dr. Veatch is very anxious to help all in Vigorous Health. Write him care this newspaper.

SELECTING THE CORRECT GRIDLEAK

In order that the vacuum-tube detector may work at its highest efficiency, it is necessary that the gridleak should be of proper value, and remain constant under all conditions, both operating and climatic. Otherwise there is much loss of energy and distortion. For the standard 201-A tubes, in average use, the gridleak should have a value from 2 to 5 megohms and for weak DX-signals from 5 to 9 megohms. For the 200-A type detector tube the range is from 1 to 3 megohms, and for DX-signals from 2 to 5 megohms. Since the B or plate voltage has something to do with the value of the gridleak, it is, of course, necessary to raise the value of the gridleak as the B battery is increased. Most of the modern gridleaks have been improved to a point where they are now quite stable, and once the correct value for the particular tube is found the gridleak may be left permanently in the circuit. It is known, since the leaks of several values to experiment with.

ETHER WAVES IN RADIO TO HELP TREAT DISEASE

Medical science is reported at the threshold of another victory in the announcement that ether waves which have been harnessed for radio, may prove beneficial in the treatment of various diseases, particularly pneumonia. It has been noticed that operators exposed to the waves experienced a sudden rise in body temperature. Doctors believe that the waves may therefore be utilized to restore normal temperature to a patient who has been suffering from such a malady as pneumonia, when the patient is in danger of succumbing after the crisis through failure of the body to retain its normal heat.

SUPPER TO BE HELD

Members of the Girls' Friendly Society of Grace Church, Plainfield, will hold a supper at 7 o'clock Thursday evening.

HOW SILVER CRYSTALS MAKE PHOTOS POSSIBLE

The minute crystals of silver, which coat the sensitive surface of a photographic film and make picture taking possible, are so small, according to Dr. C. E. K. Mees, director of the Eastman Research Laboratory at Rochester, N. Y., that a single square inch of sensitive film contains 20 billion individual crystals than there are people living in the entire world. Talking before a scientific convention recently, Dr. Mees described how, in his laboratory, workers had isolated single crystals under the microscope to study their behavior and the arrangement of the atoms which constitute the crystal The sizes and shapes of crystals vary in different kinds of film. In the fast negative film which goes into the movie camera, there is a great range of sizes, which enables the cameraman to obtain his wide gradations in shades. The positive film, which is projected in the theater, has grains more nearly of one size.

MOTOR FUEL TO CUT GAS PERIL

Especially suitable to high-compression motors, a fuel being developed by a research organization is regarded as a distinct improvement in that the amount of poisonous gas produced in combustion is reduced to a minimum. Its performance is said to be due to a chemical process that changes the character of the fuel and to the influence of a new combustible compound. According to some investigators, the waves experienced a sudden rise in body temperature. Doctors believe that the waves may therefore be utilized to restore normal temperature to a patient who has been suffering from such a malady as pneumonia, when the patient is in danger of succumbing after the crisis through failure of the body to retain its normal heat.

Your Birthday by Stella

MAY 22

Is this your birthday?

Then you have literary, artistic or musical talents. You should develop this side of your nature—for by so doing you will reach the heights. However, you are many-sided in your talents. It is up to you to decide your outstanding gift and cultivate it.

However, you must realize that to cultivate your natural genius, you must sacrifice much to reach the top rung of the ladder of fame. You must not be content with mediocrity, for that is too easy an achievement for you.

If a woman, you have a definite sense of color and decoration. You have the gift of wearing clothes well and no matter what you wear, be it inexpensive or not, you have the knack of looking well dressed.

But you will have your smiles in life and you will have your tears. Yours will never be a life of mediocrities—you are too interesting, ingenious and too original to be satisfied with the ordinary things of life. Richard Wagner, the great composer was born on this day.

Another man, known in England for the organization of a great youth movement which corresponds to the American Boy Scouts in this country, was Sir Robert Baden-Powell. He was born on this day.

A Smile a Second

TO THE LAST PESO

First Citizen—Do you believe the war debts ought to be collected?

Second Citizen (slightly misinformed)—Yes, Mr. Nicaragua should be made to pay in full.—*Life.*

NO PIKERS

She—You mean some of women cashiers embezzling or running off with their employers' money.

He—Well, often, but when it does happen they take the employer, too. —Montreal Family Herald.

Earn Money at Home

By SARA SPENCE

Questions will be answered by Sara Spence, care of this paper. Those who desire personal answers should inclose a stamped, addressed envelope and 10 cents to cover cost of typing, etc.

I would like to do some work around home. Will you advise me as to whether there is a demand for backyard gardening in the city? I would like to have some light outdoor occupation, as I am a disabled ex-service man. A. J.

I am sorry to say I do not think there is much of a demand for backyard gardening in the city, since most owners like to fuss around if they are fortunate enough to have a little yard. Parks, playgrounds and the Botanical Gardens offer quite an opportunity.

Anyway, Search Ended With Dime's Discovery

Dusk had settled on the street and the gutter lights had not yet been lighted. Somewhere in the distance, shuffling his rubberless shoes in the watery slush, he scanned the dirty waste with expectant eagerness, sobbing now and then in desperation. On our law-book alcove, of this leading personality in those strange adventures in Bohemia which the old law book and its unique treasure trove, prints, a Colfax bookplate. Then I heard murmurs outside the store and in the first instinct, I flung the cape over the helpless girl, and tucked it tightly around her feet.

The door opened, and Miss Wilkes appeared with the water, and a bottle of smelling salts, but her admirable efforts to bring the girl to proved wholly unavailing. When changing in the street announced the ambulance, we summoned the surgeon; after a hasty examination, he decided he would take the girl, as well as the old gentleman, to the hospital.

So the ambulance sped away, leaving your establishment in the limp condition naturally resulting from the succession of exciting events detailed by the engrossed. Suddenly a crowd stood watching a policeman taking down stories from eye-witnesses, but I saw Jerry Dibdin, who I learned that the old gentleman's injury was a severe slash across the right wrist. I then remembered that in his advanced age the shock had at once overcome him, preventing an outcry. He had been unconscious some time when the alarm was given.

Of course the fainting girl came in for endless curiosity, directed chiefly at me. But even had I wanted to talk, I knew just two facts about her: namely, that Peter had seen her at the Richmond auction, and that she had had on black satin bedroom slippers and these facts I decided to suppress for the present time at least. I did not know who she was, where she came from. what she had been doing for an hour and a half in the rear of the shop, whether she knew the old gentleman, how she got there, and him. I lost patience at the unnecessary questions.

"Is this the catechism, or what?" I finally snapped at Daisy Abbott.

Daisy sniffed in an injured manner, and glanced at Miss Wilkes, who looked at me as if he considered me very cruel and rough.

"I guess we have a right to talk about what happened right before our eyes, especially if it's awfully queer!" she murmured plaintively. "As I know, you heard me say, 'Keep it! Keep it for me!' Now it is ridiculous to wonder what that meant!"

I had actually forgotten that cry of distress, temporarily, in the ensuing turmoil! Daisy certainly hit me straight, and that time I knew the answer.

"You must think we're mind-readers!" I snapped back. "Say, can't waste any more time talking. I must finish that indexing. Thank goodness I got to meet you done before this rumpus happened!"

I sped down the side aisle to my desk. But oh, my work! Where was it? Buried under a huge pile of classified cards? On the floor, in the aisle, everywhere except on the desk! but there was no time for wondering why, or even for vexation. Scooping them all up as fast as I could, I made for the desk, only to find a note stuck between two of my reference books. It read as follows:

"I am ordered to the rear; otherwise, to go this afternoon and buy from two old ladies, whose grandfather was a bishop, his profession, al library (date about 1840) at a reasonable figure."

"I have one final request. I had no time this morning to tell you that Mr. Roberts has just given Nancy the position he promised her. She is here, therefore; Miss Wilkes is in charge. Would you add to your innumerable benefits, and go easy this time on other and speak gracefully to my ill-fated sister?

"Peter."

Poor Peter! I would do better than that, I resolved, recalling the pretty young vision with the chestnut hair whom I had seen entering that morning with Peter. Indeed, I decided to eat, not work, even for Mr. Darrow's nephew; I would take Nancy Burton with me to lunch, and then of her first day in business. I stuffed all the cards into a drawer; and went in search of her.

Through the open door of the stenographic department came Miss Wilkes' metallic accents, in exhortation:

"Don't forget that nice dark-blue serge we were talking about, dear. Remember, dear, and not more than eight inches off the floor. That will be all now, dear."

As I walked in, I heard the reply to these observations. It was a faint yet distinctly audible snort proceeding out of the straight, chiseled nose belonging to the tall young lady of the short wavy chestnut tresses. She was standing in front of Miss Wilkes' desk, her height and slenderness accentuated by a bright apple-green knitted frock whose straight lines ceased not less than eight inches off the floor, above footgear composed of as many as three patent-leather straps, through which showed pale peach chiffon-weight stockings. The large blue eyes of the imperturbable one were fixed above the white collar stared as unremittingly at Miss Wilkes as those of a young baby. The red, red mouth was beautifully shaped but firmly closed.

Miss Wilkes greeted me with sweet suspicion.

"Come in, dear. What is it?"

"I beg your pardon! Has Miss Burton gone to luncheon?"

"I am Miss Burton," swiftly announced the young person young lady, in a clear, shrill voice, transferring her unremitting gaze to my face, "and I do not propose to be gone to lunch a long time ago."

"Then won't you go with me? My name is Colfax—Jerry Colfax."

"I know all about you," said Nancy Burton. "All right, I'll come."

She was a speedy withdrawer; we were on the streets in a twinkling. I cast about for a diverting topic.

"Let's go to Ernesto's for lunch! I'm sure you'll enjoy it. They have such good things to eat!"

"That so?"

"And Ernesto is a famous local character. He owns one of the nicest, coddest houses on this island. He not only has a restaurant downstairs, but he lives in the house, and rents some floors as apartments."

Nancy nodded.

"How do you think you'll like your work?" I pursued dutifully.

"All right. Say," she broke out suddenly, scattering social amenities to the winds, "if you hadn't come in the minute I'd got there, I ordered that Wilkes woman! I hate women. Though you," she was pleased to add, "are an exception. Do you know about my stepmother?"

"I have only just heard of your father's marriage."

"There's another woman for you! She said I couldn't be respectable! Listen, Miss Fuller; did you know I eloped?"

I didn't know whether to laugh or cry, the girl was so pretty and clever-looking and precocious and neglected, and at the same time there was a wild streak of humor in her blue eyes that both aroused your mirth and put you on your guard. I compromised with my feelings, and assumed sympathetically.

"I know no details whatever about your affairs, my dear, and it is not necessary to tell me any of them unless you want to."

"But I do, I have no one else to tell!" protested Nancy, not to be done by delicacy out of a recital of her exploits, as the rushing latchhook, arriving at the door on the avenue toward Ernesto's. "It was like this: Last Saturday I eloped with Bradon. I was at the night shorthand at the business college where I went, and he liked me, and I did like him awfully because he was so polite and handsome, though I now hate him. Well, then father met my stepmother at a dance and I was there when she came out yester stew, and she thought he looked lonely, and so that was that. Then I suddenly saw her, who picked on me right from the start—said my clothes were immodest, and look where that got me! Started to, absolutely to my nose, while that other old cat starts at the other end! Well, Wednesday afternoon Brandon telephoned me and asked me to go to the rink. I told him I was sorry, but Peter had just got back from Richmond, and it was his first long trip, so I was anxious to see him right away.

"Of course Brandon knew all about Peter, and that he was a rare-book buyer for Darrow's, because I had told him. Anyway, he did sound a little queer to say I was so anxious to see him; Peter's naturally away off on his trips. The truth was, when Peter got in that morning, he had been so mad about Brandon, my stepmother, that he just managed to be civil, and rush out of the house. Well, they were married, and it couldn't be helped, so I wanted to prevent Peter down a little bit if I could, before dinner. But I couldn't say all that over the telephone, and Brandon got fearfully mad because I wouldn't go to the rink.

"Then Malvina passed me in the hall on her way to a matinee, and said she was going to tell father that I talked incessantly over the telephone to boys, if I didn't instantly stop. I said, 'All right, I will,' which answered both her and Brandon; and the minute she'd gone, I skipped out and met him on Sixth avenue, and then—" Nancy drew a skip then and there, concluding my arm in excited climax—"he asked me to elope!"

As on a faint, distant beacon of hope, I fixed my eyes on Ernesto's, now just a block down the avenue, and of a massive row of lofty, granite-pillared houses, built ninety years before as homes for a group of New Yorkers who had been distinguished for combining money with brains. Normandy terrace, as the long row was called, had been constructed to laugh at the passage of time, though gone were all vestiges of any terrace, and of the graceful winding stoops of a bygone day. Sidewalk and floor space were no longer to be valued on Manhattan island, and all the lower floors of the terrace had been invaded by business. I confessed to listen patiently to further details of Nancy's narrative, knowing that relief was imminent.

Peter, it seemed, had unwarily borne no ugly under the shock of the news of his father's marriage, had handsomely congratulated the parties, in fact. Then, under pretext of pressing business, he had bolted out of the house, raced down the hall toward his own room, to find Nancy waiting for him in the hall. He had entered her doleful state with a promise to come home early and tell her all about Richmond, and show her the purchases secured by the last two tables and an armchair, to relieve his feelings, and fled.

Knowing Nancy's desire to soothe him before dinner. She had then confided to Brandon, Malvina's latest threat, whereupon, overjoyed, she could see, by so much persuasion, had stopped short under the Sixth avenue elevated with the romantic suggestion:

"Listen! Why don't you chuck it? Let's elope!"

Alas for Peter's brotherly sacrifice. Nancy, flattered, excited, and eager to leave home, fell promptly in with the proposal to depart for Atlantic City that hour, from where, she naively implied, she seemed to have an impression that the attractive young man would marry her.

Mercifully at this point we passed from the shelter of the trees beside Ernesto's door, and were greeted rapturously at the door of the restaurant by Ernesto himself.

I had known this worthy Genoese ever since my salary could afford him, but had yet to hear anyone address him as "Mr. Ernesto," though his gray hair, dignified bearing and courtly manner seemed to demand more than impressive. Like a dreadnought convoying a cheap craft of lesser beam and draw, the wide blue-and-white clad hallway.

"Not for ten days have you been to see your friend Ernesto to me, with almost theatrical reproach, pulling out chairs at a table just inside the hallway. "You have forgotten Ernesto's!"

"I never could do that," I averred with sly glance at Nancy, who seemed so busy I've just been grabbing sandwiches at the drug stores every day."

"My God! that's fierce!" cried Ernesto in fluent idiom, truly shocked, and he recommended forthwith the day's specialty, which neither Nancy nor I opposed, as it included duck, chops, steak, mushrooms, peas, potatoes and hot spaghetti, all in a secret-formula sauce, served on a mystical but highly important dish.

"Still, lots of business is good," he admitted. "I wish I had it."

I glanced inquiringly around the room, which with the exception of obviously contented patrons seemed to contradict Ernesto's implication that he was facing bankruptcy.

"My third-floor tenant leave two weeks ago, I cannotta rents the flat?" he explained sweepingly, correctly say These potta nice place to live, 'way downtown. I vanta live uppin the Bronx, I loves the sul-way.' I says nice place," hristled Ernesto; "nice cheap flat, nice furniture, nice and quiet at night' Nobody want!"

"What a shame!" I sympathized. "People are just silly. And maybe it's a little early in the season to expect the rent the flat. Your luck will turn!"

Ernesto gave a pessimistic-artistic shrug, and moved off to greet some new arrivals. Nancy leaned over the table toward me.

"I want to ask your advice," she announced. "Peter thinks you're the most sensible young woman he knows."

"Thank you. That makes a girl feel so nice and safe!"

Absorbed in a new idea, Nancy continued to lean over the table, and me missed a two-second drama that flashed past on the staircase. Silhouetted against the big hall window, the figure of a young man suddenly appeared on the staircase landing, leaped to the hall, posed effectively an instant, back toward me, before a long step near the staircase, then, satisfied, flashed past the hall door. The front door slammed. His figured cap had been low on his face, he wore a loud, vaguely familiar suit.

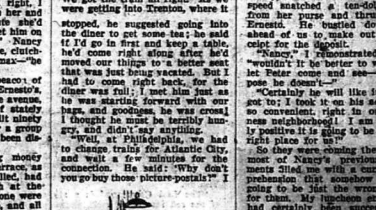
"That is what I want to ask you about," Nancy was saying eagerly. "Do you think it would be all right if Peter and I should take that flat upstairs? Going up and I look at it after lunch? Do you think it would be all right?"

"Why . . . I suppose so, if you and Peter want a flat. But why . . ."

"Because Malvina insulted me so about my elopement that I simply won't stay home. Neither will Peter. We've been talking it over, and haven't anywhere to go, not even tonight! And we've always lived downtown and like it, and I love to keep house, and I don't see why I should be done out of everything just because I eloped. Oh, I never finished!" I perceived that I would now in for the conclusion of this distressing child's singular romance.

"Brandon and I took a house in about half an hour to get my suitcase," proceeded Nancy, systematically, "while everybody was out. It was packed, standing by the hall hat-rack. He waited there while I dashed upstairs for my things; I hadn't expected him quite so soon. I came right down again, but he was already holding the door open, with the suitcase in one hand and his own bag in the other. We got the train all right. As we were getting into Trenton, where it stopped, he suggested going into the diner to get some tea; he said it I'd go in first and keep a table, he'd come right along after he'd moved our things to a better seat that was just being vacated. But I had to come right back, for the diner was full; I met him just as he was starting forward with our bags, and goodness, he was cross, I thought he must be terribly hungry, and didn't say anything.

"Well, at Philadelphia, we had to change trains for Atlantic City, and wait a few minutes for the connection. He said: 'Why don't you go buy those picture-postals?' I



"I Grabbed Away My Suitcase, and Hit Him Hard."

had suggested sending some home to tell our news. So I went over to the news stand and turned around to look at him, and . . . he was racing toward the door with our two bags!"

"What did you do?" I inquired, at last interested.

"I ran faster, another way, and got to the door first, and . . ."

"Yes, my dear?"

"I grabbed away my own suitcase, and hit him—hard."

"Nancy," said I, in congratulatory tones, "shed no tears over your erstwhile friend, Mr. Groves. I think you did a good job with him."

"That's what the Travelers' old lady said," observed Nancy, complacently . . . "the station guard got her, right away, because I cried and Brandon got away! She telegraphed to Peter, and he came for me late in the evening. I was so glad to see him . . . And then, as he and the Travelers' old lady and I were crossing the station to the hotel for lunch—well, I don't believe me—there was Brandon again, snooping behind a bench! I don't know how he got there, because I was so nervous—I screamed."

"Why did he come back?" I couldn't help puzzling aloud.

"I give up," confessed Nancy. "Did he think I would ever, ever, even in this weird end to our elopement, give him for trying to get rid of me, after he'd naked me to go off with him? Well, anyway, there he was."

"What did he do?"

"Ran, of course."

"And I suppose Peter gave chase?"

"Yes; he overtook him, and they had a dreadful fight right there in the station, but Brandon got away, and Peter got arrested, and came home only this morning. The Travelers' old lady brought me home. And on the train," whispered Nancy, in an awe-struck tone, as the last fragment of pastry vanished, "the queerest thing of all happened!"

"What was it?"

"You see, I cried so much I had to have a clean handkerchief. I opened my suitcase to get one, and inside were Peter's gray tweed suit and collars and razors and things and a grumbly old leather law book!"

"Nancy! Was it really Peter's suitcase all the time, and not yours?"

"You get the point at once, hadn't noticed it before, because hadn't been carrying the bags; anyway, the two suitcases are so outlandish looking, they're just alike. I haven't had time yet to figure out how they got changed, but at least I've changed them back again when I got home. Come on, let's go and look at that flat."

I summoned Ernesto, and explained to him that Miss Burton was desirous of inspecting his vacant apartment. By the happiest of coincidences, the second floor terrace were now seeking new living quarters, and shared his contempt for the suburbs. Ernesto regarded us forthwith up two long flights of stairs, and into a sunny front suite of three small rooms made by cunning partitioning out of one former enormous apartment.

Nancy eyed with cool appraisal the furniture in the living-room, punched the mattress, rattled the gas jets in the kitchenette, and discussed terms with Ernesto. She had not kept house for a fortnight for nothing. Finally:

"Who else lives here?" she inquired.

"In the rear apartment, just behind, me!" replied Ernesto. "And my wife, and my children. Sees will you be lonely! Below" he pursued with an air of climax—"lives Mr. Grosvenor, also."

"Who's he?" demanded Miss Manhattan, with upshaken morals.

"Most distinguish gentleman. He owned this house, long ago, was his father's. He sell to me, I rent him one floor, so all his life he live in one house. Think, 16 Nov 40th, Grosvenor."

"Is he nice?" inquired Nancy.

"Sure! Is-a-tell you, most distinguish! Miss Grosvenor, also, are very nice lady and gentleman and . . . most distinguish! So body else live here; everybody else."

"Well, I guess if my brother and I will do, we'll come," decided Nancy, and with her breath-taking speed snatched a ten-dollar bill from her purse and thrust it to Ernesto. He signed downstairs ahead of us to make out the receipt for the deposit.

"Nancy," I said, distrustfully "wouldn't it be better to wait and let Peter come and see—"

Bup pose he doesn't like it!"

"Certainly he will like it! He got to; I took it on his account, so convenient, right in our business neighborhood! I am perfectly positive it is going to be just the right place for us."

So there were spending there. But most of Nancy's previous judgments filled me with a curious apprehension that she was not going to be just the wrong place for them. My hitchen enterprise had certainly succeeded in convincing Nancy that all is not necessarily over at seventeen nevertheless I had failed to allay an inexplicable sinking feeling which even the affectionate God speed of Ernesto failed to dispel.

(To be continued)

SMILE WINS

SMILING HELEN READ, 17-year-old college girl of Glen Rock, was discharged in Hackensack Traffic Court yesterday when arraigned on a charge of reckless driving. Miss Read assured the court that she had run into another car in order to dodge a dog which ran in front and Magistrate Glatzmayer gallantly dismissed the case.

DODGE HEIRESS SEEKS DIVORCE DETROIT RUMOR

DETROIT, May 21.—Suit for divorce will be filed against James H. S. Cromwell in Philadelphia by the former Delphine Dodge, now in Reno, according to friends here. Mrs. Cromwell left a week ago for Nevada.

Mrs. Cromwell is the daughter of the late Horace E. Dodge, automobile magnate, and owner of the famous Detroit estate, Meadowbrook, which were brought by her mother at a cost of $525,000. She is also a motor boat pilot of note.

Cromwell, son of Mrs. E. T. Stotesbury of Philadelphia, is also a motor boat enthusiast. They were married in June, 1920, after a whirlwind courtship.

PLAINFIELD CHAMBER NOW AIDS A. A. ASSN.

The American Arbitration Association, a national trade organization, has recently engaged the help of the Plainfield Chamber of Commerce in placing its arbitration service at the disposal of the Plainfield merchants.

A committee of five local business men will be appointed by Oliver H. Hewit, secretary of the Plainfield Chamber of Commerce, to serve on an arbitration board which will settle disputes among local business men.

NEW BALOON TIRE DIMENSIONS AND MARKINGS ADOPTED

After months of efforts to bring about some reduction in the number of balloon tire sizes used on passenger cars, the car and tire manufacturers have agreed upon a program of eighteen sizes as a standard list for 1929 equipment, it is announced by the National Automobile Chamber of Commerce.

It was further voted that tires hereafter be marked with the cross-section followed by the rim diameter on which the tire is to be used, and former name and size of the tire. For example, a tire will be marked 6.00-19 and beneath in half size numerals, 31-6.00.

The new list, which will now go out as standard, includes the following sizes:

New Marking	Present Marking
4.50-20	29x4.50
4.75-19	29x4.75
4.75x20	29x4.75
5.00-19	29x5.00
5.00-20	30x5.00
5.25-18	28x5.25
5.25-19	29x5.25
5.50-18	28x5.50
5.50-19	29x5.50
5.50-20	30x5.50
6.00-18	28x6.00
6.00-19	29x6.00
6.00-20	32x6.00
6.50-18	28x6.20
6.50-19	31x6.20
6.50-20	32x6.20
7.00-18	30x6.75
7.00-20	32x6.75

IN THE THEATRES

READE'S OXFORD

Biscuits, mothers-in-law and mountain-climbers are all funny, but Wallace Beery and Raymond Hatton, in the Alpine comedy drama, "Wife Savers," which opened yesterday at Reade's Oxford Theater, are funnier than all of them, jointly or severally.

Wallace Beery in "Wife Savers," A Paramount Picture

At Reade's Oxford Theatre today and tomorrow.

Beery bakes the biscuits and climbs the mountains, in the guise of a Swiss yodeler, and the mother-in-law tries to induce him to share a boudoir with the bride he has wrongfully appropriated from Raymond Hatton, who is a second lieutenant in the same unit of the American Army in which Beery is not only a buck private but a pitcher pro. fiteman as well.

This new Beery-Hatton opus is the nonsense of purest ray serene. Its architects had only one thought in mind and that was deep raucous laughter that would convulse the diaphragms of the customers, which it does successfully.

The story beginning Beery is Hatton's head-waiter in a Brooklyn restaurant. The fortunes of war toss them both up on the Franco-Swiss border just as the armistice is signed.

Paramount has given its star comedians an exceptionally capable cast, including such big-time names as Ford Sterling, Zasu Pitts, Tom Kennedy, Sally Blane, August Tollaire and George Harvey.

Dance lovers crowded the Oxford all day yesterday to welcome Danny Duggan and his company of dance stars in a well-dressed dancing novelty which ranks among the top-notchers of the vaudeville world. Duggan is the last word in grace and skill at any kind of dancing, and he is kind enough to remember the obdurate by showing how the waltz and dances of another and more sedate should be done, as well as giving the modern plenty with which to enjoy themselves. It is one of the best dancing acts of a season. In addition to his regular act Mr. Duggan is conducting a dance contest for dancers of Plainfield and vicinity. The trials are being held tonight, but the finals tomorrow night. Beautiful prizes will be awarded the winners and, in addition, Mr. Duggan will endeavor to teach them with dancing masters he has already done for more than two hundred winners of his various contests.

Other excellent Keith acts and numerous short film subjects complete the program.

Dorothy Gish in "Tip-Toes," with Will Rogers and Nelson Keys, will be the photoplay feature at the Oxford for Thursday, Friday and Saturday.

READE'S STRAND

If Emil Jannings continues making such great pictures, critics throughout the world will find it hard to procure adectives to adequately describe them.

Jannings has scored again this time in a remarkable characterization as a military general. His newest Paramount picture has been titled "The Last Command," and it opened an engagement at Reade's Strand Theater yesterday.

EMIL JANNINGS IN THE PARAMOUNT STORY "THE LAST COMMAND"

At Reade's Strand Theatre this week.

This American-born German actor presents in this new production so commanding a figure that it cannot be compared to those of "The Way of All Flesh" and "Variety."

Added to this remarkable characterization is an able director, Josef von Sternberg, who directed "Underworld," and a supporting cast that might be classed as "all-star," the list of players including William Powell, Evelyn Brent and Michael Visaroff.

"The Last Command" is a story of the red revolt in Russia, showing Jannings as a mighty general, strictly military but beloved by his men. He befriends a girl but imprisons her companion, the girl in turn saving him from death at the hands of the blood-mad revolutionists. He then comes to America in search of this fair savior, and there the thread of the story takes a strange twist.

It is a gripping story, one with poignant love and drama, mystery, and thrills, so far different from "The Way of All Flesh" and "Variety" that it is hard to believe the same star played in them all.

Great settings mark "The Last Command" as an elaborate production, and the fine acting of everyone, particularly that of Jannings, marks it as one of the mightiest pictures ever made.

After playing for more than a year throughout the United States in the larger legitimate theatres at $2.20 top, "Old Ironsides," with George Bancroft, Wallace Beery and a host of others, is now available for presentation in the regular motion picture theaters. It opens a week's engagement next Monday at the Strand at the usual Strand prices.

LIBERTY THEATRE

This is not a review. It is just the impressions of the last reel of "The Noose" playing at the Liberty Theatre with Richard Barthelmess. The writer was taking the theatre yesterday and was asked in something like this: "Say, I want you to see something that will make you cry. Wait a minute. I mean it. Here is a picture full of life, drama, excellent acting and one of those pictures which portrays one of the many unfortunate affairs of life."

So the writer entered. There was Richard in jail. A member of the clergy was administering to him. Then the scene changed to the Governor's house, his wife and their friends. Richard, convicted of murder, and who the Governor's wife knew could be saved if he only would talk. But Dick would not talk.

They try amid wonderful and pathetic scenes and acting. Finally, Richard is lead to the gallows. The Governor's wife asleep. She rises in a stupor. Next the Governor tells her "someone help up the execution of Richard Barthelmess." "It must have been an answer to my prayer" she says. Dick is spared and, well, may he be killed a man to protect the mother of a son. See the first reels, the writer does not know who the mother of Dick was but the Governor, with a sly old wink, tells his wife, "I'll pardon Dick as the last thing before my term expires. Then we will go away." After the show many were the faces drawn taunt. The manager asked: "How did you like it?" The answer was: "Gee, my cold is not getting any better," honk, honk, and as the writer walked away a white piece of cloth was seen to be raised to the face. It might have been—yes it was, a handkerchief.

CHURCH OF HOLY CROSS CONCERT WAS BIG SUCCESS

REV. H. LEWIS SMITH, RECTOR, COMPLIMENTED ON AFFAIR

Many Patrons and Patronesses In Addition to Committee

The auditorium of the Plainfield High School was crowded last night, when a concert was presented under the auspices of the Church of the Holy Cross, of which Rev. H. Lewis Smith, D. D. S., is rector. The guest artists were U. S. Marines, Virginia Syms, colorature-soprano, and Anna Louise David, harpist and William Raddick, pianist.

The program opened with the Prologue from Pagliacci by Mr. Kerr and was followed with The Enchanted Forest, Bowes; Lotus Dance and The 1Fre Flies, by Miss David. Miss Syms sang Caro Nome, Solvsig's Song and a Brown Bird Singing and Mr. Raddick played Arabesque and Waltz C Sharp Minor.

Other numbers included Allersean, Mendelssohn; Tzaida Winds and Christ in Flanders, Mr. Kerr; Po-Ling and Ming Toy, Within the Walls of China, Miss David; Spring Song, Cyrus and Bell's Secret, Miss Syms; I Live and Love Thee, Miss Syms and Mr. Kerr.

Miss David appeared in costume for several of her numbers, wearing a gown that had been worn by a favorite wife of the emperor of China, owned by Chinese members.

The committee which arranged the concert was headed by Miss Florence Stevens and included: Miss Laura Gordon, Mrs. George Worth, Mrs. Edgar A. Prosser, Mrs. F. B. Ball and Mrs. Arthur S. Olmstead. Rev. H. Lew Smith, rector of the church, is co-operating with the committee.

Among the patrons and patronesses for the affair were: Rev. H. Lewis Smith, Rev. and Mrs. E. V. P. Stevenson, Mrs. Percy H. Stewart, Mrs. Frank B. Ball, Miss Florence A. Stevens, Mrs. Allison R. Abbott, Miss Grace Andrews, Mrs. William Barlow, Mrs. C. W. McCutcheon, Mrs. Thomas Fisk, Mrs. Walter M. McGee, Mrs. Charles B. Crane, Mrs. William W. Coriell, Mrs. Frank S. Browne, Mrs. M. E. Bradley.

Mrs. Lewis Gouverseur Timson, Mrs. Arthur Leader Otterson, Mrs. William H. Winebrenner, Mrs. Joseph Tate, Mrs. C. Benson Wigton, Mrs. Edward J. Warring, Mrs. Charles A. Rice, Mrs. J. Irvine Love, Mrs. Howard Hutchinson, Mrs. Merton E. La Vie, Mrs. Thomas H. Legger.

Dr. and Mrs. W. B. Gray, Mrs. Edward W. Jeffers, Mrs. Walter F. Manning, Mrs. Harry R. Moyer, Mrs. Herman Schwed, Mrs. Charles Easton, Jr., Mrs. Mason Tilney, Mrs. Reginald A. Chamberlin.

Mrs. Frank C. Ard, Mrs. Harvey Fish, Miss Helen Harmon, Miss Leah Stillman, Mrs. Miller Fergo, Jr., Raymond M. Smith, Mrs. Kenneth E. Runyon, Mrs. Carroll O. Holmes.

Mrs. William A. Coddington, Mrs. Walter S. Denniston, Mrs. W. R. Cansbrook, Mrs. Louis H. Miller, Mrs. Charles G. Munro, Dr. and Mrs. Lansing V. Lippencott, Mayor and Mrs. Alexander Milne, Dr. and Mrs. N. W. Currie, Mrs. Harry K. Burnett, Mrs. J. W. Heninger, Dr. and Mrs. A. H. Dundon.

Mrs. William H. Campbell, Mrs. Harry B. MacDonald, Mrs. P. Sommer Barr, Mrs. R. S. Carvalho, Mrs. E. P. Thomas, Mrs. George L. Babcock, Dr. and Mrs. Edward L. Finch, Mrs. Leslie L. Virgin.

Mayor and Mrs. James T. MacMurray, Mrs. Walter Scott, Mrs. John A. Staats, Mrs. Morris Pullen Beaton, Dr. and Mrs. M. V. Hubbard, Mrs. Robert L. Lee.

Dr. and Mrs. J. E. Chickering Jr., Mrs. George Noble, Mrs. H. M. Canouse, Mrs. James F. Johnston, Mrs. Leslie E. Latham, Mrs. A. W. Newson, Mrs. Herbert Anderson, Mrs. Wellington Rounds, Dr. and Mrs. John H. Carman, Mrs. Fred Cressy.

Mrs. Frank Leivers, Miss Laura Griffen Long, Mrs. Arthur S. Olmstead, Mrs. E. F. Pride, Mrs. E. A. Robinson, Miss Nora Rockwell, Mrs. P. V. R. Schuyler, Mrs. G. Frank Schwep.

Mrs. Cyrus T. Small, Mrs. Charles W. Smith, Mrs. M. J. Skinner, Mrs. C. L. S. Tingley, Mrs. C. Sydney Trewin, Mrs. J. A. Van Mater, Mrs. H. P. Williams, Mrs. George C. Worth, Mrs. Henry Zeltfel.

Mrs. T. H. Coleman, Mrs. Charles Davis, Mrs. Charles A. Freeburn, Mrs. William McD Corbett. The Misses Davis, Mrs. M. B. Hooley, Mrs. E. L. C. Hegeman, Mrs. J. Edgar.

Dr. and Mrs. Marcus L. Clawson, Mrs. George S. Clay, Miss Florence Tweedy, Mrs. Henry Adams, Mrs. Delano Weld, Mrs. Clifford W. McGee, Dr. and Mrs. Carl Bishop, Mrs. Frank S. Martin.

PRIMARY DEPARTMENT OF FIRST BAPTIST CHURCH TO GIVE PLAYS

Two plays, "When the Toys Awake" and "The Three Wishes" and two drills will be presented by the primary department of the First Baptist church at 2:30 o'clock Saturday afternoon. The program will be followed by a sale of home-made cake and candy.

Mrs. Harold Robins is directing the plays and Mrs. Howard Pierson the drills and music. The stage and costumes are being managed by Mrs. Randolph Stelle, Jr., and Mrs. L. H. Britton and Mrs. Willard Washburn are in charge of the music. Other members of the committees include Miss Sara E. Conover, Mrs. Elvie Van Name, Miss Elizabeth Powlison, Miss Elsie Organ, Miss Grace Meelick, Miss Marion Stone, Mrs. Howard Case, Mrs. George Banks, Miss William Headley and Miss Allan Laing.

TWO MEN FORFEIT BAIL IN N. PLFD.

Joseph Longo of 166 Franklin street, Belleville, and Charles Hoffman of 99 Magnolia street, Belleville, each forfeited $50 cash bail by their failure to appear at the North Plainfield Police Court last night to answer respective charges of operating an unregistered car and allowing another person to operate an unregistered car. Longo was arrested by Officer Allagar while driving an auto, owned jointly by himself and Hoffman, on license plates issued for a machine owned by Richard Sears Berry of 140 Franklin street, Belleville.

MR. AND MRS. SCOTT RETURN FROM FLORIDA

Plainfield's incident of the other day, when Commander Byrd spoke and when a fire started at the Plainfield High school, during an address by the commander, was published in the Radio-Gram, a daily newspaper of the S. S. Iroquois en route from Miami, Fla., to New York, according to F. E. R. Scott, former Councilman, who with Mrs. Scott was a passenger.

HOSPITAL ASSOCIATION TO MEET THIS WEEK

The annual meeting of the New Jersey Hospital Association will be held at Atlantic City, May 25-26. Hadden Hall will be the official headquarters.

An excellent program has been prepared and among the speakers will be J. Ellis, Commissioner of institutions and Agencies.

The New Jersey Occupational Therapy Association will join the hospital group at the above.

LUMBER CO. HAS OUTING

Mr. and Mrs. J. D. Loiseaux attended the annual outing of the J. D. Loiseaux Lumber Company that was held Saturday. A trip was made to Trenton and Asbury Park by bus.

Luncheon was served at the Carteret Club, Trenton and the group visited the Revolutionary Barracks. Following an inspection of the Belleville Meads it was announced that members each presented with a box of candy. The Scammell Pottery Works were also inspected.

After an afternoon at Asbury Park, dinner was served at the Berkeley-Carteret Hotel.

WILDWOOD GREETS POCAHONTAS MAIDS

WILDWOOD, N. J., May 21.—More than 400 delegates are expected to attend the annual convention of the New Jersey Degree of Pocahontas to be held here Tuesday and Wednesday of next week. Wildwood civitans are taking a very keen interest in the convention because Mrs. Helen Graham, of Trenton, is scheduled to go into the chair as highest officer of the state organization.

Robonia Council, No. 57, the local council, has appointed a very active committee to arrange the details of the convention. It consists of Katherine Kalbach, chairman; Emma Pierson, Minerva Senn, Clara Walto, Josephine and Monica Scully.

WATCHUNG MAN IN TOILS OF LAW

Charles A. Ehlert of Watchung is being held by Plainfield police on a charge of larceny involving the alleged theft of an automobile owned by Joseph Kunkel of 224 Sumner avenue. The machine was taken from the carnival grounds on West Front street Saturday night. Ehlert was to be arraigned before City Judge William G. DeMott in Plainfield police court this morning.

PLAINFIELDER SPEAKS AT MEET

Sidney T. Perrin, president of the Plainfield Camp of Gideons addressed the rally at Jersey City Sunday afternoon when the local branch was presented with 200 bibles for dormitories and general use. They were received by th president, Mrs. F. E. Jones.

Fifty churches in and around Jersey City had Gideon speakers at their service.

SENIOR CLASS EXAMINATIONS

The senior class of the Plainfield High Schools will have examinations from May 31 to June 6, according to announcement by Frederic W. Cook, superintendent of schools. The under-classmen will have examinations June 12 to 15.

The grammar grades will have their examinations June 11 to 13.

MRS. J. N. JEWETT COMM. BYRD HOSTESS

Following the lecture by Commander Richard E. Byrd at the Plainfield High School last Thursday night, he was driven to Newark by Mrs. John N. Jewett, 1314 Denmark road, where he left for New York City, via the Hudson tubes.

The Commander autographed a number of books and photographs before leaving in Mrs. Jewett's car.

FORMER SOLDIERS TO HAVE REUNION

Plans are under way for the 114th Infantry Reunion at Sea Girt and Asbury Park, beginning July 14. Girls, boys, men and wives of the members are urged to watch the papers for future announcements relative to this big time.

Y. W. C. A. CARD PARTY TO BE HELD TODAY

There will be a card party at the Y. M. C. A. at 2:30 o'clock this afternoon, for the benefit of the camp and summer conference fund.

DRAMA GROUPS TO REHEARSE TOMORROW

Tournament Will Be Given at Y. W. C. A. Thursday and Friday Nights

Final rehearsals for the first group of contestants in the Drama Tournament will be held in the Y. W. C. A. tomorrow evening. The other panel will rehearse Wednesday, and the first group of plays will be presented the following evening.

Among those in the tournament are the DeMolay Players who are entering with the thought uppermost in their minds that they will cop the trophy offered by Walter Reade, so they are entering with "The Monkey's Paw," a thrilling melodrama.

This play is on the verge of mystery, inasmuch as a man, given a monkey's paw to wish on, finds his wish did not come true and in vengeance gives it away to another, who in turn makes his wish. Things begin to happen about then.

This presentation of the DeMolay marks the first time in three years that they have been entered in the tournament Their hopes are high and they expect to win this year's competition.

The Dunbar Dramatic Club is again entered in the tournament with a racial play called "The Man Who Died at Twelve o'Clock." This play deals with an old man and his daughter, who is in love with a young man of her choice, but due to her father's having bidden the money which the young couple want to marry on, they concoct a plan to frighten the old man into telling where it is hidden The play moves with swiftness and precision from then on.

Other groups taking part in this year's tournament are the Y. W. C. A. Players, Community Players, Y. M. H. A., Parrish Players and the North Plainfield Dramatic Club. The Walter Reade Trophy will be awarded to the winning group, and a special prize cup is to be awarded to one of the actors for the best individual performance.

GAY WEEK END AT ASBURY PARK

ASBURY PARK, N. J., May 19.—Thousands of spring visitors gave Asbury Park's boardwalk an almost midsummer appearance over the week-end, and hotel owners and concessionaires here predicted one of the most prosperous seasons in the history of this resort.

The week's social events were set in motion with a dinner given by Dr. James Ackerman to a party of friends. An outstanding event of the week was the annual fashion review, bazaar and card party held Friday. This affair, sponsored by the local women's club, was under the direction of Mrs. C. E. Hetrick. J. D. Loiseaux of Plainfield entertained at dinner yesterday over fifty employees of the Loiseaux Lumber Company of Plainfield. All these events were held at the Berkeley-Carteret Hotel.

Over seventy-five members of the New Jersey Hardware and Lumbermen's Association held their annual meeting and dinner at the Marlborough Hotel Wednesday.

DEPLORES MISUSE OF TRAFFIC LIGHTS

Misuse of the automatic traffic signals increases the impatience of drivers, encourages hold-ups and multiplies hazards to children, it is declared in the report of the American Engineering Council's committee on street signs, signals and markings, which in final form was submitted to the administrative board of the council meeting.

Of all the mechanical devices that have been employed to facilitate traffic movement, the report said, undoubtedly the automatic signal has been the most generally effective.

"Like all good things, however," the report continued, "there is an unfortunate tendency to overdo its application, with the result that such teignals have been installed indiscriminately without analysis of the probable effects, and are operated at times when there is no possible justification.

COMRADES WILL BURY H. C. SMITH

Former Adjutant Of Winfield Scott Post Died Sunday

His old comrades of Winfield Scott Post, G. A. R., will have charge of interment services for H. Craig Smith, Civil War veteran for many years adjutant of that post, who died at 4 o'clock Sunday afternoon.

Funeral services will be held at the home of Mr. Smith's daughter, Miss Florence S. Smith of 977 Madison avenue, with whom he had made his home for many years. Bearers for the 87-year-old veteran of one of the wars of the Republic will be younger veterans of another war, members of the American Legion. Interment will be in Hillside Cemetery.

Mr. Smith was born in Dublin, Ind., April 27, 1841, of Quaker parentage, his father being Aaron Burr Smith and his mother Elda Ann Hiatt, who was a pioneer worker with Susan B. Anthony in woman suffrage work. His wife was Mary Monroe Smith, who died in 1909. He leaves three sons, W. Irving Smith of Youngstown, O., Homer B. Smith of Westfield, Raymond M. Smith of Plainfield, one daughter, Miss Florence S. Smith, and eight grandchildren.

Mr. Smith's war service extended over less than a year, his only battle experience being that of Richmond Hill. He was a member of Company A, Eighth Indiana Volunteer Infantry Regiment.

Shortly after the Civil War he returned to his home town, where he lived for a time and later came to Plainfield, where he has been living for about 50 years. He has been retired from business for about 15 years. During the years of his activity he worked with Frank Hubbard and F. A. Dunham as a civil engineer and for railroads in Pennsylvania and Missouri.

BUILDING PERMITS BECOME ACTIVE

Included in the list of building permits recently issued by Building Inspector John Hoff is one to Peter Dobles of 1636 West Third street for the construction of a frame dwelling at 36-38 Jefferson avenue to cost $14,000.

Other permits issued recently for smaller building operations are:

John Weismann, Jr., of 423 Broad street, Westfield, for a dwelling and garage at Denmark Road to cost $9,000.

Madison Corporation of 104 East Front street, frame addition at 209 West Eighth street, $2,000.

John Brothers, frame alteration at 676 West Third street, $225.

R. Heckberg, frame alteration at 212 North avenue, $800.

Joseph P. Hastach, frame dwelling and garage at 206 Elizabeth street, $4,500.

Miss T. Mattor, addition at 730 Webster place, $200.

F. Sheffield, 1124 West Fifth street, frame addition, $250.

Elmer Berman, 1252 Grosbeak road, frame garage, $200.

United Advertising Corporation, Newark, frame sign 747 West Front street, $400.

L. C. Bugas, 635 West Eighth street, frame addition, $400.

Julia Isaacs, 1406 West Front street, frame alterations at 6-8 Grace place, $200; frame alterations at 1414 West Front street, $200; frame alterations at 1413 Bradford street, $500; frame alterations at 1313-15 Grace place, $350.

Antonio Grande, 815 George street, frame dwelling and garage 338-41 Johnston avenue, $7,000.

Benjamin Biscoito, 706 St. Mary's avenue, frame addition, $400.

D. W. Taylor, 445 Seventh street, frame alterations, $500.

Blandina Mirra, 1350 St. Nicholas avenue, frame garage, $600.

Michael Dewett, 320 Johnston avenue, frame alterations, $150.

Louis Chiapperi, 1400 East Second street, frame dwelling and garage, 265 Sumner avenue, $6,500.

Edward A. Kircher, 806 Woodland avenue, frame garage, $700.

NEWTON SMALLEY NAMED COUNTY CHAIRMAN G. O. P.

Newton B. Smalley of North Plainfield was elected chairman of the Somerset County Republican Committee at the organization meeting held in the Somerset Hotel in Somerville yesterday afternoon.

The election of officers followed the customary discussions of the county Republicans. A short business meeting was held but no definite plans were made for the ensuing year.

The other county officers elected at the meeting were first vice-chairman, Charles Fetterley of Bound Brook, second vice-chairman, Mrs. M. B. Looker of Liberty Corner and secretary and treasurer, Clarkson Brunner of Somerville.

MRS. EGEN IN CHARGE OF CARD PARTY

Mrs. Joseph B. Egen is chairman of a committee in charge of a card party to be held at St. Joseph's Hall tonight, for the benefit of the school fund of St. Joseph's Church. Bridge, pinochle, euchre, 500 and bingo will be played and prizes will be awarded. Refreshments will be served.

TWO LOCAL MEN ATTEND REUNION

Edward Mackey and Edward Tomlinson attended the thirtieth annual reunion of the Badger Crew of the Badger Naval Veterans Association at the Grand Hotel, 232 Hudson street, Hoboken, Saturday night.

When the group was organized in 1898 the following men from Plainfield were members: Dr. M. S. Simpson, Frank Fulton, William Boyd, Frank Mackey, Howood Craig, Volney Green, Edward Mackey, Edward Tomkinson and August Saltzman.

SMALL FIRE AT ANNE CAROLAN

Fire in a closet in the apartment of D. Weiss at the Anne Carolan Apartment Building, 412 Watchung avenue, caused slight damage yesterday afternoon.

Firemen who responded to the alarm, confined the blaze to the closet with the result that it was quickly and easily extinguished. Smoke and water damaged the personal property of the apartment occupant. The building is owned by Harvey Rothberg.

Traffic was congested in the vicinity of the fire for about 15 minutes and the presence of the fire apparatus attracted a crowd of persons to the scene.

TODAY ON THE AIR

DAYLIGHT SAVING TIME.

NEW YORK.

THE MID-STATE PRESS
Plainfield's Morning Newspaper
Daily Except Sundays and Holidays

Is meeting the demand of the people of Plainfield and vicinity for a newspaper, primarily catering to the best interests of the community it serves, in that it gives the news of local import in detail.

* *

FEATURES

Of interest to every member of the family are contained within its pages daily, in addition to the news, such as Radio, Theatrical, Sports, Comics, Stories, Editorial Features, etc. We welcome social items or other news from our readers, Simply 'phone 3500.

* *

SPECIAL NOTICE

A special crew of solicitors is now working on subscriptions. May we ask your co-operation when you are approached as we are now making up our delivery routes and would like to place your name on the list so you too can get the latest news first.

MID-STATE PRESS SPORTS PAGE

OUR SPORTS TRAIL

By "BOB" JAEKEL

Twilight baseball for the local high schools is something new. The game is to start at six o'clock sharp so it will be possible to play the entire nine innings. It was first proposed that the game be played on June 8, but what if it rained that afternoon?

I wish that the different baseball clubs in Plainfield and vicinity would send in their score to me. I want to put them in and give you fellows all the publicity it's possible to give you, but how can I do it when I don't receive the dope from you?

Mickey Walker certainly showed his old form at the Armory last night. I never saw a faster bout in my life. He felt around in the first two frames and then, at the command of Teddy Hayes gave Smitty the works from his head to his belt. Every time a blow would land Georgie would falter or fall. He fell four times in the third round.

Smitty is a game fighter and deserves plenty of credit for his beating. Nice workout for Mickey.

Old Tex Rickard has another load off his mind. The Mandell-McLarnin bout finally came off and id we wait for that titan? Pluvious raised heck with the promoters for four consecutive nights, but Mandell finished the suspense by getting a decision over Mac in the fifteen rounds. They tell me that Mac took an awful beating.

No fight card for the Academy this week. It looks like a good plan because it was bound to interefere with the Charity show on June 2. Now every fight fan can justly center his eyes on the big tent at Kenyon Gardens.

The Banks of the Old Raritan are the scene of many a victory this season. Baseball, Lacrosse and Track seem to all have winning streaks. Ain't that a grand and glorious feeling, and so close to home!

All of Walker's sparring partners were at the ringside to see what they might have received had they been at the defending. I could see a strange thankful look creep over their faces as they witnessed each blow as it hit deadeningly home.

I wish to make another apology to youse guys. Some time ago, I think it was in Friday morning's paper, an account of the Plainfield Millburn ball game. On account of a misprint it read that Bart Viviane hit a three bagger and scored four runs. Everybody knows that's ridiculous. What more can be said?

WESTFIELD TEAM TO STAY OUT OF POLICE LEAGUE

The Westfield police team will not enter the police baseball league, this season but will play independent ball, according to a decision reached at a meeting held Monday afternoon. The local team will play teams from other police and fire departments, around the State and these games will be played Wednesday afternoons. No definite schedul chas been adopted but the management is confident that before long, several games will be booked.

The Westfield team practices two days each week and is rounding into shape very fast. Thomas Simpson is manager and Ernest Long is captain of these ball-tossers.

TODAY'S GAME

Plainfield vs. Morristown, High School Field 3:30.

Lonely Man

If he has no faults what does the poor fellow do for congenial companions?—Toledo Blade.

BLOOMER GIRLS TO PLAY BALL HERE SUNDAY

Will Take On Male Team At South Plainfield

Manager Henry Phillips of South Plainfield Catholic Club has succeeded in booking the famous New York Bloomer Girls, the baseball club which has held the female championship continuously since 1910.

Contrary to general belief, the New York Bloomer Girls are capable of giving any male club a good battle, insomuch as they use a strong male battery and have the balance of the positions filled with wonderful girl players.

This is the club which has played against such heavy semi-pro teams as West New Yorks, Farmers, East New York, Howards and Springfields of Brooklyn. The girls played 102 games last season, including a 10-weeks tour of the East during which 74 games were played.

A heavy schedule is being arranged for this year, and when local fans see the big strong active athletes represented on the New York Bloomer Girls team, they will understand how it is possible for girls to hold up under so strenuous a schedule.

The star of the team is Ethel Condon, known all throughout the East among golfers as the greatest female infielder ever developed. Ethel covers the Keystone sack, and has never been known to duck a batted or thrown ball. Her delight is to grab a hot grounder or liner who hails direct from the famous "Bowery" of New York City; she plays first base and wins round after round of applause with her splendid work at that sack. Over a season's stretch, Miss O'Rourke averages better than .300 in batting, a wonderful feat for a girl to attain against he heavy clubs her team usually plays. Other members are "Babe" McCutun, May Rohr, Elsie Ruhnke, Helen Demerest, Mae Knapesek and Jean Whalen in the outfield. Battery positions are taken care of by Crane and Young, which rounds out a team capable of playing the best of them.

Game will be played at South Plainfield on Sunday, aMy 27. Manager Margaret Nabel positively guarantees the appearance of her full club, each uniformed in their new maroon-and-white outfits.

Game will be called at 2 P. M.

SATURDAY

Plainfield Cricket Club—Cricket brook Park.

And Another Thing

MILLER HUGGINS, Yankee manager, on left, has something to say to the umpire during a recent game. What it is no one seems to know, but we judge from Miller's attitude that he was right, pete!

RUTGERS WINS OVER LAFAYETTE THREE TO ONE

Rutgers University won a tight baseball game from Lafayette yesterday afternoon at New Brunswick by the score of 3-1. Both teams scored their runs in the initial frame.

The Rutgers team scored its runs with a homer and two men on. It was a great hit and neither nine was able to cross the plate after this inning. However, it seems that each team lacked the last minute punch to get around the circut, leaving a man on third several times.

The pitching and fielding was excellent. Nothing got through the infield and few errors were made in the garden.

...ck to the Land!

NO, TONY LAZZERI, forefront of picture, is not giving a demonstration of the "morning dozen." This is how Fothergill (Tigers) left him after Tony had put him out at second and they came in collision.

(Continued From Page 1)

WALKER KNOCKS OUT SMITH AT LAST NIGHTS BOUT

the ring, landing a light jab now and then. Smith hammered heavily at Mickey's head, and was able from time to time to land one or two. It rather surprised Smitty near the end of the round when he was able to easily shove his man against the ropes and hop off a few light cracks to the face and body, but little did he realize why he was allowed to push this way. All through the frame, Mick played around Georgie's stomach.

Walker lead off slowly in the second. It looked as though Smitty was patiently waiting for the Champ to open up with his sledging. Suddenly a bloody nose featured for man from Newark. Not a bad bleeder, just a slow oozing that shows the result of a sharp, heavy blow. Mickey continued to tease his opponent about the circle smiling at the look of bewilderment that spread across his red face. The way Walker bruised this man's stomach was a real misery.

And in the third! Oh, oh, oh. Ted sent his little man in with, "Open up now, Mick" Hardly had Smitty stepped half way across the ring than he was met with a barrage of killing cracks all over his body. Suddenly, and it really was suddenly, one found his jaw and he flopped weakly to the mat. Bruguy started to count, but Smitty wasn't ou. No, no by a long shot. At the count of nine he got to his feet, only to be again floored. What guts this boy has. At the count of nine he again got to his boots. Walker was surprised at the courage and steam he had. Four times he was knocked off his understanding and three times he got up, the bell saving him on the fourth. It actually looked as though Micky was fooled. Great round, this.

And then the fourth! Smitty lead into Walker for the first time and it was a brave, courageous comeback, but to no avail. Again he seemed to fool the champion, but champions aren't so easily fooled. Mick saw his break, took it, and won the fight. Such wallops, just like a trip hammer. Time after time they fell all over the poor man's body. Then, receiving a terrific left to the middle of his stomach, Smitty left his spunky feet and went West.

The crowd went wild. Wilder than they were in the eventful third round. It was a clean knockout and full of the customary Walker style.

The preliminaries as aforesaid, were possible: The following is a summary of each as it appeared on the card.

Scotty Devlin vs. Charlie Cook, both of Elizabeth, ended by a towel. Terrible slugging on the part of Scotty.

Bobby Lavan of Perth Amboy vs. Rocky Albano of Elizabeth, ended in a knockout in the fourth by Lavan. It looked as though Albano beat himself up by continually ramming himself on Lavan's left glove. Everytime he tried to close he shoevd his injured face savagely against his opponent's glove.

Ray Ratts of Newark vs. Tereza Kid of Irvington also ended in a K. O. in the first by Ratts. Terrible fast and furious start but it ended to soon.

Harry Thompson, coldred, of Elizabeth vs. Al Parent of Newark ended in a much disputed draw. It lasted the full six rounds and looked good at times for both men.

Joe Harris of Elizabeth vs. Tin Gorman of Trenton went the full eight rounds and a decision was granted to Gorman.

And in conclusion. If Micky Walker fights in all his fights like he did tonight against Georgie Smith, his opponents had better tote a rabbits foot with them.

CATHOLIC CLUB BEATS SOMERVILLE

The Catholic Club defeated the Somerville A. A. on the Sacred Heart Field Sunday. The score was 6 to 2. The game was played at South Plainfield.

Scorer—James Beavis.

Pointer for Orators

In oratory, affectation must be avoided—it being better for a man by a native and clear eloquence to express himself than by those words which may smell either of the lamp or ink-horn.—Lord Herbert

MANDELL WINS BY DECISION

Sammy Mandell got a decision over Jimmy McLarnin in a fifteen round bout at the Polo Grounds last night. It was a terrible beating that the contender took and after the fight Mandell congratulated McLarnin on the great battle he put up.

All through the fight the kid took all Mandell could give him. Round after round he led and followed the champion around the ring. Round after round he received the gruelling attack of Sammy and smiled off the rough spots, only to meet up with another load.

Mandell retained his title as lightweight champion of the world and is still the fifteenth holder of the belt. Some of the greatest fighters in he history of boxing have held this crown and if Jimmy had won he would have gone down as the sixteenth man to get his hands on it. And how he tried.

Waived!

GEORGE SISLER, Senators' first baseman, for whom all American League clubs are reported to have waived their purchase rights.

Advantage of Reputation

How flat most of the clever remarks would seem if made by somebody who had no reputation for cleverness.

The Battle's On!

OPENING GUN was fired by Mayor Walker of New York (above) against his police commissioner, Warren (below), when he declared he would question police head on refusal to grant Klan parade permit in Jamaica on Decoration Day. Last year the permit was given, the police withdrew permit, but the Klan paraded. A riot resulted many were injured, and the echoes of the trouble resounded from Atlantic to Pacific, from Gulf to Great Lakes and back again.

Made Audience Sit Up

A man who had been asked to make his after-dinner speech as short as possible, arose and said: "I am asked to propose the toast of Mr. Jobson, and I have been told that the less said about him the better!"

MANY RAINS AFFECT BASEBALL

On account of the sloppy weekend and the muddy condition of High School Field it was necessary to call off the first game of the annual Plainfield-North Plainfield baseball series Saturday afternoon. The coaches of both institutions were at quite a loss as to what to do about it until yesterday when it was decided to make it a twilight game, and run the contest on Thursday night, May 24, at 6 p. m.

The game with East Side that was originally scheduled for Thursday afternoon has been put over to Monday. This should prove an advantage to the Big Red Team by offering it's game before the Decoration Day battle.

WHIPPETS WIN FROM ARROWS

The Whippets defeated the Arrows on Division street field. The features were the hitting and pitching of Rigante and McGall.

Arrows	1	2	0	2	3	—8
Whippets	3	5	0	1	x	—9

Batteries:

Arrows: Lyons—Lyle; Whippets: Rigante, McGall—Hook.

REYNARD RUSSO WINS CHAMPIONSHIP

Reynard Russo, 11, of 46 Elm place, a student at the Franklin school, won the marbles championship of Plainfield by defeating Cornelius Corley of St. Mary's school in Greenbrook park, yesterday afternoon. Each took two games, then Russo won the third. He received a gold medal from the Recreation Commission, and is Plainfield's official representative at the State tournament to be held in Elizabeth on Saturday, June 9.

Team Managers

The Mid-State Press is a morning newspaper and in order to get your scores and dope on your games in the morning paper, team managers are urgently requested to get the stuff in to the sports editor immediately following the game. The office is located at 222 West Second street. Phone 350 3501, 3502, 3503.

The place to eat—

TUOHIG BROS.

"Where Madison Meets Front."

Distance Lends Smallness

What is near is always impressive. A cottage two yards away can eclipse the sun. Reason, however, demonstrates that the sun is really larger than the cottage, though considerably further away from ourselves. What reason can do to correct our perception of things in space, it can do equally effectively for our perception of events in time. Immediacy foreshortens history just as illusion foreshortens space.—Vanity Fair Magazine.

Keep Plants Healthy by Frequent Bathing

"Many women do not realise that their indoor plants need baths almost as often as do their children. If they are to thrive," declares Prof. G. A. Johannsen of the entomology department of the Cornell university, "Plants as well as persons need regular cleansing to keep them healthy. Some sort of spray must be used at fairly regular intervals to kill the insect parasites which constantly infest them.

"Plant lice are especially common and threaten all varieties of growth. They attach their little white eggs to the under veins of the leaves, and the parasites suck out the juices from the stems and stalks. The plants, thus robbed of their nourishment, soon turn a pale yellow and die.

"One of the best home treatments for plants, not only because it is cheap and accessible, but also because it is effective, is soap solution, which can be made at home in five minutes.

"This solution is made by shaving a quarter of a pound of soap or putting a quarter of a pound of soap chips in a gallon of boiling water. Allow it to simmer slowly until the soap is dissolved, then remove it to cool. This will keep for a long time, and can be used at regular intervals. A whisk broom will serve as a sprayer. Dip it into the solution and give the plant a good bath, shaking the soapy water under and over the leaves. The soap cleans the leaves, but a film remains over the breathing apparatus of the bugs."

Many Old Cloisters in City of London

Ancient cloisters, or parts of them, are still to be found in many parts of London; they are remindful of the days when the city boasted spacious monastic establishments.

In St. Bartholomew-the-Great at Smithfield—relic of a wealthy priory—are some bays of the old cloister. A Zeppelin bomb in 1915 added to Orrell a further portion of this, buried under the present ground level.

Cloisters in miniature, with wooden archings, may be seen at Eton place, adjoining the chapel—all that remains of the palace of the bishops of Ely. The cloister-garth is planted with fig trees.

St. Paul's has only a few fragments of its old cloisters. They were destroyed with the fabric of old St. Paul's in 1666. It is at Westminster abbey that you may see the finest cloisters in London. Besides the Great cloisters there are the Little cloisters, where the monks' infirmary once stood, and the dark cloister that leads to the Norman undercroft.

Half Bird, Half Animal

The flying fox of Sumatra, one of nature's rarest forms of animal life, grows to enormous size and has the appearance of being half bird and half animal.

TIPS ON [O. T. TRASH] SALESMANSHIP

Talking Back to the Boss

YOU "told him where he got off," didn't you? The boss pointed out a mistake you made, and you just took him by the neck and made him say "uncle," didn't you?

Well, maybe you didn't, but you felt like it. Perhaps, for your own good, you'd better have done it. Then you'd have got fired and it might have opened your eyes.

The boss called you down because he wanted better service in the future. If he caused you to give better service you'd be a better employee, wouldn't you? Well, if you were a better employee, you'd get a better salary, wouldn't you? Certainly you would. And the last person you'd ever thank for it would be the man who jolted you hard enough to wake you up and start you to improving the value of the only thing you've got to sell—your own services.

Talking back to the boss is about the most unprofitable thing in all this world, because he has all the advantage of you. He can stop the argument at any point by telling you to get your money. Of course you can quit, but if you do, you're injuring nobody but yourself, and two minutes after you're out on the street you'll realize it.

Perhaps the boss is angry, and with good cause from his point of view. Perhaps he's wrong, but that's no time to tell him so. You're angry yourself, and you know mighty well your judgment isn't what it ought to be right then. Tomorrow both of you will be able to talk reason to each other. Wait. Think it over.

Perhaps you'll see that you really were not altogether right. In that case drop it. But if you are absolutely sure the boss was altogether wrong, go to him quietly with the facts in the case. But go prepared to prove everything you say.

The main thing so far as your own interests are concerned, is what you think. No person can give whole-hearted service to a superior officer while brooding over a real or fancied wrong. The chances are that you have magnified your injury. But think it over calmly, and don't talk back.

(© 1927, Western Newspaper Union.)

HUGE OAKS FROM LITTLE ACORNS

We printed a letter yesterday from one of our commuter readers who suggested better proof reading. The criticism is a fair one. It has also been suggested that we print a greater amount of news matter. Also a fair suggestion.

Few of our readers realize or know that for the past week we have been publishing The Mid-State Press with insufficient equipment. In explanation of this condition, let us only make the one statement that the job of publishing The Mid-State Press was not a task which we took by choice. It was "wished" on us. Certain prominent citizens were supposed to have assumed the role which we have been forced to take. Nevertheless, we are convinced that the citizens of Plainfield and vicinity want another newspaper.

Canvassers working a short day Saturday morning brought in over 100 paid-up subscriptions and they are meeting with fine success each day. If The Mid-State Press was not wanted there would be no response to our subscription appeal.

On Saturday there was delivered at The Mid-State Press office a Ludlow "ad" type caster and an Elrod machine for making borders, column rules, etc. These two machines will permit us to eliminate a great amount of hand composition and will allow us to get the paper out much more economical.

Other machinery needed to set additional newsmatter will be installed this week. Still more machinery for our stereotype department will be installed within the course of the next ten days, so when we are fully equipped we will be in a position to turn out as good a looking newspaper as is published in the State. Each day our "sheet" improves in looks.

We plan to confine the size of our paper to eight pages until after Labor Day, when with the Associated Press wire service and other added features we will be ready to present the type of newspaper which we will be even more proud of and which you will be proud to read. During our infancy we ask your kind indulgence.

YES AND NO

The New York Times's ditorial of Sunday regarding political changes is worth while. It follows:

The year 1927 was one of unusual activity in municipal affairs. There were significant charter changes, dramatic city elections and some startling disclosures of corruption. Chicago grew to be the symbol of all that is to be decried in municipal government, the optimists can point with pride to the achievements of cities like Rochester and Cincinnati, and take comfort in the fact that even Indianapolis seems to have repented her sins. Summing up the year's municipal elections in an article in the current American Political Science Review, Professor Reed of the University of Michigan concludes that they indicated no general tendency.

Ballyhoo won in Chicago and lost in Detroit. The machine was repudiated in Toledo and accepted in Philadelphia. In Cleveland the regular machines of both parties supported the manager plan against the assault of a popular aspirant for leadership. The ways of democracy are as hard to fathom as ever.

To those who like to look on the sunny side the experience of Cincinnati may be commended. Mayor Seasongood and City Manager Clarence O. Sherrill have made a pretty successful team. In the recent elections both sides pledged their continuing support to Colonel Sherrill. The record of his first two years was concededly one of unusual achievement. Streets which had become almost impassable were rebuilt. Civil service was honestly administered. Contracts were let with economy. In marked contrast to recent experience in Chicago, Cincinnati voters, knowing that the money would be spent wisely, have not hesitated to approve bond issues for public improvements. Detroit, too, gave a good account of itself by electing to the mayoralty a veteran public servant, John C. Lodge, "drafted" by means of petitions signed by 50,000 voters, and triumphant in spite of the fact that during the campaign he did not make a single speech or issue a single statement to the press.

More and more the cities have had to worry about regional problems. The Federal Census Bureau gave timely expression to the modern concept in its latest definition of metropolitan areas. The Port of New York Authority is a familiar example of agencies responsive to the new trend. Philadelphia is the center of an effort to develop a planned Tri-State District. Pennsylvania voters will this Fall pass on an amendment establishing the greater City of Pittsburgh, coextensive with the County of Allegheny. At the last municipal election in Cleveland many suburban residents realized for the first time that they had a great stake in that city "but could do little or nothing to determine the character of its government." As a result there sprang up a movement on the part of various civic organizations to bring about some sort of a federated government for the metropolitan area. Here is a development which will be watched with much interest by other cities.

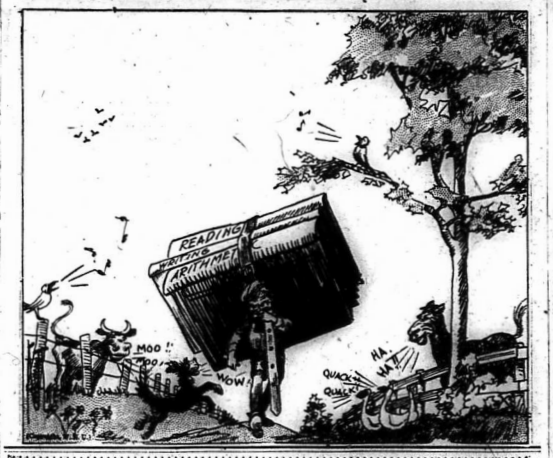
BOY SCOUT CAMPAIGN

The Boy Scout camp campaign to raise $16,000 in Plainfield started Saturday. First announcement of the returns of the solicitors were made last night. Raymond M. Smith is chairman.

The campaign has been thoroughly planned and three hundred men and women of the city are working for its success. There are prizes for the different groups of workers, which will be inscribed to the work. Cups will be given to leading teams, which will be inscribed with their names and placed permanently in the headquarters building at the new camp. In addition to these there will be individual prizes for those workers who turn in the largest number of subscriptions. Chairman Smith having arranged for at least six of these.

As has been told, the Watchung council consists of the Scout troops in this city, Summit, Westfield, Bound Brook, Somerville and the Somerset Hills district of Bernardsville and surrounding towns. All of these towns have held campaigns and have raised a sum which equals that which is sought in Plainfield. This city is the last to do its share in this work, which was made necessary because the camp heretofore used by the troops mentioned is no longer available. The site selected is four miles outside of Glen Gardner, about forty miles from Plainfield, and is ideal for the purpose.

The Last Few Days are the Hardest



LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

To the Editor:

I am awfully glad we have a new paper and I a msure since your paper started there has been news enough for two or even three papers. Then, too, it all happens late in the afternoon or at night. I can't help but wonder if you have been bribing folks with a year's subscription, and so encouraging these fires, murders and sudden deaths.

I think you are overdoing it, because after a while there won't be anyone left to buy the paper. I think it was a bit thick when you tried to burn up Commander Byrd. News is news, but that was too much.

One thing I miss about your paper is the corrections. The paper I have been reading has a nice lot of corrections in it. Every night one can find something like "We want to correct an error in last night's issue. It wasn't Mr. James Brown who died, but his mother-in-law once removed. After we got him buried we found out our mistake. We herewith apologize to the family and hope it will be him the next time."

Then, too, they never seem to make up their minds about ages. If a child dies on the front page they give it sometimes as many as three ages, and the death notice has still another, and a different name, too. The only way to find out the proper age is to add all the ages together and divide by the day of the week. That sort of thing makes a paper interesting. You don't need nearly so many jokes to liven it up.

Of course, I make allowances as you are just starting.

OLD SUBSCRIBER.

To the Editor:

I was out riding with some Plainfield friends Saturday and being a stranger here I was thrilled at the wonderful open country and hospitable people here. I was impressed with the patrolmen at street corners and wish to compliment the citizens on their city in general.—"New Yorker."

To the Editor:

The recent rains have caused me to think of the proposed dam to be erected up in the hills back of Plainfield, and which would be used to dam up waters for Elizabeth and other places I just cannot recall. The heavy rains, I am of the opinion, would make the dam all the more dangerous as I fear that property values in Plainfield and vicinity would drop with the erection of such a dam. Only recently we read of the terrible catastrophy caused in California by the breaking of a similar dam and, for one, strongly oppose any attempts to build a dam in the hills. If Elizabeth needs water why cannot the city get it somewhere besides making a dam in the hills near here. It seems to me that if Plainfield sleeps and then wakes up to find that a dam has been authorized that the people themselves will be to blame for any damage which may result by heavy rains.—Marion P. Hooker.

The Editor:

Having seen your letters to the editor grow and because I have enjoyed them very much, I am taking the liberty of writing in one myself. I will not take the time to tell you that I appreciate the column or the paper. I read it and that is evidence enough of my satisfaction. What I do wish to convey to you is this: That the people in your line in Plainfield are not decent enough to appreciate a little fair competition. A man, claiming to represent another organization, came to my house and asked me to take his publication. I asked him about the new paper and he said it was a stall and would not last. That man sold me The Mid-State Press for ever, although he, like those he worked for, is probably too thick to know it. My name need not be published. I, for one, think any one bank should be put out of business if others think there is not room enough for The Mid-State Press. Keep up your work. They cannot beat your "latest news first" slogan.

Charles Post Kennsington,
Alias K. P. C.

To the Editor:

In your issue of May 16 I was delighted to see so many pictures. At first I thought they were the Plainfielders who had been killed on the streets this last month, then that it was the local Rogues Gallery. When I read the names I was glad I hadn't got a new dress to vote on Tuesday.

I am very glad we still have the same mayor and city judge. After we have a mayor three or four years we get used to him and he gets used to us, so why change? We all make mistakes. We treated the last mayor so rough that he went into a bank. I don't doubt they pay him more there.

I think we ought to pay our mayors more if we want to keep them. Of course, a beginner shouldn't get much, but an experienced man like MacMurray should be worth at least $10 a week!

Mayor MacMurray has had a lot of experience. He won't be likely to let the council buy any more 98-foot ladders. Still, they did use that one to take down a little ten-cent flag last June. You never can tell when they will come in handy, if you keep them long enough.

Then there's DeMeza. He was terrible in that picture, but he is a nice looking man, really. I know, because I have stood before him and looked so sad that he has let me off from a five-dollar fine.

He is the kindest-hearted man I ever saw. Why, they even had to coax him off to Europe before they could clean up Cottage Place!

Yours for tried and True officials.

VOX POP.

To the Editor:

I read Mayor MacMurray's letter in your paper with interest. In it the Mayor says that he wishes cooperation and extends to all candidates, both elected and defeated, an invitation to assist him in making a greater city of Plainfield. I think the Mayor is to be complimented for the article. He has shown himself to be "of, by and for" the people in many respects and this final invitation for friendship and cooperation elevates him in my mind even more and I always was a supporter of him.—"A Former City Employee."

What the GOOD BOOK SAYS

As Rev. R. F. Keeler, D.D., Views It

Q. How was the ancient ark carried?"—J. F. V., Maplewood, N. J.

A. "He put the staves into the rings by the sides of the ark, to bear the ark."—Exodus XXXVII.:5.

Q. Were the Israelite priests allowed liquor?"—M. C. D., Boston, Mass.

A. "Do not drink wine or strong drink, thou, nor thy sons with thee, when ye go into the tabernacle of the congregation, lest ye die; it shall be a statute for ever throughout your generations."—Leviticus X.:9.

Q. What was the ash offering in Moses' day?—H. B. L., Bronxville, N. Y.

A. "One kid of the goats for a sin offering."—Numbers VII.:16

Q. Why do we say "As meek as Moses"?—R. L. K., Annapolis, Md.

A. "Now the man Moses was very meek, above all the men which were upon the face of the earth."—Numbers—XII.:3.

Q. How do the Ten Commandments begin?—G. J. L., Trenton, N. J.

A. "I am the Lord thy God, which brought thee out of the land of Egypt, from the house of bondage."—Deuteronomy V.:6.

Do You Know That—

A close-fitting, brimless hat of black straw achieves a striking contrast with a border of bright red cherries which frame the face and a background of red leaves laid flat against the crown.

A two-piece frock of tan woolcrepe has its shirt and blouse beautifully finished with tooth deep self fringe and boasts an intriguing scarf of beige, yellow and brown print attached at the neck and down the side.

Triangular scarfs of metallic disse in gold or silver, or a color, add a new and decidedly interesting note to the summer evening frock.

DADDY DUSK The Sandman

That afternoon when Joe and Twin and Twinnie got home from school they found old Grandfather Benson sitting on the front porch.

"Hello, children," cried Grandfather Benson. "I've come to visit you for a while." And out of his pockets he pulled a paper bag of peppermints. Grandfather Benson always carried a bag of peppermints.

"Oh, thank you, grandfather," cried all the children as they popped the pink and white-striped candies into their mouths.

The children were always glad to have Grandfather Benson visit them when he came from a neighboring town. For Grandfather Benson was lots of fun. He went walking and grandfather could tell you the names of all the flowers and the birds and bees. The children were sure that Grandfather Benson knew more than anybody in the world—except, maybe, daddy.

Then, too, Grandfather Benson could whittle the nicest things out of soft wood. Once he made a wooden doll for Twinnie, and when he had painted on the lips and black hair and blue eyes it looked like a real baby.

He had whittled wonderful whistles for Joe and Twin. They were louder than any whistles in the store. Grandfather Benson was a great playmate.

If it hadn't been for their terrible secret about the old house, they would have been very, very glad to see him.

But, later, behind the barn, Joe, Twin and Twinnie all sat around and in whispers asked each other:—

"Do you suppose Grandfather Benson has come here because he has heard about his old house being haunted?"

Thoughts of Great Men

Once, when I was younger,
I had a dream.
He was only some time ago.
I dashed my dreams of an ideal world,
(I was only a dreamer, though)
Now I dream of gold, and I'm old.
(Both forgotten, long ago).

—Ruth Rocke.

MR. FIXIT REPORTS

Will you have the proper official inform me, through your paper, why it is that the Chamber of Commerce of The Plainfields does not bring to Plainfield some new industries? It seems to me that something should be done in this respect. The Chamber made a lot of noise some time ago and I want to know if this place is worth staying in or not. If it is going to be nothing but lawns and mansions I'll move.—Frederick McC.

Answer—Mr. O. H. Hewit, secretary of the Chamber of Commerce said yesterday that the Chamber is constantly trying to persuade new industries to come to Plainfield. Several requests for information about Plainfield sites are received every day by Mr. Hewit and although no definite plans have been made by the out-of-town concerns Mr. Hewit hopes that several will locate here this summer. Please don't move, Plainfield is a wonderful city, says Mr. Howit and he is right, adds Fixit.

Mr. Fixit:—

Kindly tell me, through your column, why it is that the Mayor's office is not adorned with a sergeant of police like in other cities? I think the Mayor should have a policeman at his office all the time.—M. J. K.

Answer—Mayor MacMurray thanks the thoughtful sender for the above question. He said everything is orderly at City Hall, that the citizens here are peaceful and law abiding and that, for that reason, he does not need a policeman as guard, host or, or otherwise.

COMING EVENTS

TUESDAY

Lecture by Mrs. Reuben Kaye to the Historical Society in Washington's Headquarters at 8 o'clock.

WEDNESDAY

Plainfield Philatelic Society meets in the Y. M. C. A. at 8 o'clock.

THURSDAY

Solution to Yesterday's Cross-Word Puzzle

CUTEST THING BABY EVER SAID

My little girl was looking at the full moon. "Mamma," she asked, "what do they do with the old moons? Do they cut them up into stars?" MICHAEL CONWAY.

Preserving Vegetables

Cookelized vegetables are those dehydrated by the Cooke-Kelley process. By this method the vitamines are retained and the food will keep indefinitely in powdered form. Spinach, corn and mixed vegetables are among the foods treated in this manner.

Canaries Popular

Americans buy approximately 1,000,000 canary birds a year.

My Favorite Recipe

Cut Out and Pasts in Scrap Book

(Copyright, 1928, by New York Evening GRAPHIC.)

SALMON SOUFFLE

Flake 1 can of salmon, add 1 cup of bread or cracker crumbs, soak in 2 cups of milk. Season with salt, pepper and the juice of 1 lemon; then add lightly beaten yolks of 3 eggs. Fold in last the stiffly beaten whites. Bake in a moderate over twenty-five minutes or so. Serve with creamed potatoes.

AMELIA A. BAILEY.

Let us have your favorite recipe. Paste it on a postcard and send it to "My Favorite Recipe," care of The New York Evening Graphic, 25 Park Place, New York City, and it will go to a host of housewives who are getting their favorite Recipes, of which this newspaper is one.

WHAT WOULD YOU LIKE TO TELL YOUR BOY FRIEND IF YOU DARED ASKS MINISTER AT SUNDAY SCHOOL

WHAT DO YOU ADMIRE MOST IN A GIRL YOU LIKE FOR A FRIEND TO BE ASKED SUNDAY

ould You Be Interested In A Girl Not A Necker, He Asks

The Young People's Association of the Watchung Avenue Presbyterian Church, North Plainfield, have adapted a questionaire plan at every Sunday evening meeting which takes place at 7:00 o'clock. The questions being asked by the pastor of the church, Rev. David J. Spratt, are in the form of mimiographed copies and each member receives a copy and answers these questions to the best of his or her knowledge.

This plan has not only afforded great amusement but is putting questions into the minds of the young men and women which are of vital interest and importance, he said.

The following are a number of questions submitted last Sunday. These five questions were asked of the girls.

What do you admire most in your boy friend?

What are his worst faults?

Does a boy have to spend his money on you to hold your friendship?

What would you like to tell your boy friend if you dared?

Would you prefer that he did not smoke cigarettes?

The following four questions were asked of the boys:

What do you admire most in a girl you like for a friend?

What are the worst faults in the girls you know?

Would you be interested in a girl who was not a necker?

What would you like to tell your girl friend if you dared?

The following six questions will be asked at next Sunday's meeting which begins at 7:00 o'clock.

Does the amount of money we spend determine whether or not a good time is had?

Does it take a crowd to have a good time?

What kind of an evening do you prefer?

Entertainment?

One in which you learn something?

Athletics?

An evening of serious study?

An evening with father and mother at home?

An evening with father or mother for entertainment?

What kind of amusements do you like best? List them in order of preference.

Do you see any dangers in any of them, and why?

MAYOR AWARDS PRIZES TO CLEAN-UP WINNERS THIS MORNING

Mayor James T. MacMurray will award the winners of the prizes for Mayor's Clean-up Week, when they gather at his office at the City Hall at 9 o'clock this morning to receive the prizes.

Health Officer N. J. R. Chandler will also be present at the ceremonies.

As well as Mrs. Emmet A. Quarles, Mrs. Edward V. Cox and Mrs. Wilbur Rogers, vice chairman of the committee, of which Mrs. A. J. Glaeser was chairman.

QUORUM FAILS; JOINT SEWER MEET ADJOURNED

The absence of a quorum caused the postponement of the meeting of the joint sewer committee of Plainfield, North Plainfield and Dunellen, which was scheduled to have been held last night at City Hall. The meeting has been set again for next Tuesday night at 8 o'clock. Neither Plainfield nor North Plainfield has a majority of councilors at City Hall.

SWIMMING CLUB OPENS SEASON

Fifty members have registered with Miss Helen A. Schley and Miss Muriel Aerner, instructors of the Recreation Commission's Business woman's swimming club. This club offers excellent instruction in swimming and diving for those who are interested in that sport.

Thursday night of this week between 7:15 and 8:30 P. M. at the Plainfield High School pool, three classes will be taken care of by the Misses Schley and Aerner. These classes will be divided into beginners, intermediates, and plungers. This is the first meeting of the club and it is hoped that the interest will stay on the same level as it was at the time of the organization meeting at the City Hall last week.

Ten successive lessons will be offered.

GRANGE TO HOLD DANCE

Members of the Mount Bethel Grange will hold a dance and entertainment in the Grange Hall Saturday evening. There will be dancing from 8:30 until 1 o'clock.

HADLEY FLIER IS KILLED AT RICHMOND, VA.

Edward J. "Pat" Morrisey, Pittsfield reserve pilot at Hadley Airport, was killed yesterday morning when the South Plainfield bound plane he took off from at Richmond, Va., spun into a nose dive.

Morrisey was returning to Hadley Airport for the first time in a few days. He was due here yesterday noon with mail from Atlanta. This is the sixth accident the Atlanta mail has experienced since its inauguration 18 days ago.

The pilot was not so well known to Plainfield, his home being at Aurora, Ill. He leaves a widow and three children. According to dispatches from Washington the flyer was considered one of the best in the service. The fatal crash came as he was leaving the ground in a fog and it is assumed he became confused.

C. R. S. WILL HOLD END OF SEASON DANCE FRIDAY NIGHT

The closing social activity of the season for the Community Recreation Society will be held Friday evening in the Washington school, Darrow avenue, when the monthly dance will be held. Music for the dancing, which will last from 8:30 until 1 o'clock, will be provided by Santoro's Collegians.

PLAINFIELD HARRIERS

The Plainfield Harriers, an athletic club recently organized, will hold a work out at the Plainfield High School Track under the personal direction of Johnny De Marco, local long distance runner, Wednesday evening, at 7 o'clock. Members of the organization and prospective members are urged to be on hand as the club wants to get started on their season's work. A real schedule is being arranged for the men competing in all forms of track and field events and the club seems to have every inclination of becoming a worthwhile institution for the boys of this city.

POSTAL CLERKS MEET SATURDAY NIGHT

The Plainfield local, National Federation of Post Office Clerks, will hold its regular meeting Saturday night at 8 o'clock in the Ball-Kirch Post rooms, Somerset street and Lincoln place. Music and refreshments will be served by a committee, Nick Diodoardo, Fred Letter and Norman Lowrie.

Self Stoppers

Many men will go just so far and then stop. With the prize almost within reach they will not put forth that last little ounce of energy and effort.—American Magazine.

SCOUT CAMPAIGN REACHES UPWARD INTO THOUSANDS

Total Now Six Thousand and Forty-four Dollars

Whoopee, the Boy Scout Camp Campaign thermometer of the Plainfield District's proportion of $16,000.00 relative to the principal, $20,608.00 is going up. The third authentic report being $6,044.00.

The Plainfield District Watchung Council, Boy Scouts of America asks your cooperation in a campaign to raise Plainfield's share of the necessary amount of money to pay for the purchase of and properly equip and improve the Scout Camp Site of 250 acres.

This tract lies in a beautiful valley four miles iron Glen Gardner, between the Musconetcong and Schooley's Mountains, 29 miles from Plainfield via Somerville and Clinton.

A series of mountain springs located on the tract will furnish an abundant supply of pure water to be piped to the Tent Area, Headquarters and Mess Hall, for drinking and culinary purposes.

The mountain stream known as Spruce Run flows through the Tract and will give an ample supply of water to provide for all the needed Water Activities of a Scout Camp.

A large Dining House, one of the three houses on the tract, will provide ample accommodation for Camp Headquarters, Post Office and Trading Post.

Two sets of farm buildings will provide ample accommodations for the care taker, and for parents and friends who visit the camp and may desire to remain over night.

A new mess hall to accommodate 200 persons, and a building to provide for the housing of the camp museum and the work shop, will be built near the headquarters and the tent area.

Sanitary engineers have planned the equipment and installation of an up-to-date sewage and garbage disposal system.

A more sanitary, modernly equipped camp is beyond realization and it is also accentuated that the camping life and activities of your boys for this summer is under council and being planned upon by men highly versed on the conditions and necessities of this wonderful work. Let it be emphasized that whatever is given towards this, one of the greatest movements of history, is given not only for the temporal benefits to be realized in the acquisition of one of the most beautiful ideas of camp life, but the recollections in the future years to come, when your boy will appreciate having had the opportunity to serve as a member of the Boy Scouts of America ,will carry with him the spirit of outdoor living.

The Scout Headquarters is located at 121 Watchung avenue and is always aflame with the enthusiasm of a new and prominent business and professional men and is the executive and advisory committee of which Raymond M. Smith of Plainfield is chairman. Advisory Committee, Hon. J. T. MacMurray, Hon. Alexander Milne, Rev. B. M. Bogan, W. Carter, Jr., Hon. Stephen Calkins, Rev. Arthur S. Bevan, H. T. DeForest, A. M. Harris, Hon. C. E. Lobrano, Rev. John J. Momeni, D. D. William D. Murray, Roger F. Morray, J. G. McLaughlin, Mrs. Frederick G. Mead, Hon. William N. Newcorn, Harry H. Pond, R. S. Rowland, Hon. Percy H. Stewart, C. B. Tyler, Max Tenner.

Executive Committee, J. Whitney Baker, Edward V. Cox, H. Douglas Davis, Howard C. Foster, Leslie R. Ford, W. Lester Glenney, Charles Gilman, Myron Geddes, secretary; P. F. Hentschel, W. G. Harman, Roger D. Mellick, Norman Nelrn Boyle T. Phillips, Roland D. Rice, Jr., Searing, J. P. Stevens, Rahwd B. Sayles, treasurer; W. S. Tyler, and P. F. Wish.

The chairman of the publicity committee is Leslie R. Ford, of 945 Cedarbrook road and assistant publicity committee, Joseph A. Gillespie of 612 West Sixth street.

The organization activities are divided into three groups, namely group A, lead by Douglas Davis; group B, by W. G. Harman, assisted by Roger D. Glenney, group C, by Boyle T. Phillips.

Each of these groups have assigned to them the loyal cooperation of a number of solicitors.

BIG BUSINESS REVIVAL FORECAST FOR BRITAIN

The British Empire will experience within the next twenty years the greatest industrial renaissance of modern history, in the opinion of Robert W. Johnson, vice-president of Johnson & Johnson, of New Brunswick, N. J., who has just returned from Europe.

CITY OFFICIALS TODAY GIVE WAY TO SCHOOL STUDENTS WHO MAY BECOME LEADERS THEMSELVES

Plainfields Mayor Will Be Ormsbee Robinson From One Until Three This Afternoon

The future presidents, mayors, councilors and city officials of the country will "hold office" in Plainfield today, when "Mayor" Ormsbee Robinson and his youthful staff will invade City Hall and oust the recently elected group or city fathers.

Final rehearsals were held by the boys and girls last night after several days of study of municipal affairs and the "gang" feels quite confident that the business of the city will be handled in a manner that may surprise the older and more experienced politicians.

"Hizoner," Ormsbee Robinson will be in Mayor MacMurray's office from one until three o'clock this afternoon when he will receive reports of his subordinates and, we hope, interview newspaper reporters. Other junior officials will be in their respective chairs; City Engineer Joseph Morrison will take a trip through the city on a tour of inspection of the work of that department with City Engineer Alexander W. Varr, and City Judge William G. DeMeza will be replaced on the bench this morning by William Reed. An entire new city government, including even firemen and policemen, will hold sway.

This evening the new common council will meet in the City Hall chamber when President of the Council Richard Riley will conduct a parliamentary meeting. What business is to come up remains to be seen though it is expected that the session will be quiet and without any fireworks. Upon adjournment of the council meeting the youngsters will become boys and girls again and only the announcements of future candidacies will be needed for a perfect ending.

The junior officials follow:

Mayor, Ormsbee Robinson; City Judge, William Reed; Tax Collector, Donald Correal.

Councilmen-at-Large, Elizabeth Egan, Janet Miller, Dick Riley; Councilmen: first ward, Russell Randolph Jane Williams; Councilmen, Second Ward, Anna Ewald, William Greisinger; councilmen, Third Ward, Esther Jensen, Katherine Koch; Councilmen, Fourth Ward, Isabel Morrison, Donald Smith.

City engineer, Joseph Morrison; clerk of board of assessors, Anna Boyd; chief of police, Bart Vivlano; captain of police, Trowbridge Sweet; lieutenant, Clifford Rowley; sergeants, DeHart Krans, Lewis Morse; patrolmen, Herbert Cragin, Richard Crane, John Bicknell, John Wilmot.

City clerk, Emilio Deaverninc; chief of fire department, Edward Hildum; deputy chief of fire department, Harrison Crane; captain of fire department, Dan Jensen.

Firemen, Main House, Robert Cragin, Bob Lippincott; firemen, Netherwood House, Carlton Gerdsen, fireman, West Side, Richard Hastell.

Corporation counsel, Benjamin Tepper; health officer, Lewis Schloss; members of school board, Janet Gilman, William Morrison, Evelyn Farland, Beatrice Rosenberry, Pace Van Middlesworth; page to council, Fred Wright; social worker, Roberta La Vie; stenographer to council, Jeanette Weintraub.

ARMY PLANES FORCED DOWN IN RETURNING FROM BREMEN

STONINGTON, Me., May 23.—Two army amphibian planes, which are returning from Greenely Island, were forced to descend here today on account of a heavy fog that made further flying dangerous. The planes made the trip to Greenely to assist in getting the Bremen off.

They left Eastport shortly before 7 o'clock and made their forced descent here about two hours later. The pilots of the planes stated that they would hop directly to Boston when the fog lifted.

PROGRAM SET FOR L. OF W. V. CONVENTION

State League Meets in East Orange Tomorrow and Friday

Following the eighth annual convention of the National League of Women Voters, the 'State League will hold its eighth annual convention tomorrow and Friday at the Women's Club, William and Prospect streets, East Orange.

The opening session will be taken up with reports of officers, Mrs. Harriman N. Simmons, president of the New Jersey League, presiding. There will be a gala finance luncheon, with Mrs. Theodore Fellens of Montclair presiding. Miss Louise Griffith, assistant treasurer of the National League, will speak and Miss Hildegarde Halliday, formerly of the Theatre Guild, New York, will appear in character sketches.

At the afternoon session, Miss Gertrude Ely of Bryn Mawr, counsellor for new voters, and Miss Marguerite Woolley of Montclair will also address. The latter will represent the state at the national convention in Chicago.

Mrs. Edward V. Cox, president of the Plainfield League, will preside at a joint conference of delegates to the convention and representatives of college leagues, which will be held in the afternoon. The conference will be followed by a tea in honor the delegates and guests, given by the League of Women Voters of the Oranges.

The following Plainfield women will attend the convention as delegates or alternates:

Mrs. Howard M. Cahoune, rMs. A. J. Glaser, Mrs. H. A. Pratt, Mrs. H. T. B. Chase, Mrs. H. Bausch, Mrs. C. G. Munro, Mrs. George R. Middleton, Mrs. Percival S. Browne, Mrs. A. Russell Bond. Mrs. Robert S. B. Rainbrith, Mrs. Edward V. Cox, Mrs. Edwin Treat and Mrs. Samuel T. Carter, Jr.

"What will the modern girl be a decade hence?" inquiries a worried contemporary.

"Oh, just about a couple of years older, brother.—Boston Transcript.

$10.00 Coats, $10.00 Dresses, both for $15. See Hoffman's ad on page 2.—Adv.

GRANT AVENUE JOINT HEARING TO BE MONDAY

A joint meeting of the Committee on Streets and Sewers and the Commissioners of Assessment, at which residents of Grant avenue will be given a final chance to protest the tax rate on property affected by the recent improvement, will be held on Monday night, May 28, in the City Engineer's office.

Since it is to be an open meeting, Joseph Romanoski, defeated candidate for councilman, has been leading the protesting residents in their fight against the rate, will be present to ask both bodies why the rate differs in three instances on Grant avenue. Other property owners are expected at the meeting to lend their support to Romanoski.

The meeting will probably bring to a close the argumentation between officials and residents for, once and for all, all three groups concerned will be in session together, and should thrash the matter out and come to some agreement.

Film Fame Blazed Trail To New York for Hersholt

By BETTY COLFAX

New York, Thursday:—Among the prominent residents of Hollywood, a visit east means a return to the scene of what was once their obscurity. But Jean Hersholt, the latest to explore, for the first time in his life. And New York, which has already lionized the celluloid Hersholt, is seeing the Danish ticker light for the first time in the flesh. Both are more than satisfied with the reality of a cinema illusion.

Hersholt finds the real New York even more interesting and attractive than all his dreams of the city, centered by his work performing on a Broadway or a Ghetto that ran the full length of a studio lot. His admirers could do naught but return the compliment since Jean Hersholt in person is all that the screen figure promises—and much more, the pleasant surprise including a charming, attractive wife, and a peppy youngster of a son, Jean, Jr.

When Hersholt came from Denmark many years ago to find a stage career in America, he tried out his luck in Montreal and it was from that city that he went directly to California. So he never really saw this city until Tuesday, when the Broadway Limited deroaited his party in the Pennsylvania station. In the intervening fourteen years since he followed good advice and went west, Hersholt has always wanted to see New York. He'll see as much of it as he can within the next few days.

The Metropolitan Museum of Art and Texas Guinan are two local institutions that will get his immediate concern before he starts on his next starring vehicle. "Tea Girl on the Barge." This is the picture which Howard Hawks will make here for Uni-versal with Sally O'Neill in the leading feminine role.

Mrs. Hersholt, naturally, has her eye on the smart shops, and Phyllis Haver, who played with M. Hersholt in "The Battle of the Sexes," was the guide yesterday afternoon on a regular shopping orgy that brought innumerable packages to the Hersholt suite at the Ambassador.

SOMERSET STREET TO RIVAL FRONT IN NEAR FUTURE

Reports Of New Theatre and Sunday Concerts Add To future Of Wide Thoroughfare

Somerset street is coming into its own.

And nothing short of a new, modern theatre, catering to stock, musical concerts, lectures of major importance and what not are going to make it so, according to unconfirmed reports, although apparently secure.

Reports have it, and as David Rogers, manager of the Walter Reade's interests here is absent, they will have to remain, reports, that a syndicate of Union and Somerset County men have made arrangements to take over a piece of land on Somerset street inside the North Plainfield line, there to erect a costly and spacious theatre. The reason North Plainfield was chosen was not because the borough allows anything there in the way of entertainment that Plainfield does not but because initial costs, so important, are lower, it is understood.

Mayor Alexander Milne said last night the theatre Sunday law was the same in North Plainfield and Plainfield. In Plainfield no Sunday shows are allowed and will not be for another three years as Mayor James T. MacMurray will continue on and he is opposed to Sunday plays as long as the State law forbids.

However, with Somerset street soon to cater to Sunday concerts of the better type and with stock playing during the week, old timers who know the situation here predict that the time is not far distant when Somerset street will rival Front street in many respects.

MENS CLUB ADOPTS NEXT YEARS PROGRAM

Officers and members of the Executive committee of the Men's Club of the Presbyterian Church met in the home of E. H. Johnston, 157 Lincoln Road, Westfield, and the following program for the coming year was adopted. October 16, annual banquet; November 4, Sunday night church service, Men's club in charge; November 23, Father and Son Thanksgiving dinner; December 17, open meeting; February 15, father and daughter night; March 14, reception and joint meeting of all Men's clubs of Westfield; April 11, Ladies' night. The annual meeting will be held some time in May.

The Executive Committee is composed of the club officers and Chairmen of the various standing committees as follows: President, E. H. Johnston; vice-president, Byron D. Stuart; secretary, Rowland Mather; treasurer, Frank Hazeltine; entertainment, Robert C. Taylor; membership, Walter L. Bunnell; social, Charles W. Gibbs; acquaintance, Charles Clark; publicity, Preston W. Eldridge; church activity, Charles A. Philhower; triangle class, J. H. Scott.

CONCERT AT NEWARK INCLUDES WESTFIELD AND SOMERVILLE CLUBS

Robert G. Doherty of the Westfield Glee Club and H. C. Bigelow of the Somerville Male Chorus will conduct their clubs in a joint concert with nine others at the Newark Armory tonight. The eleven clubs, which compose the North Jersey District Council of the Associated Glee Clubs of America, will sing their own and joint selections including the two from this vicinity, two accompanists, and a guest soloist, Miss Ethyl Hayden, soprano.

CLAIMS FANWOOD BOUND TO BECOME PART OF CITY AS POPULATIONS GROW

SOME TIME NECESSARY TO THAT END, SAYS FORMER SENATOR IN INTERVIEW AT CITY HALL

Plainfield Must Wait For Fanwood To Make First Move, He Says

Plainfield's annexation of Fanwood, which has been a prominent subject of discussion among the residents of both communities of late, will eventually come about, according to Corporation Counsel Charles A. Reed of Plainfield. Fanwood, if it continues to grow, he says, will necessarily have to have city facilities such as fire, police and sewage disposal systems and it will be cheaper in the long run for the borough to join the city nearest it.

No official move has been made by either Plainfield or Fanwood authorities for the simple reason that the matter has not been brought to their attention either by petition or public suggestion.

Plainfield would naturally agree to any such proposition, it seems, though it will undoubtedly wait for Fanwood to take the initiative. In other words, it is the opinion of the local officials that any attempt to take over Fanwood would result in immediate objection on the part of the residents of the borough and Plainfield would not seek the annexation unless all parties concerned were agreed.

Although he said that it will take quite some time to bring about the annexation, Corporation Counsel Reed cited several important and interesting reasons why, eventually, Plainfield will take in the adjacent borough. At the present time Fanwood has no sewage disposal system and its possibility of establishing an individual one would, on account of the high cost, be very vague. If the population continues to increase, Fanwood will need a plant of this kind and the cheaper way out would be to come into Plainfield and get the benefit of the local system. Other necessary faqilities would be gotten in this manner.

In answer to the prevalent talk that Fanwood residents would have to pay much higher taxes if their community were made a part of Plainfield, Mr. Reed points out the fact that they would pay taxes to those of Plainfield and receive equal benefits. Though it is conceived that at the present time, Fanwood would not gain greatly by the annexation, in a few years, when both places will have larger populations, the joining of the borough and the city will be almost a necessity. State and county legislation could easily cause the proposed annexation, he says.

Corporation Counsel Reed is considered excellent authority on matters of this kind, both legally and politically, and his comment will undoubtedly interest those who are considering the proposal.

BE REGULAR AND CAST A VOTE ON PLAN TO ANNEX FANWOOD

With Corporation Counsel Charles A. Reed last night again bringing up the question of the proposed annexation of Fanwood by Plainfield, The Mid-State Press decided to conduct a straw vote to determine, for fun, to what extent the people here and in Fanwood are interested.

If you favor the annexation of Fanwood mark X after Yes. If you are opposed to the annexation of Fanwood just mark X after No. Mail this ballot to The Annexation Editor, Mid-State Press, 222 West Second Street, Plainfield, N. J. This is not a contest and no prizes are to be given.

I desire to cast my vote on the Fanwood-Plainfield annexation plan.
I wish to vote YES. . . . . .
I wish to vote NO. . . . . .

MR. AND MRS. ALLEN ARE SURPRISED

About 40 friends of Mr. and Mrs. Percy G. Allen, 413 West Second street, Monday night suprised them with a celebration in honor of their 18th marriage anniversary.

Mr. Allen, a painting contractor, and Mrs. Allen were married in St. Mary's Church. Rev. B. M. Bogan, the present pastor, officiated at the ceremony 18 years ago. Refreshments and dancing were enjoyed at the celebration.

PLANE LANDS AT MORGAN

Late Monday afternoon a Travel-Air plane, which was flying from the Newark airport to South Jersey, developed motor trouble over South Amboy and made a forced landing in a rough field near Morgan.

The pilot avoided a serious crash by clearing trees and wires but managed to land on an even keel. Both pilot and passenger were shaken up with slight damage to struts of the left wing. The plane had not been moved last night.

CHURCHES WILL HOLD PATRIOTIC SERVICE

Following custom, the congregations of the Presbyterian, Methodist, Congregational and Baptist churches of Westfield will unite in a patriotic service Sunday evening at the Presbyterian Church. This service is usually held on the Sunday preceding Memorial Day and the congregations of the churches of Westfield are invited to participate. On this occasion the patriotic organizations of the town also take part in this service.

The speaker at this union service will be the Rev. Frank K. Sanders, pastor of the First Presbyterian Church of Roselle.

The patriotic organizations will meet in the old Parish House at 7:45 o'clock and from there will proceed to the Church bearing their colors. Girl Scouts will act as ushers.

Y. M. C. A. DIRECTORS MEET TOMORROW

The annual meeting of the directors of the Y. M. C. A. of Westfield will be held in the office of General Secretary Arthur D. Murray tomorrow evening. Officers, directors and a board of trustees will be elected for the ensuing year.

LAST REHEARSALS HELD BY THREE GROUPS IN DRAMA TOURNAMENT

Direct preparations for the drama tournament that will be held Thursday and Friday evenings, May 24 and 25, respectively, when the Community Players, the Y. W. C. A. and the Y. M. H. A. players will meet in the Y. W. auditorium, The Parish Players, Roselle Park Dramatic Society, Dunbar Dramatic Club and DeMolay Players will rehearse last night.

This will be the fifth annual tournament, when various amateur dramatic groups about the city compete for the Walter Reade trophy. The cup which has been won by different groups each year, must be won three times to become the permanent property of the organization.

Each of the groups competing this year will present a one-act play.

BEG PARDON

Due to the lack of police information, it was erroneously stated in yesterday's issue that James McDonald attempted suicide at the home of Thomas B. Dickerson at 71 Westervelt avenue, North Plainfield. The correct name and address was John Dixon of 163 Westervelt avenue, at which home the affair occurred, according to the police yesterday.

Why Hesitate?

You need have no fears that classified advertising will not pay you large returns. All around you are many enthusiastic boosters—people who have been using these little ads and know how they get results.

A classified ad in The Press does not cost you very much, will not cause you any worry and will amaze you with its power for accomplishing what you want done.

SUBMARINE HERO WILL TALK AT WESTFIELD

Commander Edward Ellsberg, who worked so gallently to raise the ill-fated submarine S-4, is to speak at the sixth annual dinner of the College Men's Club of Westfield, which is to take place in the Echo Lake Country Club tomorrow night. Mr. Ellsberg was in the class of '14, U. S. Naval Academy Construction Corps. He is a resident of Westfield and is a member of the College Men's Club.

The dinner will start at 7 o'clock. The entertainment committee has arranged with the Echo Lake Club for the use of the links for any of the College Club members who care to play during the afternoon. Those wishing to take advantage of this should make reservations with William H. Orr.

The club quartet will again be in evidence at the dinner. The usual reports from the scholarship committee, together with the election of officers for the coming year, will take place.

The College Men's Club now has 260 members in good standing, representing over sixty institutions in the United States, Canada and Europe. Every resident of Westfield who has ever attended a recognized college or university is eligible to membership.

The proceeds from the dues are entirely devoted to rendering financial assistance to Westfield boys who are working their way through college. The aim of the club is to assist four boys in this way.

MRS. EDGAR CELEBRATES EIGHTIETH ANNIVERSARY AT METUCHEN HOME

Mrs. C. S. Edgar joined the ranks of Metuchen's octogenarians yesterday and kept open house to celebrate the event. She was visited by many friends who called to wish her many happy returns of the day.

One of the largest delegations was one of thirty members of the Woman's Christian Temperance Union.

The home was beautifully decorated with flowers and Mrs. Edgar was assisted in receiving by several friends.

Her son, Albert Edgar, made Mrs. Edgar a present of a new car.

Mrs. Edgar insists that she feels as young as she did 40 years ago.

Miss Agnes Maura of Brooklyn is visiting her.

LIONS CHALLENGE ROTARY AT GOLF

A golf match is being arranged between the Lions and the Rotary clubs of Westfield, to be played during the coming week. A challenge from the Lions was read and accepted at the regular luncheon meeting of the Rotarians, held in the Elm Tree Inn yesterday. Irvine B. Johnstone was named as chairman of the committee of arrangement.

One of the conditions of the challenge is that the president of each club shall be a member of the team. President E. P. Crow of the Lions club is said to have a Civil War record, for the last time he played golf, he went out in 61 and returned in 65. Rotary President Fred P. Doerrer is also an admirer of the game.

Rev. Dr. McKinny of the Presbyterian Church gave a talk on Scotland and Ireland.

A large delegation of members of the local club are planning to attend the annual scholastic meet in Plainfield on Saturday. The Westfield Athletics have won the trophy two years and if they win this year, the cup remains permanently in Westfield.

F. L. Woolhouse, an accountant, was elected to membership in the club. Visitors from Plainfield, Cranford and Dunellen were present and the meeting was directed by Fred R. Doerrer.

The club adopted resolutions expressing regret and sympathy to the family of the late Frank Miller, and a copy of these will be forwarded to his family.

CURRANT BUSH INJURES METUCHEN MANS EYE

Ernest Hancock of Metuchen is suffering from an injury to one eye, sustained when he was cutting a dead limb from a current bush. Another branch flew up and struck the eyeball, injuring it severely, though it is not believed he will lose his sight. He is under care of Dr. Hawley of New Brunswick.

HASULAK FINED IN NORTH PLFD.

[illegible] man an [illegible]kan a John Hasulak of 637 Webster place was fined $200 after he had pleaded guilty to a charge of drunken driving before Judge Grover F. Kipsey in North Plainfield Police Court yesterday morning and his license was revoked for a period of two years.

Hasulak was arrested shortly before ten o'clock last night after his car had collided with one owned by Louis Z. Weiss, local druggist, of 14 Craig place, near the latter's store at Somerset and Craig place. He was examined and found intoxicated by Dr. L. D. Henn, who treated him for a slight cut on the nose.

MINISTER TAKES BRIDE AT HOME OF H. C. PIERCE

The home of Mr. and Mrs. Hugh C. Pierce, 305 Stelle avenue, was the scene of a pretty wedding yesterday afternoon, when their niece, Miss Mildred Wyckoff, daughter of Mrs. M. S. Wyckoff of Woodstock, New York, was married to the Rev. Harvey Ira Todd of the same city.

The ceremony was performed in the living room decorated with early summer flowers and before a bower of palms, by the Rev. Dr. M. Oberholtzer, a friend of the bridegroom and pastor of the Lutheran Church of Woodstock. Only the immediate members of the family and a few friends were present.

The bride was attended by Mrs. Robert Anderson Carter, Jr., of the family and a few friends were present.

The bride was attended by Mrs. Robert Anderson Carter, Jr., of Brooklyn and Rev. Mr. Todd had his brother as best man. Miss Wyckoff's gown was of white canton crepe and was trimmed with duchess and rose point lace that had belonged to the grandmother. She wore a tulle veil and carried bridal roses. Mrs. Carter was gowned in pink taffeta and carried pink roses.

Following the ceremony, the couple left for a trip to northern New York and will make their home in Woodstock, where Rev. Mr. Todd will continue his work with the Dutch Reform Church.

Mrs. Todd is a graduate of the Adelphia Academy of Brooklyn and Rev. Mr. Todd was graduated by Rutgers College and Theological Seminary.

SOUTH PLAINFIELD

MRS. ISABELLE SMITH DIES IN SONS HOME

Mrs. Isabelle Smith died early yesterday morning at the home of her son William of Durham Road, South Plainfield, after a short illness, in her sixty-fifth year.

Mrs. Smith, a native of Rhode Island, has lived here twenty-five years. She is survived by two daughters, Mrs. Mary Snedecker of 10 Fritz Place, North Plainfield, Mrs. Lora Mercier of this city and three sons Charles, Theodore and William, all of this city.

The funeral will be held Friday afternoon from the home of Mrs. Snedecker. The time will be announced later.

The first of a series of card parties will be held tomorrow evening by the Sacred Heart parish committee. All games will be played and there will be prizes and refreshments. John Finnerty is chairman of the committee.

CHORUS GIRLS SHIP CANDY TO MARINES STATIONED IN NICARAGUA

Four hundred pounds of candy, to be dropped from airplanes to the marines stationed in the remote parts of Nicaragua, were presented by the chorus girls of the Greenwich Village Follies to the Marine Corps. Notes and photographs were enclosed by the girls.

SPEED CHAMP, SUED FOR BREACH OF PROMISE, KNOWN AT NEW MARKET

Raymond Keech of Philadelphia, well known to local autoracing fans since his appearance at the New Jersey Speedway, New Market, as he is to racing fans all over the world, since he broke the world's speed record at Daytona Beach, Fla., recently, has been made defendant in a suit for $150,000 for breach of promise, instituted in the Circuit Court at Atlantic City.

Isabella Olivello of Atlantic City, the plaintiff, claims that Keech represented himself as single, whereas he was married, and that he promised to marry her on May 9, July 4 and September 17, 1924. He denied the charges and was held in $5,000 bond to insure his appearance at the trial.

Keech, who captured the sweepstakes at the last Flemington Fair, will appear at the New Jersey Speedway again this Summer, and is booked for the next Flemington Fair.

DOROTHY CALKINS DESCRIBES JUNIOR LEAGUE CIRCUS

Ardent Worker Writes Thrilling Account Of What To Expect

By DOROTHY CALKINS

The stupendous three day Circus Fair, which will be given by the Junior League, May 31, June 1, and 2, for the benefit of special needs of Muhlenberg Hospital, is fast becoming the talk of the town. On every street corner are groups and clusters of people who are discussing their favorite features in the amazing program which will be offered. Automobiles, with their blue and white circus fair tire coverings can be seen everywhere and the very air is full of bustle and excitement. The chairmen for the Circus Fair, assisted by their many willing friends, are working tremendously hard to insure a three day carnival which Plainfield will never forget and as the time approaches they are working double time going over every little detail, smoothing out every little wrinkle. People have no idea of the immense amount of work necessary for an undertaking of this kind and in order to give them a little glimpse "behind scenes" we will take a short journey around with stops at various houses. We will begin with a barn which was corralled by the chairman of costumes and decorations for her work. Here, under her capable and efficient direction, Junior League members are working in morning and afternoon shifts painting, sewing, measuring and drawing. In her house the sub chairman of this committee is getting together the material for the costumes and is cutting it out for each individual member. In another part of the town the chairman of Circus attractions is busily engaged in hiring manageries and performers and making sure that no one has forgotten his contract. The chairman of the fascinating midway is one of the busiest as she has charge of the Whippet races and pony polo as well as the many intriguing games of skill. The Tombola chairman is employed in collecting and arranging for the fifteen hundred articles which will be found there ranging in value from fifteen cents to two hundred dollars. Every number brings a prize. The chairman of construction and the chairman of the grounds have a tremendous amount of work on their hands right now. Construction has begun and the many people passing by linger to watch the proceedings in Kenyon Gardens. Telephones are being installed and electric light wires strung up. The chairmen of the tea rooms, shops and dancing are up to their ears preparing for the tremendous crowds which will have to be accommodated, and in fact every Junior League member is working with every ounce of energy of which she is capable.

Several brand new features have been planned one of them being an exclusive automobile exhibit by the Plainfield Motor Company, of the newest Franklin car models. There will also be the most unusual free balloon trapeze act and we know by the all wise tuned skyward for this performance. The Y. M. C. A. are staging free acrobatic acts and girls from the Y. M. C. A. are rehearsing daily for a specialty dancing number which will be offered several times daily.

Watch The Mid-State Press for all further programes and advertisements.

DRY CLEANING PRICE CUT BY WHOLESALERS

Wholesale dry cleaning prices today dropped sharply in New York as the result of arbitration between the wholesalers' and retailers' organizations.

The $1.25 charge for dry cleaning suits will become $1, while sixty-cent items will drop to fifty cents.

ENTERTAINS AT TEA

Mrs. Walter Miller McGee, 101 Rockview avenue, North Plainfield, is entertaining at a bridge-tea in honor of her daughter, Mrs. Herbert Sperry DuCret of Brooklyn. Mrs. DuCret was formerly Miss Elizabeth McGee.

MARGARET MORSE WINS WITH MISS MUFFETT

Cross Country Riding Club At Annual Meet Of Hartridge School

Miss Margaret Morse, riding Miss Muffett was awarded the silver cup presented by the Cross Country Riding Club at the annual riding meet of the Hartridge School yesterday afternoon. Many students took part and the riders were divided into six classes. The affair was staged under the direction of Thomas L. Dickson, riding master, and Edward S. Kuenstler, ring master and the judges included Harvey Fisk, Roger D. Mellick and Charles M. Newcombe. Blue, red and white ribbons were awarded to the class winners.

The cup was awarded for championship riding in Class four, in which the winners of the first and second ribbons of classes one, two and three competed. Miss Mary Blake, riding "Freckles," was awarded second place, and others competing were Katharine Brown, riding White Foot; Marion Robbie, Vanessa, Helen Butterfield, Carnation and Mary Barlow, Black Bottom.

Little Miss Morse was the winner of first place in class one, which included children who had not reached their thirteenth birthday. Miss Brown, on Don Q was second in that class and Miss Denise Underwood, on Ginger, third. Others who rode were Joanne Fargo, Charge; Louise Fargo, Bunny; Lucy Jeffcott, Piebald; Catherine Ginna Mellick, Ginger; Betty Schoonmaker, Monkey; Jean Schoonmaker, Sister; Ridgley Vermilye, Gelsha and Margery Welles, Harmony.

In Class Two, which included girls who had passed their thirteenth birthday birthday but had not reached their sixteenth, Mary Blake, on Freckles, was the winner. Marion Robbie on Vanessa and Jane Cleaver on Red Boy were second and third, respectively. Other riders included Betty Cox, Sally Morgan; Rosemary Demarest, Bunny; Lucie DuBois, The Skipper; Gertrude Harrison, Actress; Doris Laing, Piebald; Marjorie Schuyler, Lenox and Cornelia Vermilye, Pinewood.

Miss Helen Butterfield on Carnation was the winner in the third class, for girls who had passed their sixteenth birthday. Miss Mary Barlow on Black Bottom and Miss Jean Babcock on Kitty Malone were second and third. The other riders included: Miss Maxine Clarke, Lucky Strike; Miss Jane Duffy, Sherry; Miss Ruth Gomery, Zass; Miss Virginia Howell, Harmony; Miss Constance Lesher, Ginger; Miss Cornelia McIntire, Red Boy; Miss Jean Robison, Powhatan; Miss Virginia Sykes, The Hindu; Miss Jane Wilcox, John Barrymore and Miss M. Gall, Contagus.

Vanessa, ridden by Marjon Robbie was the winner in the fourth class in which saddle horses were judged on their quality, manners and conformation. Iris, ridden by Marjorie Schuyler and Freckles, ridden by Mary Blake were second and third. Other horses and their riders were Carnation, Helen Butterfield; Miss Muffet, Margaret Morse; Piebald, Doring Laing; Sally Morgan, Betty Cox; The Skipper, Lucie Du Bois; The Hindu, Virginia Sykes; Driftwood, Cornelia Vermilye; Actress, Gertrude Harrison; Ginger, Catherine Ginna Mellick; Charge, Joanne Fargo and Contagus, Hall.

In the fourth class, in which girls of any age competed for a silver cup presented by the Park Riding Club, Helen Butterfield on Sherry was awarded first place, Doris Laing on Princess Pat, second; Mary Blake on White Foot, third. Virginia Sykes on Bubbles; Cornelia Vermilye on Lucie and Jane Wilcox on Ginger.

INFANTS FUNERAL WILL BE HELD TODAY

Funeral services for Robert Maurice Fitzgerald, two-months-old son of Mr. and Mrs. Maurice B. Fitzgerald of 931 West Third street, who died Monday night, will be held in the home at 10:30 o'clock this morning in charge of Rev. Walter Mennessey. Interment will be made in St. Mary's Cemetery.

WITH THE THEATRES

READE'S OXFORD

Dorothy Gish in "Tip-Toes"

A Paramount Picture

At Reade's Oxford Theatre tomorrow, Friday and Saturday.

Today winds up a wonderful three days at Reade's Oxford Theatre, where Danny Duggan, ever a favorite with lovers of the dance and an exhibition stepper of international reputation, closes his engagement. Mr. Duggan has surrounded himself with a company of star steppers, the act is finely customed and the special stage settings and electrical effects make it one of the season's prettiest novelties. The finals of his local dance contest will also take place tonight with the winners will be judged and the prizes awarded. Others on the same program are Art Mix and his exceptionally intelligent horse in a western novelty; Buddy Lee, comedian, and Roger Grey and Lou Powers in a comedy and musical offering. Wallace Beery and Raymond Hatton in "Wife Savers" is the feature photoplay.

"Tip-Toes," the Broadway stage success, to be seen at the Oxford for the last half of the week starting tomorrow afternoon, went to England, turned motion picture and was brought back to America by Paramount. Dorothy Gish, Will Rogers and Nelson Keys play "The Three Keys." The story now goes that AL and HEN, the third-rate vaudevillians, are dead broke in London. They plot to marry Tip-Toes, their pretty dancing partner, to the wealth and title of one Lord William Montgomery, innocent lording who falls in love with her. But vaudeville manners and back stage slang soon arouse the objections of his lordship's aristocratic family. International social relations crack! Jail threatens! "The Three Kayes" plan one last fling—then their getaway!

The night of the party, Lord William's family seems to Al and Hen to float in a sea of champagne. When the gaiety reaches its climax, Lord Bill suddenly announces "Tip-Toes." The truth is out, the jig is up! But "Tip-Toes loves truly by this time. She manages to convince his lordship of her love. That changes their whole lives.

Al, Hen and Tip-Toes, now Lady Montgomery, still reside in England. How still we do not know. But it does!

"The Big Show" featuring Miller, Raymond and Lamarr with the Gayle Sisters and a cast of distinguished artists heads the Oxford's new bill of Keith-Albee vaudeville for the balance of the week.

READE'S STRAND

Raymond Hatton in the Paramount Picture "Wife Savers"

At Reade's Oxford Theatre today.

The combined acting skill of Emil Jannings and the directing of Josef von Sternberg stamp "The Last Command," which is this week's attraction at Reade's Strand Theatre, as one of the outstanding pictures of the year.

Jannings, whose unusual characterizations in such Paramount productions as "The Way of All Flesh" and "Variety" and others, who has brought the unanimous acclaim of critics as the greatest living character actor on stage or screen, plays the role of a Russian general in this new picture. He has created a distinctive type of man in this role, bringing out the military character-istics of an army commander, and at the same time making him a genial and beloved figure.

Von Sternberg, as a revolutionary director, is a lover of the "different" in motion pictures. His "Sensation Hunters," his first picture, which was followed by "Underworld," stamped him among the elite of Hollywood's best directors.

Beautiful Evelyn Brent, who scored such a big success in "Underworld," and William Powell, of

Starting next Monday and continuing throughout the week the Strand will offer "Old Ironsides" as its attraction. Featured in the large cast are Wallace Beery, Esther Ralston, George Bancroft and Charles Farrell.

LIBERTY THEATRE

The eternal appeal of the wild outdoors and the thrilling West is strong at the Liberty Theatre, where "A Trick of Hearts," the Universal picture starring Hoot Gibson is now showing.

Just as the sun sets in the West with a coloring that is always different and always enticing with its aura of romance so the Western motion pictures depicts the life of the sunset region with a glamour that no other local possesses.

It is this reason, no doubt, which partially accounts for the warm reception that greeted "A Trick of Hearts" on its first showing here.

Added to the glamor of the West is this picture, however, is the excellent plot and fine acting of both the star and the supporting cast. It is evident that the players are an experienced lot and know what is expected of them. There was not a difficult moment, whether of tense drama or love making, during which the characters did not ably fill their roles.

Hoot Gibson covers himself with glory, if he still has a little room to accept more glory after his long list of successes. "A Trick of Hearts" is easily one of the finest bits of entertainment the star has provided for his large public, and it marked him as resting on the very pinnacle of accomplishment in turning out worthwhile productions.

Georgia Hale is the heroine and a beautiful one, indeed. Reaves Eason, the director, could not have made a happier choice in giving her the role, as she enacts it with charm and skill. Joe Rickson, as the villain, also was excellent. Our old friends of the stage, Rosa Gore and Dan Crimmins, repeat the popular bits they made during their many years in vaudeville.

Others in the supporting cast who did commendable work are Howard Truesdale Heinie Conklin, George Ovey, Nora Cecil and Grace Cunard. Th direction was good, especially the riding scenes, a type of scene for which Reaves Eason has become justly famous.

JESSEL NOW DUE WITH GINSBERG THE GREAT

"Ginsberg the Great," with George Jessel, a Warner Bros.' production is now showing at the Liberty Theatre. Both story and scenario of this uproarious series of adventures were done by Anthony Coldeway, and the production was directed by Byron Haskin. The cast includes, besides the solemnly ludicrous George Jessel, Audrey Ferris, Gertrude Astor, Douglas Gerrard, Jack Santoro, Theodore Lorch, Jimmie Quinn and Stanley Sanford. The tale is that of a small-town boy who enlivens the tedium of his tailor apprenticeship by reading up on magic and planning to win frame and fortune. To hasten that end he joins a travelling carnival who star him as "JoJo the Dog-faced Boy" and "The Bearded Lady," and inveigle him into a gem robbery, out of which he emerges with glory. If you don't want to laugh, don't see "Ginsberg the Great!"

CHILDRENS DAY PAGEANT IN JUNE

Members of the Woman's Alliance of All Souls Unitarian Church met at the home of Mrs. A. H. Robinson, 815 Second place, yesterday afternoon and made costumes for the Children's Day Pageant, which will be held at 11 o'clock, June 10, in observance of the closing of the Sunday School for the summer.

The pageant is called "The Jugler of Notre Dame" and is being directed by Mrs. Harvey O'Higgins. Among those who will take part are Fred Lawton, John Wells, Clarissa Wells, Sarah Ellen Glass, Claire Cuthberty, Carl Lassen, Leavitt White, Fitz White, Handlin Thompson, Peter Sykes and Joyce Maupin.

A group of younger children will present an English country dance. They include Virginia Thompson, Catherine Hansen, Edith Lampon, Rachel Drinkwater, Isabelle Enser and Shirley Wheeler.

RESURRECTION.

Ancient—Mr. Brown, I believe my grandson working in your office.

Brown—Oh, yes! He went to your funeral last week.

"You say your friend is single—a bachelor who has been crossed in love, I suppose."

"No, a divorced man who's been double-crossed."—Boston Transcript.

THE WAY TO A MAN'S HEART

By LAURA E. OSGOOD

Chicken follows the soup in this dinner of ours. We might cluster hors d'ouvres, oysters, clams and fish about our soup before we eat our chicken, but who wants to add calories and work to a dinner that will fatten the guests and thin out the host's pocketbook, tiring the help with no good to any of us?

The question is, what kind of chicken? Considering, of course, the feathered kind only—will it be a broiler, a roast chicken or a fowl served as fricasse or pie? The broilers are most dressy, and the little squab broilers that weigh about a pound or a pound and a half each are most delicious. Expensive? Yes, they cost from forty-five to sixty-five cents a pound, or even more.

Broilers are sold split up the back, and by pushing the drumsticks up under the skin of the second joints they can be made to lie as flat as a chop on the broiling pan, so that when served on the platter they will not wave frantic drumsticks in the air. A broiler takes from half an hour to an hour to cook, depending on its size. As it cooks under the gas on the broiling pan it should be watched closely, brushed with butter and turned often to keep it browning evenly. If it must be left to cook alone it should be slipped into a hot oven to finish, so it will not burn.

Roasters, whether chicken, turkey or capon, are treated much the same. They should be kept as whole as possible, stuffed with a lot of well-seasoned dressing and roasted in a hot oven, when they make a most attractive meat for any dinner. The stuffing varies with the taste of the family. The foundation of bread is usually flavored with thyme and sage, besides salt and pepper. Some like it flavored with onion, while others add chestnuts or oysters to the stuffing.

A roasting chicken is usually a young rooster, for hens, though they are ss good roasters, are saved for egg production. The capon is a rooster freed from barnyard responsibilities who gives all his itme to growing nice, fine meat. The capon is bigger than the rooster and has better flesh. Roasters also cost from forty-five to sixty-five cents a pound, or more.

Fowls are, as a rule, hens that have passed their first birthday anniversary. Dut to the fact that the New York egg market calls for white eggs and most of the white egg producers are small hens, our best fowls usually come from the West. Then, too, there are many yearling hens to be disposed of that are not worth much in the breeding pen. As brown eggs are the fashion in Boston and the Middle West these large birds fill a long-felt want where thes smaller breeds are kept for egg production.

The yearling hen is the finest type of fowl. It can be roasted by adding to the itme of roasting a few hours of steaming and so masquerade as much younger than it is, giving the family a change from the fricassee without costing more. When one asks for fowl at the butcher's he will cut it up for fricassee unless stopped. Boiling a cut-up chicken causes the loss of much of the taste and good of the meat, or rather puts the good of the meat into the gravy. If the chicken is fried or broiled before it is boiled it will do much to keep the good taste and nice brown look of the roaster.

Fowls cost from thirty-six to forty-two cents a pound and up. That price is for fine yearling hen—but there is the old cock who has seen many lively years in the barnyard, who has meat and nourishment on him. It takes a great deal of cooking to make him fit to eat, but he comes as low as twenty-five cents a pound at certain times of the year.

All fowls are cheapest in the Fall, when the young stock is being brought in from the range. The broilers are cheapest in the latter part of the Summer and early Fall, while the roasters follow the broilers, for they are just broilers grown a little bigger. Capons and turkeys are at their best prices in the Winter.

MISS SHEPHARD TO WED IN BROOKLYN JUNE 5

The marriage of Miss Edith May Shephard, daughter of former New York Assemblyman and Mrs. Robert C. Sherphard of First street, to Frederick Mairs Kley will take place on June 5 in Grace Presbyterian church, Brooklyn.

CONVERSION RATES ORDERED REDUCED

Conditions in foreign exchange are again such as to make possible a reduction in the conversion rates for the issue of postal money order on certain countrjes, and Postmaster Generals order number 7583 directs that effective Tuesday morning, May 22, 1928, the rate for the Swedish krone shall be $0.269 and that of the Swiss franc $0.193.

TEMPEL SHOLOM SPONORS PLAY

The Sisterhood of Temple Sholom is sponsoring a dramatization of "The Strange Interlude," by Mrs. Elsie West Quaife at 2 o'clock this afternoon in the vestry room of the temple. Mrs. Julius Hackel is the chairman of the sisterhood and proceeds from the affair will be added to the religious school fund.

Mrs. Quaife has visited Plainfield before and among the books that she has discussed are "Dracula," "The Ivory Door," "Escape," "A Short History of Women," "The Ugly Duchess," and "Franz Josef."

PERSONALS

Mrs. Thomas Flatley and her daughter, Miss Mary Flatley, 976 West Fifth street, are registered at the Mountain Lake House, Bridgeville, New York, for the month of May. Miss Flately is recovering from a recent illness.

Mrs. Daniel Hilts of Putnam avenue has left for her summer home on Nantasket Beach, where she will remain for the summer months.

Miss Frances Avery, 213 Watchung avenue, North Plainfield, returned Monday night from Elmira, New York, where she was visiting her sister, Miss Elma Avery.

Happiness in Work

The Baltimore Sun says: "The happiest people are those who are too busy to notice it." Let's get busy.

Crowding the Rails.

STRANDED ALL NIGHT because of dense fog, passengers and crew of Mohawk, ill fated Clyde liner, are shown lined along rail of Coast Guard cutter Seminole, anchored during night off Ambrose Light, as it docked at Stapleton, S. I. The stranded Mohawk, beached off the Jersey coast, now faces possible destruction from pounding of heavy seas.

FOG CAUSES EXCITEMENT AT HADLEY

Rome To New York Plane Leaves On First Lap

By J. M. B.

HADLEY SIDE SLIPS

If you were at Hadley Field Sunday night—and if you are human—you must have gotten a big kick out of watching Earl Ward, a Cleveland pilot, take off with the mail, and then come back because of fog. The ship could be heard for a long time on its return journey, but no one could see it. The natural thought was—It's a stranger who doesn't know the field—Everyone was excited for the few minutes, which seemed like hours, before the boundry and flood lights were lighted, and Earl Ward landed his Douglas in the big lake of electricity. Conditions were very bad and he couldn't get out again until Monday noon.

"Billy" Hughes who operates the airport at Somerville is awaiting wings and other parts to arrive from the Travel-Air Manufacturing Company, at Wichita, Kan., with which to repair his damaged Travel-Air.

About 4 o'clock Sunday afternoon we heard a roar—saw an orange streak in the sky, and a bright orange Curtis Standard made a perfect landing on Hadley Field. Who was it? Our old friend A. L. Capperton, who jumped out, and really looked as if he were all set to play a few holes of golf. He had with him a young lady whose appearance would lead one to think she'd just stepped out of a sedan instead of an open cockpit. She wore a gray tweed suit, red hat, and believe it or not, she had on spotless white kid gloves. I guess she proved that you can fly and still look well.

Pilot Miller winged his way into Hadley yesterday, in a Wright Whirlwind all metal Hamilton monoplane. He is on his way to Milwaukee, from Curtis Field, L. I. He stopped over to await better weather conditions.

Reynolds Airways, Inc., have enrolled four new students in their flying school. They have procured their permits from the Department of Commerce to take instructions and will begin their air work immediately. No ground instruction is given other than personal chats with the instructor before and after each flight.

A Curtis Falcon roared into Hadley Sunday, to escort Lieut. Ormstead to Mitchell Field, L. I. It was a pretty sight to see the two Army planes take off one right after the other and disappear from sight in the direction of Long Island.

Vernon Treat took off with the Atlanta mail Monday night, and unfortunately had a forced landing between Philadelphia and Washington. Treat was uninjured and only slight damage was done to the ship.

A Ryan monoplane, the same type as Colonel Lindbergh's new ship, came in from Middletown, Pa., piloted by Lieut. White, who has flown from the factory at San Diego, Cal. He will deliver the plane to the Massachusetts Airways in Springfield, Mass.

Another Ryan M-1 monoplane landed at Hadley Tuesday. The pilot, Milt Girton, was flying from St. Louis to Teterboro, and stopped off to congratulate his old friend, T. P. Nelson on his latest adventure, matrimony!

The weather cleared up a bit Monday night and Dean Smith took the Cleveland mail. He had a good trip and was back at Hadley by 5:20 Tuesday. Dean's brother is visiting him and was enthusiastic about aviation as he is.

At 2:45 last night the Sabelli-Bellanca took off for Roosevelt Field with Count Sabelli at the controls. H. G. Smith made a ten-minute test flight before the big take-off. The sun was just going down as the big blue and yellow ship disappeared over the horizon. Count Sabelli will make load and speed tests at Roosevelt Field before the historic take off for Rome.

OLD GLORY COUNCIL GIVES CARD PARTY

A card party will be held at the Exempt Firemen's Hall, North Plainfield on May 25, under the auspices of Old Glory Council No. 62, Sons and Daughters of Liberty. Prizes will be awarded for pinochle, euchre, bridge, 500 and bingo. Refreshments will be served.

Mrs. Agnes Rossman is chairman of the committee and will be assisted by Mrs. William Bettinger, Mrs. Lottie Anson, Mrs. M. Steinbeck, Miss Gladys Quase, Harry Woodruff, Edward Van Horn and William Bettinger.

SALVATION ARMY TO HEAR W. J. MANN

W. J. Mann will speak Wednesday night at the regular Salvation Army meeting in the hall on East Second street. A musical and musical program will be a feature of the meeting.

The Boy Scouts of the Salvation Army will hold their regular meeting Friday night in the hall. A full attendance is urged.

MRS. J. N. HEWITT TO PLAY PIANO

The pupils of Miss Jane Ransome will present a dance recital at the Plainfield High School at 3:45 o'clock Saturday afternoon. Mrs. John N. Hewitt is the pianist.

The children do not rehearse for the recital, making their first appearance on the stage before an audience on Saturday afternoon.

TRUE STORY films will be supervised by William Le Baron, production manager for B. P. Schulberg, who is shown above with Gloria Swanson of movie fame. (©Keystone.)

The Colfax Bookplate

By AGNES MILLER

WNU Service
© by The Century Co.

SYNOPSIS

CHAPTER I.—On a certain memorable Monday morning Clarence Fuller, cataloguer and seller of rare books, arrives at his new Second-Hand Bookstore on Fourth Avenue, New York, notices that the first customer to enter is Peter Burton, at half past nine, is a dignified, well-dressed gentleman, who examines into the above mentioned Charles Wesley Collar's, while Peter Burton, one of the unemployed men who has been leaving trip, comes in with a pathetic tale of woe.

(To-day)

CHAPTER II.—Peter amazes Constance by telling her he paid $510 at an auction for an old book, containing a Colfax bookplate. Suddenly a girl's shriek of "Murder!" rings out in the street.

CHAPTER III.—The elderly customer is on the floor unconscious, with his right wrist slashed. Just before the shrieking girl stumbles and falls in a faint, she calls out to Peter, whom she seems to recognize as the man who bought the rare book in Richmond, Va., a few days before: "Keep it for me!" The elderly man and the girl, both unidentified, are taken to a hospital. Peter's sister, Constance, during the morning working at Darrow's. Constance goes to lunch at Sanserin's restaurant, 14 blocks away from the bookstore, and finds a constance of her elopement with Brandon Darrow, a shipbuild teacher, an elopement which was cut short when Tower attempted to make off with Nancy's suitcase.

CHAPTER IV

Exit Bookplate.

IT WAS very quiet in the shop. Daisy Abbott, noting my entrance, stole forward, loaded to the guards with the ornate news.

"That old gentleman! He died at one o'clock, Mr. Case told us."

"Without recovering consciousness?" I inquired, spreading out my linen cards as a gentle hint that I would be alone.

"Yes: and nobody knows who he is. And employees are not to talk about the case," Miss Fuller. And, oh, that girl who gave the alarm! She's still unconscious, in the hospital people say. Isn't this the most exciting and awful thing you ever had happen to you?"

I agreed fervently; and Daisy evaporated, giving me a chance, while finishing my today, to reflect on the many interesting events connected with that mysterious old law book now up in Mr. Darrow's office.

How many persons had shown interest in it! Peter Burton; his unknown rival bidder at Richmond; that girl; Tower, who broken open Peter's suitcase in the hotel, and now, the police and Mr. Sanderson, a friend of Mr. Darrow's, all had Nancy's suitcase under whose auspices, if not his, had Nancy's suitcase under some pretext. Why, indeed? He had not had even the slightest design against her! His proposed visit to the shop was but a pretext to enter the Burton house; for Nancy, with her artless naivete in the days before the trip, had informed him exactly where the law book was—of whose existence and value she was evidently somewhat aware already. Then in the number of the book fanciers was the poor old gentleman of the iris' name.

Yet was it sensible to assume that out of the hundreds of books there, he had specially sought Clarthew's "Notes"? But if not, why was the girl who had a vital interest in that volume, and who transordinarily upset when she found the old man dying? Why did she call to Peter? Why?

Now, whatever value it had was as an antique, and for law-book collectors. As the book itself was not a valuable trophy, would there be anything about the plate that might have influenced the searcher of Mr. Fuller's shop?

I resolved to presume on the fact of being one of the employees of Mr. Darrow's and call the latter to his office; and to ask his secretary to let me see Clarthew's "Notes." Incidentally, I intended to get a look at that bookplate, myself.

I rang for the elevator. Down it clanked with unheard-of promptness, and out stepped Mr. Case and a tall young man, a stranger.

"Ah, Miss Fuller," said Mr. Case, "of course you're unfailingly ready for us. This is Captain Ashland, Mr. Darrow's nephew. He's been looking us over for an hour or so already, and, by the way of a climax, has just found a most famous card index. Miss Fuller, sir, can give you more exact information than anyone else here regarding our cataloguing methods."

"Quite so!" murmured Captain Ashland gravely. "I shall of course I am here in search of information, and . . . er . . . instruction."

With all the enthusiasm I did not feel on being thus baffled by a person so surprising that he could only be Darrow's nephew, and of time, I led the way to my desk. The captain promptly revealed other surprising qualities by saying he had certainly not been recalcitrant, and he did not look any more commanding than Darrow's other mysterious young man to the late twenties. He was dark-haired, clean-shaven, slightly stooped; he had a brilliant ruddy complexion rather small, very sharp twinkling grey eyes, half-concealed by a pair of spectacles with tiny black rims, and a most amiable expression, in which composure was the leading characteristic.

Moreover, I soon saw that while I might introduce him to new mechanical devices, I would learn far more than I taught, about rare books and literary curiosities. He had been too severely wounded, it seemed, in the Somme offensive in 1916, ever to return to the front. He had therefore turned—rebelliously, I judge, at that hour of history—to acquire a thorough knowledge of his ancestral business. I got a further jar when I saw him take promptly to our rainbow card system.

In listening to his modest but authoritative conversation, for the first time that day I forgot my troubles; and, what was still better, other people's. And then suddenly a vivid blaze of life and color came lilting down the aisle of the old, dim bookshop, which had that very morning been the scene of sinister tragedy: Nancy, with her bright blue eyes, her wind-blown dust hair, her peach-silk-clad feet and her apple-green frock. Under her left arm was pressed a thick octavo volume bound in calfskin.

"Pardon me, Miss Fuller; I have a message from Mr. Darrow for you," she began carefully and importantly, as if repeating a formula she had been taught. "Will you kindly remove the bookplate from this book, and have it and the book advertised for sale, separately, in the trade press?"

Consumed with curiosity, I took the book. A shiny black label pasted on the back bore the gilt-lettered title:

NOTES
on
Medical Statutes
in the
Virginia
Code
. . . .
W. Clarthew
1910

"You're sure the message is correct?" I inquired. "I understood this book had already been ordered by the Legal Fellowship."

Nancy's red lips parted in an excited titter.

"They won't take it!"

I was stricken dumb by this devastating information.

"It's too expensive!" confided Nancy, with most interesting indirection. Captain Ashland was observing her composedly, and with that close attention one bestows on a remarkable foreigner, and sensed that the next minute she would spill out, giving due credit for same, his uncle's possibly hectic remarks, on learning that he had for once overreached himself. Heavens! Had Ulysses bit the bait-five again? For Mr. Darrow had certainly lost some money. I gave Nancy a look that frost-bit even her giggle.

"Very well; go to Miss Wilkes, and tell her I will follow Mr. Darrow's instructions. Do you understand, Miss Burton?"

Nancy nodded and retired. I turned toward the captain with the book.

"Here," I remarked, "is a curiosity you'll be glad, I believe, to have crossed to ocean to see. It's a Colfax bookplate."

"I say! that would be a find—an American Colfax!" ejaculated Captain Ashland, almost excitedly. He rose and came around the desk beside me. "Let us see it!"

I opened the first cover, and our eyes rested on the bookplate pasted inside, that eagerly sought prize, I recalled, of so many purchasers. It was evident, even from that this was what is called a pictorial plate; that is, one with the design in the form of a picture, as opposed to an inscription in a coat of arms or an allegorical design. Collectors can often tell promptly, when the nationality of a plate and its artist. In this case the serpent shaped in a capital "C" had guided Peter in the identifying the work as that of Colfax, thus making the picture one as of English origin, and fixing its date somewhere in the late Eighteenth or early Nineteenth century.

The design depicted in the foreground a table on which stood an alembic, or old distilling vessel, a skull, a scalpel and other small instruments of scientific practice. The three objects named were, I knew, purely conventional symbols, often used. They announced, despite the absence of an owner's name, that this had been a physician's bookplate. But beyond this point the plate took on more originality, for in the distant background on the picture appeared a seascape, where a frigate under full sail floated on the waves. The sides of the picture were framed by two Greek columns of conventional classic style, which formed an attractive setting for the drawing.

It was a most interesting bookplate, skillfully drawn, of charming design, full of tantalizing clews to what one's curiosity as to who had been the long-departed owner, what the story of a life that in some way had combined science with adventure, a quinary or more ago. Yet, ten seconds after my eyes had rested on it, I was filled with consternation. I felt my face turning cold; was it from the chill of ungrateful disappointment that began to emanate from Captain Ashland, as he, too, gazed at the bookplate in silence? Finally I stole one glance at him, praying that my judgment might have been at fault, however awful, after all. But he shook his head, slowly yet decidedly, and then confirmed my fears with the authoritative verdict:

"It's a forgery!"

I knew it. Every sign pointed to it. And chagrin overwhelmed me. The captain, while disappointed, was philosophical.

"It's hard to lose high hopes dashed," he remarked; "but this paper's modern, its color's wrong, the drawing not really characteristic of Colfax' style, and—I say! This really is a drawing, not an impression from a plate. Quite clever though, it's clever! I hardly wonder the buyer was deceived."

"Especially as he was beginning to have enough experience for such work," said I, quickly; "and one way, at least, he has not been done. Mr. Burton hasn't said anything official about his 'find.' I'm the only person he has told—and he commended it. He knew I'd be interested, on account of my special work."

"Quite so," assented the captain, with discreet understanding; "but won't the poor chap be no end surprised when you tell him the truth?"

I was plunged into gloom by the prospect. A moment of silence was shattered by the clatter of the descending elevator, wherein, as it hung a moment above the alcoves, we could see Mr. Roberts and a stranger. Darrow's was full of strangers and strange things today. I sighed involuntarily; and the captain said with very pleasant warmth:

"It's most kind of you to take so much trouble over me today. I expect I'll be bothering you every day while I'm here."

I gave him permission to bother me at any time; and as he walked up the aisle, Mr. Roberts and his companion came down it, and halted at my desk.

"Miss Fuller," announced Mr. Roberts, with much gravity, "this is Mr. Almy, from the detective bureau. You'll like a few minutes' talk with you."

Benjamin Almy took a chair, and proceeded forthwith to business, with noticeable zest.

"I understand you were sitting here all morning, Miss Fuller, and thus saw all the customers come in and go out. Now, could you say about what time that old gentleman entered?"

"Yes; half-past nine exactly. I looked to see the time, for he was the first customer."

"Yes. Now, that young lady who gave the alarm—at what time did she come in?"

"About a quarter of ten."

"But the law student you mentioned to Mr. Roberts—policeman?"

"I saw him go into the law section, opposite the medical, directly after the entrance—about five minutes of ten, I think."

"Those were all the customers this morning, were they?"

"All except Professor Harrington. He stopped here as he entered, and we chatted some time before he went to make his purchases."

"Very good. Now, did you see anybody else enter the shop before half-past ten?"

"No one—customer. Mr. Burton, our traveler, came in a few minutes before Professor Harrington, and went directly upstairs in the elevator."

"And did you see the old gentleman again after Professor Harrington being carried into the aisle?"

"Yes," said I, "three times I saw him cross the aisle and enter the law-book alcove, which is right opposite the medical alcove, you see. Then I saw him come out again at once, and beckon to Miss Wilkes to turn the light on for him, when he re-entered. I saw him finally being carried into the aisle."

"Have you any idea about what time the light was turned on for him?"

I reflected for an instant.

"The exact time I could not say; but it was very shortly before Professor Harrington left, if that fact is of any use. Almost immediately after light came on, I remember her bowing to him as he passed out at the door."

"Miss Fuller, do you think anyone besides the persons you have mentioned could have been in the shop this morning?"

"I no other customer passed me. Of course—"

"And you remember, Almy," interrupted Mr. Roberts, "that Riggs said he was alone in the shipping office all morning."

"Why, how was that?" I demanded. "When Mr. Roberts spoke I

"Why, What Applicant?" Cried Both Men.

was just going to mention that applicant for the shipping clerk's job who came in here a little after ten."

"What applicant?" cried both men.

"Why, the one who came in this front entrance by mistake. Peter Burton was here at the time, and sent him back through the shop to Mr. Riggs."

"Certainly Riggs never heard of him, or we should have, too," said Mr. Roberts.

"I might look into that now, then," remarked Mr. Almy, carelessly rising. "You're sure that no one else was in the shop this morning, Miss Fuller?"

I was positive. Mr. Almy thanked me with a bow, nodded to Mr. Roberts, and strode off in the direction of the shipping office.

Turning toward Mr. Roberts, I was astonished to perceive that on that cool afternoon, with the wind rising and the steam heat doing nothing of the sort, he was vigorously fanning himself with a book.

"Tell me what you think of this insane story of Burton's," he said. "Do you believe he shoots his romantic adventures in Richmond? Don't say he actually did something dangerous!"

"He came to me with the story just before he went out this afternoon, between 2 and 3. Darrow's nephew, and his conference with Almy and myself, which was scheduled to take place while you were instructing Captain Ashland—"

"Some afternoon!" observed severely, in order to show sympathy.

"How," continued Mr. Roberts, even more severely, "this story of Burton's going to help either the girl or himself, I don't see. It was solely for her sake, on a perfectly wild impulse that he bought the book; and she didn't know him from Adam. You've heard, of course, that she's still unconscious?"

"Yes; and that he is dead."

"Nobody has an idea who either of them is; and that girl is the only person who was in the shop this morning whose actions we have attempted to investigate without any result. There's not a clew, so far, to the mystery of the attack."

"His Mr. Almy no theories? He looks experienced," said I.

"He has advanced none yet." —

"He seemed very keen about this case." I remarked thoughtfully. "Has he any idea, I wonder, as to how the attack on the old man was made? I mean, with what sort of weapon?"

"Whatever the weapon was, it has disappeared," said Mr. Roberts, meaningly.

"Well, that lets it out all I could get. However, I ventured:

"Did you cut this clipping out because you'd seen him here in the shop?"

"I cuts out places 'bout folks I knows," retorted Ulysses, grimly.

At this point Mr. Case stepped out of his office. I was seized with the clipping.

"Look at this!" I cried. "Do you recognize him?"

"Good Lord!" he gasped; "it's the old gentleman! Where's Almy?"

"Right here," answered Mr. Almy, appearing in the door of the shipping office.

I firmly took the clipping away from Mr. Case, and handed it to Mr. Almy as an earnest of what he could expect from my co-operation.

"The old gentleman," I announced, "is identified."

(To be continued)

ANNUAL MEETING AND ELECTION HELD YESTERDAY

The annual meeting followed the regular monthly meeting of the Daughters of American Revolution, yesterday afternoon and officers were elected. Mrs. H. W. Satterfield, regent of the chapter, presided.

Mrs. Howard F. Lambert was elected treasurer and other officers elected include: Mrs. Walter C. Dobbins, registrar; Mrs. Dorothy P. Hubbard, corresponding secretary; Mrs. John R. Evans, curator; Mrs. Edward G. Rice, chaplain. Mrs. Frederick W. Yates, member of the Board of Management.

The applications for membership of the following were accepted: Mrs. Walter P. Swain, Mrs. William A. Lippincott, Mrs. Frank B. Newell, Mrs. James E. Bushnell, Mrs. Lyle G. Chase, Mrs. W. R. Buckley and Mrs. Hubert R. Hood.

The chapter has decided to purchase a chapter flag and a Flag Day Card Party will be held on June 14 at the Drake House, West Front street. Mrs. R. C. Blancker, Jr., is chairman of the committee in charge. Proceeds will be added to the flag fund.

JOHNNY O'SULLIVAN BACK HOME AGAIN

Little Johnny O'Sullivan, son of Mrs. W. M. Murphy of 704 West Front street, who recently was injured as a result of a fall while climbing a fence, was yesterday afternoon taken home from Muhlenberg Hospital.

Johnny is not well enough as yet to be about with his playmates. However, his mother said he would be able to be out again in a few days. For the time being, Johnny will take things quiet, she said.

BUILDING TRADES CONVENTION CLOSES

The New Jersey State Building Trades' Council will close its convention in Atlantic City today. The first session opened Monday.

John Cordova, Plainfield, represented the local council.

MRS. C. G. MUNRO TO BE HOSTESS

Mrs Charles G. Munro and Mrs. Walter Lester Glenney will be hostesses at a tea at the Plainfield Country Club for more than 100 guests this afternoon. Lilacs, tulips and dogwood will form the decorations.

PLAINFIELDERS TO GRADUATE

Miss Grace Campbell, Miss Helen H. Fox and Miss Irene Stevens will be graduated by the Ballard School of New York City at 11 o'clock tomorrow morning. The school was founded 56 years ago by Miss G. B. Ballard and is the Education Department of the Central Branch of the Y. W. C. A.

WORKMENS CIRCLE HOLDS FESTIVAL

The Ladies Branch of the Workmen's Circle, Branch 73, will conduct a strawberry festival at the Y. M. H. A., West Front street, tonight. An orchestra will furnish music for dancing.

ST. MARYS TO HAVE ANNUAL CONCERT

The regular annual concert by the pupils of St. Mary's Academy will be given next Sunday afternoon at 2:30 o'clock in the auditorium of St. Bernard's School on Sumner avenue.

Generally Bitter Lot.

Experience is the only thing that can get anything into the head of the man who knows it all

REFORMATORY AT RAHWAY HELPS BOYS

Through Efforts Of Dr. Frank Moore Much Uplift Is Done

How often do we stop and think of crime and its criminals? Just after the misdeed has been done adn until the trial and conviction of the criminal is over do we voice our opinions, cast our judgment and often bestow; in our own minds, even a far worse punishment than one must justifiably receive.

We have numerous institutions etc., first the churches, next the schools, hospitals and last but not least the penal institutions or so called "Prisons."

Which of these or how many has the criminal attended or been in prior to his offense?

Does the general public know what is being done in these institutions for the betterment of our American Citizenship? How many can see that the spending of these many boys and girls is given the proper opportunity to develop that power and energy into physical manhood and womanhood which in the early stages of development was overlooked and neglected, both mentally and physically.

The Rahway Reformatory is one among the many which is upliftingly and bringing back into shape Citizenship hundreds of these boys and young men, many of whom never had the proper homes, some growing up without the God given parental love, or care and others who have had both of these but thru the association of others and environment have become wayward, impractisability of their knowledge have fallen, but not beyond hope.

Rahway Reformatory is operated through the leadership of Dr. Frank Moore, superintendent of that institution constituted a "Friends Association" a group of Rahway's best men, outstanding citizens of Elizabeth, Rahway, Plainfield, Bound Brook, and other towns who serve with 3 months of the 12 in a year give their Thursday evenings to the boys and young men of this institution by entertaining them with books and stabilizing their good intentions so that when they are released or discharged from the so called prison they will be able to look the world into the face, thank our most gracious God for leading them into that Rahway Reformatory and not destitution or a hopeless end confronted upon them.

Many of these boys corresponding with the Friends who have visited them, long after their release did report to them the progress boy-ever humble, but devoid of all evil, that they have made.

In behalf of this Friends Assembly the boys have witnessed some of the finest shows, concerts and entertainments in general that are given once a month, with the talent so graciously and willingly provided by and from the Rotary Clubs and the Kiwanis Clubs and Y. M. C. As. of the vicinity and neighboring towns of which the members of the Assembly coms from.

Do they appreciate this? You bet and they show it, not by paying to it but by giving back in every best that is in them to the world upon their next opportunity.

On June 7, the closing meeting of this season will take place with the usual entertainment which will be the last that the Friends twill provide, save until the opening of the next term which begins in September, when the Warm Hearted Friends will endeavor to put in another successful years work.

Y TRIANGLE CLUB TO HOLD FINAL MEET

The closing meeting of the Triangle Club of the Y. M. C. A. will be held Friday evening at 6:15 o'clock in the Y. auditorium.

A number of members will receive their watch fobs. Games awards will be presented for the heralded contests.

The presiding officer will be William Swartz. Secretary Guy E. Sutton and Physical Director H. G. Bonk will speak.

ASK PERMISSION TO PARADE HERE

W. F. Feiser, treasurer and collector of the Borough of Dunellen Heights, asked permission of the city to parade through Plainfield in the near future as part of a plan to publicize Dunellen Heights. The Dunellen Heights officials plan to parade through several boroughs near here and would like to include Plainfield in their itinerary.

MID-STATE PRESS SPORTS PAGE

OUR SPORTS TRAIL

By "BOB" JAEKEL

I hope that Jimmie McLarnin doesn't give up now just because Sammy Mandell gave him such a pummeling Monday night. Sammy is much older at the game than is Jimmie and he said himself that Mac looks good for the title in the near future. Both of Jim's eyes were fogged up at the end of the fight and none can ever say that Mandell didn't hand him an anatomy full of stiff, solid cracks. Nevertheless, the kid fought like a Yank.

Plainfield High School is talking about this guy named Bill Lawrence from over the Brook. Bill really can throw 'em up, but P. H. S. can smack 'em back if they come anywheres near the plate. Bartis improves every time he steps up and with the regiment of pitchers "Hub" has he certainly should be able to pick out one or possibly two to hurl for him Thursday evening.

Tommy Burns looks like the starter for the Big Red Team and, well, who else could occupy the mound for their rivals better than Bill. There's not so much choice over there. In the old days the papers used to get the prize-fighters mad at each other in order to assure the fans a good battle. I wonder if that would work here in regard to this city series?

Everyone is talking about this here fight card put on by the Junior League, and supervised principally by Marty O'Loughlin. It looks like a real old fashioned card, this show. Real fights, real spirit, and a real cause. All the best men are being signed, have been signed, and who could ask for a better night of entertainment than that? And besides it's put across for the best cause in the world—CHARITY.

Marty Thompson is another all around ball player. He was stuck on No. 5 (third base) yesterday afternoon in the game against Morristown and in the fourth inning he made a lovely one-handed catch that helped greatly to hold the visitors under reign. One of the Morristown men came over and said, "You guys have one of these things called ball teams, haven't you?" Ten to Four, Pal!

Mickey Walker won't have much of a rest this summer. There's something doing for him every minute of the season and he has plenty to think of about Ace Hudkins. I wish Ace might have seen Mick fight Monday night. Plenty of food for thought there for a contender, too. Plenty!

From the way the Big Red team hit yesterday afternoon it kinda looks bad for North Plainfield Thursday night. Ten runs scored against a team that is supposed to be fast and have a strong pitching staff is no mean number for a squad that has had such a haphazard season as the Stinemen.

Mooney Kline didn't appear in the lineup at High School Field yesterday, but Whitey Siergiej took his place and held it down like a veteran. It certainly looks as though Whitey is the most valuable man to the P. H. S. nine this year. He pitches, plays any position in the field, parks on third, and now he catches. What can you do with a guy like that?

This Harriers Club is something new in Plainfield and they intend making themselves known in the Rotary Meet in a couple of weeks. More power to you fellows. It looks good every time we see a new organization open up. Plainfield can stand a lot of new clubs. There used to be a heap of them a few years ago.

SOMERVILLE DEFEATED BY N. P. H. S.

Somerville met with defeat when it ran up against North Plainfield High School yesterday afternoon at N. P. H. S. field. The final score of the game was 11-4. Leonette, Nelson, and Beebee shared the scoring honors for the Kanuks; Leonette getting four hits and two runs out of five times at bat; Nelson was able to stretch three hits into three runs; and, Beebee chalked up three nice hits for himself.

North Plainfield played better ball than the visitors all around. Fourteen hits marked the result of the stick-work, eleven of them crossing the home plate. Somerville only smacked out three hits and scored four runs.

Wanlington started on the mound for the locals, but was relieved in the fourth by Bill Lawrence. Bill was in his characteristic form fanning six men and walking only one.

This victory makes North Plainfield the high team in the Somerset County championship. They will probably have to play a single game with Somerville and Bound Brook respectively if it can possibly be arranged on account of the postponement of both these games by rain.

ACME BEATS HARRIS IN FIVE INNINGS

The Acme Club was able to easily bury the Harris aggregation under the heavy score of 12-9 last night in a five inning game at Greenbrook Park. Wonderful stick work and tight pitching featured for the winners and had darkness not halted the game the count would probably have been much larger.

Patterson pitched the regular Acme ball and was assisted in the field in great order until the fifth when Harris seemed to gather itself a bit and sock the pellet out around Hampson. Genie got quite a work during that frame.

The Harrismen were tighter on their fielding than the Acme's however, allowing only three errors to be chalked up for them against the latter's five. The hitting was pretty well divided among both teams.

Hill of Harris was the heaviest hitter, knocking a pretty three-bagger in the fourth, scoring Perretti. Buckmiller was able to pound the ball for two doubles and a single.

Hitting and scoring honors for the Acme Club were divided among MacDonnald, McCann, and O'Connor.

PLAINFIELD HIGH SCHOOL STILL WINS

Morristown Goes Down To Score Of Ten-Four

Plainfield High School continued its winning streak yesterday afternoon by easily defeating Morristown to the score of 10-4 at High School Field. An entirely new combination was used in the line of a battery featuring Whitey Siergiej and Louie Donzalski. Whitey has never caught before and his work behind the batter was that of a veteran.

The Big Red Team played one of its best games against Morristown and showed better form and head work than ever. A beautiful double play in the fifth from Bowser to Greenwood, and a perfect triple play in seventh via, Donzalski, to Siergiej to Renz to Siergiej, proved that the locals were a real winning team and that this streak wtas no to be called luck. Every man used his head.

Bowser and Donzalski started the count for P. H. S. in the first inning. Bowser went to first on a walk; Lou hit a sweet leaguer scoring Bowser, then Viviano layed under a fast one chasing Don.

Marty Thompson made a wonderful catch in the fourth when Druen of Morristown snapped a hot one midway between second and third. Marty thrust out his handy left and plucked it as easily as if it had been an apple.

Walton, the Morristown third baseman, led his team at the bat, accounting for three of the eight hits marked up for hem. The scoring started in the seventh when Donzalski filled the bases and forced Druen home. Following this move Plainfield pulled this Houdini commonly called a triple play. This support certainly saved Lou's day.

In the final frame, Coach Stine found it feasible to use practically a full second team. The boys played well in there and looked like good material for next year. Heinzer showed up nicely at third. He is only a Sophomore this year and is in fine shape for the varsity next season.

Siergiej's throwing to the baseman was done and it is well to bear in mind that this man had his first try at catching yesterday.

Pitching honors were about evenly divided between the two teams, Donzalski walked six men and Nodoro two, while Donzalski struck out five and Nodoro and Johnson together fanned seven.

Box score:

Duties of Marine Corps

The United States marine corps is an independent branch of the military service, and though under the direction of the Navy department, may be directed by order of the President for service with the army. The duties assigned to the marine corps are to garrison the navy yards and naval stations and the de' ments created for their protection; to furnish to all battleships and cruisers and other vessels when necessary a detachment for guard duty and also to assist in the handling of the ship's guns. A mobile force is also always held in readiness at the marine barracks at the first line for foreign service when the occasion may arise. The corps is organized as prescribed for infantry and artillery (artillery dismounted) in the army regulations. Officers and men wear the same designating rank as the army, with some slight exceptions, and are armed with the service pistol and rifle.

Not the Right Kind

Perhaps it was the fault of the clerk who was new to the job. Or some of the blame may rest on the shoulders of the middle-aged old lady. At any rate, it happened a few days ago in a downtown book store.

The old lady approached the clerk, who was standing behind the counter, and, evidently, preoccupied. "Have you got 'A Pitiful Wife'?" she demanded sharply.

"What?" exclaimed the surprised man. "I've got one, but she's not pitiful."

Then another clerk whispered that the customer was asking for a book.—Indianapolis News.

Fortune From a "String"

From a lump of tallow and a piece of string a fortune was built in Cincinnati, which endiasted two generations, recalled Mrs. Mary Muhlenberg Emery to leave $10,000,000 to charity when she died.

Years ago Mrs. Emery's father-in-law, Thomas Emery, and Henry Welshman, came to Cincinnati with his two sons and set up business as candlemakers. This was before the days of illuminating gas and electricity. Later they dealt in real estate. While they were becoming wealthy they became Cincinnati's leading citizens.

The Salesman Type?

Two men were sitting opposite each other in a tube train. Presently one of them produced a notebook and proceeded to make a sketch of the other.

After he had completed the drawing he closed the book and put it in his pocket.

The man opposite was both interested and gratified by this attention, and, leaning forward, said: "I presume you are an artist, sir?"

"No," replied the other, "I'm not exactly an artist, I'm a designer of door knockers."—Pearson's Monthly.

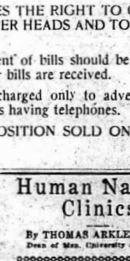
Dean of Men, University of Illinois.

The Helpful Wife

It was the consensus of opinion in the neighborhood that Mrs. Bronson was a great help to her husband. In point of fact she was really the brains of the combination as women not infrequently are. He had been made into a character by the training and experience while she had been left with one and had been kept from distinction through having to look after her household affairs and to prod him along.



He was a scientist, or at least he was engaged in teaching science, and it was Mrs. Bronson who read the scientific journals regularly and kept her husband advised of what was going on in scientific circles. She got his material ready for him whenever he was making a speech upon some recent scientific discovery or doing an experiment which involved apparatus or materials of any sort. She could have done the work better than he was doing it, only she was satisfied to look after her household and merely to be a help to her husband.

The Grover family was considered in very good circumstance. Grover had never had a large salary, but it was adequate, and more than what was required to keep the family comfortably. In fact, however, Grover knew very little about investments and business in general. He just knew how to take care of the particular job which he was holding. It was Mrs. Grover who got the circulars and booklets and general advice from bond houses and investment organizations and who developed a rather keen intelligence as to what should be done with money in order to invest it safely for the exigencies of the rainy day. She had the key to the safety deposit box that was in Grover's name. She cut the coupons, she made the bank deposits, and she knew exactly what investments they had and how they were distributed. She was in reality the financial manager of the firm, and without her Grover would very likely have been insolvent. She got very little credit for her helpfulness, however.

Downs is quite generally spoken of as the best-dressed man in town. He deserves no credit for his careful appearance. It is his wife who packs his bag when he is leaving for a trip; it is she who looks him over and pulls him into shape before he leaves in the morning. She brushes him off and sees that he is properly groomed.

She's the helpful wife.

TIPS ON SALESMANSHIP

By O.T. FRASH

The Well-Dressed Clerk

THE clerk who stands behind the counter in sloppy attire is to say the least, making a mighty poor display of his personal merchandise. He should remember that all day long he is selling two commodities—his employer's merchandise and his own personality. And in the personality of the clerk that largely determines his real value.

An attractive personality most certainly is not made so by a soiled collar, a three-days' growth of beard, frayed cuffs or a rumpled waist. When you're selling your personality, put it into a pleasing package. That's real merchandising. That's why crackers sell better in appealing cartons than when packed loosely in barrels.

Dirty finger nails and a grimy neck never helped the sale of a single article of merchandise. A clerk with a clean, comfortable, contented appearance creates an impression of confidence. The employee then becomes a fitting representative of the employer and of the institution for which he is working. And when the time comes for the boss to select a new one for promotion, the chances are very strongly in favor of his choice falling on the clerk who has most effectively sold his own personality to the retail customers, and through them, to the boss.

Dress neatly and cleanly, but not gaudily. Avoid as you would a quarantine placard anything that looks freakish or bizarre. In other words, dress so that your appearance will convey the general impression of quiet neatness without ostentation. Remember that the merchandise you are selling is the thing on which you want your customer's attention concentrated, and when you wear something that will distract that attention, you deliberately reduce your sales efficiency and therefore your earning capacity.

I once knew a book agent, and a very successful one, who started out one Monday morning wearing a dark-red tie. The following Friday, after nearly a week of miserable business, an incident occurred which revealed to him the fact that his prospective buyers were pondering why a salesman who obviously knew his business to other respects should decorate himself like a circus wagon. He went instantly to his hotel and changed vests, whereupon business improved to a marked degree.

It is every man's undoubtable right, of course, to wear a crimson windsor tie, or discard garters, or to go hatless through Feb. 30th (leap year), but he would be wise to keep in mind that anything which tends to distract the attention of people who don't like eccentricities, and those people have money to spend, is going to cost him money, do everything you can honorably to get it, including careful attention to your personal appearance.

NEWARK AND HADLEY AIRPORT

On August 1, it was announced from Washington, all of the air mail depots will be moved from Hadley Airport to the new aviation field now under construction at Port Newark. Second Assistant Postmaster General Glover says that mail can be transported to New York in twenty-five minutes from Port Newark as compared to two hours required for its transfer from Hadley, which, if a fact, seems sufficient justification for changing the terminal.

Newark must be given credit for its determined effort to not only develop Port Newark, but its progressive efforts in other parts of the city. Their officials persevere in their efforts to do anything and everything for Newark and, while they have their keen political battles, they certainly are in the forefront on progressive subjects. Plainfielders had a good sample of Newark's enthusiastic support of Port Newark a few years ago when the officials of that city attempted to prevent the reconstruction of the Newark Bay Bridge of the Central Railroad. Newark lost its fight, but when the battle was over those who won knew they had been up against real antagonists.

The passing of the air mail terminal from Hadley will be a distinct loss to Plainfield, New Brunswick and surrounding territory. People from this vicinity have found an exceptional charm in their visits to the field to watch the air mail go out and come in, both at day and at night. A few weeks ago when the first air mail plane started to Atlanta, there was a crowd on hand at the night take-off of three or four thousand. There was nothing especially attractive about the inauguration of the Atlanta service —just a small air mail plane taking off the same as any other hop of a mail plane. Yet the crowd found a certain unique feature to the event and then mostly stuck around until both the Cleveland and Atlanta planes had left.

On Sundays several thousand persons visit Hadley Airport, but there has not been the usual excitement this year, as the Reynolds Airways has not yet started passenger flights. Usually some ship or other may be found at the field and the crowd is always interested. Hadley has been a central congregating point and it's a shame to think of losing the National Air Transport Company, the Pitcairn and the Colonial.

However, Hadley Airport should not be a dead issue with the passing of the air mails. The field offers many possibilities and between now and August 1 something may develop which will make the field as popular a rendezvous as it now is. The fact that Bellanca recently used the field and hangars as a place to assemble his Baltimore to Rome plane and give it preliminary flights indicates that the field might be found available for others. With Newark as a strong bidder for such events someone will have to get in back of Hadley, as Newark will not permit Bellanca or any other international pilot to go to Hadley if they possibly can induce them to take up at Port Newark.

A lot of fine friendships have been created in Plainfield with N. A. T. workers. "Tom" Nelson, the Cleveland pilot, began the romance at Hadley which resulted in his marrying a Plainfield girl. Captain Ordway Webster and Dean Smith, two of the other air mail pilots, have made many friends, while Bill Maxwell and "Andy" Anderson, the manager and chief mechanic, respectively, have received everyone courteously and are very well liked by their host of friends. So long, N. A. T.! Good luck and best wishes.

WALL STREET

The Battle of the Century in Wall Street received the following appropriate editorial in the New York Evening Telegram:

Wall Street is in the midst of one of the greatest financial battles of its history. Aligned on one side are the directors of the Federal Reserve System. On the other, an aroused public whose appetite for quick stock profits has been whetted beyond all precedent.

The Reserve officials and some of the large banks are seeking to bring to an end the violent advances in stock prices. The speculative public, exhilirated by past easy winnings, is desirous of more and in its enthusiastic pursuit has shown a tendency to thumb its nose at all danger signals.

The action of the officers of the Stock Exchange in shortening the trading period by one hour each day is in part designed to aid the Reserve bank's efforts to bring the market under control. Under ordinary circumstances a struggle of this kind would be brief. The public would be brought to terms. This time, however, the outcome is less easily foretold, and the battle may develop into a stubborn one.

It is a battle very largely of the Reserve bank's own making. Its action last summer in reducing money rates to aid Europe in restoring a gold standard had an unexpected effect at home.

It produced a speculative frenzy that the bank has since been unable to abate. When its officials first became concerned over the ever mounting price levels last winter they sold large quantities of government securities. This was expected to restrict the cash available for speculation. The plan did not work, so the rediscount rate was increased early this year.

Almost as if in defiant answer to this move the market entered the greatest boom in years—a boom which brought the first 4,000,000-share days in history. Still more securities were sold by the Reserve bank, and still the market continued on. Now has come still another increase in the discount rate. Will it have the desired effect? That time alone can tell. The shorter trading hours may facilitate the effort, and then, again, the shorter day may merely lead to heavier trading during the available hours.

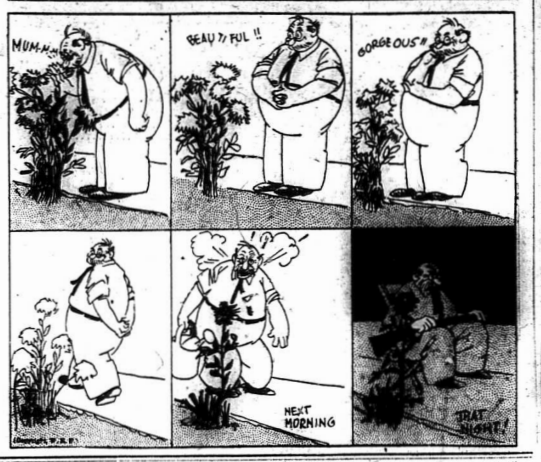
If there is a lesson in this it is that the immense power of the Federal Reserve Board must in the future be used with the greatest caution. Last summer it obviously used its power to start something which it has since been unable to stop.

TOO MANY FIRES

It seems that the Plainfield Fire Department has been kept very busy since moving into its new headquarters. There have been altogether too many fires lately. If there isn't soon a decline in the number of alarms, something will have to be done about a Fire Prevention Campaign in Plainfield.

Any doubt as to the wisdom of the location of the new Fire Headquarters has been dispelled by the quick responses the companies have been able to make from the new station. The broad plaza gives all types of apparatus easy exit and the dangers to congested traffic through Second street have been entirely eliminated. Members of the department enjoy their well-furnished quarters and there is a spirit of contentment which was not prevalent in the antiquated house on Second street.

Our Pet Peeve



LETTERS TO THE EDITOR

Letters to The Editor are not the views of The Mid-State Press but expressions from its readers. The public is cordially invited to use this column. Being brief and to the point will be appreciated. The editor reserves the right to reject communications which, in his judgment, could have conveyed the thought desired without being too caustic. Letters will not be returned. They must be signed.

To the Editor:

Why don't the Baltimore & Ohio Railroad let people sleep? Living on Cottage place, as I do, I think it's a rotten shame to let those infernal engines ring their cussed bells at all hours of the day and night. We residents of Cottage place, now that it is becoming respectable since the recent clean-up, are going to start a campaign for elimination of unnecessary ringing of Baltimore and Ohio engine bells.

Early in the morning, when we are dreaming pleasant dreams of gin and stogies, we'll be brought up standing by the din of triple-ringing bells. Of course, in the old days we were awakened pretty nearly every night by fire engines or the ambulance, but those days are gone forever, and we respectable people on this justly famous street want quiet, peace and rest. It's a heck of a note when we have to go through all the trouble of becoming respectable, and don't get any benefit from it.

Will you kindly take this matter up through the valuable columns of your paper, and ask the B. & O. what can be done about it? If nothing can be done about it we intend to go back to the old days, and will probably start by setting off dynamite firecrackers on the railroad tracks. If we must have noise from the railroad we'd like to have our own kind.

PIZZICATO MAZURA.

To the Editor:

As I was a going down de road, I had on a terrible heck of a load. I cracked my whip and the leader sprung, the old gray mule broke de wagon tongue.

That, dear Editor, is my introduction. Now I want to tell your readers that the most surprised man in Plainfield at the outcome and the election of Mayor MacMurray was none other than himself. And if Mayor MacMurray would admit it he would substantiate me. I happen to know that he had no idea he would be elected and I challenge the Mayor to dispute my word.

JUST A WISE GUY.

To the Editor:

I noticed in your editorial of recent date that you had Associated Press service, which would be installed at a later date. I hope that when that service is installed you won't be giving us all the little incidents that happen in Bong Blooey, Przemyzl, Zazza Palooka and other dumps in continents far removed from the good old U. S. A.

Local news is what we want, and I'm glad to see that you are giving it to us at present. What do we care if a bunch of heathen murder each other over in Whong Hu? It's what happens in Plainfield and vicinity that concerns Plainfielders, not a lot of stale jokes gotten off by humorless British statesmen, National and State news, and a little New York news for the commuters is all right, but when you start telling all about the Bolivian navy in preference to the Samptown Navy Yard, then I'm going to cancel my subscription to this paper.

Give us more and better local news!

Hundred Per Cent Plainfielder.

Your Birthday by Stella

MAY 24

Is this your birthday?

If it is, there will be plenty of famous individuals who are celebrating this day with you, for May 24 is the birthday of Dr. Harry E. Fosdick, of former Police Commissioner George V. McLaughlin, of Richard Mansfield, of Robert Hood Bowers, and was that of Sir Arthur Pinero and of Queen Victoria.

Dr. H. E. Fosdick

Along with the others who have Gemini, the twins, as their sign of the Zodiac, you who are born today have the whole world before you—for the asking. But it is up to you whether or not you make anything out of your unusual heritage from the stars. Yours is one of those dual natures which needs much finesse and discrimination upon your part to prevent it from wrecking your life.

You have been endowed with a far-seeing nature, with tact, with loyalty, and with artistic ability; with a splendid mind, with a keen sense of wit, and even with a psychic intuition. There is nothing to keep you from the heights of success—except to remember that a "Jack of all trades is master of none."

Thoughts of Great Men

Attempt the end and never stand to doubt;
Nothing's so hard, but search will find it out.—Herrick.

To pity distress is but human; to relieve it is Godlike.—Horace Mann.

A well-prepared mind hopes in adversity and fears in prosperity.—Horace.

Where love is great, the littlest doubts are fear;
When little fears grow great, great love grows there.—Shakespeare.

Knowledge is not happiness, and science But an exchange of ignorance for that Which is another kind of ignorance.—Byron.

What's fame? A fancy'd life in others' breath,
A thing beyond us, e'en before our death.—Pope.

We give up the fort when there's not a man left to defend it.—General Croghan.

Mistletoe Under Ban

A world-wide tradition has it that the mistletoe was the tree from which Eve plucked the forbidden fruit in the Garden of Eden, and the tree was punished by having its fruit reduced to berry size and being forbidden to grow in the ground. All attempts to raise a tree from seed have failed. It remains a parasite, feeding on the life of other trees. But its other use matters us forget its bad habit in that respect.

Score One for the Radio

Before the days of the radio the minister too frequently used to stand on the pulpit and, looking over the array of empty pews, remark thusly: "I shall now address myself to the Great American desert." But today it is different. He now says: "I shall address myself to the unseen thousands who are listening in throughout radioland." That's what we would call making the desert blossom.—Walton (Ore.) Sun.

MR. FIXIT REPORTS

Mr. Fixit:—

I have read in your paper that the air mail planes are to be taken frm Hadley. Why cannot the city officials of the tri-counties here bring pressure to bear to have them still use the field? The question I wish you would answer is: Will Congressman Ackerman fight to have the field continued as an air mail station?—M. G. N.

Answer—Mr. Fixit has written Congressman Ackerman to secure his ideas. His answer will be published as soon as he writes.

Mr. Fixit:—

What kind of progress is being made towards the annexation of Fanwood? I am about to purchase a home and this has quite a lot to do with my plans. If Fanwood is coming to Plainfield, I'll buy there perhaps.—James Mitchell, Westfield.

The answer to your question will be found on the first page of today's issue in an article that gives the opinion of a prominent Plainfield official.

COMING EVENTS

WEDNESDAY

Plainfield Philatelic Society meets at the Y. M. C. A. at 8 o'clock.

THURSDAY

First night of the drama tournament at the Y. W. C. A.

Social evening at the First Baptist Church.

   Answer .....

Answers

1. Southern California. 2. Mary Ann Evans Cross. 3. Highbrow, or obscure. 4. A breed of sheep. 5. That of Wilson and Hughes, in 1916. 6. The "Four Horsemen of the Apocalypse."

DADDY DUSK The Sandman

Joe and Johnnie were very, very brave. They were quite willing to visit Grandfather Benson's "haunted" house, by daylight or by moonlight.

Johnnie had come over that night after dinner, and they were now out in the orchard, planning with Twin and Twinnie how they would find out all about this ghost which had been playing grandfather's violin up there in the old homestead.

They had really intended to night but the twins, but now that it was almost time to start, their courage wasn't quite what it had been at first. It wouldn't be at all a bad idea for Twin and Twinnie to come along, Joe thought, so he was just naturally letting them in on the official conference.

"Come on," he whispered to them as they were in the apple tree, "it's time to go."

Johnnie really couldn't say anything at all, as the four of them started out for the old house, for after all, Twin and Twinnie had just as much right to the house, ghosts and all, as Joe did, and he was only Joe's chum.

So the four of them started out on the road, feeling very brave at first.

Surrenders

Jeanne Eagels, who once defied the Actors' Equity Association has found her forced retirement from the stage so irksome that she has decided to ask the association to

JEANNE EAGELS

reconsider her eighteen-month suspension.

The temperamental star of "Rain" and "Her Cardboard Lover" was placed on the blacklist recently after the latter play was forced to close because Miss Eagels failed to appear for performances in Milwaukee and St. Louis.

On May 28 the actresses will present a formal appeal to Equity for a rehearing of the case. Under the terms of her suspension she virtually is barred from the American stage because any actor who appears with her is liable to suspension also.

Miss Eagles charges she had no chance to review evidence in the trial

Texas in History

Texas became an independent republic in 1836 and a state in the American Union in 1845. In 1861 Texas seceded and shared the fate of the Southern Confederacy. From the close of the war in 1866 it was under the military rule of the United States until 1870, when complying with the requirements of congress, it was readmitted to statehood

My Favorite Recipe

Cut Out and Paste in Scrap Book

(Copyright, 1928, by New York Evening GRAPHIC.)

CORN MUFFINS

Sift together a pint and a half of flour, one cupful of corn meal, three teaspoonfuls of baking powder, one teaspoonful of salt and one tablespoonful of sugar. Add two tablespoonfuls of butter or lard, heated to soften, one pint of milk and two beaten eggs. Have muffin tins hot and well greased, and fill with the batter. Bake in hot oven.

MRS. L. DODD.

Let us have your favorite recipe. Pass it along to the entire United States and, in fact, the world. Send it to MY FAVORITE RECIPE, P. O. Box 77, Varick Street Station, New York city, and it will go to a corps of newspapers who are getting Favorite Recipes, of which this newspaper is one.

LAFFS IN THE NEWS DISPATCHES—

BY VING FULLER

TO BUILD AN AUTOMOBILE WITH THE REAR SEAT FACING BACKWARD TO DO AWAY WITH BACK SEAT DRIVERS IS THE LATEST INVENTION BY AN ENGLISHMAN —NEWS ITEM—
LOOK WHERE YAR GOING THERE'S A CAR AHEAD! ETC.
IT WONT WORK — NO SIR! — NOT WHILE THE LADIES ARE STILL USING VANITY CASES —
A NEW JERSEY ANGLER WHO DROPPED HIS WATCH OVERBOARD—LANDED A FISH NOT LONG AFTERWARD, WITH HIS WATCH INSIDE IT STILL TICKING—
TICK TICK TICK
HE SHOULD HAVE DROPPED AN ALARM CLOCK
AND MAYBE HED HAVE CAUGHT A MUCH LARGER FISH
